Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting, and preemption rights.

The Company has authorized 950,000,000 shares of common stock with a par value of \$0.0001 per share.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

Series E Preferred Stock: Voting Rights: The holders of Series E Preferred Stock ("Holders") shall not have voting rights. **Conversion Rights:** Subject to the limitations in Section 5.b and the other terms and conditions in this Certificate, each Holder shall have the right, at such Holder's option, to convert any or all of such Holder's shares of Series E Preferred Stock into five (5) shares of Common Stock (the "Conversion Shares"). **Liquidation Rights:** In the event of any liquidation, winding-up or dissolution of the Company, whether voluntary or involuntary, each Holder shall be entitled to receive and to be paid out of the assets of the Company available for distribution to its shareholders an amount equal to the Liquidation Preference (as defined below) for each outstanding share of the Series E Preferred Stock held by such Holder to the date fixed for distribution, in preference to the holders of any preferred stock junior in rank and in preference to holders of the Common Stock. **Dividends:** Holders shall not be entitled to receive dividends. There are no redemption or sinking fund provisions.

Series B Preferred Stock: Dividends: Each one (1) share of Series B Preferred Stock is entitled to zero (0) dividends. **Voting:** each one (1) share of Series B Preferred Stock is entitled to Two Thousand (2,000) Common Share votes on all matters submitted to a vote of our common stockholders. **Conversion Provisions.** Each Series B Preferred Share cannot be converted into Common Shares. **Liquidation Preference.** In the event of any voluntary or involuntary liquidation, dissolution, or winding-up of the Corporation, the Series B Preferred shares shall have a priority on liquidation superior to that of the other Preferred Stock. The Series B Preferred shareholders will be entitled to preferential amounts paid into the Corporation, to be paid in full, for funds paid for the Series B Preferred Shares, if sufficient funds exist. The holders of shares of other series of Preferred Stock shall be entitled to participate with the Common Stock in all of the remaining assets of the Corporation available for distribution to its stockholders, ratably with the holders of Common Stock in proportion to the number of shares of Common Stock held by them, assuming for each holder of Preferred Stock on the record date for such distribution that each holder was the holder of record of the number (including any fraction) of shares of Common Stock into which the shares of Preferred Stock then held by such holder are then convertible. A liquidation, dissolution, or winding-up of the Corporation, as such terms are used in this Section 5, shall not be deemed to be occasioned by or to include any merger of the Corporation with or into one or more corporations or other entities, any acquisition or exchange of the outstanding shares of one or more classes or series of the Corporation, or any sale, lease, exchange, or other disposition of all or a part of the assets of the Corporation. **No Redemption.** The shares of Preferred Stock are not redeemable unless approved by the Board of Directors and agreed upon by the Series B Preferred Shareholders. There are no sinking fund provisions.

3. Describe any other material rights of common or preferred stockholders.

None

4. Describe any material modifications to the rights of holders of the company's securities that have occurred over the reporting period covered by this report.

None

3) Issuance History

The goal of this section is to provide disclosure concerning each event that resulted in any changes to the total shares outstanding of any class of the issuer's securities **in the past two completed fiscal years and any subsequent interim period.**

Disclosure under this item shall include, in chronological order, all offerings and issuances of securities, including debt convertible into equity securities, whether private or public, and all shares, or any other securities or options to acquire such securities, issued for services. Using the tabular format below, please describe these events.

A. Changes to the Number of Outstanding Shares for the two most recently completed fiscal years and any subsequent period.

Indicate by check mark whether there were any changes to the number of outstanding shares within the past two completed fiscal years:

4) Issuer's Business, Products, and Services

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on www.OTCMarkets.com.

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

The Company has the exclusive rights, in perpetuity, to develop and mine on the 10 unpatented mining claims that consist of the Treasure Canyon Lode Mine. A photo representation of these mines is below.

Mine Ownership History

The 10 unpatented claims are owned by Treasure Canyon Enterprises, Inc. (a Wyoming Corporation). On February 12, 2020, the assets of Treasure Canyon Enterprises were contributed and pledged to EON Discovery, Inc. to fund and operate the Treasure Canyon Lode Mine. On July 1, 2020, the Buscar Company acquired EON Discovery, Inc.

Mine Location

The Treasure Canyon Lode mine is ten unpatented mining claims located in Plumas National Forest, California. The location of the mine is represented in the photo on the map above.

Mine Description

The ten mining claims cover 200 acres of mineral deposits centered in the Lights Creek mining area. The lode claims encompass vein deposits of gold, silver, platinum group minerals, and other valuable minerals and placer deposits of gold, silver, and platinum. The mine has been worked by Thomas Heathman, EON Discovery's President, for approximately 20 years. The tunnel had previously been constructed and was in use. However, in 2006 a forest fire burned the wood support beams in the mine which resulted in the collapse of the tunnel.

Mine Current Operations

The Company expects to begin its mine assessment work on or about August 15, 2020. The assessment work includes, but is not limited to, drilling, excavations, driving shafts and tunnels, sampling (geochemical or bulk), road construction on or for the benefit of the mining claim; and geological, geochemical, and geophysical surveys. The

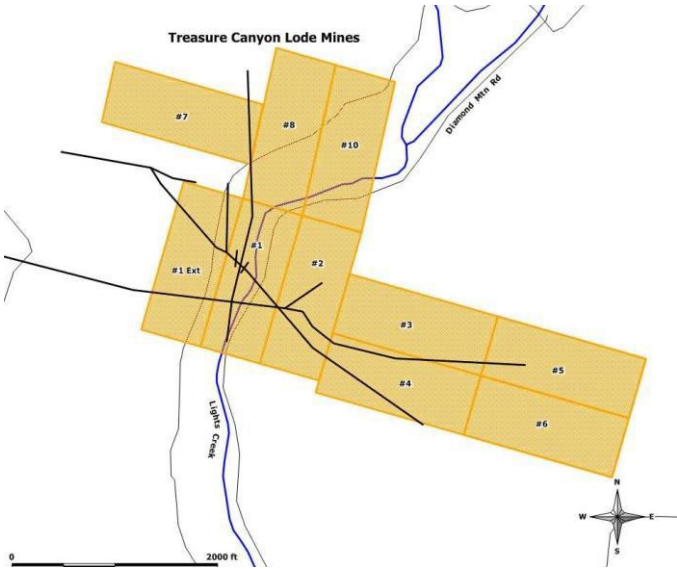

Company expects as part of the assessment work, we will process 5-10 tons of raw material per day.

The Company has filed its Plan of Operations with the United States Forest Service. The mining claims were operated under a previously approved Plan of Operations by Treasure Canyon Enterprises. This included the construction of a mining camp on site and the expansion of the Ada Drift. The tunnel was originally 70 feet in length and 4 feet in width. A Drift is a general mining term, meaning a near-horizontal passageway in a mine, following the bed or vein of ore.

The Company cannot build the mining camp or rehabilitate the previous tunnel until the Plan of Operations has been approved. Once the Plan of Operations has been approved by the United States Forest Service, the Company will begin to rehabilitate the Ada Draft Tunnel. This consists of the following activities:

1. Build a base camp for mining operations and housing of the workers.
2. Remove the rubble from the Ada Draft Tunnel.
3. Expand the width of the Ada Draft Tunnel from 4 feet to 9 feet.
4. Build concrete and steel support structure systems.

Once the Ada Drift has been rehabilitated and opened, the Company will commence mining operations. Initially, the Company would begin processing 5 – 10 tons of raw material per day. The Company anticipates increasing the daily production of raw material to 100 tons per day within 12 months of the re-opening of the Ada Drift.

B. List any subsidiaries, parent companies, or affiliated companies.

Buscar Company is a holding company with the wholly owned subsidiaries: EON Discovery, Inc., Terramer Inc., and Armorgenix Company. EON Discovery holds the rights to the mining claims in California and will hold future claims that are acquired. Terramer, Inc. is a manufacturer of degradable bioplastic. Armorgenix Company is a manufacturer and distributor health supplements including but not limited to enzymes, bio active supplements, medicinal mushroom extracts. The address of each are the same.

C. Describe the issuers' principal products or services.

Gold and other precious metal mining.
 Production of degradable bioplastic
 Production of health supplements

5) Issuer's Facilities

The goal of this section is to provide investors with a clear understanding of all assets, properties, or facilities owned, used, or leased by the issuer and the extent to which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties, or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other properties of the issuer, and describe the condition of the properties. Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. If the issuer does not have complete ownership or control of the property, describe the limitations on the ownership.

The Company's mailing address is Buscar Company, 9663 Santa Monica Blvd, Ste 688, Beverly Hills, CA 90210. It maintains no other offices and conducts its operations on the mining site described above.

Notes to Consolidated Financial Statements March 31, 2026

Note 1 - Business

Buscar Company (“Buscar,” “we,” “us,” “our,” the “Company”) was incorporated in Nevada as Cascade Springs Ltd. on January 19, 2010. In 2012, we amended our Articles of Incorporation to change our name to Colorado Gold Mines, Inc. On June 18, 2014, we changed our name to Buscar Oil, Inc. On May 19, 2015, the Company changed its name to Buscar Company. Buscar is domiciled in Nevada, and its corporate headquarters is in Henderson, NV. The Company selected June 30 as its fiscal year-end.

The Company has the exclusive rights, in perpetuity, to develop and mine on the ten unpatented mining claims that consist of the Treasure Canyon Lode Mine. The ten unpatented claims are owned by Treasure Canyon Enterprises, Inc. (a Wyoming Corporation). On February 12, 2020, the assets of Treasure Canyon Enterprises were contributed and pledged to EON Discovery, Inc. to fund and operate the Treasure Canyon Lode Mine. On July 1, 2020, the Company acquired EON Discovery, Inc.

Note 2 - Going Concern

These consolidated financial statements have been prepared under generally accepted accounting principles applicable to a going concern, which assumes that the Company will be able to meet its obligations and continue its operations for its next fiscal year. Realization values may differ substantially from carrying values as shown, and these Consolidated financial statements do not give effect to adjustments necessary to the carrying values and classification of assets and liabilities should the Company be unable to continue as a going concern. As of March 31, 2026, the Company had not yet achieved profitable operations, has accumulated losses of \$3,115,167 since its inception, and expects to incur further losses in the development of its business, all of which raise substantial doubt about the Company's ability to continue as a going concern. The Company's ability to continue as a going concern is dependent upon its ability to generate future profitable operations and/or to obtain the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management has no formal plan to address this concern but considers that the Company can obtain additional funds by equity financing and/or related party advances. However, there is no assurance of additional funding being available or on terms acceptable to the Company.

Note 3 - Summary of Significant Accounting Policies

Basis of Presentation of Interim Financial Statements

The summary of significant accounting policies is presented to assist in the understanding of the financial statements. These policies conform to accounting principles generally accepted in the United States of America (“GAAP”) and have been consistently applied.

Use of Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could materially differ from those estimates.

Recapitalization

For financial accounting purposes, this transaction was treated as a reverse acquisition by EON Discovery, Inc. Buscar Company. This resulted in a recapitalization with EON Discovery as the accounting acquirer and Buscar Company as the acquired company. Buscar had no assets, liabilities, or operations on the merger date. Accordingly, the historical financial statements before the acquisition are those of the accounting acquirer, EON Discovery, and have been prepared to give retroactive effect to the reverse acquisition completed on July 1, 2020, and represent the operations of EON Discovery.

Cash and cash equivalents

We consider all highly liquid securities with original maturities of three months or less when acquired to be cash equivalents.

The company had cash balances of \$91,451 and \$84,387 as of March 31, 2026, and June 30, 2025, respectively.

Stock-Based Compensation

ASC 718, "*Compensation - Stock Compensation*," prescribes accounting and reporting standards for all share-based payment transactions in which employee services are acquired. Transactions include incurring liabilities or issuing or offering to issue shares, options, and other equity instruments such as employee stock ownership plans and stock appreciation rights. Share-based payments to employees, including grants of employee stock options, are recognized as compensation expenses in the financial statements based on their fair values. That expense is recognized over the period during which an employee is required to provide services in exchange for the award, known as the requisite service period (usually the vesting period). The Company accounts for stock-based compensation issued to non-employees and consultants following the provisions of ASC 505-50, "*Equity – Based Payments to Non-Employees*." Measurement of share-based payment transactions with non-employees is based on the fair value of whichever is more reliably measurable: (a) the goods or services received; or (b) the equity instruments issued. The fair value of the share-based payment transaction is determined at the earlier performance commitment date or performance completion date.

Related Party Transactions

A related party is generally defined as (i) any person that holds 10% or more of our membership interests including such person's immediate families, (ii) our management, (iii) someone that directly or indirectly controls, is controlled by or is under common control with us, or (iv) anyone who can significantly influence our financial and operating decisions. A transaction is considered to be a related party transaction when there is a transfer of resources or obligations between related parties.

Revenue Recognition

The Company pursues opportunities to realize revenues from a principal activity: the sale of precious minerals mined. It is the Company's policy that revenues and gains will be recognized in accordance with ASC Topic 605-10-25, "Revenue Recognition." Under ASC Topic 605-10-25, the Company has substantially accomplished all it must do to be entitled to the benefits represented by the revenue. Gains or losses from the sale of the precious metal are recognized when the precious metal is sold, and the cost and associated accumulated depreciation are removed from the accounts and the resulting gain or loss is recognized in the statement of operations.

Recent Accounting Pronouncements Revenue from Contracts with Customers

In September 2017, the FASB issued Accounting Standards Update (ASU) No. 2017-13, "Revenue Recognition (Topic 605), Revenue from Contracts with Customers (Topic 606), Leases (Topic 840), and Leases (Topic 842): Amendments to SEC Paragraphs according to the Staff Announcement at the July 20, 2017, EITF Meeting and Rescission of Prior SEC Staff Announcements and Observer Comments." The amendments in ASU No. 2017-13 amend the early adoption date option for certain companies related to the adoption of ASU No. 2014-09 and ASU No. 2016-02. Below entities may still adopt using the public company adoption guidance in the related ASUs, as amended. The effective date is the same as the effective date and transition requirements for the amendments for ASU 2014- 09 and ASU 2016-02.

In May 2014, the FASB issued accounting standards updates which modified the requirements for identifying, allocating, and recognizing revenue related to the achievement of performance conditions under contracts with customers. This update also requires additional disclosure related to the nature, amount, timing, and uncertainty of revenue that is recognized under contracts with customers. This guidance is effective for fiscal and interim periods beginning after December 15, 2017, and is required to be applied retrospectively to all revenue arrangements. The adoption of this guidance is not expected to have a significant impact on the Company's financial statements. Other recent accounting pronouncements issued by the FASB (including its Emerging Issues Task Force), the AICPA and the SEC did not or are not believed by management to have a material impact on the Company's present or future financial statements.

Income Taxes

The provision for income taxes is computed using the asset and liability method, under which deferred tax assets and liabilities are recognized for the expected future tax consequences of temporary differences between the financial reporting and tax bases of assets and liabilities, and for operating losses and tax credit carry-forwards. Deferred tax assets and liabilities are measured using the currently enacted tax rates that apply to taxable income in effect for the years in which those tax assets are expected to be realized or settled. The Company records a valuation allowance to reduce deferred tax assets to the amount that is believed more likely than not to be realized.

Net Loss per Share Calculation

Basic net loss per common share is computed by dividing loss available to common stockholders by the weighted average number of common shares outstanding for the period. Diluted earnings per share is computed by dividing net income by the weighted average shares outstanding, assuming all dilutive potential common shares were issued. Diluted earnings per share is not presented when their effect is anti-dilutive. **The Company's shares of Series E and Series B Preferred Stock are shall be convertible into zero (0) shares** of our common stock. There potentially dilutive shares have not been included in the calculation of net loss per share for the periods presented as their inclusion would be anti-dilutive as the Company recognized losses for all periods presented.

Note 4- Commitments and Contingencies

Dividend policy

The Company intends to distribute cash dividends to the shareholders from the proceeds of its mining operations. However, our ability to pay dividends is subject to limitations imposed by Nevada law. According to Nevada Revised Statute 78.288, dividends may be paid to the extent that a corporation's assets exceed its liabilities, and it can pay its debts as they become due in the usual course of business.

Note 5 – Basis of Consolidation

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and include the accounts of the company and its subsidiaries in which it has a controlling financial interest. All intercompany balances and transactions have been eliminated in consolidation.

Principles of Consolidation

The Company consolidates entities in which it holds a controlling financial interest, generally evidenced by ownership of more than 50% of the outstanding voting equity interests. Noncontrolling interests ("NCI") represent the portion of equity in consolidated subsidiaries not attributable, directly or indirectly, to the Company and are reported as a separate component of equity in the consolidated balance sheets. Net income or loss attributable to NCI is reported separately in the consolidated statements of operations.

Subsidiaries

On January 20, 2025, the Company entered into a Stock Swap Agreement with Terramer Inc., pursuant to which the Company acquired 10,000,000 shares of Terramer Inc. from Alex Mond in exchange for 4,000,000 Preferred Shares Class E of Buscar, convertible into 20,000,000 shares of common stock, issued in the name of Alex Mond.

On March 26, 2025, the Company entered into a stock swap agreement with Roberta Epifanio, a shareholder of Terramer Inc., under which the Company acquired 88,320 shares of Terramer Inc. in exchange for 35,328 Preferred Shares Class E, convertible into 176,640 shares of Buscar common stock.

On May 20, 2025, the Company entered into a stock swap agreement with Mitra Goliad, a shareholder of Terramer Inc., under which the Company acquired 15,000 shares of Terramer Inc. in exchange for 6,000 Preferred Shares Class E, convertible into 30,000 shares of Buscar common stock.

On October 13, 2025, the company entered into stock swap agreement with Mehrdad Mobasseri, shareholder of Terramer Inc. Mehrdad Mobasseri sell his 5,000 outstanding stocks in Terramer Inc. on a share issuance with Buscar, where Buscar issue 10,000 Common shares of Buscar Company to Mehrdad Mobasseri.

As a result of these transactions, the Company owned 58% of Terramer Inc. as of both June 30, 2025 and March 31, 2026, and Terramer Inc. has been consolidated from the date control was obtained.

On June 1, 2025, the Company entered into a Stock Swap Agreement with Armorgenix, pursuant to which the Company

acquired 70,000,000 shares of Armorgenix in exchange for the issuance of 7,000,000 shares of Buscar common stock to Armorgenix. As a result, the Company owned 70% of Armorgenix as of June 30, 2025.

On September 30, 2025, the Company entered into an additional Stock Swap Agreement with Armorgenix, pursuant to which the Company acquired an additional 20,000,000 shares of Armorgenix in exchange for the issuance of 2,000,000 shares of Buscar common stock. Following this transaction, the Company's ownership interest in Armorgenix increased to 90%, while maintaining control.

The Company consolidates both Terramer Inc. and Armorgenix as it maintains a controlling financial interest in each entity. The remaining ownership interests in these subsidiaries are presented as noncontrolling interests in the consolidated financial statements.

Noncontrolling Interests

Noncontrolling interests represent third-party ownership interests in Terramer Inc. and Armorgenix and are recognized at their proportionate share of the subsidiaries' identifiable net assets at the acquisition date. As of June 30, 2025, noncontrolling interests primarily related to 42% ownership interests in Terramer Inc. and 30% ownership interests in Armorgenix. As of March 31, 2026, noncontrolling interests primarily related to 42% ownership interests in Terramer Inc. and 10% ownership interests in Armorgenix, reflecting the Company's acquisition of an additional ownership interest in Armorgenix during the quarter. Losses incurred by Terramer Inc. and Armorgenix were allocated between the Company and noncontrolling interests in proportion to ownership interests for the periods presented.

Business Combinations and Goodwill

The Company accounts for business combinations in accordance with ASC 805, Business Combinations. Identifiable assets acquired and liabilities assumed are recognized at their estimated fair values at the acquisition date.

The Company has elected to apply the partial goodwill method, whereby goodwill is measured as the excess of the consideration transferred over the Company's proportionate share of the fair value of the identifiable net assets acquired. Accordingly, goodwill attributable to noncontrolling interests is not recognized.

Goodwill is not amortized but is tested for impairment annually, or more frequently if events or changes in circumstances indicate that the carrying amount may not be recoverable.

Note 6 - Goodwill

As discussed in Note 5 – Basis of Consolidation, the Company accounts for business combinations in accordance with ASC 805, Business Combinations, and consolidates subsidiaries in which it holds a controlling financial interest. The Company has elected to apply the partial goodwill method, under which goodwill is recognized as the excess of the consideration transferred over the Company's proportionate share of the fair value of identifiable net assets acquired. Goodwill attributable to noncontrolling interests is not recognized.

Goodwill Recognized as of June 30, 2025

As of June 30, 2025, the Company recognized goodwill in connection with its acquisitions of controlling interests in Armorgenix and Terramer Inc., as further described in Note 5 – Basis of Consolidation.

The Company acquired a 70% ownership interest in Armorgenix. At the acquisition date, Armorgenix reported no identifiable net assets and equity of \$10,000, which was eliminated upon consolidation. The fair value of the Company's 70% ownership interest was determined to be \$36,400. After elimination of the subsidiary's equity, the excess of the consideration transferred over the carrying amount of the net assets eliminated upon consolidation, totaling \$26,400, was recognized as goodwill attributable to the Company, in accordance with the partial goodwill method.

The Company acquired a 58% ownership interest in Terramer Inc. At the acquisition date, Terramer Inc. reported no identifiable net assets and equity of \$17,378, which was eliminated upon consolidation. The fair value of the Company's 58% ownership interest was determined to be \$97,385. After elimination of the subsidiary's equity, the excess of the consideration transferred over the carrying amount of the net assets eliminated upon consolidation, totaling \$80,007, was recognized as goodwill attributable to the Company, in accordance with the partial goodwill method.

Subsequent Ownership Increase and Adjustment to Goodwill – for nine month ended 31 March 2026

On September 30, 2025, the Company acquired an additional 20% ownership interest in Armorgenix, increasing its ownership interest from 70% to 90%, while retaining control, as discussed in Note 5 – Basis of Consolidation. The fair value of the additional ownership interest acquired was \$152,000.

On October 13, 2025, the company acquired 5000 shares of Terramer for \$704. Ownership percentage increase by few decimals. Ownership interest of the company in Terramer Inc. is 58% as of 31 March 2026.

Consistent with the Company's application of the partial goodwill method, the consideration transferred for the additional ownership interest was recorded as an increase to goodwill in the consolidated financial statements. As Armorgenix continued to have no identifiable net assets at the acquisition date of the additional interest, no portion of the consideration was allocated to identifiable assets or liabilities.

Subsequent Measurement

Goodwill is not amortized and is tested for impairment at least annually, or more frequently if events or changes in circumstances indicate that the carrying amount may not be recoverable. As of March 31, 2026, management determined that no impairment indicators were present.

Note 7 – Restatement of Financial Statements

The accompanying consolidated financial statements as of and for the year ended June 30, 2025 have been restated to reflect audit adjustments identified during the completion of the Company's audit.

As part of these audit adjustments, the Company written off goodwill, mining equipment, furniture, and capitalized exploration costs that were previously recorded in the financial statements as of June 30, 2024, as such amounts were determined not to meet the recognition criteria under U.S. GAAP. The write-offs were recorded as of June 30, 2024, resulting in a reduction of the related asset balances and retained earnings (or accumulated deficit), as applicable.

As a consequence of the above adjustments, depreciation expense recorded during the fiscal year ended June 30, 2025, related to the written-off mining equipment and furniture, was reversed, as these assets were no longer recognized in the consolidated financial statements.

Additionally, as part of the audit adjustments, the Company recorded an increase in cash and cash equivalents as of June 30, 2025, to reflect amounts identified during audit procedures that had not been previously recorded.

The restatement did not result in any change to the Company's revenues for any period presented. Management believes the restated financial statements present fairly, in all material respects, the financial position, results of operations, and cash flows of the Company in conformity with accounting principles generally accepted in the United States of America.

Note 8- Loan Payable

On June 22, 2020 Eon Discovery Inc. deposited \$150,000 and \$50,000 into the company. Eon Discovery Inc. was merged with Buscar Company, and the investors received 250,000 and 750,000 shares of Common Stock in Buscar Company. Buscar Company issued Promissory Notes for these deposits with a maturity date after two years as a security guarantee for the case of successful business performance. In case the desired business performance is not achieved, the company agreed to settle the notes at the maturity date. The owner of the Note for \$150,000 sold the Note to Apricus Capital Inc. The company converted this Note to the Shares of Buscar Company. The second note for \$50,000 is outstanding as on June 30, 2025.
