#### 4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on [www.OTCMarkets.com](http://www.OTCMarkets.com).

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

On October 15, 2024, with an effective date for accounting purposes of August 1, 2024, the Company concluded agreements for the divestiture of its Canadian subsidiary, Travel Mix, Inc. The Company's former wholly-owned subsidiary had been operating as a travel agency in Canada since 2005, offering travel arrangements to clients both online and offline and primarily selling hotel bookings, car rental services, flight tickets, cruises, destination wedding arrangements, corporate events, tours, and travel insurance. The Company continues to operate its US-based subsidiary, Travel Mix USA Inc. and commenced its first revenue generating operations in December 2024. Travel Mix USA expects to fully launch its new travel booking platform during fiscal 2026, enabling Travel Mix USA to compete as the most superior and advanced travel booking engine platform for heavily discounted hotel reservations in the United States.

B. List any subsidiaries, parent company, or affiliated companies.

The issuer has one subsidiary, Travel Mix USA Inc., a Florida corporation.

C. Describe the issuers' principal products or services.

Florida based Travel Mix USA Inc. has developed and is launching the Company's new accommodation technology platform to enable Travel Mix USA to compete as the most superior and advanced travel booking engine platform for heavily discounted hotel reservations in the United States. The new booking site is expected to fully launch during fiscal 2026.

## 5) Issuer's Facilities

*The goal of this section is to provide investors with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.*

In responding to this item, please clearly describe the assets, properties or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other property of the issuer and describe the condition of the properties. Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. If the issuer does not have complete ownership or control of the property, describe the limitations on the ownership.

The issuer currently occupies office space in Rego Park, NY which is provided by an officer and director free of charge, and is a shared office space. The Company's subsidiary Travel Mix USA Inc. has shared office space located at 4111 S. Ocean Drive Unit Cu5, Hollywood, FL 33019 currently provided free of charge by the Company's CEO.

**AMERICAN GRAPHITE TECHNOLOGIES INC.**  
**Notes to the Unaudited Condensed Consolidated Financial Statements**

**NOTE 1 - NATURE OF OPERATIONS**

The Company was originally incorporated as Green & Quality Home Life, Inc. in the State of Nevada on June 1, 2010 and offered a portfolio of products and services to provide solutions for families to automate domestic activities.

On May 23, 2012 there was a change in control of the Company and management determined to abandon its original business and to enter into the business of exploration and development of mining projects and technology related to graphite and graphene.

Effective July 18, 2012, in accordance with approval from the Financial Industry Regulatory Authority (“FINRA ”), we changed our name from Green & Quality Home Life, Inc. to American Graphite Technologies Inc. and increased our authorized capital from 75,000,000 to 200,000,000 shares of common stock, par value of \$0.001. In addition, our issued and outstanding shares of common stock increased from 619,500 to 77,437,500 shares of common stock, par value of \$0.001 on the basis of a 125:1 forward split of our issued and outstanding shares of common stock. The forward split has been retroactively applied to all shares and per share figures in these financial statements.

On August 25, 2017, AmberUnion Limited (“AmberUnion”) entered into a share purchase agreement with six shareholders collectively holding a total of 91,414,166 shares, whereunder AmberUnion purchased these shares for total consideration of \$80,000 or \$0.000875 per share. The effective transfer of the shares occurred in December 2017.

On December 22, 2017, Con Evan Anast, the then sole officer and director of the Company resigned and Efraim Babayov was appointed a director and President, Secretary, Treasurer. These events effected a change in control of the Company.

Effective September 20, 2022, the Company’s 55.35% controlling shareholder, AmberUnion Limited, beneficial owner Christina Georgiou, sold the entirety of its shareholdings to Mr. Louis Shefsky in a private transaction for cash proceeds of \$91,414 or \$0.001 per share (par value). This action effected a change in control of the Company.

On September 20, 2022, the Company’s board of directors and majority shareholder approved an increase of the Company’s authorized share capital from 200,000,000 shares of common stock to 500,000,000 shares of common stock.

On December 30, 2022, the Company agreed to issue 62,500,000 shares of unregistered, restricted common stock to Efraim Babayov, its sole officer and director, in full payment of fees for management and consulting services provided through December 31, 2022.

On March 6, 2023, the Company entered into a share exchange agreement with the sole shareholder of Travel Mix, Inc. (“Travel Mix”) whereby the Company acquired all of the issued and outstanding shares of Travel Mix in exchange for the issuance of 175,000,000 shares of the Company’s unregistered, restricted common stock. Effective March 15, 2023 the Company and the shareholder of Travel Mix, Mr. Boris Golan, concluded the transaction and Travel Mix become a wholly owned subsidiary of the Company. Mr. Golan was appointed Chief Executive Officer and to the Company’s board of directors. The Company changed its fiscal year end from June 30 to October 31 in conjunction with the aforementioned acquisition in order to be in line with the fiscal year end of its operating subsidiary, Travel Mix. With the acquisition of the operations of Travel Mix, the Company exited shell status. For accounting purposes, the acquisition of Travel Mix was treated as a reverse recapitalization and the historical data presented is that of Travel Mix.

Travel Mix operated as a travel agency in Canada starting 2005, offering travel arrangements to clients both online and offline. The Company primarily sells hotel bookings, car rental services, flight tickets, cruises, destination wedding arrangements, corporate events, tours, and travel insurance. On March 5, 2024 the Company incorporated Travel Mix USA Inc. in the State of Florida to undertake its planned US based operations including the creation of an innovative membership-based booking site offering a state-of-the-art travel booking engine platform for heavily discounted hotel reservations.

**AMERICAN GRAPHITE TECHNOLOGIES INC.**  
**Notes to the Unaudited Condensed Consolidated Financial Statements**

**NOTE 1 - NATURE OF OPERATIONS (Continued)**

On October 15, 2024, with an effective date for accounting purposes of August 1, 2024, the Company concluded agreements for the divestiture of its Canadian subsidiary, Travel Mix. The Company continues to operate its US-based subsidiary, Travel Mix USA Inc. and commenced its first revenue generating operations in December 2024. The Company expects to fully launch its new booking platform during fiscal 2026.

**NOTE 2 – GOING CONCERN**

The Company's consolidated financial statements are prepared in accordance with generally accepted accounting principles applicable to a going concern. This contemplates the realization of assets and the liquidation of liabilities in the normal course of business. The Company commenced initial test operations of its new business platform in December 2024 and has not yet completed the full launch of its booking platform. As at April 30, 2026, the Company has an accumulated deficit of \$196,085 and negative working capital of \$371,286. Operational shortfalls have been funded by our CEO, Boris Golan, as well as third party loans and advances. The Company has plans to raise additional capital through placement of our common stock or debt financing in order to fully implement our 2026 business plan, including launch of the fully optimized online hotel booking service, which will enable clients to obtain the very best prices online for hotel bookings. There can be no assurance that the Company will be successful in either situation in order to continue as a going concern.

The ability of the Company to continue as a going concern is dependent on attaining consistent profitable operations. Accordingly, there remains substantial doubt as to the Company's ability to continue as a going concern. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amount and classification of liabilities that might cause results from this uncertainty.

**NOTE 3 - USE OF ESTIMATES IN THE PREPARATION OF FINANCIAL STATEMENTS**

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of these financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**NOTE 4 – SUMMARY OF ACCOUNTING POLICIES**

Fiscal Year End

The Company has selected October 31 as its fiscal year end.

Principal of Consolidation

The accompanying unaudited condensed consolidated financial statements, including the accounts of American Graphite Technologies Inc. and its 100% controlled subsidiary, Travel Mix USA Inc., have been prepared in accordance with generally accepted accounting principles (US GAAP). All significant intercompany balances and transactions have been eliminated. In the opinion of management adjustments considered necessary for a fair presentation have been included. All such adjustments are of a normal recurring nature.

Cash and Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

**AMERICAN GRAPHITE TECHNOLOGIES INC.**  
**Notes to the Unaudited Condensed Consolidated Financial Statements**

**NOTE 4 – SUMMARY OF ACCOUNTING POLICIES (Continued)**

Revenue Recognition

The Company follows ASC 606, Revenue from Contracts with Customers. Under ASC 606, the Company recognizes revenue from sales of travel service contracts by applying the following steps: (1) identify the contract with a customer; (2) identify the performance obligations in the contract; (3) determine the transaction price; (4) allocate the transaction price to each performance obligation in the contract; and (5) recognize revenue when each performance obligation is satisfied. Travel Mix offers travel products and services to leisure and corporate travelers and receives a commission from the sale of these services. The revenue from rendering these services is recognized upon transfer of control of promised services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those services. This is generally the case: 1) on the date of departure for tours and packages, 2) date of check-in for hotel booking business, and 3) on the issuance of the ticket in the case of sale of airline tickets. Travel mix considers both the traveler and travel supplier to be its customers.

Income from the sale of airline tickets including commission earned and convenience fees is recognized as an agent on a net basis when the traveler books the airline ticket as the performance obligation is satisfied by the Company on issuance of an airline ticket to the traveler.

Income from hotel reservations including commission earned and convenience fees is recognized on a net basis as an agent on the date of check-in as the performance obligation is satisfied by the Company on the date of check-in by the traveler.

Commission income from tours and packages, including income on airline tickets sold to the travelers as a part of tours and packages is recorded when such services are transferred to the traveler. All income from sale of airline tickets, hotel reservations, packages and tours is recorded on net basis (i.e., the amount billed to a traveler less amount paid to a supplier) as the supplier is primarily responsible for providing the underlying travel services and the Company does not control the service provided by the supplier to the traveler.

In the event of cancellation of airline tickets, revenue recognized in respect of commissions earned by the Company on such tickets is reversed and is netted off from the revenue earned during the period at the time the cancellation is made by the customers. The revenue from the sale of tours and packages and hotel reservations is recognized on the customer's departure, check-in date and date of journey respectively. Cancellations, if any, do not impact revenue recognition since revenue is recognized upon the utilization of services by the customer.

Basic and Diluted Loss Per Share

The Company computes net income (loss) per share in accordance with ASC 260, *Earning per Share*. ASC 260 requires presentation of both basic and diluted earnings per share (EPS) on the face of the income statement. Basic EPS is computed by dividing net income (loss) available to common shareholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible stock using the if-converted method. In computing Diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti-dilutive. At April 30, 2026 and October 31, 2025 there were a total of 16,986,538 potentially dilutive shares, as a result of certain convertible promissory notes with a conversion price of \$0.0052 per share.

**NOTE 4 – SUMMARY OF ACCOUNTING POLICIES (Continued)**

Income Taxes

Deferred income taxes are reported for timing differences between items of income or expense reported in the financial statements and those reported for income tax purposes in accordance with Accounting Standards Codification regarding Accounting for Income Taxes, which requires the use of the asset/liability method of accounting for income taxes. Deferred income taxes and tax benefits are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases, and for tax loss and credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Deferred taxes are provided for the estimated future tax effects attributable to temporary differences and carryforwards when realization is more likely than not. We record a valuation allowance in the full amount of deferred tax assets since realization of such tax benefits has not been determined by our management to be more likely than not.

Recent Accounting Pronouncements

The Company has implemented all new accounting pronouncements that are in effect and that may impact its financial statements and does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

**NOTE 5 – PREPAID EXPENSE, SOFTWARE PLATFORM**

In connection with the development of its travel booking platform, the Company paid an API integration fee to Travolutionary Inc. This fee is being amortized on a straight-line basis over the term of the agreement. For the six months ended April 30, 2026, amortization of \$2,502 (six months ended April 30, 2025 – \$nil) was recorded. As at April 30, 2026, the unamortized balance is \$4,367 (October 31, 2025 – \$6,869).

**NOTE 6 – CONVERTIBLE NOTES**

The convertible notes are payable on demand and are non-interest-bearing convertible notes. The holder has the right to convert any or all of the outstanding principal into shares of the Company's common stock at a conversion rate of \$0.0052 per share.
