ECO DEPOT, INC.
UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED
DECEMBER 31, 2025 and 2024

1. THE COMPANY

Eco Depot Inc. ("Company") was organized on November 2, 2004, under the laws of the State of Nevada. The Company currently has limited operations and in accordance with Statements of Financial Accounting Standard (SFAS) No 7. "Accounting and Reporting by Development Stage Enterprises" is considered a Development Stage Enterprise. The Company is in the business of developing relationships with existing eco-friendly companies to set-up a distribution network to bring their products to market. Eco Depot will not manufacture any equipment or goods but will resell "green products" from various manufactures.

On Jan 23, 2014, Eco Depot, Inc. acquired the assets of WaterGeeks Laboratory, Inc for 46,692,500 restricted common shares with a book value of \$40,000.

The Company signed a distribution agreement to distribute the WaterGizzi H2O and Draw products. This agreement was signed on Sept 14, 2015, and grants the distribution rights to the WaterGizzi Squeeze and 360 products for 2,000,000 restricted common shares, (1,000,000 per product). On February 26, 2016, the Company issued 2,000,000 restricted common shares valued at \$20,000 for these distribution rights. The Company also issued 10,000,000 restricted common shares that carry a minimum value of \$100,000 to secure an ownership position in the WaterGizzi Squeeze and 360 products.

On February 26, 2018, the contract for the distribution and ownership rights of the WaterGizzi Squeeze and 360 products was terminated for unfilled contractual obligations. The 12,000,000 restricted common shares issued for this contract was returned to the Company's treasury per the terms. The Company also cancelled 12,000,000 restricted common shares held in treasury for the anticipated closing of the agreement.

On January 20, 2018, the Company entered into an agreement to acquire Eco Depot Properties, Inc. for 24,000,000 restricted common shares with a book value of \$14,340.

On January 8, 2020, the Company increased their authorized shares from 1,000,000,000 to 1,800,000,000. This increase was authorized to facilitate the settlement of aged debts.

On April 11, 2020, the Board of Director(s) hereby establishes that One Million, (1,000,000) shares of the Corporation's authorized but unissued undesignated shares of Preferred Stock, shall be designated as Series A Preferred Stock (the "Series A Preferred Stock"). The Preferred Stock shall be entitled to the number of votes equal to five thousand, (5,000) times the number of shares of Preferred Stock held by such holder.

On May 11, 2020, the Director(s) of the Corporation hereby approved the reverse split of the issued and outstanding Common Shares by Twenty-Five Hundred (2500) to One (1) effective June 29, 2020. All new issue for the purpose of rounding up to cover beneficial shareholders due to the reverse split is also approved so that they have the equivalent or greater position post-split than pre-split. Certificates are required to be returned to receive new issued certificates.

Shareholders requesting new certificates shall be required to pay the transfer agent's cost for such new share issuance(s). FINRA approved the reverse split with an effective date of July 2, 2020.

On November 2, 2020, the Director(s) of the Corporation approved the acquisition of 9393-7991 Quebec Inc., operating under Bronya Canada Group Inc., for Fifty Million (50,000,000) restricted common shares. The transaction was recorded based on the November 2, 2020 closing share price of (\$0.14), therefore, (50,000,000 x \$0.14 = \$7,000,000). Bronya Canada Group Inc. distributes multi- purpose insulation products through revolutionary liquid insulation. Eco Depot Inc has also acquired all the issued and outstanding shares of Development One Nanotechnologies and Energy Inc a Wyoming Corporation on September 22, 2021, with an investment of \$600,000.00 USD to develop a graphene product for to strengthen its product lines.

On February 24, 2022 the companies Bronya Canada Group Inc Nano Insulating Coatings manufacturing division in Montreal came to a stop due to the supply chain of raw material supplier Tesma -Lux LLC situated in the City of Odesa in Ukraine. The Bronya Canada Group Inc has been seeking other suppliers but has not been able to replace the supply of raw material at an affordable cost to continue production and supply Amazon and retail clients. Bronya Canada Inc is currently seeking to establish its own raw material manufacturing facility in Madrid, Spain and in Panama Pacifico, the free trade zone in Panama Canal manufacturing zone.

Due to the nano raw material supply issues, Eco Depot Inc has signed a Recission Agreement with Development One Nanotechnologies and Energy Inc and on May 20, 2022, has terminated its relationship and written off its US\$600,000 investment in Development One Nanotechnologies and Energy Inc as it seeks to find or acquire another green nano technology supply chain.

On June 23rd Eco Depot Inc entered into an agreement to purchase all the issued and outstanding shares of Ekopave International Corp. Ekopave International Corp has developed and engineered a patented 8mm cement Polymer Composite Micro Overlay (PCMO) crust that goes over asphalt or concrete and is guaranteed to last up to 20 years. The technology allows Ekopave to complete the repaving of a 10 km or 6. 21 miles in one day. The Ekopave technology once applied over existing asphalt transforms cracked and deteriorating roads into flawless pavement. Ekopave International Corp product can also reduce URBAN HEAT Index by up to 10 degrees Celsius or up to 50 F resulting in Energy Savings in Urban Districts. The company is in the process of completing its R&D to develop and filing a new provisional application for a superior water based environmentally friendly 8 mm High Performance Nanotechnology Water Based Cementitious Micro Overlay (HPPCMO) to be sold under the Ekoseal Product brand with the same characteristics as its predecessor.

The Companies Cold Patch Asphalt has already been applied in 2019 on road surfaces and tested over a three-year period approved for use by Transport Quebec on June 10th, 2022.

The company has developed a polymer based Cold Patch Pothole Asphalt repair product that can be applied at temperature of Minus 20 degrees Celsius or Minus 4 degrees Fahrenheit without applying any heat. The company is currently improving the product making it water based and environmentally safe reducing Green House Gases in the road resurfacing infrastructure industry. The company is in the process of filing provisional patents for its new improved water-soluble road re-surfacing products Ekoseal and our water based Cold Patch Pothole Asphalt Product.

On December 11, 2023, the Company increased their authorized shares from 250,000,000 to 2,000,000,000. This increase was authorized to facilitate the aged debt settlement and acquisitions.

On January 4, 2024 ECDP announced the acquisition of CCT, a Mexican construction firm established in 2003. This acquisition marks a significant expansion of ECDP's capabilities and reach. Compañía Constructora de Tijuana (CCT) is a distinguished construction company based in Mexico, known for its substantial contribution to infrastructure development and its commitment to quality and sustainability. With numerous successful projects and a consistent financial performance.

CCT complements ECDP's product offering, particularly benefiting its Eko Pave and Eco Patch product line. These products resurface existing concrete and asphalt roads, extending their life span for up to 20 additional years. This cost-effective technology will significant lower infrastructure expenses worldwide and give CCT an advantage in the international bidding process.
