**Alternative Reporting Standard:
Disclosure Guidelines for the OTCID Basic Market**

Federal and state securities laws require issuers to provide *current information* to the public markets. With a view to facilitating compliance with these laws, OTC Markets Group has created these OTCID Disclosure Guidelines (“Guidelines”)¹ that set forth the disclosure obligations that make up the “Alternative Reporting Standard” for companies on the OTCID™ Basic Market and Pink Limited Market. Companies that do not make disclosure directly to the SEC (via EDGAR), a banking regulator, or a non-U.S. regulatory authority may provide disclosure under our “Alternative Reporting Standard.” We use information provided by companies under these Guidelines and in accordance with the OTCID Rules to determine eligibility for the OTCID Market or Pink Limited Market as applicable.²

Current Information

To be eligible for the OTCID Market, Alternative Reporting companies make the information listed below publicly available through OTCIQ.com:

1. Initial Disclosure Obligations

Companies must upload the following documents through OTCIQ.com:

- Annual Report for the most recently completed fiscal year.
- All Quarterly Reports for the current fiscal year.

Annual or Quarterly Reports are composed of:

- **Disclosure Statements:** Disclosure information pursuant to these Guidelines for the applicable period. Available as a fillable form beginning on page 4 of these Guidelines.
- **Financial Statements:** Qualifying Financial Statements in accordance with the Financial Statement Requirements specified in Item 9 of these Guidelines.

Qualifying Financial Statements include:

- Audit Letter, if audited
- Balance Sheet
- Statement of Income
- Statement of Cash Flows
- Statement of Retained Earnings (Statement of Changes in Stockholders’ Equity)
- Notes to Financial Statements

2. Ongoing Requirements

On an ongoing basis, companies must publish reports through OTCIQ.com on the following schedule:

- Quarterly Reports are due within **45 days** of the quarter end
- Annual Reports are due within **90 days** of the fiscal year end
- Management Certifications are due within **45 days** of the Annual Report due date

¹ These Guidelines have been designed to encompass the “current information” requirements under state and federal securities laws, such as Rules 10b-5 and 15c2-11 of the Securities Exchange Act of 1934 (“Exchange Act”) as well as Rule 144 of the Securities Act of 1933 (“Securities Act”), and state Blue Sky laws. However, these Guidelines have not been reviewed by the U.S. Securities and Exchange Commission or any state securities regulator. These Guidelines do not constitute legal advice, and OTC Markets Group makes no assurance that compliance with our disclosure requirements will satisfy any legal requirements. These Guidelines may be amended from time to time, in the sole and absolute discretion of OTC Markets Group, with or without notice.

² OTC Markets Group may require companies with securities designated as “Caveat Emptor” or other compliance flags to make additional disclosures to qualify for the OTCID Basic Market.

Other OTCID Eligibility Requirements:

To remain on the OTCID Market, companies must continue to meet all other eligibility requirements of the [OTCID Rules](#) in addition to the disclosure requirements listed above.

Pink Limited Market

Companies that do not meet the requirements of the OTCID Market set forth above may still qualify for the Pink Limited Market by meeting the following minimum disclosure requirements.

1. Initial Requirements:

- **Annual Financial Statements:** Publish a report that includes Qualifying Annual Financial Statements, as outlined in Item 9, which cover the past 2 completed fiscal years, provided the most recently completed fiscal year is within the past 16 months.
- **Company Verified Profile:** The Company must verify the Company Profile through OTCIQ.com, including, but not limited to, a complete list of officers, directors, and service providers; outstanding shares; a business description; contact information; and the name of all company insiders. "Company Insiders" shall include the beneficial owner of 10% or more of the outstanding units or shares of any class of any equity security of the issuer.

2. Ongoing Requirements: To remain qualified for the Pink Limited Market, companies must:

- Publish Qualifying Annual Financial Statements, as outlined in Item 9, within 120 days of the fiscal year end. Should a change in fiscal year end occur, no more than 16 months may elapse from the fiscal year end of the prior Annual Financial Statement.
- Review and verify the information on the Company Profile through OTCIQ.com at least once every 12 months.

Current Reporting of Material Corporate Events

In addition to the disclosure requirements above, all companies on the OTCID or Pink Limited market are expected to promptly release to the public any news or information regarding corporate events that may be material to the issuer and its securities (including adverse information). Persons with knowledge of such events are considered to be in possession of material nonpublic information and may not buy or sell the issuer's securities until or unless such information is made public. If not included in the issuer's previous public disclosure documents, or if the material events occurs after the publication of such disclosure documents, the issuer shall publicly disclose such events by disseminating a news release **within four (4) business days** following their occurrence and posting such news release through an Integrated Newswire or the OTC Disclosure & News Service via OTCIQ.com.⁴

Material corporate events may include:

- Changes to the company's shell status. Please refer to our [FAQ on Shell Companies](#)
- Changes in control of issuer
- Departure of directors or principal officers; election of directors; appointment of principal officers
- Entry into or termination of a material definitive agreement or material agreement not made in the ordinary course of business
- Completion of an acquisition or disposition of assets, including but not limited to merger transactions
- Creation of a direct financial obligation or an obligation under an off-balance sheet arrangement of an issuer
- Triggering events that accelerate or increase a direct or contingent financial obligation including any default or acceleration of an obligation or an obligation under an off-balance sheet arrangement
- Costs associated with exit or disposal activities including material write-offs and restructuring; Material impairments
- Unregistered sales of equity securities
- Material modification to rights of security holders
- Changes in issuer's certifying accountant
- Non-reliance on previously issued financial statements or a related audit report or completed interim review
- Change in a company's fiscal year; Amendments to articles of incorporation or bylaws that were not previously disclosed in a proxy statement or other such disclosure statement.
- Amendments to the issuer's code of ethics, or waiver of a provision of the code of ethics
- Any changes to litigation the issuer may be involved in, or any new litigation surrounding the issuer
- Officer, director, or insider transactions in the issuer's securities
- Disclosure of investor relations, marketing, brand awareness, and stock promotion activities which might reasonably be expected to materially affect the market for its securities or otherwise deemed material by the issuer
- A company's bankruptcy or receivership
- Termination or reduction of a business relationship with a customer that constitutes a specified amount of the company's revenues
- Any material limitation, restriction, or prohibition, including the beginning and end of lock-out periods, regarding the company's employee benefits, retirement and stock ownership plan
- Earnings releases
- Other materially different information regarding key financial or operation trends from that set forth in periodic reports
- Other events the issuer determines to be material

⁴ "Integrated Newswire" shall mean a newswire service that is integrated with the OTC Disclosure & News Service and is included on OTC Markets Group's list of Integrated Newswires, as published on <https://www.otcm Markets.com/corporate-services/ir-tools-services>

4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. (Please ensure that these descriptions are updated on the Company's Profile on www.otcm Markets.com).

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Fortran Corporation ("Fortran" or the "Company"), through its North Carolina and South Carolina subsidiaries, is a leading telecommunications system integrator dedicated to designing, sourcing, implementing and maintaining complex telecommunications solutions primarily in North Carolina and South Carolina.

B. List any subsidiaries, parent company, or affiliated companies.

The telecom segment currently consists of three operating units. Our subsidiary, B & L Telephone, LLC, headquartered in Hickory, North Carolina, focuses on business and governmental clients throughout North Carolina. Our subsidiaries, Fortran Communications, Inc. and Intech Systems of South Carolina, Inc., both headquartered in Columbia, South Carolina, focus on business and governmental clients throughout South Carolina. The company purchased Intech Systems of South Carolina, Inc. on January 1, 2025. See Consolidated Financial Statements attached.

C. Describe the issuers' principal products or services.

The Company has direct distribution contracts with Optus, Intermedia and Forerunner Technologies. These companies are our prime source for equipment and services that we sell directly to end users. In addition to these core products, we also offer our clients a wide array of complimentary products including cabling, fiber connectivity, SIP trunks, paging, access and control systems and security (including facial recognition technology).

New system sales ("Box Sales") often generate a post-implementation maintenance agreement ("MSA") to support the system, which generally ranges from 1-3 years for commercial clients and 3-5 years for government clients. Historically, such an agreement results in a fixed fee earned over the term of the contract. MSA and MAC revenues are the direct result of the Company's relationship with its clients and its longstanding record of providing high-quality service.

5) Issuer's Facilities

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

Fortran Corporation, through its subsidiaries, leases a 1,000 square foot office/warehouse facility in Hickory, NC and a 2,400 square foot office/warehouse facility in Columbia, SC. The terms of the Hickory, NC lease requires the Company to pay \$1,030 per month for 12 months with a renewal option of an additional 12 months for \$1,070 per month. The terms of the Columbia, SC lease requires the Company to pay \$4,700 per month and is a triple net lease. This lease ends on June 30, 2030.

6) Officers, Directors, and Control Persons

Using the table below, please provide information, as of the period end date of this report, regarding all officers and directors of the company, or any person that performs a similar function, regardless of the number of shares they own.

In addition, list all individuals or entities controlling 5% or more of any class of the issuer's securities.

If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity. Include Company Insiders who own any outstanding units or shares of any class of any equity security of the issuer.

The goal of this section is to provide an investor with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial shareholders.

FORTRAN CORPORATION AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE TWELVE MONTHS ENDED DECEMBER 31, 2025 AND 2024

NOTE 1 – ORGANIZATION AND BASIS OF PRESENTATION

History and Organization

Fortran Corporation (“the Company”) formerly known as Burkyarns, Inc. and Burke Mills, Inc. was incorporated under the laws of the State of North Carolina on March 17, 1948. Burkyarns, Inc. changed its name to Burke Mills, Inc. on May 7, 1979, and Burke Mills, Inc. changed its name to Fortran Corporation on February 12, 2013.

On January 21, 2020, the Company amended its Articles of Incorporation and reincorporated from North Carolina to the State of Delaware and changed the par value on its preferred and common stock to \$0.0001.

Overview of Business

Fortran Corporation (the “Company”) is primarily engaged in the sales, installation, and service of telecommunication systems in North Carolina and South Carolina.

Going Concern

The accompanying consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the settlement of liabilities and commitments in the normal course of business. As reflected in the accompanying consolidated financial statements, during the twelve months ended December 31, 2025, the Company incurred a net profit of \$292,000, net cash provided by operations of \$296,000, and had a shareholders’ deficit of \$2,229,000 as of December 31, 2025. These factors raise substantial doubt about the Company’s ability to continue as a going concern within one year after the date of the financial statements being issued. The ability of the Company to continue as a going concern is dependent upon the Company’s ability to raise additional funds and implement its business plan. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

At December 31, 2025, the Company had cash on hand in the amount of \$241,000. No assurance can be given that any future financing will be available or, if available, that it will be on terms that are satisfactory to the Company. Even if the Company can obtain additional financing, it may contain undue restrictions on our operations in the case of debt financing, or cause substantial dilution for our stockholders, in the case of equity financing.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Consolidation

As of December 31, 2025, the consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries: B&L Telephone, LLC, Fortran Communications, Inc and Intech Systems of South Carolina, Inc. M&B Communications, Inc. and The New Telephone Company are considered inactive companies and have no financial effect on the financial statements contained herein. Intercompany transactions and balances have been eliminated in consolidation. Intech Systems of South Carolina, Inc. was purchased by the Company on January 1, 2025 (see below).

Earnings (loss) per Share Calculations

Basic earnings (loss) per share are computed by dividing net income (loss) available to common shareholders by the weighted-average number of common shares available. Diluted earnings per share is computed by dividing the net income applicable to common shareholders by the weighted average number of common shares outstanding plus the number of additional common shares that would

have been outstanding if all dilutive potential common shares had been issued using the treasury stock method. Potential common shares are excluded from the computation when their effect is antidilutive. The dilutive effect of potentially dilutive securities is reflected in diluted net income per share if the exercise prices were lower than the average fair market value of common shares during the reporting period.

Common shares issuable under convertible note agreements of 1,029,000 and 1,649,050 for the periods ended December 31, 2025 and December 31, 2024, respectively, have been excluded from the calculation of weighted average common shares outstanding for the periods then ended, as their effect would have been anti-dilutive. The estate James M. Templeton exercised his option to convert \$525,000 of convertible debt to 2,100,000 shares of common stock on February 28, 2023. Donna T. Sharman exercised her option to convert \$100,000 of convertible debt to 400,000 shares of common stock on December 31, 2024, and the shares were issued on March 28, 2025. On March 28, 2025, Doug Miller and Sherry Miller elected to forgive convertible notes of \$60,000 and \$95,000, respectively. This forgiveness has been reflected in "Other Income" on the Consolidated Statement of Operations.

Use of Estimates

The preparation of the consolidated financial statements in conformity with accounting principles generally accepted in the U.S requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the financial statement date and reported amounts of revenue and expenses during the reporting period. Significant estimates are used in valuing our allowances for doubtful accounts, reserves for inventory obsolescence, valuing derivative liabilities, valuing equity instruments issued for services, and valuation allowance for deferred tax assets, among others. Actual results could differ from these estimates.

Revenue Recognition

The Company recognizes revenue in accordance with ASC No. 606 — Revenue from Contracts with Customers. Under ASC No. 606, the Company recognizes revenue from the commercial sales of products, licensing agreements and contracts by applying the following steps: (1) identify the contract with a customer; (2) identify the performance obligations in the contract; (3) determine the transaction price; (4) allocate the transaction price to each performance obligation in the contract; and (5) recognize revenue when each performance obligation is satisfied.

The Company primarily generates its revenues through designing, sourcing, implementing, and maintaining complex telecommunications solutions primarily in North Carolina and South Carolina. Our subsidiaries focus on business and governmental clients throughout the Southeast. Our subsidiary companies have direct distribution contracts. These suppliers are our prime source for equipment and services that we sell directly to end users.

For the twelve months ended December 31, 2025 and 2024, the Company recognized \$1,612,000 and \$1,058,000, respectively, in revenue.

In addition to our core products, we also offer our clients a wide array of complimentary products including cabling, fiber connectivity, SIP trunks, paging, access and control systems and security (including facial recognition technology). New system sales ("Box Sales") often generate a post-implementation maintenance agreement ("MSA") to support the system, which generally ranges from 1-3 years for commercial clients and 3-5 years for government clients. Historically, such an agreement results in a fixed fee earned over the term of the contract. Deferred revenue relating to MSAs, which represents cash received in advance for services to be realized as revenue over the remaining contract term, was \$81,000 and \$84,000 for the periods ended December 31, 2025 and December 31, 2024, respectively.

Accounts Receivable

The Company evaluates the collectability of its trade accounts receivable based on several factors. In circumstances where the Company becomes aware of a specific customer's inability to meet its financial obligations to the Company, a specific reserve for bad debts is estimated and recorded, which reduces the recognized receivable to the estimated amount the Company believes will ultimately be collected. In addition to specific customer identification of potential bad debts, bad debt charges are recorded based on the Company's historical losses and an overall assessment of past due trade accounts receivable outstanding.

The allowance for doubtful accounts and returns is established through a provision reducing the carrying value of receivables. For the periods ended December 31, 2025 and December 31, 2024, the Company determined that no allowance for doubtful accounts was necessary.

Inventories

Inventories are stated at the lower of cost or net realizable value. Cost is computed on a first-in, first-out basis. The Company's inventories consist almost entirely of finished goods as of the periods ended December 31, 2025 and December 31, 2024.

The Company provides inventory reserves based on excess and obsolete inventories determined primarily by future demand forecasts. The reserve, if any, is measured as the difference between the cost of the inventory and market based upon assumptions about future demand and charged to the provision for inventory, which is a component of cost of sales. At the point of the loss recognition, a new, lower cost basis for that inventory is established, and subsequent changes in facts and circumstances do not result in the restoration or increase in that newly established cost basis. As the periods ended December 31, 2025 and December 31, 2024, the Company determined that no reserve for excess and obsolete inventory was necessary.

Property and Equipment

Property and equipment are carried at cost less accumulated depreciation and amortization. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets. The Company has determined the estimated useful lives of its property and equipment, as follows:

Office equipment	5 years
Vehicles	5 years
Equipment and tools	10 years
Property and improvements	40 years

Maintenance and repairs are charged to expense as incurred. The cost and accumulated depreciation of assets sold or otherwise disposed of are removed from the related accounts and the resulting gain or loss is reflected in the statements of operations.

Management assesses the carrying value of property and equipment whenever events or changes in circumstances indicate that the carrying value may not be recoverable. If there is an indication of impairment, management prepares an estimate of future cash flows expected to result from the use of the asset and its eventual disposition. If these cash flows are less than the carrying amount of the asset, an impairment loss is recognized to write down the asset to its estimated fair value.

Beneficial Conversion Feature of Convertible Notes Payable

The Company accounts for convertible notes payable in accordance with the guidelines established by the Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") Topic 470-20, *Debt with Conversion and Other Options*. The Beneficial Conversion Feature ("BCF") of a convertible note is normally characterized as the convertible portion or feature of certain notes payable that provide a rate of conversion that is below market value or in-the-money when issued. The Company records a BCF related to the issuance of a convertible note when issued and recorded the estimated fair value of any warrants issued with those convertible notes. Beneficial conversion features that are contingent upon the occurrence of a future event are recorded when the contingency is resolved.

The BCF of a convertible note is measured by allocating a portion of the note's proceeds to the warrants, if applicable, and as a reduction of the carrying amount of the convertible note equal to the intrinsic value of the conversion feature, both of which are credited to additional paid-in-capital. The value of the proceeds received from a convertible note is then allocated between the conversion features and warrants on an allocated fair value basis. The allocated fair value is recorded in the financial statements as a debt discount (premium) from the face amount of the note and such discount is amortized over the expected term of the convertible note (or to the conversion date of the note, if sooner) and is charged to interest expense.

Income Taxes

Income tax expense is based on pretax financial accounting income. Deferred tax assets and liabilities are recognized for the expected tax consequences of temporary differences between the tax basis of assets and liabilities and their reported amounts. Valuation allowances are recorded to reduce deferred tax assets to the amount that will more likely than not be realized.

The Company accounts for uncertainty in income taxes using a two-step approach to recognizing and measuring uncertain tax positions. The first step is to evaluate the tax position for recognition by determining if the weight of available evidence indicates that it is more likely than not that the position will be sustained on audit, including resolution of related appeals or litigation processes, if any. The second step is to measure the tax benefit as the largest amount that is more than 50 percent likely of being realized upon settlement. The Company classifies the liability for unrecognized tax benefits as current to the extent that the Company anticipates payment (or receipt) of cash within one year. Interest and penalties related to uncertain tax positions are recognized in the provision for income taxes.

Stock-Based Compensation

The Company periodically issues stock-based compensation to employees and consultants for services rendered. Such issuances vest and expire according to terms established at the issuance date.

Stock-based payments to employees and consultants for acquiring services, which include grants of shares of the Company's stock, are recognized in the financial statements based on their grant date fair values in accordance with ASC 718, Compensation-Stock Compensation. Stock-based payments are measured at the grant date fair value and depending on the conditions associated with the vesting of the award, compensation cost is recognized on a straight-line or graded basis over the vesting period. Recognition of compensation expense for nonemployees is in the same period and manner as if the Company had paid cash for the services.

Advertising Costs

Advertising costs are expensed as incurred and are included in selling, general and administrative expenses. Advertising costs were \$35,000 and \$27,000 for the twelve months ended December 31, 2025 and 2024, respectively.

Fair Value Measurements

The Company determines the fair value of its assets and liabilities based on the exchange price in U.S. dollars that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value maximize the use of observable inputs and minimize the use of unobservable inputs. The Company uses a fair value hierarchy with three levels of inputs, of which the first two are considered observable and the last unobservable, to measure fair value:

- Level 1 — Quoted prices in active markets for identical assets or liabilities.
- Level 2 — Inputs, other than Level 1, that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The carrying amounts of financial instruments such as cash, accounts receivable, inventories, accounts payable, accrued expenses, and deferred revenue, approximate the related fair values due to the short-term maturities of these instruments. The carrying values of notes payable approximate their fair values since the interest rates on these obligations are based on prevailing market interest rates.

Derivative Financial Instruments

The Company evaluates its financial instruments to determine if such instruments are derivatives or contain features that qualify as embedded derivatives. For derivative financial instruments that are accounted for as liabilities, the derivative instrument is initially recorded at its fair value and is then re-valued at each reporting date, with changes in the fair value reported in the consolidated statements of operations. The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is evaluated at the end of each reporting period. Derivative instrument liabilities are classified in the balance sheet as current or non-current based on whether net-cash settlement of the derivative instrument could be required within 12 months of the balance sheet date.

NOTE 3 - PROPERTY AND EQUIPMENT

Property and equipment consist of the following at December 31, 2025 and December 31, 2024:

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Office equipment	\$ 26,000	\$ 16,000
Vehicles	179,000	105,000
Equipment and tools	9,000	-
Property and improvements	-	-
	<u>214,000</u>	<u>121,000</u>
Less: accumulated depreciation and amortization	<u>(108,000)</u>	<u>(60,000)</u>
Property and equipment, net	<u>\$ 106,000</u>	<u>\$ 61,000</u>

Depreciation expense for the twelve months ended December 31, 2025 and 2024 was \$23,000 and \$29,000, respectively.

NOTE 4 – INVESTMENT AND ADVANCES

On January 1, 2022, Fortran Corporation purchased the entirety of the ownership interest in M & B Communications, LLC based in Conover, North Carolina. At Closing, the Company issued 120,000 shares of the Company's common stock to Walter H. Barrymore and 80,000 shares of the Company's common stock to Steven M. Barrymore. This issuance of 200,000 shares of the Company's common stock represents the purchase price consideration in its entirety. The Company recorded an \$18,000 investment cost due to the closing price of the common stock on January 3, 2022 was \$.09 per share.

On February 28, 2022, Fortran Corporation purchased the entirety of the ownership interest in Comconexx, LLC based in Fort Myers, Florida. At Closing, the Company paid \$50,000 in certified funds each to Robert A. Radcliff, Jr., and Chase A. Radcliff and issued 750,000 shares of the Company's common stock each to Robert A. Radcliff, Jr., and Chase A. Radcliff. The Company was potentially obligated to pay an additional \$50,000 each to Robert A. Radcliff, Jr., and Chase A. Radcliff on March 1, 2023. The Agreement to Purchase Ownership Interests allowed for additional future payments is contingent on certain operational thresholds. The Sellers could have earned a maximum of an additional \$550,000 over the next four years. Any future payments to the Sellers as a result of the operational thresholds would have been accounted for as additional purchase price. The Company recorded a \$265,000 investment cost due to the closing price of the common stock on January 3, 2022 was \$.11 per share and the two \$50,000 payments to the sellers. Unfortunately, the Company was unsuccessful with its business relationship with Comconexx, LLC and the Company sold 100% of its ownership of Comconexx, LLC to Glades Contracting, LLC effective March 31, 2023. The agreement required Glades to pay the Company \$2,463.82 at the final execution of the agreements and required Glades to pay the Company \$2,100 per month, for 28 consecutive months, beginning June 1, 2023, with a final payment of \$370.05 on the 29th month. This is a total purchase price of \$61,633.87 resulting in a investment loss of \$1,064,204. The Company does not anticipate having to pay the previous owners of Comconexx any payments potentially due under the original purchase agreement. The Company received the \$2,463.82 payment on April 24, 2023. The required monthly payments of \$2,100 have been received on time each month and, as of September 30, 2025, the promissory note has been paid in full.

On January 1, 2025, Fortran Corporation purchased the entirety of the ownership interest in Intech Systems of South Carolina, Inc. based in Columbia, SC. At Closing, the Company issued a check in the amount of \$100,000.00 and executed a Promissory Note in the amount of \$450,000.00 to Mr. Don Connell of Columbia, SC. Intech Systems of South Carolina, Inc. specializes in providing quality telecommunication services to the hospitality industry. Intech has been in business since 1993 and our technicians have over 80 years combined experience providing service to hundreds of hotels throughout the United States. The Company feels that this acquisition will be a great opportunity and fit to our existing business model.

NOTE 5 – LOANS PAYABLE

Loans payable (non-Governmental loans) consists of the following at December 31, 2025 and December 31, 2024:

	<u>December 31,</u> <u>2025</u>	<u>December 31,</u> <u>2024</u>
Bank loans assigned to private investor (a)	\$ 122,000	\$ 122,000

- a. In 2019, the Company issued a secured note payable to a private investor for the principal amount of \$139,000 (“loan”) with interest rate of 6% per annum, maturity date of April 11, 2021, and secured by the assets of the Company subsidiaries B & L Telephone, LLC, and Fortran Communications, Inc. The balance outstanding on the loan as of December 31, 2022, was \$124,000. During the twelve months ended December 31, 2023, the Company made principal payments of \$2,000 which reduced the principal balance of the loan to \$122,000 at December 31, 2023. No payments have been made since the period ended December 31, 2023. This note payable is past due and is considered as a “Demand Note”.

2026	\$ 235,000
2027	82,000
2028	85,000
2029	85,000
2030 and beyond	244,000
Total notes payments	731,000
Less: Unamortized discount	-
Total notes payable	\$ 731,000

NOTE 6 – GOVERNMENT ASSISTANCE LOANS PAYABLE

Government assistance loans payable consists of the following at December 31, 2025 and December 31, 2024:

	December 31, 2025	December 31, 2024
North Carolina Rapid Recovery loan (a)	13,000	15,000
SBA EIDL Loans (c)	2,089,000	2,089,000
Government assistance loans payable	\$ 2,102,000	\$ 2,104,000

- a. On October 8, 2020, the Company's subsidiary, B&L Telephone, LLC, obtained a North Carolina Rapid Recovery Loan in the amount of \$21,000. Interest on the loan is at the rate of 0.25% per year for the first 18 months of the loan, and then 5.5% per year thereafter, and all loan payments are deferred for eighteen months, at which time monthly installment payments of \$252 is payable over 8.5 years from the date of the promissory note. The promissory note is secured by all the assets of the Company. The Company made payments of \$2,000 during the twelve months ended December 31, 2024 leaving a balance of \$15,000. The Company made payments of \$2,000 during the twelve months ended December 31, 2025 leaving a balance of \$13,000.
- b. Pursuant to the Paycheck Protection Program (the "PPP") under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"), the Company's subsidiaries, Fortran Communications, Inc. ("FCI") and B&L Telephone, LLC ("B&L") received loans from Bank of America during the years ended December 31, 2021 and 2020, for aggregate principal amounts of \$113,000 and \$114,000, respectively, or total of \$227,000 (collectively, "PPP loans").

The PPP loans were to mature 60 months from the date of funding, bore interest at a rate of 1% per annum, were unsecured and guaranteed by the U.S. Small Business Administration (SBA). The Company applied ASC 470, Debt, to account for the PPP loans. The PPP loan and related accrued interest were forgivable after December 31, 2020, as long as the borrower used the loan proceeds for qualifying expenses, including payroll, benefits, rent and utilities, and maintains its payroll levels. Management believes the entire loan amount has been used for qualifying expenses.

The Company filed its application for full loan forgiveness to Bank of America. During the year ended December 31, 2021, the Company received notice from Bank of America that SBA approved the full forgiveness of the Company's total PPP loans of \$227,000. Accordingly, the Company recorded the forgiveness of the total PPP loans of \$227,000 as gain on forgiveness of government assistance loans during the year ended December 31, 2021.

- c. During 2020 and 2021, the Company and its subsidiaries obtained Economic Injury Disaster Loans ("EIDL Loans") pursuant to the SBA authorized (under Section 7(b)) of the Small Business Act. Interest on the loan is at the rate of 3.75% per year, and all loan payments are deferred for two years, at which time monthly installment payments will be payable over 30 years from the date of the EIDL Loans. The EIDL Loans are secured by all the assets of the Company.

During 2020, the Company and its subsidiaries, FCI and B&L, received EIDL Loans for principal amounts of \$150,000, \$143,000, and \$150,000, respectively. These EIDL Loans will require monthly installment payments of \$731, \$697, and \$731, respectively, after the two-year deferral on loan payments. As of December 31, 2020, aggregate outstanding balance of the EIDL Loans was \$443,000,

On November 28, 2021, the Company obtained a loan increase to its original EIDL Loan in the amount of \$350,000. All contractual terms of the original Loan remained in place except that the monthly payment amount increased to \$2,530. As such, total outstanding balance of the EIDL Loans was \$500,000 as of December 31, 2025 and December 31, 2024.

On February 5, 2022, one of the Company's subsidiaries, B&L Telephone, LLC, obtained a loan increase to its original EIDL Loan in the amount of \$891,200. All contractual terms of the original Loan remained in place except that the monthly payment amount increased to \$5,112. As such, total outstanding balance of the EIDL Loans was \$1,041,200 as of December 31, 2025 and December 31, 2024.

On February 5, 2022, one of the Company's subsidiaries, Fortran Communications, Inc., obtained a loan increase to its original EIDL Loan in the amount of \$405,100. All contractual terms of the original Loan remained in place except that the monthly payment amount increased to \$2,672. As such, total outstanding balance of the EIDL Loans was \$548,100 as of December 31, 2025 and December 31, 2024.

NOTE 7 – CONVERTIBLE NOTES PAYABLE

Convertible unsecured notes payable consisted of the following as of December 31, 2025 and December 31, 2024:

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Convertible secured notes payable	\$ 257,000	\$ 412,000
Beneficial conversion feature recorded as a debt discount	-	-
Convertible notes payable	<u>\$ 257,000</u>	<u>\$ 412,000</u>

During the twelve months ended December 31, 2018, the Company issued convertible unsecured debentures ("Convertible Notes") to investors in the aggregate principal amount of \$248,000. During the twelve months ended December 31, 2019, the Company issued Convertible Notes in the aggregate principal amount of \$617,000. The Convertible notes include interest ranging from 5% to 6% per annum, and maturity dates ranging from May 2019 to November 2024. The convertible notes provide a conversion right, in which the principal amount of the Convertible Notes, together with any accrued but unpaid interest, could be converted into the Company's common stock at a conversion price ranging from \$0.10 to \$0.25 per share.

During the twelve months ended December 31, 2019, the Company also issued a Convertible Note of \$250,000 in exchange of a \$250,000 outstanding notes payable. The convertible note provides a conversion right, in which the principal amount of the Convertible Notes, together with any accrued unpaid interest, could be converted into the Company's common stock at a conversion price of \$0.25 per share. As the presence of the conversion feature resulted in a change in present value in excess of 10% of the original note, the fair value of the conversion feature of the note of \$250,000 was recognized as a debt extinguishment cost, and the new note was recorded at its fair value.

At December 31, 2025 and December 31, 2024, the principal balance outstanding on the Convertible Notes was \$257,000 and \$412,000, respectively. The outstanding balance of the Convertible Notes is convertible into 1,029,000 shares of the Company's stock based on its conversion price of \$0.25 per share.

For conventional convertible debt where the rate of conversion is below market value, the Company records a "beneficial conversion feature" ("BCF") and related debt discount. During the twelve months ended December 31, 2023, \$101,000 of the debt discount has

been amortized into interest expense, leaving a debt discount balance of \$29,000 as of December 31, 2023. During the twelve months ended December 31, 2024, \$29,000 of the debt discount has been amortized into interest expense, leaving a debt discount balance of \$0 as of December 31, 2024.

James M. Templeton was the owner of \$525,000 of convertible notes. Mr. Templeton’s convertible notes offered him the ability to convert his debt into 2,100,000 shares of common stock of the Company. Unfortunately, Mr. Templeton passed away on January 31, 2023. Mr. Templeton had left specific instructions for his estate to convert his debt into shares of common stock. On February 28, 2023, his estate executed proper documentation to convert his \$525,000 worth of convertible debt into 2,100,000 shares of common stock with the stock to be split evenly to his daughters, Donna T. Sharman and Sherry T. Miller. The Company accounted for this conversion as of February 28, 2023, but the shares were not officially issued until April 5, 2023.

Donna T. Sharman was the owner of \$100,000 of convertible notes. Ms. Sharman’s convertible notes offered her the ability to convert her debt into 400,000 shares of common stock of the Company. On December 31, 2024, Ms. Sharman gave notice that she intended to exercise her right to convert her convertible note into 400,000 shares of common stock. These shares were officially granted on March 28, 2025.

Doug Miller and Sherry Miller were to owners of \$60,000 and \$95,000 of convertible notes, respectively. The Millers gave notice on March 28, 2025 that these notes are forgiven. This transaction is accounted for in “Other Income” on the Consolidated Statement of Operations.

Maturities of the Company’s convertible notes payable are as follows:

As of December 31 of each year listed	Amount
2026	\$ 257,000
2027	-
Convertible notes payments	257,000
Less: Unamortized debt discount	-
Total convertible notes payable	<u>\$ 257,000</u>

NOTE 8 – SHAREHOLDERS’ DEFICIT

Common and Preferred Stock

The Company is authorized to issue two classes of stock, to be designated, respectively, “Common Stock” and “Preferred Stock.”

Each share of Common Stock shall entitle the holder thereof of one vote. Each share of Common Stock shall be equal in all respects to every other share of Common Stock. Each holder of record of issued and outstanding Common Stock shall be entitled to one vote on all matters for each share so held. Subject to the rights and preferences, if any, of the holders of Preferred Stock, each issued and outstanding share of Common Stock shall entitle the record holder thereof to receive dividends and distributions out of funds legally available therefor, when, as and if declared by the Board of Directors, in such amounts and at such times, if any, as the Board of Directors shall determine, ratably in proportion to the number of shares of Common Stock held by each such record holder. Upon any voluntary or involuntary liquidation, dissolution or winding up of the Corporation, after there shall have been paid to or set aside for the holders of any class of capital stock having preference over the Common Stock in such circumstances the full preferential amounts to which they are respectively entitled, the holder of Common Stock, and of any class or series of capital stock entitled to participate in whole or in part therewith as to the distribution of assets, shall be entitled, after payment or provision for the payment of all debts and liabilities of the Corporation, to receive the remaining assets of the Corporation available for distribution, in cash or in kind, ratably in proportion to the number of shares of Common Stock held by each such holder.

The Preferred Stock may be issued from time to time in one or more series pursuant to a resolution or resolutions providing for such issue duly adopted by the Board of Directors. The Board of Directors is further authorized, subject to limitations prescribed by law, to

fix by resolution or resolutions the designations, powers, preferences and rights, and the qualifications, limitations or restrictions thereof, of any wholly unissued series of Preferred Stock, including, without limitation, authority to fix by resolution or resolutions the dividend rights, dividend rate, conversion rights, voting rights, rights and terms of redemption (including sinking fund provisions), redemption price or prices, and liquidation preferences of any such series, and the number of shares constituting any such series and the designation thereof, of any of the foregoing. The Board of Directors is further authorized to increase (but not above the total number of authorized shares of the class) or decrease (but not below the number of shares of any such series of outstanding) the number of shares of any series, the number of which was fixed by it, subject to the powers, preferences and rights, and the qualifications, limitations and restrictions thereof stated in the Certificate of Incorporation or the resolution of the Board of Directors originally fixing the number of shares of such series.

NOTE 9 – INCOME TAXES

At December 31, 2025, the Company had available Federal and state net operating loss carryforwards to reduce future taxable income. The amounts available were approximately \$3,000,000 for Federal and state purposes. The carryforwards expire in various amounts through indefinite terms. Given the Company’s history of net operating losses, management has determined that it is more likely than not that the Company will not be able to realize the tax benefit of the carryforwards. Accordingly, the Company has not recognized a deferred tax asset for this benefit. Section 382 generally limits the use of NOLs and credits following an ownership change, which occurs when one or more 5 percent shareholders increase their ownership, in aggregate, by more than 50 percentage points over the lowest percentage of stock owned by such shareholders at any time during the “testing period” (generally three years).

No federal tax provision has been provided for the years ended December 31, 2025 and 2024 due to the losses incurred during such periods. The reconciliation below presents the difference between the income tax rate computed by applying the U.S. federal statutory rate and the effective tax rate for the years ended December 31, 2025 and 2024.

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
U. S. federal statutory tax rate	(21.0)%	(21.0)%
State income taxes, net of federal tax benefit (blended average)	(3.0)%	(3.0)%
Change in valuation allowance	<u>24.0%</u>	<u>24.0%</u>
Effective tax rate	<u>0.0%</u>	<u>0.0%</u>
