Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

The holders of common stock are entitled to one vote for each share of common stock owned on each matter submitted to a vote of the stockholders, including the election of directors. There is no cumulative voting, and holders have no preemptive rights.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

The Company is authorized to issue up to 50 million shares of preferred stock, of which 3.6 million have been designated as Series A, B, C, and F Preferred Stock. There are 0 shares of Series A Preferred Stock issued and outstanding, 425,442 shares of Series B Preferred Stock issued and outstanding, 55,400 shares of Series C Preferred Stock issued and outstanding and 100 shares of Series F Preferred Stock issued and outstanding as of October 31, 2025.

Series A Convertible Preferred Stock

In March 2019, the Company's Board of Directors designated and authorized the issuance up to 1,500,000 shares of the Series A Convertible Preferred Stock. Each share of Series A Convertible Preferred Stock has a par value of \$0.001 per share and a stated value equal to one dollar (\$1.00) (the "Stated Value") and are entitled to a dividend at an annual rate of eight percent (8%) per share. The shares of Series A Preferred Stock shall not be entitled to vote on any matter presented at any annual or special meetings of stockholders of the Corporation, or through written consent.

The "Conversion Price" at which shares of Common Stock shall be issuable upon conversion of any shares of Series A Convertible Preferred Stock shall be \$0.30 per share.

In the event of any Liquidation, the holders of shares of Series A Preferred Stock then outstanding shall be entitled to receive out of assets of the Corporation available for distribution to stockholders, before any distribution of assets is made to holders of any other class of capital stock of the Corporation, an amount equal to the Series A Original Issue Price plus accumulated and unpaid dividends thereon to the date fixed for distribution.

On May 24, 2022, the Company filed a Certificate of Correction with the Nevada Secretary of State with regard to the Company's Series A Convertible Preferred Stock Certificate of Designation originally filed in August 2020. The Certificate of Correction was filed to correct, among other provisions, certain dates, to correct the Series A Convertible Preferred Stock's initial conversion price (it is \$0.30, and the conversion price is not related to any offering), the date that dividends commenced being paid, to correct the mandatory conversion provisions (with such provision not related to a listing of the Common Stock on a national securities exchange).

Series B Convertible Preferred Stock

In April 2020, the Company's Board of Directors designated and authorized the issuance up to 1,000,000 shares of the Series B Convertible Preferred Stock. The Series B Convertible Preferred Stock is only issuable to the Company's debt holders as of March 25, 2020 ("Existing Debt Holders") who may purchase shares of Series B Convertible Preferred Stock at the Stated Value by converting all or part of the debt owed to them by the Corporation as of March 25, 2020. Each share of Series B Convertible Preferred Stock has a par value of \$0.001 per share and a stated value equal to one dollar (\$1.00) (the "Stated Value"). In April 2020, the Company issued a total of 407,477 shares of Series B Convertible Preferred Stock for settlement of debt of \$370,000 on various promissory notes and \$37,477 in accrued interest. In March 2021, the Company issued a total of 17,965 shares of Series B Convertible Preferred Stock for settlement of debt of \$16,000 on a promissory note and \$1,965 in accrued interest. No dividends are payable on the shares of Series B Preferred Stock.

Except as otherwise provided by the Nevada Revised Statutes, other applicable law or as provided in this Certificate of Designation, the Series B Preferred Stock shall have no voting rights. However, as long as any shares of Series B Preferred Stock are outstanding, the Corporation shall not, without the affirmative vote of the Holders of a majority of the then outstanding shares of the Series B Preferred Stock, (a) alter or change adversely the powers, preferences or rights given to the Series B Preferred Stock or alter or amend this Certificate of Designation, (b) amend its certificate of incorporation or other charter documents in any manner that adversely affects any rights of the Holders, (c) increase the number of authorized shares of Series B Preferred Stock, or (d) enter into any agreement with respect to any of the foregoing.

In the event of any liquidation, dissolution, or winding up of the Corporation whether voluntary or involuntary, or in the event of its insolvency (a "Liquidation"), the holders of Series B Preferred Stock shall be entitled to have set apart for them, or to be paid, out of the assets of the Corporation available for distribution to stockholders (whether such assets are capital, surplus or earnings) after provision for payment of all debts and liabilities of the Corporation in accordance with the Nevada Revised Statutes, before any distribution or payment is made with respect to any shares of Junior Securities and subject to the liquidation rights and preferences of any class or series of Parity Securities, an amount equal to the Stated Value per share of Series B Preferred Stock.

For purposes of the foregoing, no securities of the Corporation, other than shares of the Corporation's Series A Preferred Stock, shall have priority over the Series B Preferred Stock in the event of liquidation, no securities of the Corporation other than the Corporation's Series C Preferred Stock shall be *pari passu* with the Series B Preferred Stock in the event of liquidation (such Series B Preferred Stock and Series C Preferred Stock being "Parity Securities" in the event of liquidation), and all other securities of the Corporation shall be junior to the Series B Preferred Stock and Series C Preferred Stock in terms of preference in the event of Liquidation ("Junior Securities").

The terms of our Series B Convertible Preferred Stock allow for:

Mandatory Conversion. Upon (i) an up-listing of the Corporation's Common Stock to Nasdaq or a US national securities exchange, (ii) an underwriting involving the sale of \$5,000,000 or more of the Corporation's Common Stock or Common Stock Equivalents (a "Material Underwriting"), (iii) the Corporation ceases to be a public corporation as the result of a going private transaction, (iv) the Corporation, directly or indirectly, effects any sale, lease, exclusive license, assignment, transfer, conveyance or other disposition of all or substantially all of its assets in one or a series of related transactions (including a transaction involving the Corporation's spin-off of its operating subsidiary, Verve Cloud, Inc.), (v) any, direct or indirect, purchase offer, tender offer or exchange offer (whether by the Corporation or another Person) is completed pursuant to which holders of Common Stock are permitted to sell, tender or exchange their shares for other securities, cash or property and has been accepted by the holders of 50% or more of the outstanding Common Stock, (vi) the Corporation, directly or indirectly, in one or more related transactions, effects any reclassification, reorganization or recapitalization of the Common Stock or any compulsory share exchange pursuant to which the Common Stock is effectively converted into or exchanged for other securities, cash or property, or (vii) the Corporation, directly or indirectly, in one or more related transactions, consummates a stock or share purchase agreement or other business combination (including, without limitation, a reorganization, recapitalization, spin-off or scheme of arrangement) with another Person, other than an officer or director of the Company, whereby such other Person acquires more than 50% of the outstanding shares of Common Stock (not including any shares of Common Stock held by the other Person or other Persons making or party to, or associated

or affiliated with the other Persons making or party to, such stock or share purchase agreement or other business combination), all shares of Series B Convertible Preferred Stock shall be automatically converted, without any further action by the holders of such shares and whether or not the certificates representing such shares are surrendered to the Corporation or its transfer agent, into the number of fully paid and nonassessable shares of Common Stock in an amount equal, following conversion, to 18% of the Corporation's issued and outstanding shares of Common Stock. Each of (i)-(vii) above shall be hereafter referred to as a "Conversion Event" and the date of a Conversion Event shall be hereafter referred to as a "Conversion Date". Upon any such mandatory conversion and the issuance of Conversion Shares further thereto, the shares of Series B Convertible Preferred Stock shall be deemed cancelled and of no further force or effect. A mandatory conversion is the only means by which Series B Convertible Preferred Stock is convertible as the shares of Series B Convertible Preferred Stock are not convertible at the option of the Holder. For purposes of the foregoing Conversion Events, conversion will be deemed to have taken place immediately prior to the Conversion Event. By way of example, if the Corporation engages in a Material Underwriting, the Series B Convertible Preferred Stock will be treated as having been converted immediately prior to the issuance of the securities in the Material Underwriting.

Redemption. At any time on or after the second anniversary of the date of issuance of shares of Series B Preferred Stock to the Holder, the Corporation, in its sole discretion, may elect, by delivering written notice to the Holder no less than 10 days or more than 20 prior to the redemption date set forth in such notice (the "Redemption Date"), to redeem all or any portion of the Series B Preferred Stock held by such Holder at a price per share (the "Redemption Price") equal to 120% of the Stated Value per share being redeemed. The Corporation shall, unless otherwise prevented by law, redeem from such holder on the Redemption Date the number of shares of Series B Preferred Stock identified in such notice of redemption.

Series C Convertible Preferred Stock

In July 2020, the Company's Board of Directors designated and authorized the issuance up to 1,000,000 shares of the Series C Convertible Preferred Stock. Each share of Series C Convertible Preferred Stock has a par value of \$0.001 per share and a stated value equal to ten dollars (\$10.00) (the "Stated Value"). No dividends are payable on the shares of Series C Preferred Stock.

Except as otherwise provided by the Nevada Revised Statutes, other applicable law or as provided in this Certificate of Designation, the Series C Preferred Stock shall have no voting rights. However, as long as any shares of Series C Preferred Stock are outstanding, the Corporation shall not, without the affirmative vote of the Holders of a majority of the then outstanding shares of the Series C Preferred Stock, (a) alter or change adversely the powers, preferences or rights given to the Series C Preferred Stock or alter or amend this Certificate of Designation, (b) amend its certificate of incorporation or other charter documents in any manner that adversely affects any rights of the Holders, (c) increase the number of authorized shares of Series C Preferred Stock, or (d) enter into any agreement with respect to any of the foregoing.

In the event of any liquidation, dissolution, or winding up of the Corporation whether voluntary or involuntary, or in the event of its insolvency (a "Liquidation"), the holders of Series C Preferred Stock shall be entitled to have set apart for them, or to be paid, out of the assets of the Corporation available for distribution to stockholders (whether such assets are capital, surplus or earnings) after provision for payment of all debts and liabilities of the Corporation in accordance with the Nevada Revised Statutes, before any distribution or payment is made with respect to any shares of Junior Securities and subject to the liquidation rights and preferences of any class or series of Senior Securities or Parity Securities, an amount equal to the Stated Value per share of Series C Preferred Stock. For purposes of the foregoing, no securities of the Corporation, other than shares of the Corporation's Series A Preferred Stock, shall have priority over the Series C Preferred Stock in the event of liquidation, no securities of the Corporation other than the Corporation's Series B Preferred Stock shall be "pari passu" with the Series C Preferred Stock in the event of liquidation (such Series C Preferred Stock and Series B Preferred Stock being "Parity Securities" in the event of liquidation), and all other securities of the Corporation being junior to the Series B Preferred Stock and Series C Preferred Stock in terms of preference in the event of Liquidation ("Junior Securities"). On February 25, 2021, Digerati's Board of Directors approved the issuance of 55,400 shares of Series C Convertible Preferred Stock. The following individuals held the Series C Convertible Preferred Stock as of October 31, 2025:

- Arthur L. Smith - 28,928 shares of Series C Convertible Preferred Stock
- Antonio Estrada - 19,399 shares of Series C Convertible Preferred Stock
- Craig Clement - 7,073 shares of Series C Convertible Preferred Stock

The terms of our Series C Convertible Preferred Stock allow for:

Automatic Conversion. Upon (i) an up-listing of the Corporation's Common Stock to Nasdaq or a US national securities exchange, (ii) a financing or offering involving the sale of \$5,000,000 or more of the Corporation's Common Stock or Common Stock Equivalents (a "Material Financing"), (iii) the Corporation ceases to be a public corporation as the result of a going private transaction, (iv) the Corporation, directly or indirectly, effects any sale, lease, exclusive license, assignment, transfer, conveyance or other disposition of all or substantially all of its assets in one or a series of related transactions (including a transaction involving the Corporation's spin-off of its Nevada subsidiary, Verve Cloud, Inc.), (v) any, direct or indirect, purchase offer, tender offer or exchange offer (whether by the Corporation or another Person) is completed pursuant to which holders of Common Stock are permitted to sell, tender or exchange their shares for other securities, cash or property and has been accepted by the holders of 50% or more of the outstanding Common Stock, (vi) the Corporation, directly or indirectly, in one or more related transactions, effects any reclassification, reorganization or recapitalization of the Common Stock or any compulsory share exchange pursuant to which the Common Stock is effectively converted into or exchanged for other securities, cash or property, or (vii) the Corporation, directly or indirectly, in one or more related transactions, consummates a stock or share purchase agreement or other business combination (including, without limitation, a reorganization, recapitalization, spin-off or scheme of arrangement) with another Person, other than an officer or director of the Company, whereby such other Person acquires more than 50% of the outstanding shares of Common Stock (not including any shares of Common Stock held by the other Person or other Persons making or party to, or associated or affiliated with the other Persons making or party to, such stock or share purchase agreement or other business combination), all issued shares of Series C Convertible Preferred Stock shall be automatically converted, without any further action by the holders of such shares and whether or not the certificates representing such shares are surrendered to the Corporation or its transfer agent, into the number of fully paid and nonassessable shares of Common Stock in an amount equal, following conversion, to 22% of the Corporation's issued and outstanding shares of Common Stock. Each of (i)-(vii) above shall be hereafter referred to as a "Conversion Event" and the date of a Conversion Event shall be hereafter referred to as a "Conversion Date". Upon any such mandatory conversion and the issuance of Conversion Shares further thereto, the shares of Series C Convertible Preferred Stock shall be deemed cancelled and of no further force or effect. A mandatory conversion is the only means by which Series C Convertible Preferred Stock is convertible as the shares of Series C Convertible Preferred Stock are not convertible at the option of the Holder. For purposes of the foregoing Conversion Events, conversion will be deemed to have taken place immediately prior to the Conversion Event. By way of example, if the Corporation engages in Material Financing, the Series C Convertible Preferred Stock will be treated as having been converted immediately prior to the issuance of the securities in the Material Underwriting.

Redemption. At any time on or after the second anniversary of the date of issuance of shares of Series C Preferred Stock to the Holder, the Corporation, in its sole discretion, may elect, by delivering written notice to the Holder no less than 10 days or more than 20 prior to the redemption date set forth in such notice (the "Redemption Date"), to redeem all or any portion of the Series C Preferred Stock held by such Holder at a price per share (the "Redemption Price") equal to 120% of the Stated Value per share being redeemed. The Corporation shall, unless otherwise prevented by law, redeem from such holder on the Redemption Date the number of shares of Series C Preferred Stock identified in such notice of redemption.

Series F Super Voting Preferred Stock

In July 2020, the Company's Board of Directors designated and authorized the issuance of up to 100 shares of the Series F Super Voting Preferred Stock. Each share of Series F Super Voting Preferred Stock has a par value of \$0.001 per share and a stated value equal to one cent (\$0.01) (the "Stated Value"). No dividends are payable on Series F Super Voting Preferred Stock. On November 17, 2020, Digerati's Board of Directors approved the issuance 100 shares of Series F Super Voting Preferred Stock. The following individuals held the Series F Super Voting Preferred Stock as of October 31, 2025:

- Arthur L. Smith - 34 shares of Series F Super Voting Preferred Stock
- Antonio Estrada - 33 shares of Series F Super Voting Preferred Stock
- Robert J. DelVecchio - 33 shares of Series F Super Voting Preferred Stock

The terms of our Series F Super Voting Preferred Stock allow for:

Voting Rights. As long as any shares of Series F Preferred Stock are outstanding, the Corporation shall not, without the affirmative vote of the Holders of a majority of the then outstanding shares of the Series F Preferred Stock, (a) alter or change adversely the powers, preferences or rights given to the Series F Preferred Stock or alter or amend this Certificate of Designation, (b) amend its certificate of incorporation or other charter documents in any manner that adversely affects any rights of the Holders, (c) increase the number of authorized shares of Series F Preferred Stock, (d) sell or otherwise dispose of any assets of the Corporation not in the ordinary course of business, (e) sell or otherwise effect or undergo any change of control of the corporation, (f) effect a reverse split of its Common Stock, or (g) enter into any agreement with respect to any of the foregoing.

Holder of the Series F Preferred Stock shall be entitled to vote on all matters subject to a vote or written consent of the holders of the Corporation's Common Stock, and on all such matters, the shares of Series F Preferred Stock shall be entitled to that number of votes equal to the number of votes that all issued and outstanding shares of Common Stock and all other securities of the Corporation are entitled to, as of any such date of determination, on a fully diluted basis, plus one million (1,000,000) votes, it being the intention that the Holders of the Series F Preferred Stock shall have effective voting control of the Corporation. The Holders of the Series F Preferred Stock shall vote together with the holders of Common Stock as a single class on all matters requiring approval of the holders of the Corporation's Common Stock and separately on matters not requiring the approval of holders of the Corporation's Common Stock.

Conversion. No conversion rights apply to the Series F Preferred Stock.

3. Describe any other material rights of common or preferred stockholders.

None

4. Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.

None

4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on www.OTCMarkets.com.

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Digerati Technologies, Inc., through its subsidiaries, operates as a single business unit under Verve Cloud, Inc. in Texas, Florida and California. We provide cloud services specializing in Unified Communications as a Service ("UCaaS") and broadband connectivity solutions for the business market.

We provide enterprise-class, carrier-grade services to the small-to-medium-sized business ("SMB") at cost-effective monthly rates. Our UCaaS or cloud communication services include fully hosted Internet Protocol ("IP")/private branch exchange ("PBX"), video conferencing, mobile applications, Voice over Internet Protocol ("VoIP") transport, Session Initiation Protocol ("SIP") trunking, and customized VoIP services all delivered Only in the Cloud™. Our broadband connectivity solutions for the delivery of digital oxygen are designed for reliability, business continuity and to optimize bandwidth for businesses using the Company's cloud communication services and other cloud-based applications.

As a provider of cloud communications solutions to the SMB, we are seeking to capitalize on the migration by businesses from the legacy telephone network to the IP telecommunication network and the migration from hardware-based on-premise telephone systems to software-based communication systems in the cloud. Most SMBs are lagging in technical capabilities and advancement and seldom reach the economies of scale that their larger counterparts enjoy, due to their achievement of a critical mass and ability to deploy a single solution to a large number of workers. SMBs are typically unable to afford comprehensive enterprise solutions and, therefore, need to integrate a combination of business solutions to meet their needs. Cloud computing has revolutionized the industry and opened the door for businesses of all sizes to gain access to enterprise applications with affordable pricing.

The adoption of cloud communication services is being driven by the convergence of several market trends, including the increasing costs of maintaining installed legacy communications systems, the fragmentation resulting from use of multiple on-premise systems, and the proliferation of personal smartphones used in the workplace. Today, businesses are increasingly looking for an affordable path to modernizing their communications system to improve productivity, business performance and customer experience. Modernization has also led to businesses adopting other cloud-based business applications, including customer relationship management ("CRM"), payroll, and accounting software, placing an even more important emphasis on reliable Internet connectivity.

Our cloud solutions offer the SMB reliable, robust, and full-featured services at affordable monthly rates that eliminate high-cost capital expenditures and provides for integration with other cloud-based systems. By providing a variety of comprehensive and scalable solutions, we can cater to businesses of different sizes on a monthly subscription basis, regardless of the stage of development for the business.

B. List any subsidiaries, parent company, or affiliated companies.

Waiv Cloud, Inc. – A Nevada Corporation

C. Describe the issuers' principal products or services.

Our product line includes a portfolio of Internet-based telephony products and services delivered through our cloud application platform and session-based communication network and network services including Internet broadband, fiber, mobile broadband, and cloud Wide Area Network ("WAN") or Software-defined Wide Area Network ("SD WAN") solutions.

Our UCaaS or cloud communication services include fully hosted Internet Protocol ("IP")/private branch exchange ("PBX"), video conferencing, mobile applications, Voice over Internet Protocol ("VoIP") transport, Session Initiation Protocol ("SIP") trunking, and customized VoIP services all delivered Only in the Cloud™. Our broadband connectivity solutions for the delivery of digital oxygen are designed for reliability, business continuity and to optimize bandwidth for businesses using the Company's cloud communication services and other cloud-based applications.

5) Issuer's Facilities

The goal of this section is to provide investors with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other property of the issuer and describe the condition of the properties.

Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. If the issuer does not have complete ownership or control of the property, describe the limitations on the ownership.

We maintain leased property on a month-to-month basis beginning July 1, 2025. See table below:

Location	Annual Rent	Lease Expiration Date	Business Use	Approx. Sq. Ft.
403 E. Main Street, Port Jefferson, New York 11777	\$18,000	N/A	Office space	1,000

6) All Officers, Directors, and Control Persons of the Company

Using the table below, please provide information, as of the period end date of this report, regarding all the officers and directors of the company, or any person that performs a similar function, regardless of the number of shares they own.

In addition, list all individuals or entities controlling 5% or more of any class of the issuer's securities. If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity. Include Company Insiders who own any outstanding units or shares of any class of any equity security of the issuer.

The goal of this section is to provide investors with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial owners.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business.

Unless otherwise indicated or the context otherwise requires, references in this subsection to “we,” “us,” “our,” “the Company,” and other similar terms refer to Digerati and its subsidiaries.

Digerati Technologies, Inc. (“Digerati”), a Nevada corporation, through its operating subsidiary, Verve Cloud, Inc., with locations in Texas, Florida, and California, provides cloud services specializing in Unified Communications as a Service (“UCaaS”) and broadband connectivity solutions for the business market. Digerati’s product line includes a portfolio of Internet-based telephony products and services delivered through its cloud application platform and session-based communication network and network services including Internet broadband, fiber, mobile broadband, and cloud Wide Area Network (“WAN”) or Software-defined Wide Area Network (“SD WAN”) solutions.

Digerati formerly had four (4) operating subsidiaries: (i) Verve Cloud, Inc., a Texas entity (this entity was formerly known as Shift8 Networks, Inc.); (ii) T3 Communications, Inc., a Florida entity; (iii) Nexogy, Inc., a Florida entity; and (iv) NextLevel Internet, Inc., a California entity. Each of these entities was a subsidiary of Verve Cloud, Inc., a Nevada entity (formerly known as T3 Communications, Inc.) which was formed on March 27, 2023. Effective June 1, 2023, each of our operating subsidiaries were consolidated as one single entity reporting as Verve Cloud, Inc. In May 2025, Waiv Cloud, Inc. was formed as a wholly-owned subsidiary of Verve Cloud, Inc. Effective June 10, 2025, Waiv Cloud, Inc. was transferred as a wholly-owned subsidiary of Digerati as part of a restructuring agreement with Verve Cloud, Inc. (See note 9).

Digerati provides enterprise-class, carrier-grade services to the small-to-medium-sized business (“SMB”) at cost-effective monthly rates. Digerati’s UCaaS or cloud communication services include fully hosted Internet Protocol (“IP”)/private branch exchange (“PBX”), video conferencing, mobile applications, Voice over Internet Protocol (“VoIP”) transport, Session Initiation Protocol (“SIP”) trunking, and customized VoIP services all delivered Only in the Cloud™.

Principles of Consolidation.

The consolidated unaudited financial statements include the accounts of Digerati, and its subsidiaries, which are majority owned by Digerati in accordance with ASC 810-10-05, *Consolidation*. All significant inter-company transactions and balances have been eliminated.

Basis of presentation and consolidation

The accompanying unaudited consolidated financial statements of Digerati Technologies, Inc. have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules of the United States Securities and Exchange Commission. In the opinion of management, these financial statements contain all adjustments, consisting of normal recurring adjustments necessary for a fair presentation of financial position and the results of operations for the periods presented. Effective June 10, 2025, Digerati finalized a restructuring agreement that removed Verve Cloud, Inc. as a subsidiary of Digerati. As such, the consolidated balance sheet as of October 31, 2025 includes only Digerati and its wholly-owned subsidiary Waiv Cloud, Inc.

Use of Estimates.

In preparing financial statements, management makes estimates and assumptions that affect the reported amounts of assets and liabilities in the balance sheet and revenue and expenses in the statement of operations. Actual results could differ from those estimates.

Beneficial conversion features.

The Company evaluates the conversion feature for whether it was beneficial as described in ASC 470-30. The intrinsic value of a beneficial conversion feature inherent to a convertible note payable, which is not bifurcated and accounted for separately from the convertible note payable and may not be settled in cash upon conversion, is treated as a discount to the convertible note payable. This discount is amortized over the period from the date of issuance to the date the note is due using the effective interest method. If the note payable is retired prior to the end of its contractual term, the unamortized discount is charged in the period of retirement to interest expense. In general, the beneficial conversion feature is measured by comparing the effective conversion price, after considering the relative fair value of detachable instruments included in the financing transaction, if any, to the fair value of the shares of common stock at the commitment date to be received upon conversion.

Concentration of Credit Risk.

Financial instruments that potentially subject Digerati to concentration of credit risk consist primarily of trade receivables. In the normal course of business, Digerati provides credit terms to its customers. Accordingly, Digerati performs ongoing credit evaluations of its customers and maintains allowances for possible losses, which, when realized, have been within the range of management's expectations. Digerati maintains cash in bank deposit accounts, which, at times, may exceed federally insured limits. Digerati has not experienced any losses in such accounts and Digerati does not believe it is exposed to any significant credit risk on cash and cash equivalents.

Earnings (Loss) Per Share

Basic and diluted earnings (loss) per share is computed by dividing loss attributable to common stockholders by the weighted average number of shares of Common Stock outstanding during the period. Basic earnings (loss) per share is computed by dividing the net income (loss) available to common stockholders by the weighted-average number of shares of Common Stock outstanding during the respective period presented in the Company's accompanying condensed consolidated financial statements. Fully-diluted earnings (loss) per share is computed similarly to basic income (loss) per share except that the denominator is increased to include the number of dilutive Common Stock equivalents using the treasury stock method for options and warrants and the if-converted method for convertible debt.

Revenue Recognition.

The Company recognizes revenue in accordance with ASC 606, *Revenues from Contracts with Customers* ("ASC 606").

Sources of revenue:

Cloud-based hosted Services. The Company recognizes cloud-based hosted services revenue, mainly from subscription services for its cloud telephony applications that includes hosted IP/PBX services, SIP trunking, call center applications, auto attendant, voice, and web conferencing, call recording, messaging, voicemail to email conversion, integrated mobility applications that are device and location agnostic, and other customized applications. Other services include enterprise-class data and connectivity solutions through multiple broadband technologies including cloud WAN or SD-WAN, fiber, and Ethernet over copper. We also offer remote network monitoring, data backup and disaster recovery services. The Company applies a five-step approach in determining the amount and timing of revenue to be recognized: (1) identifying the contract with a customer, (2) identifying the performance obligations in the contract, (3) determining the transaction price, (4) allocating the transaction price to the performance obligations in the contract and (5) recognizing revenue when the performance obligation is satisfied.

AND SUBSIDIARIES

FOR THE THREE MONTHS ENDED OCTOBER 31, 2025
(UNAUDITED)**

Service Revenue.

Service revenue from subscriptions to the Company's cloud-based technology platform is recognized over time on a ratable basis over the contractual subscription term beginning on the date that the platform is made available to the customer. Payments received in advance of subscription services being rendered are recorded as a deferred revenue. Usage fees, either bundled or not bundled, are recognized when the Company has a right to invoice. Professional services for configuration, system integration, optimization, customer training and/or education are primarily billed on a fixed-fee basis and are performed by the Company directly. Alternatively, customers may choose to perform these services themselves or engage their own third-party service providers. Professional services revenue is recognized over time, generally as services are activated for the customer.

Product Revenue.

The Company recognizes product revenue for telephony equipment at a point in time, when transfer of control has occurred, which is generally upon delivery. Sales returns are recorded as a reduction to revenue estimated based on historical experience.

Deferred Income.

Deferred income represents billings or payment received in advance of revenue recognition and is recognized upon transfer of control. Balances consist primarily of annual plan subscription services, for services not yet provided as of the balance sheet date. Deferred revenues that will be recognized during the succeeding 12-month period are recorded as current deferred revenues in the consolidated balance sheets, with the remainder recorded as other noncurrent liabilities in the consolidated balance sheets. Deferred income as of October 31, 2025, and July 31, 2025, was \$0.

Customer deposits.

The Company in some instances requires customers to make deposits for the last month of services, equipment, installation charges and training. As equipment is installed and training takes place the deposits are then applied to revenue. The deposit for the last month of services is applied to any outstanding balances if services are cancelled. If the customer's account is paid in full, the Company will refund the full deposit in the month following service termination. As of October 31, 2025, and July 31, 2025, Digerati's customer deposits balance was \$0.

Costs to Obtain a Customer Contract

Direct incremental costs of obtaining a contract consisting of sales commissions are deferred and amortized over the estimated life of the customer, which currently averages 36 months. The Company calculates the estimated life of the customer on an annual basis. The Company classifies deferred commissions as prepaid expenses or other noncurrent assets based on the timing of when it expects to recognize the expense.

Direct Costs - Cloud-based hosted Services.

We incur bandwidth and colocation charges in connection with our UCaaS or cloud communication services. The bandwidth charges are incurred as part of the connectivity between our customers to allow them access to our various services. We also incur costs from underlying providers for fiber, internet broadband, and telecommunication circuits in connection with our data and connectivity solutions.

Cash and cash equivalents.

The Company considers all bank deposits and highly liquid investments with original maturities of three months or less to be cash and cash equivalents.

**DIGERATI TECHNOLOGIES, INC.
AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE THREE MONTHS ENDED OCTOBER 31, 2025
(UNAUDITED)**

Allowance for Doubtful Accounts.

Bad debt expense is recognized based on management's estimate of likely losses each year based on historical experience and an estimate of current year uncollectible amounts. As of October 31, 2025, and July 31, 2025, Digerati's allowance for doubtful accounts balance was \$0.

Property and equipment.

Property and equipment are recorded at cost. Additions are capitalized and maintenance and repairs are charged to expense as incurred. Gains and losses on dispositions of equipment are reflected in operations. Depreciation is provided using the straight-line method over the estimated useful lives of the assets, which are one (1) to seven (7) years.

Goodwill.

Goodwill is carried at cost and is not amortized. The Company tests goodwill for impairment on an annual basis at the end of each fiscal year, relying on several factors including operating results, business plans, economic projections, anticipated future cash flows and marketplace data. Company management uses its judgment in assessing whether goodwill has become impaired between annual impairment tests according to specifications set forth in ASC 350.

The fair value of the Company's reporting unit is dependent upon the Company's estimate of future cash flows and other factors. The Company's estimates of future cash flows include assumptions concerning future operating performance and economic conditions and may differ from actual future cash flows. Estimated future cash flows are adjusted by an appropriate discount rate derived from the Company's market capitalization plus a suitable control premium at date of the evaluation.

The financial and credit market volatility directly impacts the Company's fair value measurement through the Company's weighted average cost of capital that the Company uses to determine its discount rate and through the Company's stock price that the Company uses to determine its market capitalization. Therefore, changes in the stock price may also affect the amount of impairment recorded.

Intangible Assets.

Our intangible assets consist of customer relationships, developed technologies, trademarks and trade names. The Company recognizes an acquired intangible asset apart from goodwill whenever the intangible asset arises from contractual or other legal rights, or when it can be separated or divided from the acquired entity and sold, transferred, licensed, rented, or exchanged, either individually or in combination with a related contract, asset, or liability. The intangible assets are amortized following the patterns in which the economic benefits are consumed or straight-line over the estimated useful life. We periodically review the estimated useful lives of our intangible assets and review these assets for impairment whenever events or changes in circumstances indicate that the carrying value of the assets may not be recoverable. The determination of impairment is based on estimates of future undiscounted cash flows. If an intangible asset is considered to be impaired, the amount of the impairment will be equal to the excess of the carrying value over the fair value of the asset.

Valuation of Goodwill and Intangible Assets.

Goodwill and other intangible assets include the cost of the acquired business in excess of the fair value of the tangible net assets recorded in connection with an acquisition. Other intangible assets include customer relationships, non-compete agreements, and trademarks. The Company uses a third-party specialty valuation firm to value its intangible assets acquired in its business combination and asset acquisitions.

**DIGERATI TECHNOLOGIES, INC.
AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE THREE MONTHS ENDED OCTOBER 31, 2025
(UNAUDITED)**

Long-Lived Assets.

The Company reviews its long-lived assets, including property and equipment and identifiable intangibles annually or whenever events or changes in circumstances indicate that the carrying amount of the assets may not be fully recoverable. To determine recoverability of its long-lived assets, the Company evaluates the probability that future undiscounted net cash flows will be less than the carrying amount of the assets.

Impairment of Long-Lived Assets.

Digerati reviews the carrying value of its long-lived assets annually or whenever events or changes in circumstances indicate that the value of an asset may no longer be appropriate. Digerati assesses recoverability of the carrying value of the asset by estimating the future net cash flows expected to result from the asset, including eventual disposition. If the future net cash flows are less than the carrying value of the asset, an impairment loss is recorded equal to the difference between the asset's carrying value and fair value.

Income taxes.

Digerati recognizes deferred tax assets and liabilities based on differences between the financial reporting and tax basis of assets and liabilities using the enacted tax rates and laws that are expected to be in effect when the differences are expected to be recovered. Digerati provides a valuation allowance for deferred tax assets for which it does not consider realization of such assets to be more likely than not.

Since January 1, 2007, Digerati accounts for uncertain tax positions in accordance with the authoritative guidance issued by the Financial Accounting Standards Board on income taxes which addresses how an entity should recognize, measure and present in the financial statements uncertain tax positions that have been taken or are expected to be taken in a tax return. Pursuant to this guidance, Digerati recognizes a tax benefit only if it is "more likely than not" that a particular tax position will be sustained upon examination or audit. To the extent the "more likely than not" standard has been satisfied, the benefit associated with a tax position is measured as the largest amount that is greater than 50% likely of being realized upon settlement. As of October 31, 2025, and July 31, 2025, we have no liability for unrecognized tax benefits.

NOTE 2 – GOING CONCERN

Financial Condition

The Company's consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the settlement of liabilities in the normal course of business. Since the Company's inception in 1993, the Company has incurred net losses and accumulated a deficit of approximately \$133,200,000 and has a working capital deficit of approximately \$9,540,000, which raises substantial doubt about Digerati's ability to continue as a going concern. The Company's consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Management Plans to Continue as a Going Concern

Management believes that available resources as of October 31, 2025, will not be sufficient to fund the Company's operations and corporate expenses over the next 12 months. The Company's ability to continue to meet its obligations and to achieve its business objectives is dependent upon, and other things, raising additional capital, issuing stock-based compensation to certain members of the executive management team in lieu of cash, or generating sufficient revenue in excess of costs. At such times as the Company requires additional funding, the Company will seek to secure such best-efforts funding from various possible sources, including equity or debt financing, sales of assets, or collaborative arrangements. If the Company raises additional capital through the issuance of equity securities or securities convertible into equity, stockholders will experience dilution, and such securities may have rights, preferences, or privileges senior to those of the holders of common stock or convertible senior notes.

**DIGERATI TECHNOLOGIES, INC.
AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE THREE MONTHS ENDED OCTOBER 31, 2025
(UNAUDITED)**

If the Company raises additional funds by issuing debt, the Company may be subject to limitations on its operations, through debt covenants or other restrictions. If the Company obtains additional funds through arrangements with collaborators or strategic partners, the Company may be required to relinquish its rights to certain technologies. There can be no assurance that the Company will be able to raise additional funds or raise them on acceptable terms. If the Company is unable to obtain financing on acceptable terms, it may be unable to execute its business plan, the Company could be required to curtail its operations, and the Company may not be able to pay off its obligations, if and when they come due.

We are currently taking initiatives to reduce our overall cash deficiencies on a monthly basis. To strengthen our business, we intend to adopt best practices from our recent acquisitions and invest in a marketing and sales strategy to grow our monthly recurring revenue; we anticipate utilizing our value-added resellers and channel partners to tap into new sources of revenue streams; and we have also secured numerous agent agreements through our recent acquisitions that we anticipate will accelerate revenue growth. In addition, we will continue to focus on selling a greater number of comprehensive services to our existing customer base. Further, in an effort to increase our revenues, we will continue to evaluate the acquisition of various assets with emphasis in VoIP Services and Cloud Communication Services. As a result, during the due diligence process we anticipate incurring significant legal and professional fees.

We require cash to meet our interest payments, capital expenditure needs, and operational cash flow needs. There can be no assurance that the Company will be able to raise additional funds or raise them on acceptable terms. If the Company is unable to obtain financing on acceptable terms, the Company may not be able to meet its interest payments, capital expenditures, and operational needs. As a result, the Company will be required to negotiate with its lender the terms of the current financing agreements, in addition to postponing the timing of deployment of its capital expenditures and extending the timing of the operational cash needs.

The Company will continue to work with various funding sources to secure additional debt and equity financing. However, Digerati cannot offer any assurance that it will be successful in executing the aforementioned plans to continue as a going concern.

NOTE 3 – STOCK-BASED COMPENSATION

In November 2015, the Company adopted the Digerati Technologies, Inc. 2015 Equity Compensation Plan (the “Plan”). On May 25, 2023, the Company amended The Plan which now authorizes the grant of up to 15 million (previously 7.5 million) stock options, restricted common shares, non-restricted common shares and other awards to employees, directors, and certain other persons. The Plan is intended to permit the Company to retain and attract qualified individuals who will contribute to the overall success of the Company. The Company’s Board of Directors determines the terms of any grants under the Plan. Exercise prices of all stock options and other awards vary based on the market price of the shares of common stock as of the date of grant. The stock options, restricted common stock, non-restricted common stock, and other awards vest based on the terms of the individual grant.

During the periods ended October 31, 2025, and July 31, 2025, the Company did not issue any new stock options.

During the periods ended October 31, 2025, and July 31, 2025, the Company did not recognize any stock-based compensation expense for stock options to employees.

Unamortized compensation stock option cost totaled \$0.00 as of October, 31, 2025, and July 31, 2025, respectively.

NOTE 4 – NON-STANDARDIZED PROFIT-SHARING PLAN

We currently provide a Non-Standardized Profit-Sharing Plan, adopted September 15, 2006. Under the plan our employees qualify to participate in the plan after one year of employment. Contributions under the plan are based on 25% of the annual base salary of each eligible employee up to \$54,000 per year. Contributions under the plan are fully

vested upon funding. There was no payroll for the period ended October 31, 2025 and, as such, there were no contributions to this plan.

NOTE 5 – SIGNIFICANT CUSTOMERS

For the three months ended October 31, 2025, the Company derives revenues of over 10% from three customers that totaled 60% of total revenues.

As of October 31, 2025, the Company had outstanding accounts receivable of 10% or more from three customers that totaled 41% of total accounts receivable.

NOTE 6 – CONVERTIBLE NOTES PAYABLE

As of October 31, 2025 and July 31, 2025 convertible notes payable consisted of the following:

CONVERTIBLE NOTES PAYABLE NON-DERIVATIVE	October 31, 2025	July 31, 2025

On April 14, 2021, the Company entered into a variable convertible promissory note with an aggregate principal amount of \$250,000, an annual interest rate of 8%, and a maturity date of April 14, 2022. In connection with the execution of the Note, the Company issued 500,000 shares of our common stock to the Noteholder, at the time of issuance, the Company recognized the relative fair market value of the shares of \$63,433 as debt discount, and it will be amortized to interest expense during the term of the Note. Additionally, the Company recognized \$96,766 as debt discount for the intrinsic value of the conversion feature, and it will be amortized to interest expense during the term of the Note. The Noteholder may elect to convert up to 100% of the principal amount outstanding and any accrued interest on the Note into common stock at any time after 180 days of funding the Note. The Conversion Price shall be the greater of \$0.15 or 75% of the lowest daily volume weighted average price (“VWAP”) for the ten (10) trading day period immediately preceding the conversion date. The maturity date has been extended multiple times. Most recently, on April 14, 2023, the lender agreed to extend the maturity until October 14, 2023. As consideration for the extension on the Note, the Company agreed to add \$50,000 to the principal amount outstanding and issued 300,000 shares of common stock with a market value of \$23,670, both of which, were charged to interest expense.
