THE BEBOP CHANNEL CORPORATION
NOTES TO THE FINANCIAL STATEMENTS
FOR 9 MONTHS ENDED March 31, 2026 AND 2025 (Q3 RESULTS) (in US Dollars)

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General Information

The BeBop Channel Corporation (the “Company”) was organized on June 15, 2019 under the laws of the State of New York.

The Company was formed for the purpose of producing, promoting and distributing video and physical content in the genres of jazz and then later in 2020, cultural stories by global filmmakers, and content specific to dance and theatre in addition to jazz. Beginning July 2025, the Company has evolved further to act as a representative for a wide variety of creators and development projects in the areas of the arts, sports, and science. The Company’s year-end is June 30.

Shareholders of the Company as of March 31, 2026 were as follows:

Name	Common shares owned	Common shares voting percentage	Preferred shares owned	Preferred shares voting percentage	Total voting percentage owned
Sue Veres Royal - Executive Officer of the Company	2,467,006	28.24%	N/A	N/A	28.24%
Zilpin Group, LLC	1,500,000	17.2%	N/A	N/A	17.2%
Steven Clemons	875,000	10.0%	N/A	N/A	10.0%
Gregory Charles Royal - Executive Officer of the Company	487,500	5.6%	N/A	N/A	5.6%
Other shareholders	<u>3,403,885</u>	<u>39.0%</u>	N/A	N/A	<u>39.0%</u>
Total	<u>8,733,041</u>	<u>100.0%</u>			<u>100.0%</u>

Statement of compliance

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America. These financial statements are presented in US Dollars, unless otherwise indicated. These financial statements have been prepared under the historical cost convention, except for the evaluation of certain financial instruments carried at fair value.

Use of estimates and assumptions

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

THE BEBOP CHANNEL CORPORATION

To the extent that there are material differences between these estimates and actual results, the Company's financial condition or operating results will be materially affected. The Company bases its estimates on past experience and other assumption that the Company believes are reasonable under the circumstances and the Company evaluates those estimates on an ongoing basis.

Functional and presentation currency

Items included in the Company's financial statements are estimated using the currency that best reflects the economic substance of the underlying events and circumstances related to the Company (the "functional currency"). The functional and presentation currency of the accompanying financial statements is US Dollars (the "USD").

Going concern

The accompanying financial statements have been prepared based on the assumption that the Company will continue as a going concern.

Revenue Recognition

The Company recognizes revenue in accordance with Accounting Standards Codification subtopic 606, Revenue Recognition ("ASC 606").

Accounts receivable and bad debt allowance

The carrying value of accounts receivable, net of allowance for doubtful accounts, represents their estimated net realizable value. The Company estimates the allowance for doubtful accounts based on type of customer, age of outstanding receivable, historical collection trends, and existing economic conditions. If events or changes in circumstances indicate that a specific receivable balance may be unrealizable, further consideration is given to the collectability of those balances, and the allowance is adjusted accordingly. Receivable balances deemed uncollectible are written off against the allowance.

Concentration of credit risk

Financial instruments, which potentially subject the Company to concentration of credit risk, consist primarily of cash and tenant receivable. The Company places its cash with financial institutions, and its balances are insured by the Federal Deposit Insurance Corporation up to \$250,000.

Fair value measurements

FASB ASC 820, "Fair Value Measurements" defines fair value for certain financial and nonfinancial assets and liabilities that are recorded at fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. It requires that an entity measure its financial instruments to base fair value on exit price, maximize the use of observable units and minimize the use of unobservable inputs to determine the exit price. It establishes a hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy increases the consistency and comparability of fair value measurements and related disclosures by maximizing the use of observable inputs and minimizing the use of unobservable inputs by requiring that observable inputs be used when available.

THE BEBOP CHANNEL CORPORATION

Observable inputs are inputs that reflect the assumptions market participants would use in pricing the assets or liabilities based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy prioritizes the inputs into three broad levels based on the reliability of the inputs as follows:

Level 1 – Inputs are quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date. Valuation of these instruments does not require a high degree of judgment as the valuations are based on quoted prices in active markets that are readily and regularly available.

Level 2 – Inputs other than quoted prices in active markets that are either directly or indirectly observable as of the measurement date, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Valuations based on inputs that are unobservable and not corroborated by market data. The fair value for such assets and liabilities is generally determined using pricing models, discounted cash flow methodologies, or similar techniques that incorporate the assumptions a market participant would use in pricing the asset or liability.

The carrying values of certain assets and liabilities of the Company approximate fair value due to their either relatively short maturities and/or consistency with current market rates.

NOTE 2: SETTLEMENT OF ALL MATTERS RELATING TO THE TERMINATION OF ASSET PURCHASE AGREEMENT (APA) WITH ZILPIN GROUP, LLC

On February 29, 2024, The BeBop Channel Corporation settled all matters relating to its termination of the February 15, 2023 Asset Purchase Agreement with Zilpin Group, LLC for the purchase of Madavor Media, LLC. This settlement resulted in the cancellation of the \$3,000,000 and \$475,000 notes payable to Zilpin Group, LLC and the return of all assets.

Forward-Looking Statements Regarding Company Financials Under Safe Harbor

The BeBop Channel Corporation does not anticipate any restatement of prior financial statements as the revenue and expense entries reported on its financial statements have not been affected as a result of the termination of the APA.

NOTE 3: PROPERTY, EQUIPMENT AND INTANGIBLE ASSETS

Property, equipment and intangible assets of the Company as of March 31, 2026 and December 31, 2025 were as follows:

	March 31, 2026	December 31, 2025
Property and equipment Vehicles		
Intangible assets		
Theatrical Work Copyright	150,000	150,000
Less: Accumulated depreciation and Amortization	<u>(32,500)</u>	<u>(31,250)</u>
	<u>117,500</u>	<u>118,750</u>

Depreciation and amortization expenses related to property, equipment and intangible assets for the 9 months ended March 31, 2026 were 1,250.

Sale of the Company vehicle

In July 2024, the Company sold the Company vehicle (2015 GMC Yukon Denali) to Susan Veres, the Executive Officer of the Company, for \$500, due to pending maintenance and insurance costs outweighing the asset's retention benefits. At the time of sale, the vehicle had a net book value of \$24,733, resulting in a recorded loss on the disposal of fixed assets in the amount \$24,233.

NOTE 4: RECLASSIFICATION/ADJUSTMENTS TO PRIOR PERIOD

Subsequent to the issuance of the September 30, 2025, interim financial statements, the Company identified a clerical error in the reporting of Current Liabilities. Specifically, a liability was recorded as \$11,087, whereas the correct obligation was \$9,087.

The Company has adjusted the September 30, 2025, balances for comparative purposes in the current financial statements to reflect the correct amount of \$9,087. Because the corresponding expense and net income were previously calculated using the correct figure, this adjustment had no impact on the Company's previously reported Net Income, Retained Earnings, or Net Cash Provided by Operating Activities. The liability was fully extinguished during the current quarter ended December 31, 2025, for the corrected amount of \$9,087.

NOTE 5: SUBSEQUENT EVENTS

The Company has evaluated subsequent events through May 13, 2026, the date these financial statements were available to be issued.

On April 20, 2026, subsequent to the quarter ended March 31, 2026, the Company entered into an agreement to acquire certain intellectual property rights. As consideration, the Company issued a Promissory Note in the principal amount of \$2,000,000.

Under the terms of the Agreement, legal title and final deliverables remain with the Seller and do not transfer to the Company unless and until the Promissory Note is satisfied in full cash, or the project is sold to a third-party production company or studio. If the Company has not sold the project and satisfied the Promissory Note in full by June 12, 2027, all rights shall automatically revert to the Seller.

For tax purposes, the transaction is intended to be treated as a contingent payment sale eligible for the installment method of reporting under Internal Revenue Code (IRC) § 453. Aside from this transaction, there were no other material subsequent events requiring recognition or disclosure in these financial statements.
