B. Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the issuer or any of its subsidiaries is a party or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

In June of 2024, Mast Hill Fund LLP filed a lawsuit against the company for breach of contract on a promissory note in the Eighth District of Nevada, Las Vegas Division. Such suit was unknown to the company until found through public filings search on or about August 26, 2024; the company then hired local counsel, who investigated such case and filed an answer and affirmative defenses on behalf of the company. The legal suit is currently pending rulings upon counterclaims made by Hollywall Entertainment Inc. at this time.

Hollywall Entertainment, Inc.

Notes to Consolidated Financial Statements

1. Nature of Operations

Hollywall Entertainment, Inc. (the “Company”) was incorporated in the State of Nevada on May 12, 2009 and is headquartered in Franklin, Tennessee. The Company’s current music business is licensing the use of music recordings for streaming music networks and for use in motion pictures, television, and commercial advertising. The Company also performs lobbying activities for telecom companies to assist them in the procurement of permits needed to expand the installation of their telecommunication networks within Washington D.C.

The Company plans to become a multi-faceted construction/developer, media, entertainment, telecommunications, technology and broadcasting company, operating through seven divisions: Hollywall School, Hollywall Music, Hollywall TV, Hollywall Productions, Hollywall Networks, Hollywall Radio, and Hollywall Development Corporation Foundation.

The Company is focused on increasing its content via acquisition of music, film, television, home video and computer game software libraries. The Company is also planning to develop a digital distribution and verification system designed to maximize customer delivery, quality control, and revenues for artists, writers, content developers, copyright owners and shareholders. The Company holds exclusive and nonexclusive rights to market, manufacture and distribute a library of music recording masters.

2. Summary of Significant Accounting Policies

Basis of Presentation

The consolidated financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States (“US GAAP”) and are expressed in U.S. dollars.

Basis of Consolidation

The consolidated financial statements include the accounts of the Company and its non-operating wholly owned subsidiaries: Hollywall Development Company LLC and Hollywall School of Communications, Inc. All significant inter-company accounts and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The Company regularly evaluates, estimates and makes assumptions related to the deferred income tax asset valuation allowances. The Company bases its estimates and assumptions on current facts, historical experience and various other factors that it believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities and the accrual of costs and expenses that are not readily apparent from other sources. The actual results experienced by the Company may differ materially and adversely from the Company’s estimates. To the extent there are material differences between the estimates and the actual results, future results of operations will be affected.

Fair Value Measurements and Fair Value of Financial Instruments

The Company adopted ASC Topic 820, Fair Value Measurements. ASC Topic 820 clarifies the definition of fair value, prescribes methods for measuring fair value, and establishes a fair value hierarchy to classify the inputs used in measuring fair value as follows:

Hollywall Entertainment, Inc.

Notes to Consolidated Financial Statements

Level 1: Inputs are unadjusted quoted prices in active markets for identical assets or liabilities available at the measurement date.

Level 2: Inputs are unadjusted quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, inputs other than quoted prices that are observable, and inputs derived from or corroborated by observable market data.

Level 3: Inputs are unobservable inputs which reflect the reporting entity's own assumptions on what assumptions the market participants would use in pricing the asset or liability based on the best available information.

The estimated fair value of certain financial instruments, including all current liabilities, are carried at historical cost basis, which approximates their fair values because of the short-term nature of these instruments.

The inputs to the valuation methodology of warrants were under level 3 fair value measurements.

Revenue Recognition

The Company recognizes revenue in accordance with Accounting Standards Update (“ASU”) 2014-09, “Revenue from Contracts with Customers,” (“Topic 606”). Revenue is recognized when a customer obtains control of promised goods or services. In addition, the standard requires disclosure of the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. The amount of revenue that is recorded reflects the consideration that the Company expects to receive in exchange for those goods. The Company applies the following five-step model in order to determine this amount: (i) identification of the promised goods in the contract; (ii) determination of whether the promised goods are performance obligations, including whether they are distinct in the context of the contract; (iii) measurement of the transaction price, including the constraint on variable consideration; (iv) allocation of the transaction price to the performance obligations; and (v) recognition of revenue when (or as) the Company satisfies each performance obligation. The Company's main revenue stream is from services. The Company recognizes as revenues the amount of the transaction price that is allocated to the respective performance obligation when the performance obligation is satisfied or as it is satisfied. Generally, the Company's performance obligations are transferred to customers at a point in time, typically upon delivery.

The Company only applies the five-step model to contracts when it is probable that the entity will collect the consideration it is entitled to in exchange for the goods or services it transfers to the customer. Once a contract is determined to be within the scope of Topic 606 at contract inception, the Company reviews the contract to determine which performance obligations the Company must deliver and which of these performance obligations are distinct.

The Company's current music business is licensing the use of music recordings for streaming music networks and for synchronization rights to use the music in motion pictures, television, and commercial advertising. The Company reports revenue received from music licensing equally for each month within the term and the length of contract. In addition, the Company receives revenue equal to 15% of third-party cash collections from the holder of the royalty license.

The Company is a registered lobbyist firm and represents telecom companies to assist them in the procurement of right-of-way permits needed to expand the installation of their telecommunication networks. The Company is paid a monthly retainer for its services and recognizes the revenue in the month the services are provided.

Hollywall Entertainment, Inc.

Notes to Consolidated Financial Statements

Cash and Cash Equivalents

The Company considers all highly liquid investments with maturities of three months or less at the date of purchase to be cash equivalents.

The Company maintains accounts with financial institutions. All cash in checking accounts is non-interest bearing and is fully insured by the Federal Deposit Insurance Corporation (FDIC). At times, cash balances may exceed the maximum coverage provided by the FDIC on insured depositor accounts. The Company believes it mitigates its risk by depositing its cash and cash equivalents with major financial institutions. There were no cash deposits in excess of FDIC insurance at December 31, 2022 and 2021.

Property and Equipment

Property and Equipment are carried at cost, less accumulated depreciation. Depreciation is calculated using the straight-line method over the estimated useful lives of the respective assets or the expected lease term for leasehold improvements.

Leases

The Company adopted ASU 2016-02, “Leases” (Topic 842). Based on this standard, the Company determines if an agreement is a lease at inception. Operating leases are included in operating lease – right to use, current portion of operating lease liability, and operating lease liability, less current portion in the Company’s consolidated balance sheets. Finance leases are included in property and equipment, net, current portion of long- term debt, net and long- term debt, less current portion and debt issuance costs in the Company’s consolidated balance sheets.

As permitted under ASU 2016-02, the Company has made an accounting policy election not to apply the recognition provisions of ASU 2016-02 to short term leases (leases with a lease term of 12 months or less that do not include an option to purchase the underlying asset that the lessee is reasonably certain to exercise); instead, the Company will recognize the lease payments for short term leases on a straight-line basis over the lease term.

Intangible Assets

The Company amortizes intangible assets with finite lives over the shorter of their estimated useful or legal life. The useful life is reevaluated for each reporting period. The Company evaluates intangible assets with finite lives for impairment when events or changes in circumstances indicate that an impairment may exist. The Company evaluates intangible assets with indefinite lives for impairment at least annually. The Company determined that its intangible assets were impaired in 2021 and wrote off the remaining book value of the asset as of December 31, 2021.

Impairment of Long-Lived Assets

Potential impairments of long-lived assets are reviewed when events or changes in circumstances indicate a potential impairment may exist. In accordance with Accounting Standards Codification (“ASC”) Subtopic 360-10, “Property, Plant and Equipment – Overall,” impairment is determined when estimated future undiscounted cash flows associated with an asset are less than the asset’s carrying value.

The Company owns the rights to an extensive catalog of music recordings (“Music Master Recordings Library”) that management planned to resell to the market. The fair value of the Music Master Recordings Library was based on the Income Valuation Approach. As of December 31, 2021, the Company had not met its income projections related to the Music Master Recordings Library and therefore, deemed the asset impaired.

Hollywall Entertainment, Inc.

Notes to Consolidated Financial Statements

Advertising, Marketing and Public Relations

The Company follows the policy of charging the costs of advertising, marketing, and public relations to expense as incurred. The Company recorded advertising expenses in the amount of \$ 0 and \$ 0 for the quarters ended June 30, 2025 and 2024, respectively.

Income Taxes

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss, capital loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

The Company recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Recognized income tax positions are measured at the largest amount that is greater than 50% likely of being realized. Changes in recognition or measurement are reflected in the period in which the change in judgement occurs. The Company records interest and penalties related to unrecognized tax benefits as a component of general and administrative expenses. Our federal tax return and any state tax returns are not currently under examination.

The Company has adopted FASB ASC 740-10, "Accounting for Income Taxes", which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed annually from differences between the financial statement and tax basis of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized.

Stock Based Compensation Expense

The Company records stock-based compensation in accordance with the provisions of the FASB ASC Topic 718, "Accounting for Stock Compensation," which establishes accounting standards for transactions in which an entity exchanges its equity instruments for goods or services. In accordance with guidance provided under ASC Topic 718, the Company recognizes an expense, for the fair value of its stock awards at the time of grant and the fair value of its outstanding stock options as they vest, whether held by employees or others.

Recent Accounting Pronouncements

In August 2020, the FASB issued ASU 2020-06, Accounting for Convertible Instruments and Contracts in an Entity's Own Equity ("ASU 2020-06"). The Company early adopted ASU 2020-06 due to the conversion feature included in the convertible note payable as of December 31, 2021.

The Company has considered all other recently issued accounting pronouncements and does not believe the adoption of such pronouncements will have a material impact on its consolidated financial statements.

Hollywall Entertainment, Inc.

Notes to Consolidated Financial Statements

Net Income (Loss) Per Common Share

The Company computes net income (loss) per common share, in accordance with FASB ASC Topic 260, “Earnings Per Share”, which requires dual presentation of basic and diluted earnings per share. Basic income or loss per common share is computed by dividing net income or loss by the weighted average number of common shares outstanding during the period. Diluted income or loss per common share is computed by dividing net income or loss by the weighted average number of common shares outstanding, plus the issuance of common shares, if dilutive, that could result from the exercise of outstanding stock options and warrants.

3. Property and Equipment, Net

Property and Equipment and accumulated depreciation consisted of the following:

	<u>12/31/2025</u>	<u>12/31/2024</u>	<u>Estimated Useful Life</u>
Vehicles	\$ 0	\$ 0	5 years
Less: Accumulated Depreciation	(0)	(0)	
	\$ 0	\$ 0	

Depreciation expense for the years ending December 31, 2024 and 2023 was \$0.

4. Intangibles

In 2013, the Company acquired a music master recording, video and gaming library, which was initially valued at \$53,600,000. Since 2013, the Company has generated a nominal amount of revenue from this library while in the process of digitalizing the library for future distribution through network television and mobile application streaming.

	<u>9/30/2013</u>	<u>6/30/2025</u>	<u>Estimated Useful Life</u>
Music Master Recordings Library	\$ -	\$ -	12 years
Less: Accumulated Amortization	-	-	
	\$ -	\$ -	

Amortization expense for the years ending December 31, 2025 and 2024, was \$0. During the year ended December 31, 2025, the Company evaluated intangible assets and determined that the estimated future undiscounted cash flows are less than the carrying value and therefore wrote off the book value of the Music Master Recordings Library. The book value as of December 31, 2025 is \$0 (See Note 2 “Intangible Assets” and “Impairment of Long- Lived Assets”).

5. Going Concern

The Company's consolidated financial statements are prepared using US GAAP applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. At December 31, 2025, the Company had \$24,500 in cash and \$5,400 in working capital. For the years ended December 31, 2025 and 2024, the Company had a net gain from operations of \$138,016,000 and \$4,000 respectively. Continued losses may adversely affect the liquidity of the Company in the future.

Hollywall Entertainment, Inc. Notes to Consolidated Financial Statements

In view of the matters described in the preceding paragraph, recoverability of a major portion of the recorded asset amounts shown in the accompanying consolidated balance sheets is dependent upon continued operations of the Company, which in turn is dependent upon the Company's ability to raise additional capital, obtain financing and to succeed in its future operations. The consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. The Company has operating costs and expenses at the present time for the development of its business activities. The Company, however, will be required to raise additional capital over the next twelve months to meet its current operating expenses, and it may do so in connection with or in anticipation of possible acquisition transactions. This financing may take the form of additional sales of its equity securities loans from its directors and or convertible notes. There is no assurance that additional financing will be available, if required, or on terms favorable to the Company.

12. Commitments and contingencies

During the normal course of business, the Company may be exposed to litigation. When the Company becomes aware of potential litigation, it evaluates the merits of the case in accordance with FASB ASC 450-20-50, *Contingencies*. The Company evaluates its exposure to the matter, possible legal or settlement strategies and the likelihood of an unfavorable outcome. If the Company determines that an unfavorable outcome is probable and can be reasonably estimated, it establishes the necessary accruals. As of December 31, 2023 and 2022, the Company is not aware of any contingent liabilities that should be reflected in the financial statements.

In June of 2024, Mast Hill Fund LLP filed a lawsuit against the company for breach of contract on a promissory note in the Eighth District of Nevada, Las Vegas Division. Such suit was unknown to the company until found through public filings search on or about August 26, 2024; the company then hired local counsel, who investigated such case and filed an answer and affirmative defenses on behalf of the company. The legal suit is currently pending rulings upon counterclaims made by Hollywall Entertainment Inc. at this time.

In Sept 2025 Hollywall Entertainment Inc announce that it has reached a settlement with a lender that resolves the pending litigation between them in the District Court for Clark County, Nevada.

The matter has been settled under confidential terms without admission of wrongdoing by either party. The settlement allows the parties to avoid the expense and inconvenience of continued litigation and allows Hollywall to concentrate on executing its strategic initiatives with renewed clarity and momentum.
