

Alternative Reporting Standard: Disclosure Guidelines for the Pink[®] Market

Federal and state securities laws require issuers to provide *current information* to the public markets. With a view to facilitating compliance with these laws, OTC Markets Group has created these Disclosure Guidelines (“Guidelines”)¹ that set forth the disclosure obligations that make up the “Alternative Reporting Standard” for Pink companies. Companies on the Pink Market that do not make disclosure directly to the SEC (via EDGAR), a banking regulator, or a non-U.S. regulatory authority may provide disclosure under our “Alternative Reporting Standard.” We use information provided by companies under these Guidelines to designate the appropriate tier in the Pink Market: Current Information or Limited Information.²

Pink Current Information Tier

To qualify for the Current Information Tier:

1. **Subscribe to the OTC Disclosure & News Service:** To submit an application, visit [Gateway](#) to sign in or create a new account. Allow OTC Markets Group 2-4 weeks to process your application and provide authorized user credentials to OTCIQ.

2. **Publish Initial Disclosure:** Upload the following documents through OTCIQ:

- Annual Report for the most recently completed fiscal year.
- All Quarterly Reports for the Current Fiscal Year.

Annual or Quarterly Reports are composed of:

- **Disclosure Statements:** Disclosure information pursuant to these Guidelines for the applicable period. Available as a fillable form beginning on page 4 of these Guidelines.
- **Financial Statements:** Qualifying Financial Statements in accordance with the Financial Statement Requirements specified in Item 9 of these Guidelines.

Qualifying Financial Statements include:

- Audit Letter, if audited
- Balance Sheet
- Statement of Income
- Statement of Cash Flows
- Statement of Retained Earnings (Statement of Changes in Stockholders’ Equity)
- Notes to Financial Statements

3. **Publish the annual Management Certification:** Companies must certify basic company information initially and annually within forty five (45) days of a company’s annual report due date.

¹ These Guidelines have been designed to encompass the “current information” requirements under state and federal securities laws, such as Rules 10b-5 and 15c2-11 of the Securities Exchange Act of 1934 (“Exchange Act”) as well as Rule 144 of the Securities Act of 1933 (“Securities Act”), and state Blue Sky laws. However, these Guidelines have not been reviewed by the U.S. Securities and Exchange Commission or any state securities regulator. These Guidelines do not constitute legal advice, and OTC Markets Group makes no assurance that compliance with our disclosure requirements will satisfy any legal requirements. These Guidelines may be amended from time to time, in the sole and absolute discretion of OTC Markets Group, with or without notice.

² OTC Markets Group may require companies with securities designated as “Caveat Emptor” or other compliance flags to make additional disclosures to qualify for the Pink Current Information tier.

4. **Verify Profile:** Verify the Company Profile through OTCIQ. This includes the complete list of current officers, directors, and service providers; outstanding shares; a business description; contact information; and the names of all company insiders and beneficial owners of 10% or more of the outstanding units or shares of any class of any equity security of the issuer.
5. **OTC Markets Group Processing of Reports:** Allow OTC Markets Group to process the posted documents (typically three to five business days) and provide any comments. Companies will only be evaluated for Current Information once all required documentation has been submitted.
6. **Ongoing Requirements:** To qualify for Current Information on an ongoing basis, companies must:
 - Publish reports through OTCIQ on the following schedule:
 - Quarterly Report within **45 days** of the quarter end
 - Annual Report within **90 days** of the fiscal year end
 - Complete an annual Management Certification within **45 days** of the annual report due date.
 - Maintain a Verified Profile. At least once every six months, review and verify the Company Profile through OTCIQ.
 - Maintain Transfer Agent Verified share data. If your transfer agent participates in the [Transfer Agent Verified Shares Program](#), then your securities must have current share data verified by the transfer agent.
 - Maintain an Active standing in the Company's State of Incorporation.

Pink Limited Information Tier

Companies that do not meet the requirements of the Pink Current Information tier set forth above may still qualify for the Pink Limited Information Tier by meeting the following minimum disclosure requirements.

1. **Annual Financial Statements:** Publish one set of Qualifying Annual Financial Statements which cover the past 2 completed fiscal years, provided the most recently completed fiscal year is within the past 16 months.
2. **Verified Profile:** The Company must verify the Company Profile through OTCIQ, including, but not limited to, a complete list of officers, directors, and service providers; outstanding shares; a business description; contact information; and the name of all company insiders. "Company Insiders" shall include the beneficial owner of 10% or more of the outstanding units or shares of any class of any equity security of the issuer.
3. **Ongoing Requirements:** To qualify for Limited Information on an ongoing basis, companies must:
 - Publish reports on the following schedule:
 - Annual Financial Statements as outlined in Item 9 within 120 days of the fiscal year end. Should a change in FYE occur, no more than 16 months may elapse from the fiscal year end of the prior Annual Financial Statement.
 - Review and Verify the Company's profile information through OTCIQ at least once every 12 months.
 - Maintain Transfer Agent Verified share data. If your transfer agent participates in the [Transfer Agent Verified Shares Program](#), then your securities must have current share data verified by the transfer agent.

Current Reporting of Material Corporate Events

In addition to the disclosure requirements above, all companies on the Pink market are expected to promptly release to the public any news or information regarding corporate events that may be material to the issuer and its securities (including adverse information). Persons with knowledge of such events are considered to be in possession of material

nonpublic information and may not buy or sell the issuer's securities until or unless such information is made public. If not included in the issuer's previous public disclosure documents, or if the material events occurs after the publication of such disclosure documents, the issuer shall publicly disclose such events by disseminating a news release **within four (4) business days** following their occurrence and posting such news release through an Integrated Newswire or the OTC Disclosure & News Service.³

Material corporate events may include:

- Changes to the company's shell status. Please refer to our [FAQ on Shell Companies](#)
- Changes in control of issuer
- Departure of directors or principal officers; election of directors; appointment of principal officers
- Entry into or termination of a material definitive agreement or material agreement not made in the ordinary course of business
- Completion of an acquisition or disposition of assets, including but not limited to merger transactions
- Creation of a direct financial obligation or an obligation under an off-balance sheet arrangement of an issuer
- Triggering events that accelerate or increase a direct or contingent financial obligation including any default or acceleration of an obligation or an obligation under an off-balance sheet arrangement
- Costs associated with exit or disposal activities including material write-offs and restructuring; Material impairments
- Unregistered sales of equity securities
- Material modification to rights of security holders
- Changes in issuer's certifying accountant
- Non-reliance on previously issued financial statements or a related audit report or completed interim review
- Change in a company's fiscal year; Amendments to articles of incorporation or bylaws that were not previously disclosed in a proxy statement or other such disclosure statement.
- Amendments to the issuer's code of ethics, or waiver of a provision of the code of ethics
- Any changes to litigation the issuer may be involved in, or any new litigation surrounding the issuer
- Officer, director, or insider transactions in the issuer's securities
- Disclosure of investor relations, marketing, brand awareness, and stock promotion activities which might reasonably be expected to materially affect the market for its securities or otherwise deemed material by the issuer
- A company's bankruptcy or receivership
- Termination or reduction of a business relationship with a customer that constitutes a specified amount of the company's revenues
- Any material limitation, restriction, or prohibition, including the beginning and end of lock-out periods, regarding the company's employee benefits, retirement and stock ownership plan
- Earnings releases
- Other materially different information regarding key financial or operation trends from that set forth in periodic reports
- Other events the issuer determines to be material

³ "Integrated Newswire" shall mean a newswire service that is integrated with the OTC Disclosure & News Service and is included on OTC Markets Group's list of Integrated Newswires, as published on <https://www.otcmarkets.com/corporate-services/ir-tools-services>

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

Note 1- ORGANIZATION AND BUSINESS BACKGROUND

Dynastar Holdings, Inc. (the "Company" or "Dynastar US") was incorporated in the State of Nevada on March 15, 2005, under the name "Medical Design Studios, Inc." on October 14, 2011, the Company filed an amendment to its Articles of Incorporation changing the name of the Company to "Dynastar Holdings, Inc." On March 2, 2020, the Company redomiciled from the State of Nevada to the State of Wyoming.

The Company had been engaged in the various business since its incorporation. The Company was not successful and discontinued the majority of its operation by December 31, 2017. Beginning from January 2018, the Company plans on providing business services and financing to emerging growth entities.

On August 10, 2021, Dynastar Holdings, Inc. incorporated a wholly-owned subsidiary named "Dynastar Holdings Group Limited" ("Nynastar HK") in Hong Kong under the Companies Ordinance as a limited liability company.

On September 10, 2021, NYNA Hangzhou Technology Co., Ltd. ("Nynastar WFOE") was incorporated pursuant to the laws of the People's Republic of China ("PRC") as a wholly foreign owned enterprise of Dynastar HK.

Dynastar US, Nynastar HK, and Dynastar WFOE are currently not engaging in any active business operations and merely acting as holding companies.

Prior to the reorganization described below, the controlling shareholders of the Company, lead by Hua Yu Gu, the CEO and CFO of the Company established an operating company named "Chainupfox Hainan Technology Co., Ltd." ("Chainupfox Hainan") pursuant to the PRC laws in Hainan Province, PRC on January 5, 2021. Chainupfox Hainan is engaged in the business of production and sales of computer hardware.

Reorganization

A reorganization of the Company's legal structure ("Reorganization") was completed on September 16, 2021. The Reorganization involved the formation of Nynastar HK and Dynastar WFOE, and signing of certain contractual arrangements ("VIE agreements") between Dynastar WFOE, the shareholders of Chainupfox Hainan and Chainupfox Hainan. Consequently, the Company became the ultimate holding company of Dynastar HK, Dynastar WFOE, and Chainupfox Hainan.

On September 16, 2021, Dynastar WFOE entered into contractual arrangements with the shareholders of Chainupfox Hainan. As a result of our direct ownership in Dynastar WFOE and signing of these VIE Agreements, we believe that Chainupfox Dynastar should be treated as Variable Interest Entities ("VIEs") under the Statement of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 810 Consolidation and we are regarded as the primary beneficiary of our VIE. We treat our VIE as our consolidated entities under ASC 810.

Note 1- ORGANIZATION AND BUSINESS (continued)

The Reorganization has been accounted for as a recapitalization among entities under common control since the same controlling shareholders controlled all these entities before and after the Reorganization. The consolidation of the Company and its subsidiaries has been accounted for at historical cost and prepared on the basis as if the aforementioned transactions had become effective as of the beginning of the first period presented in the accompanying consolidated financial statements.

Dynastar US, Dynastar HK, Dynastar WOFE, and Chainupfox Hainan are hereafter referred to as the Company, which structure is summarized in the following chart.

The VIE contractual arrangements

The Company's main operating entity, Chainupfox Hainan, is controlled through contractual arrangements in lieu of direct equity ownership by the Company or any of its subsidiaries.

A VIE is an entity which has a total equity investment that is insufficient to finance its activities without additional subordinated financial support, or whose equity investors lack the characteristics of a controlling financial interest, such as through voting rights, right to receive the expected residual returns of the entity or obligation to absorb the expected losses of the entity. The variable interest holder, if any, that has a controlling financial interest in a VIE is deemed to be the primary beneficiary of, and must consolidate, the VIE.

DYNASTAR HOLDINGS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

Note 1- ORGANIZATION AND BUSINESS (continued)

Dynastar WFOE is deemed to have a controlling financial interest in and be the primary beneficiary of Chainupfox Hainan because it has both of the following characteristics:

The power to direct activities of Chainupfox Hainan that most significantly impact such the entity' economic performance, and

The obligation to absorb losses of, and the right to receive benefits from, Chainupfox Haian that could potentially be significant to such entity.

Pursuant to these contractual arrangements, Chainupfox Hainan shall pay service fees equal to all of their net profit after tax payments to Dynastar WFOE. At the same time, Dynastar WFOE is obligated to absorb all of the losses. Such contractual arrangements are designed so that the operations of Chainupfox Hainan solely for the benefit of Dynastar WFOE and ultimately, the Company.

Risks associated with the VIE structure

The Company believes that the contractual arrangements with its VIEs and the shareholders of its VIEs are in compliance with PRC laws and regulations and are legally enforceable. However, uncertainties in the PRC legal system could limit the Company's ability to enforce the contractual arrangements. If the legal structure and contractual arrangements were found to be in violation of PRC laws and regulations, the PRC

revoke the business and operating licenses of the Company's PRC subsidiary and VIEs;

discontinue or restrict the operations of any related-party transactions between the Company's PRC subsidiary and VIEs;

limit the Company's business expansion in China by way of entering into contractual arrangements;

impose fines or other requirements with which the Company's PRC subsidiary and VIEs may not be

require the Company or the Company's PRC subsidiary and VIEs to restructure the relevant ownership

restrict or prohibit the Company's use of the proceeds from public offering to finance the Company's

The Company's ability to conduct its business of production and sales of computer hardware may be negatively affected if the PRC government were to carry out of any of the aforementioned actions. As a result, the Company may not be able to consolidate its VIEs in its consolidated financial statements as it may lose the ability to exert effective control over the VIEs and their shareholders and it may lose the ability to receive economic benefits from the VIEs.

Note 2- CONTROL BY PRINCIPAL OWNERS

The directors and executive officers own, directly or indirectly, beneficially and in the aggregate, the majority of the voting power of the outstanding capital of the Company. Accordingly, directors, executive officers and their affiliates, if they voted their shares uniformly, would have the ability to control the approval of most corporate actions, including approving significant expenses, increasing the authorized capital and the dissolution, merger, or sale of the Company's assets.

Note 3- GOING CONCERN

-

The financial statements have been prepared assuming that the Company will continue as a going concern. The Company incurred net losses of \$7,500 for the three month ended Dec 31, 2025. The Company had an accumulated deficit of \$2,463,805.76 as of Dec 31, 2025. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management believes that the Company's capital requirements will depend on many factors including the success of the Company's development efforts and the Company's efforts to raise capital. Management also believes the Company needs to raise additional capital for working purposes. There is no assurance that such financing will be available in the future. The financial statements of the Company do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classifications of liabilities that might be necessary should the Company be unable to continue as a going concern.

Note 4- SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying consolidated financial statements are prepared in accordance with generally accepted accounting principles in the United States of America ("US GAAP"). The accompanying consolidated financial statements include the financial statements of the Company, its wholly owned subsidiaries, and entity it controlled through VIE agreements. All inter-company balances and transactions are eliminated upon consolidation.

Note 4- SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results when ultimately realized could differ from those estimates.

Concentrations of Credit Risk

Financial instruments that subject the Company to concentrations of credit risk consist primarily of cash and cash equivalents. The Company maintains its cash and cash equivalents with high-quality institutions. Deposits held with banks may not be insured or exceed the amount of insurance provided on such deposits. Generally these deposits may be redeemed upon demand and therefore bear minimal risk.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits in banks with maturities of three months or less, and all highly liquid investments that are unrestricted as to withdrawal or use, and which have original maturities of three months or less.

Valuation of Long-Lived assets

Long-lived assets and certain identifiable intangibles are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell.

Revenue Recognition

The Company adopted Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 606, which requires the use of a new five-step model to recognize revenue from customer contracts. The five-step model requires that the Company (i) identify the contract with the customer, (ii) identify the performance obligations in the contract, (iii) determine the transaction price, including variable consideration to the extent that it is probable that a significant future reversal will not occur, (iv) allocate the transaction price to the respective performance obligations in the contract, and (v) recognize revenue when (or as) the Company satisfies the performance obligation.

Revenue is measured at the amount of consideration we expect to receive in exchange for the sale of our product., which occurs at a point in time, typically upon delivery to the customer. The Company expenses incremental costs of obtaining a contract as and when incurred if the expected amortization period of the asset that it would have recognized is one year or less or the amount is immaterial.

Property, Plant, and Equipment

Property, plant, and equipment are carried at cost. The cost of repairs and maintenance is expensed as incurred; major replacements and improvements are capitalized.

When assets are retired or disposed of, the cost and accumulated depreciation are removed from the accounts, and any resulting gains or losses are included in income in the year of disposition.

Depreciation is calculated on a straight-line basis over the estimated useful life of the assets without residual value. The percentages or depreciable life applied are:

Office equipment and furniture	5 years
Machinery and equipment	10 years

Fair Value of Measurements

The Company adopted FASB ASC 820 “Fair Value Measurements,” which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Additionally, the inputs used to measure fair value are prioritized based on a three-level hierarchy. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- Level 1:** Unadjusted quoted prices in active markets for identical assets or liabilities.

- Level 2:** Input other than quoted market prices that are observable, either directly or indirectly, and reasonably available. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the Company.

- Level 3:** Unobservable inputs. Unobservable inputs reflect the assumptions that the Company develops based on available information about what market participants would use in valuing the asset or liability.

An asset or liability’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Availability of observable inputs can vary and is affected by a variety of factors. The Company uses judgment in determining fair value of assets and liabilities, and Level 3 assets and liabilities involve greater judgment than Level 1 and Level 2 assets or liabilities.

As of the balance sheet date, the estimated fair values of the financial instruments approximated their fair values due to the short-term nature of these instruments.

Note 4- SIGNIFICANT ACCOUNTING POLICIES (continued)

Advertising Costs

The Company expenses advertising costs as incurred or the first time the advertising takes place, whichever is earlier, in accordance with the FASB ASC 720-35, "Advertising Costs." The advertising costs were immaterial for the year ended Dec 31, 2023.

Research and Development Costs

Research and development costs relating to the development of new products and processes, including significant improvements and refinements to existing products, are expensed when incurred in accordance with the FASB ASC 730, "Research and Development." Research and development costs were immaterial for the year ended Dec 31, 2023.

Share-based Compensation

The Company accounts for share-based compensation awards in accordance with ASC 718, "Compensation – Stock Compensation". The cost of services received from employees and non-employees in exchange for awards of equity instruments is recognized in the consolidated statement of operations based on the estimated fair value of those awards on the grant date and amortized on a straight-line basis over the requisite service period or vesting period. The Company records forfeitures as they occur.

Comprehensive Income

FASB ASC 220, "Comprehensive Income," establishes standards for reporting and display of comprehensive income, its components and accumulated balances. Comprehensive income as defined includes all changes in equity during a period from non-owner sources. Accumulated comprehensive income, as presented in the accompanying statements of changes in owners' equity consists of changes in unrealized gains and losses on foreign currency translation. This comprehensive income is not included in the computation of income tax expense or benefit.

Segment Reporting

FASB ASC 820, "Segments Reporting," establishes standards for reporting information about operating segments on a basis consistent with the Company's internal organization structure as well as information about geographical areas, business segments and major customers in financial statements. The Company currently operates in one principal business segment of production and sales of computer hardware.

Related Parties

The Company adopted FASB ASC 850, Related Party Disclosures, for the identification of related parties and disclosure of related party transactions.

DYNASTAR HOLDINGS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

Note 4- SIGNIFICANT ACCOUNTING POLICIES (continued)

Earnings (Loss) Per Share

The Company reports earnings per share in accordance with FASB ASC 260, “Earnings Per Share,” which requires presentation of basic and diluted earnings per share in conjunction with the disclosure of the methodology used in computing such earnings per share. Basic earnings (loss) per share is computed by dividing income (loss) available to common shareholders by the weighted-average number of common shares outstanding during the period. Diluted earnings per share is computed similar to basic earnings per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive. There were no potentially dilutive securities outstanding (options and warrants) for the year ended Dec 31, 2023.

Income Taxes

The Company accounts for income tax in accordance with FASB ASC 740-10-25, which requires the asset and liability approach for financial accounting and reporting for income taxes. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. A valuation allowance related to deferred tax assets is recorded when it is more likely than not that some portion or all of the deferred tax assets will not be realized.

The Company has accumulated deficit in its operation. Because there is no certainty that we will realize taxable income in the future, we did not record any deferred tax benefit as a result of these losses.

The Company adopted FASB ASC 740-10-30, which clarifies the accounting for uncertainty in income taxes recognized in an enterprise’s financial statements. The FASB guidance prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The FASB guidance also provides guidance on de-recognition of tax benefits, classification on the balance sheet, interest and penalties, accounting in interim periods, disclosure, and transition. In accordance with the FASB guidance, the Company performed a self-assessment and concluded that there were no significant uncertain tax positions requiring recognition in its financial statements.

Note 8- COMMITMENTS AND CONTINGENCIES

The Company adopted ASC 450-20, Loss Contingencies, to report accounting for contingencies. Liabilities for loss contingencies arising from claims, assessments, litigation, fines and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount of the assessment can be reasonably estimated.

Contingent Liability from Prior Operation

The Company had been engaged in the various business since it's incorporation. The Company was not successful and discontinued the majority of its operation by December 31, 2017. Management believes that there are no valid outstanding liabilities from prior operations. If a creditor were to come forward and claim a liability, the Company has committed to contest such claim to the fullest extent of the law. No amount has been accrued in the financial statements for this contingent liability.

Note 9- SUBSEQUENT EVENTS

The Company evaluated subsequent events through the date of issuance of these financial statements. We are not aware of any significant events that occurred subsequent to the balance sheet date but prior to the filing of this report that would have a material impact on our financial statements.
