* On June 16, 2025, the Issuer authorized and established a class of Series B Preferred Stock to ensure that a designated officer or director retains sufficient voting control to efficiently and effectively manage the Issuer's affairs. Each one (1) Series B Preferred Stock Share carries voting rights equivalent to one thousand (1000) votes per Series B stock share with respect to all matters submitted to a vote of the Issuer's shareholders. In connection therewith, on June 19, 2025, the Board of Directors and the controlling shareholder, approved the issuance to Jeff Gabrelcik, the Issuer's Chief Executive Officer, of five million (5,000,000) shares of Series B Preferred Stock, which shares carry an aggregate of five billion (5,000,000,000) votes.

As of March 31, 2026, the total voting power of all issued and outstanding securities that have voting rights of the Issuer (calculated by aggregating (i) 1 vote for each share of common stock outstanding, plus (ii) 1,000 votes for each share of Series B Preferred Stock outstanding) was 6,007,679,927 votes in total. Of that aggregate voting power, Jeff Gabrelcik's 5,000,000,000 votes (derived solely from his Series B Preferred Stock) represent approximately 83.2% of total voting power of 6,007,679,927 votes. Note that Jeff Gabrelcik's 83.2% voting interest does not reflect ownership of 83.2% of the Issuer's outstanding shares of common stock, and the Series B Preferred Stock does not have any monetary value. Rather, the percentage reflects his proportionate share of total voting power across all classes of the Issuer's securities when votes are totaled strictly on a voting basis. The remaining approximately 16.8% of total voting power (1,007,679,927 votes) is held by the holders of the Issuer's issued and outstanding common stock shares.

NOTES TO UNAUDITED FINANCIAL STATEMENTS

Note 1 – Organization and Basis of Accounting

Complete Financial Solutions Inc. (“CFSU” the “Company”) was incorporated in July 2006 under the laws of the State of Nevada. The Company was formerly known as a financial services holding company primarily engaged in mortgage services. The Company’s subsidiary, Acceptance Capital Mortgage Corporation, was a residential mortgage broker, lending and processing company that operated and maintained offices throughout the United States.

The Company was dormant from the end of 2018 through February 2022.

On October 21, 2024, the Company entered into a Stock Purchase Agreement with Direct Finance Corporation (“DFC”), a California corporation pursuant to which DFC purchased 1,000,000 2024 Series A Preferred Shares of DFC for two hundred thousand dollars (\$200,000). Each one 2024 Series A Preferred Share is convertible into 1,000 shares of common stock. On November 11, 2024, DFC converted 900,000 of the 1,000,000 2024 Series A Preferred Shares into 900,000,000 common stock shares.

During the 4th quarter ended December 31, 2024, the Company commenced its strategic business plan related to the outdoor recreation and national defense sector and emerged from its shell status by buying Glenwood Springs, Colorado land parcels valued at \$11,120,000. The purchase of the land was financed through the issuance of an interest promissory note for \$749,000 and the issuance of 4,148,000 Preferred Shares of the Company’s Series A Outdoorsmen Preferred Stock. The lender has the option to convert some or all of the note to the Company’s common stock at a price of \$0.05 per share at any time prior to the Company completing an up list to a major US Stock Exchange.

The Company’s year-end is December 31st.

Note 2 – Summary of significant accounting policies

Basis of presentation

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles for financial information and with the instructions to OTC Markets Alternative Reporting Standard. Since the Company has been dormant since 2018, all assets are considered written off resulting in no assets on the balance sheet. During the three months ended June 30, 2024, the statute of limitations expired on all Company debt. As a result, \$10,385,049 in liabilities were extinguished and the Company recorded a gain of \$10,385,049 on its Statements of Operations for the three months ended June 30, 2024.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. The management makes its best estimate of the outcome for these items based on information available when the financial statements are prepared. Actual results could differ from those estimates made by management.

Adoption of Recent Accounting Pronouncements

The Company has implemented all new accounting pronouncements that are in effect and that may impact its financial statements and does not believe that any other new accounting pronouncements have been issued that might have a material impact on its financial position or results of operations.

Recent Accounting Pronouncements

There are no recent accounting pronouncements that have any impact on the Company’s operations.

The Company requires capital for its contemplated operational and marketing activities. The Company's ability to raise additional capital through the future issuances of common stock is unknown. The obtainment of additional financing, the successful development of the Company's contemplated plan of operations, and its transition, ultimately, to the attainment of profitable operations are necessary for the Company to continue operations. The financial statements of the Company do not include any adjustments that may result from the outcome of these uncertainties.
