TRON Group Inc. Announces Subsidiary Alchem Laboratories Awarded NIH Contract

TRON Group Inc. (OTC: TGRP) is pleased to announce its subsidiary Alchem Laboratories was awarded contract #75N98026D00012 "Drug Manufacturing and Formulation Program (DMFP)" a 10-year indefinite delivery / indefinite quantity (IDIQ) contract with the National Institute of Neurological Disorders and Stroke (NINDS) at the National Institutes of Health (NIH). The Ceiling (Base + Options) is \$50,000,000.00. The NINDS Drug Manufacturing and Formulation Program (DMFP) supports preclinical and clinical development of therapeutic candidates, managing the manufacturing, formulation, and supply chain for neuroscience research. As part of the BPN (Blueprint Neurotherapeutics Network), it helps move validated hits toward Phase I human clinical trials, covering active pharmaceutical ingredient (API) production, fill/finish, and regulatory documentation.
