On April 9, 2021, Howard L. Duran and Reinerio Linares entered into a Share Purchase Agreement to sell control of Bounce Mobile Systems, Inc. (BNCM) to Hatadi Shapiro Supaat. As part of the agreement, Hatadi Shapiro Supaat agreed to purchase 200,000 blocks of preferred shares, each priced at \$5,000 for every 100,000 shares, amounting to a total of \$10,000 for 200,000 shares of preferred stock. These preferred shares, which granted Hatadi Shapiro Supaat the right to control BNCM, were issued on April 20, 2021.

Following the issuance of the preferred shares, on April 21, 2021, BNCM accepted the resignation of Howard L. Duran as President and Director, and Dr. Rey Linares as Director of the company. Concurrently, the board of BNCM appointed Hatadi Shapiro Supaat as the new President of the company.

On May 4, 2021, Hatadi Shapiro Supaat was issued an additional 300,000 preferred shares, which brought his total holding of preferred shares to 500,000 preferred shares.

As of December 31, 2024, J. Ruyter holds 1,133,700,000 common shares in BNCM, making him the controlling shareholder of the company. This amount of common stock gives J. Ruyter significant control over the company, surpassing any previous control gained by other parties through the preferred stock issuance detailed above. The issuance of common shares to J. Ruyter establishes him as the predominant shareholder, with the voting power necessary to influence the major decisions of the company.

BOUNCE MOBILE SYSTEMS, INC.
CONSOLIDATED WITH DELEX HEALTHCARE GROUP
NOTES TO THE FINANCIAL STATEMENTS
March 31, 2026

NOTE 1 – GENERAL ORGANIZATION AND BUSINESS AND GOING CONCERN

The company was originally incorporated in North Carolina as Vital Living Products, Inc., in January, 1990.

On December 23, 1991, the company merged into Vital Living Products, Inc., a Delaware corporation and, thus, became a Delaware corporation.

On August 14, 2006, the company changed its domicile to Nevada and changed its name to Bounce Mobile Systems, Inc.

On February 19, 2020, Douglas DiSanti of Grassroots Advisory, LLC, was appointed Custodian of the corporation by order of the District Court of Nevada. On June 15, 2020, new management consisting of Marley Roldan, CEO, Secretary/Treasurer and Director; Howard Duran, President/Director, and: Reinerio Linares, CMO/Director, were elected by Mr. DiSantis. Mr. DiSanti continued as custodian until August 17, 2020, when he relinquished control to current management with court approval.

On April 9, 2021, Howard L. Duran and Reinerio Linares signed a Share Purchase Agreement to sell control of BNCM to Hatadi Shapiro Supaat who paid \$5,000 for each 100,000 shares block of preferred shares, or a total of \$10,000 for 200,000 shares block of preferred shares. The preferred shares granting Hatadi Shapiro Supaat control were then issued on April 20, 2021. On April 21, 2021, BNCM accepted the resignation of Howard L. Duran as President and Director and Dr. Rey Linares as Director. Simultaneously, the board appointed Hatadi Shapiro Supaat as President. On May 4, 2021, Hatadi Shapiro Supaat was issued 300,000 preferred shares, having a total of 500,000 preferred shares.

On September 30, 2021, Supplemental Information Report requesting the removal of “shell” flag of BNCM in OTC has been uploaded. The report reflected all the updated financial figures of the company resulting from the various acquisitions and activities for the quarter.

On June 05, 2024, BNCM (Bounce Mobile Systems, Inc.) signed an Asset Purchase Agreement with Delex Healthcare Group, Inc. (DELEX), a Delaware-registered corporation that owns DLX Holdings, Inc. (DLX), a company based in the Philippines.

As of March 31, 2025, J. Ruyter holds 1,133,700,000 common shares in BNCM, making him the controlling shareholder of the company. This amount of common stock gives J. Ruyter significant control over the company, surpassing any previous control gained by other parties through the preferred stock issuance detailed above. The issuance of common shares to J. Ruyter establishes him as the predominant shareholder, with the voting power necessary to influence the major decisions of the company.

DLX holds a 60% direct controlling interest in Delex Pharma International, Inc. (DPI), as well as indirect controlling interests in JMN Brothers Pharma Limited, Inc., and MD Pharma, Inc. JMN Brothers Pharma Limited, Inc., and MD Pharma, Inc. are wholly owned subsidiaries of Delex Pharma International, Inc. This transaction was accounted for as a business combination in accordance with ASC 805. Transfer of the rights, titles and interests to BNCM is a result of Asset Purchase Agreement (APA) effective July 02, 2024. Following the effectivity of Asset Purchase Agreement (SPA), the transfer of rights, title, and interests to DELEX means that JMN and MPI are now direct subsidiaries of BNCM.

Delex Pharma International, Inc. was incorporated and registered with the Securities and Exchange Commission (SEC) in the Philippines on July 13, 2009. The Company was established primarily to engage in the trading of goods such as medical supplies, equipment, pharmaceutical products and food supplements on a wholesale or retail basis. The Company is 60% owned by DLX Holdings, Inc. and 40% owned by High Everest Capital, Inc.

BNCM is an Asset Management Company that secures its assets by investing in companies with strong growth potentials, robust revenues, significant profits, proven track records, and promising business models with highly experienced management teams that will exceptionally qualify for quotation and or listing on the OTC and or NASDAQ Market within the next 2 to 3 years.

DELEX successfully launched its **Oncology Division** in June 2025 with a six-member team led by Evangeline Reyes, newly appointed Head of Sales and Marketing, to promote oncology products from Kemex Laboratory (Argentina).

DELEX has been **appointed as Spot Dealer** for a newly opened tertiary private hospital in Bulacan. This involves a **P52 (\$million)** contract covering Philips CT Scan.

DELEX received entitlement as **channel partner** for Philips Hospital Patient Monitors (HPM Business Unit) last June 2025 – In connection with the joint Masimo-Philips (JMP) business agreement for the IntelliVue Module (with Rainbow Technology) – Potential sales upside revenue of **P15 million (\$263,000)** waiting for FDA CMDR approval which is expected to come out within last quarter of 2026. Waiting for grant of Philips relating to exclusive marketing and distribution of Philips Lumify for doctors.

As of July 2025, the Company is finalizing a strategic partnership with Aculife Healthcare, India's largest manufacturer of parenteral products and a leading global supplier of IV fluids and injectable solutions, including Normal Saline, D5LRS, and anesthesia products such as Sevoflurane, Isoflurane, Ropivacaine, and Levobupivacaine. This partnership aims to strengthen our anesthesia portfolio and expand our presence in the hospital channel.

The company has **signed partnership with Pascual laboratories Inc** (one of the biggest Filipino manufacturing companies) to manufacture and for Delex to distribute local products like Amlodipine, Losartan, Povidone Iodine (Gammadine), Metoprolol, Simvastatin, Metformin. Additional purpose of this partnership is to add product line that will be included in bidding and for retail housebrand of eReseta Pharmacy purposes

Delex Pharma International, Inc and Primedix Enterprises have officially joined forces in a strategic partnership aimed at strengthening their presence in the medical device industry. This collaboration leverages both companies' networks and expertise: Delex's established presence in hospital and medical device distribution, and Primedix's operational strengths in imaging solutions and local government initiatives. Delex and Primedix currently hold a substantial MRI business negotiation valued at P90 million, primarily driven by their engagement with local government entities seeking to modernize health facilities and deliver comprehensive diagnostic services to communities. With a proven track record in high-value government contracts, Delex and Primedix are poised for continued growth in the diagnostic imaging sector.

Delex Pharma has partnered with hospitals like Mary Mediatrix Medical Center, proposing 80 infusion pumps to expand market coverage and aligning devices with our exclusive 23M worth of pharma and device Integrating devices with our trusted portfolio provides a comprehensive healthcare solution that boosts device placement and product value. This initiative strengthens partnerships, improves service support, and keeps Delex essential to hospitals' evolving needs.

The Company has set up provincial depots in nine key locations—Iloilo, Cebu, Davao, Tuguegarao, Legazpi, Isabela, Batangas, Kalibo, and Cagayan de Oro—to streamline delivery time particularly emergency and critical care drugs and strengthen its product distribution network and accessibility.

Delex officially launched its partnership with SternMed GmbH of Germany in May 2025, marking a significant expansion in its medical device portfolio. The launch featured key SternMed products, including: AVACS 50 Anesthesia Machine, IPN Series Infusion Pumps and SPN Series Syringe Pumps. These additions align with Delex's mission to deliver world-class healthcare solutions to hospitals across the country, further solidifying its presence in the critical care space.

Delex Pharma International has actively participated in 2025 Philippines Medical Conventions with a total of 30 conventions and 32 hospital post graduate courses to date and is scheduled to attend 5 more before the end of the year.

Delex Pharma continues to solidify its commitment to healthcare excellence through its flagship initiative, the Delex ICU Forum—a Continuing Medical Education (CME) program that delivers accredited CPD units to doctors, pharmacists, and nurses nationwide. Currently, the ICU forum programs have conducted 37 hybrid webinars to strengthen Delex branding to HCPs not just in the Philippines but across the globe.

These consolidated financial statements have been prepared on a going concern basis, which implies the Company will continue to realize its assets and discharge its liabilities in the normal course of business. The continuation of the Company as a going concern is dependent upon the continued financial support from its shareholders, the ability of the Company to obtain necessary debt or equity financing to continue operations, and the attainment of profitable operations. There is no guarantee that the Company will be successful in these efforts. These consolidated financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

These consolidated financial statements present the balance sheets, statements of operations, stockholders' deficit and cash flows of the Company. These financial statements are presented in United States dollars and have been prepared in accordance with accounting principles generally accepted in the United States. The Company's financial statements are prepared using the accrual method of accounting. The Company has elected a December 31 fiscal year end.

Use of Estimates and Assumptions

The preparation of these financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. The results of operations and cash flows for the periods shown are not necessarily indicative of the results to be expected for the full year. The Company regularly evaluates estimates and assumptions related to valuation of license, stock-based compensation, and deferred income tax asset valuation allowances.

Cash and Cash Equivalents

The Company considers all highly liquid investments with maturity of three months or less when purchased to be cash equivalents.

Digital Assets

The Company owns the following significant digital assets:

Category	Description	Amount
1ai	Token 110,700,000 @ \$0.000369	\$ 40,848
APO	Token 1,500,000 @ \$0.60	\$ 900,000
EGGE tokens	Token 800,000,000 @ \$0.10	\$80,000,000

Financial Instruments and Fair Value Measures

ASC 820, "Fair Value Measurements and Disclosures" requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. ASC 820 establishes a fair value hierarchy based on

the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 prioritizes the inputs into three levels that may be used to measure fair value:

Level 1

Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.

Level 2

Level 2 applies to assets or liabilities for which there are inputs other than quoted prices that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.

Level 3

Level 3 applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

The Company's financial instruments consist principally of cash, accounts payable and accrued liabilities, convertible debenture, stock-settled debt obligation, and amounts due to related parties. Pursuant to ASC 820, the fair value of cash is determined based on "Level 1" inputs, which consist of quoted prices in active markets for identical assets. The recorded values of all other financial instruments approximate their current fair values because of their nature and respective maturity dates or durations. Unless otherwise noted, it is management's opinion that the Company is not exposed to significant interest, currency or credit risks arising from these financial statements.

Gain / Loss on Investments

The Company used the fair value in recording each class of financial instruments including Investment - Acquired companies, Digital Assets (Tokens), Shares Receivable. The Fair Value is obtained from quoted market prices, discounted cash flow models and option pricing models, as appropriate.

There is a significant change in the value of asset due to cancellation of share receivable and due to the material decrease of the price / Fair Value of Starfleet Innotech Inc. (SFIO) shares.

Stock-based Compensation

The Company records stock-based compensation in accordance with ASC 718 "Compensation – Stock Compensation" and ASC 505, "Equity Based Payments to Non-Employees", using the fair value method. All transactions in which goods or services are the consideration received for the issuance of equity instruments are accounted for based on the fair value of the consideration received or the fair value of the equity instrument issued, whichever is more reliably measurable.

Loss per Share

The Company computes net loss per share in accordance with ASC 260, "Earnings per Share", which requires presentation of both basic and diluted earnings per share ("EPS") on the face of the statements of operations. Basic EPS is computed by dividing net loss available to common shareholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti-dilutive.

Comprehensive Loss

ASC 220, "Comprehensive Income", establishes standards for the reporting and display of comprehensive loss and its components in the consolidated financial statements. As of March 31, 2021 and at December 31, 2020, the Company had no items representing comprehensive income or loss.

Income Taxes

A deferred tax asset or liability is recorded for all temporary differences between financial and tax reporting and net operating loss carry forwards. Deferred tax expense (benefit) results from the net change during the year of deferred tax assets and liabilities. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

When required, the Company records a liability for unrecognized tax positions, defined as the aggregate tax effect of differences between positions taken on tax returns and the benefits recognized in the financial statements. Tax positions are measured at the largest amount of benefit that is greater than fifty percent likely of being realized upon ultimate settlement. No tax benefits are recognized for positions that do not meet this threshold. The Company has no uncertain tax positions that require the Company to record a liability. The Company's tax years ended December 31, 2020 and December 31, 2019 remain subject to examination by Federal and state jurisdictions.

The Company recognizes penalties and interest associated with tax matters as part of the income tax provision and includes accrued interest and penalties with the related tax liability in the balance sheet. The Company had no accrued penalties and interest as of December 31, 2020 or as of December 31, 2019.

Recently Issued Accounting Pronouncements

The Company has implemented all new accounting pronouncements that are in effect and that may impact its financial statements and does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

NOTE 3 – STOCKHOLDERS' EQUITY

Authorized Shares

The Company is authorized to issue 2,000,000,000 shares of \$0.0001 par value common stock.

Common Stock

All common stock shares have equal voting rights, are non-assessable and have one vote per share.

The Company is authorized to issue 5,000,000 shares of \$0.0001 par value preferred shares.

NOTE 4 – CONFLICTS OF INTEREST

The officer and director of the Company is involved in other business activities and may, in the future, become involved in other business opportunities. If a specific business opportunity becomes available, such person may face a conflict in selecting between the Company and his other business interests. The Company has not formulated a policy for the resolution of such conflicts.

NOTE 5 – SUBSEQUENT EVENTS

Business Updates as of April 15, 2026

As of April 15, 2026, Delex Pharma International, Inc. sustained strong growth and continued to execute multiple strategic initiatives in finance, operations, partnerships, and portfolio expansion.

Net income before tax reached approximately \$449,700 in Q1 2026, representing a 150% increase year-on-year driven by continued growth in the Critical Care, Anesthesia, and Oncology divisions. The Company also implemented strategic austerity measures in response to the 2026 oil crisis, focusing on energy efficiency, route optimization, disciplined spending, and productivity initiatives.

The Company is finalizing a non-exclusive partnership with Zuellig Pharma Corporation to strengthen nationwide hospital reach, improve receivables management, and enhance distribution capabilities, with operations targeted to commence by May 2026.

Delex currently operates 13 pharmacy stores strategically located near hospitals and continues to expand the Med4U retail pharmacy network to strengthen market presence and improve profitability.

The Company established provincial depots in Iloilo, Cebu, Davao, Tuguegarao, Legazpi, Batangas, Kalibo, and Cagayan de Oro to improve nationwide distribution coverage and reduce lead times for emergency and critical care medicines.

Finalization of Delex's entitlement for the Philips Imaging Business has been moved to Q4 2026. In the interim, the Company was appointed as Spot Dealer for a tertiary private hospital in Bulacan under an approximately \$860,00 Philips CT scan project.

Delex also received entitlement as channel partner for Philips Hospital Patient Monitors under the Masimo–Philips agreement for IntelliVue modules with Rainbow Technology, with potential sales revenue expected upon FDA approval anticipated in late 2026.

For Masimo (USA), CMDR draft approval has been received for ROOT with O3, Rad-97 with non-invasive blood pressure, and related platforms. Product launches are expected beginning Q2 2026 with projected revenues of not less than approximately \$331,00 in 2026.

The Company continues to strengthen its Continuing Medical Education initiatives through the Delex ICU Forum®, which has conducted 37 hybrid webinars providing accredited CPD units to healthcare professionals nationwide.

Management expects to complete the increase in authorized capital stock from approximately \$165,000 to approximately \$1.65 million by Q2 2026 to strengthen the Company's financial position and support long-term growth initiatives.

POST MERGER PLANS & ACTIVITIES

1. Continued execution of strategic expansion initiatives focused on pharmaceutical distribution, medical devices, retail pharmacy operations, and nationwide healthcare solutions.
2. Expansion of the Med4U retail pharmacy network with additional strategically located stores near hospitals.
3. Strengthening of nationwide distribution capabilities through provincial depots and hospital partnerships.
4. Finalization of a non-exclusive partnership with Zuellig Pharma Corporation to improve hospital reach and product distribution.
5. Continued expansion of the Philips Imaging Business and related medical imaging opportunities.
6. Expansion of the Philips Hospital Patient Monitor and Masimo product portfolio subject to FDA approvals.
7. Launch and commercialization of additional Masimo products beginning Q2 2026.
8. Strategic partnerships with Aculife Healthcare, LUYE Lifesciences, SOLM, RTM Healthcare, Innovgas, and Kalbe Farma to strengthen the anesthesia, oncology, CNS, diabetes, and critical care portfolios.
9. Opening of a new DELEX satellite office in Makati Circuit in Q4 2026 to support business development and CME activities.
10. Continuation of the Delex ICU Forum® and accredited Continuing Medical Education initiatives nationwide.
11. Increase in authorized capital stock from approximately \$165,000 to \$1.65 million targeted by Q2 2026.
12. Funding initiatives to support strategic expansion, debt consolidation, and growth of the CNS and Diabetes Care business units.
