4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on www.OTCMarkets.com.

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

With acquisitions completed in the second quarter of 2022, All Things Mobile Analytic Inc. (hereinafter "ATMA" or the "Company") began operations and generating revenues.

Commencing with a change in management control in 2019, the Company has been focused on acquiring and developing brands that provide disruptive technology for mobile applications for Telecommunications and Fintech services & solutions. To this end, on March 24, 2020, retroactive to October 1, 2019, the Company entered into a cooperation agreement with World International Services (WIS), a New York corporation controlled by one of our officers and directors, and Vox On Line Servicios De Comunicadoes Ltda (VOX) (d/b/a PayToGO), a corporation formed under the laws of Brazil, also controlled by one of our officers and directors, wherein WIS has agreed to pay expenses up to a maximum of \$50,000, on behalf of the Company, incurred by VOX, for its development of the software application "PayToGo" that will allow for electronic

payment transactions, purchase of gift cards, GSM Top Ups, and sending payment processing. The PayToGo platform is centered around a proprietary Wallet Application (“Wallet”) and will assist consumers and businesses to process payment transactions and manage their payments efficiently. The Company has expended a total of \$40,836 on the associated software development to date under its agreement with WIS. VOX launched the PaytoGo app in its local market, Brazil, in February 2021. The application is currently in the final testing phase for subsequent launches in Peru, Argentina, Mexico and the United Kingdom.

While during October 2020 the Company entered into an Acquisition and Exchange of Shares Agreement (the “Agreement”) with Nextchampions Ltd., a corporation incorporated under the laws of the United Kingdom and the parent corporation of VOX, both entities being controlled by an officer and director of the Company, the Agreement did not close, and the parties agreed subsequently to enter into a licensing and usage agreement for the app PayToGo. Under the terms of agreements under negotiation, the ownership of PayToGo is to be transferred to VOX, and the Company would receive a royalty on all gross revenue generated in the local Brazilian market. Additionally, the Company is expected to have exclusive rights to the app and all revenues derived therefrom in all markets outside Brazil. On June 10, 2022 the agreements were concluded.

On June 10, 2022, the Company issued 5,500,000 shares of common stock to acquire SpeedTelecom 1, LLC; the control person of SpeedTelecom is the son of the Company’s Chief Financial Officer.

SpeedTelecom1, LLC, operates in the telecommunications, software development, web development, digital advertising and book printing sectors, offering a number of telecom services; VoIP Systems, SMS Services, and AdCharge services, an innovative, call-based advertising media platform for Android devices.

In July 2022, the Company entered into an Acquisition and Exchange of Shares Agreement with Mival Connect SA (“Mival”), a company incorporated under the laws of Switzerland. The Company agreed to acquire 100% equity interest of Mival in exchange of 33,300,000 shares of the common stock of ATMH, valued at \$4,000,000. During the period ended October 31, 2022, and on August 10, 2022, the Company issued 23,126,850 shares of common stock to the two controlling shareholders of Mival. In January of 2023, 8,347,149 shares of common stock were issued.

Due to mutual agreement between Mival and the Company, an agreement to rescind the Acquisition and Exchange of Shares Agreement was entered into on September 26, 2023, whereas the controlling shareholders of Mival would return the 23,126,850 shares of the Company that were issued to Mival controlling shareholders and the Company would return all of the Mival shares back to Mival. On January 12, 2024, 16,744,180 shares of the Company were returned by one of the controlling shareholders of Mival.
