4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on www.OTCMarkets.com.

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Auri Inc. is a diversified holding company focused on strategic acquisitions, asset development, and scalable opportunities across several industries, with an increasing emphasis on energy and infrastructure.

The company rents a studio property where the management operates as a corporate office, produces entertainment and media content and licenses and markets its art projects,

B. List any subsidiaries, parent company, or affiliated companies.

Auri is related to its partly held subsidiary Black Dragon Resources, Inc

C. Describe the issuers' principal products or services.

Core Focus Areas Oil and Gas and Energy Solutions.

Auri's primary focus is expanding within the energy sector.

Through its division EVAP, the company is developing patent pending technology designed to address one of the oil and gas industry's most significant challenges, producing water. This system is engineered to convert saltwater byproduct into high purity steam by removing metals and suspended solids, potentially delivering output cleaner than many municipal water sources.

AURI is currently in discussions to acquire a revenue generating Logistics and trucking company. AURI is strategically structuring these two cornerstone acquisitions to complement the full Oil and Gas Business markets with fracking sand deposits and trucking delivery services to oil and Gas clients

Technology and Intellectual Property

Auri has pursued strategic patent acquisitions, including technologies related to vertical water solutions through aquavertical.com. These initiatives align with Auri's broader vision of combining energy production with environmental and efficiency solutions.

Media Content / Licensing

Auri has experience in music, film, and live music concert production, content development, and intellectual property creation, with a focus on high end art publishing/licensing and distribution rights.

5) Issuer's Facilities

The goal of this section is to provide investors with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other property of the issuer and describe the condition of the properties. Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. If the issuer does not have complete ownership or control of the property, describe the limitations on the ownership.

The company shares a studio facility with several other affiliated companies in order to achieve an economy of scale and cost savings for the overhead and operations. The facility, approximately 4,000 square feet in a video/audio and recording studios facility converted from a residence.

6) All Officers, Directors, and Control Persons of the Company

Using the table below, please provide information, as of the period end date of this report, regarding all officers and directors of the company, or any person that performs a similar function, regardless of the number of shares they own.

AURI, INC.

Notes to Financial Statements

FOR THE YEAR ENDED DECEMBER 31, 2025.

Notes to Financial Statements

FOR THE TWELVE MONTHS ENDED DECEMBER 31, 2025

NOTE 1 - Organization and Nature of Business History

Wellstone Filters, LLC (Wellstone) was organized as a Delaware limited liability company on February 17, 1998. On May 25, 2001, Wellstone Filters, Inc. (formerly Farallon Corporation) acquired Wellstone. In September 2009, Wellstone changed its name to "Wellstone Filter Sciences, Inc." The Company was engaged in the development and marketing of proprietary cigarette filter technology.

On February 14, 2011, we entered into a Merger Agreement and Plan of Reorganization with Auri Design Group, LLC and its members, pursuant to which Auri Design Group, LLC merged with and into Auri, our wholly owned subsidiary.

On March 25, 2011, we filed a Definitive Schedule 14C with the SEC and commenced mailing the Schedule 14C to our stockholders of record on March 7, 2011. The Schedule 14C relates to a change in our name from Wellstone Filter Sciences, Inc. to Auri, Inc., which was approved by our Board of Directors and consented to by stockholders owning in excess of a majority of our outstanding common stock. The name change became effective on April 14, 2011, twenty (20) days after we commenced mailing the Schedule 14C to our stockholders.

On July 14, 2014, the Company re-domiciled to Wyoming.

In August 2014, Auri acquired Phoenix Fulfillment Group LLC and the associated Hong Kong company, Phoenix Fulfillment Group Limited. Phoenix Fulfillment Group markets art and other décor products to major retail customers throughout North America.

In September 2019, Auri acquired Evap Inc., a company with patent pending technology to assist with one of the biggest issues in the oil and gas industry, "PRODUCED WATER". The technology can take produced saltwater and turn it into a steam cleaner than most cities tap water by removing most of the metals, suspended solids, and chlorides that are extremely harmful to the environment from the vapor. With our technology in the oil field we feel it will help reduce large truck fatalities and injuries, environmental contamination, and earthquakes in certain areas due to SWD wells. Evap Inc. will also help oil and gas companies reach the bottom line due to the fact we can evaporate for less than it cost to haul produced water in most circumstances.

NOTE 2 - Summary of Significant Accounting Policies, Principles of Consolidation

The accompanying consolidated financial statements for Auri, Inc. include the accounts, revenues, and expenses of its wholly owned subsidiaries for the period ending December 31, 2025.

Cash Equivalents

For purposes of reporting cash flows, the Company classifies all cash and short-term investments with maturities of three months or less to be cash equivalents.

Receivables

Accounting principles generally accepted in the United States require that the allowance for uncollectible method be used to reflect bad debts. The Company uses the direct write-off method instead; but it approximates the allowance for uncollectible in the case of these financial statements.

Property and Equipment

Property and equipment are valued at cost. Depreciation is provided by use of the straight-line method over the estimated useful lives of the assets. Useful lives of the respective assets are generally from three to seven years. Purchase of property and equipment greater than \$500 and major repairs of existing equipment that extends the useful life of the asset are capitalized.

Goodwill should not be amortized. Instead, it should be reviewed for impairment at least annually and charged to earnings only when its recorded value exceeds its fair value. The Company has elected to follow SFAS 142. The Company has no recorded goodwill on its financial statements and does not believe this accounting standard will affect the Company.

Impairment of Long-Lived Assets

It is the policy of the Company to periodically evaluate the economic recoverability of all of its long-lived assets. In accordance with that policy, when it is determined that an asset has been impaired the loss is recognized in the statement of operations.

Fair Value of Financial Instruments

The methods and assumptions used to estimate the fair value of each class of financial instruments are as follows:

Cash and cash equivalents, receivables, prepaid premiums, accounts payable, accrued expense, deferred revenue, notes payable are reflected in the financial statements at cost, which approximates fair value because of the relatively short maturity of these instruments.

Concentration of Credit Risk

Financial instruments, which potentially subject the Company to concentration on credit risk, consist principally of cash deposits. The Company will only exceed the FDIC insurable limit in an account when gross payroll billed and collected post to the payroll bank account before the payroll checks and tax deposits are posted. The timeliness of the deposits and withdrawals are such that management estimates no material credit risk.

Income Taxes

The Company has adopted the provisions of SFAS No. 109, "Accounting for Income Taxes," which incorporates the use of the asset and liability approach of accounting for income taxes. The asset and liability approach requires the recognition of deferred tax assets and liabilities for the expected future consequences of temporary differences between the financial reporting basis and the income tax basis of assets and liabilities.

Comprehensive Income

The Company has adopted SFAS No. 130 Reporting Comprehensive Income. The Company has no reportable differences between net income and comprehensive income; therefore a statement of comprehensive income has not been presented.

Stock-Based Compensation

FASB No. 123, and FASB No 123R. "Accounting for Stock-Based Compensation" established accounting and disclosure requirements using a fair-value based method of accounting for stock-based employee compensation plans. In addition, the Emerging Issues Task Force has issued EITF 96-18 to further clarify FASB No. 123 & 123R.

Net (Loss) Per Share of Common Stock

The basic and diluted net income (loss) per common share in the accompanying statements of operations are based upon the net income (loss) divided by the weighted average number of shares outstanding during the periods presented. Diluted net (loss) per common share is the same as basic net (loss) per share because including any pending shares to issued services or otherwise would be anti-dilutive.

Advertising Costs

The Company's advertising costs are expensed when incurred.

Use of Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Other Recent Accounting Pronouncements

The Company does not expect the adoption of other recent accounting pronouncements to have any material impact on its financial statements.

NOTE 3 - Equity & Common Stock

No warrants were issued in the 12 months ending December 31, 2025.

The fair values of the warrants granted are reported as equity grants using the guidance of FASB no. 123R and EITF 96-18. The fair values of the restricted stock issued are reported using the guidance of FASB no. 123R and EITF 96-18 and are computed at fair market value. In accordance with EITF 96-18 regarding value of non-employee services paid with stock warrants granted, management has determined the services received on which the warrants were granted has no value. The Company has also determined that the value of the warrants using the stock price leaves no value for the warrants because the market value has continued to remain below the exercisable price of the warrants and the stock market continues to decline from what it was when the warrants were originally issued. Because the Company recognizes no value for the services received and no definitive value for the warrants granted using the market value of the stock, management has not recognized any value associated with the granting of warrants in this year or any prior year.

NOTE 4 – Going Concern

As reflected in the accompanying consolidated financial statements, the Company has had continuing net losses year-over-year through September 30, 2022. These accrued and ongoing losses raise doubts that the Company can continue as a going concern. The Company's ability to continue will be dependent on its ability to increase sales as well as raise funds for its operations. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

The Company anticipates raising additional working capital through the issuance of debt and equity securities in order to further expand its business. Management believes that actions presently being undertaken to obtain additional funding provide the Company with the opportunity to continue to operate as a going concern.

NOTE 5 – Long Term Debt

Each Note-holder is entitled, at its option, at any time or from time to time, and in whole or in part, to convert the outstanding principal and accrued interest amounts of any Note, or any portion thereof, into shares of the common stock of the Company, according to any and all federal and state regulations
