A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

CeCors, Inc. currently conducts its business primarily through its wholly owned Canadian subsidiary, PsyKey Inc. Following the disposition of its former subsidiary Vetcomm during fiscal 2025, the Company has returned its focus to PsyKey's core operations and is actively evaluating strategic opportunities for benefit of its shareholders.

PsyKey operates in the research and development, production, and commercialization of functional products incorporating entheogenic, adaptogenic, and nootropic ingredients and formulations. The Company's current business focus is on premium functional mushroom-based consumer products, including mushroom-infused coffee products and related formulations intended to support cognition, immune health, and adaptogenic response. PsyKey is also engaged in the scientific development of technologies relating to the composition, bioavailability, and targeted delivery of entheogen-based therapeutics, and continues to evaluate tools and platforms intended to improve access to support services and healthcare-related resources.

Historically, PsyKey developed and marketed functional coffee products incorporating medicinal mushrooms, including formulations utilizing Cordyceps, Turkey Tail, Reishi (Ganoderma), Maitake, Lion's Mane, and Chaga. These products have included single-serve coffee pods and other coffee formats. PsyKey's product development has been supported by expertise in mycology and botany, including prior collaboration with MycoVita Canada Inc. and Dr. Oman Isikhuemhen in connection with mushroom-based product formulation and sourcing.

The Company previously operated through an exclusive strategic partnership with MycoVita Canada Inc. pursuant to which PsyKey, through its 51%-owned subsidiary Fungi Co Ltd., pursued the research, development, and commercialization of mycology-based products and sustainable food production initiatives. During fiscal 2025, following a broader strategic review of the Company's operations, that partnership was terminated and Fungi Co Ltd. is in the process of being wound down. As a result, no further material operating activity is expected under that arrangement.

The Company also previously developed the PSYKEY LIVE telehealth application, which was intended to provide users with digital access to mental health support services. Development of the application was suspended in early 2023 following the acquisition of Vetcomm, and the project was subsequently terminated as part of the Company's fiscal 2025 operational streamlining efforts. The related capitalized development costs had previously been fully impaired.

Since the disposition of Vetcomm, the Company has focused on: (i) resolving obligations and liabilities arising from the Vetcomm litigation and transition period, including legal fees, professional service costs, operating advances, and certain accrued compensation obligations; (ii) streamlining operations by terminating non-core or inactive initiatives; and (iii) repositioning its business around PsyKey's functional product platform and related strategic opportunities.

As part of this strategic repositioning, the Company has entered into a collaboration with a U.S.-based cognitive performance company to develop and commercialize a differentiated functional coffee product. The initiative combines the Company's premium soluble coffee, sourced from Rainforest Alliance Certified Costa Rican Arabica beans, with the counterparty's proprietary crystallized Lion's Mane extract.

Management believes this collaboration represents an attractive opportunity to re-enter the functional beverage market with a differentiated product offering. Product development has been substantially completed, and a beta launch is currently underway, reflecting the Company's investment in product development, commercialization activities, and related initiatives throughout fiscal 2025 and fiscal 2026 to the date of this report. The Company is currently finalizing certain corporate, structural, and regulatory matters necessary to complete its definitive agreements with its collaborative partner.

Operations are presently centered on the aforementioned collaboration, advancing PsyKey's functional product strategy, managing legacy obligations arising from the former Vetcomm business, and evaluating strategic opportunities that management believes may support future growth and shareholder value.

B. List any subsidiaries, parent company, or affiliated companies.

At March 31, 2026, the Company has one wholly owned subsidiary, PsyKey, Inc., which controls 51% of Fungi Co Ltd. As of March 31, 2026, the Company has one wholly owned subsidiary, PsyKey, Inc., which holds a 51% controlling interest in Fungi Co Ltd., a Canadian federal corporation.

During fiscal 2025, the Company terminated its prior strategic partnership with MycoVita Canada Inc., and Fungi Co Ltd. is currently in the process of being wound down. As a result, no further material operations are expected through this entity.

In addition, during fiscal 2025 the Company entered into a collaboration with a U.S.-based cognitive performance company to develop and commercialize a differentiated functional coffee product. This initiative combines the Company's soluble coffee with a proprietary crystallized Lion's Mane extract designed to improve taste, solubility, and formulation performance. While product development has been completed and beta launch is underway the Company is in the process of finalizing required structural and regulatory changes to conclude its formal agreements with this collaborative partner.

C. Describe the issuers' principal products or services.

PsyKey Inc., the Company's wholly owned subsidiary, develops and commercializes functional products incorporating mushroom-based ingredients and formulations.

The Company's product platform is focused on functional consumer products utilizing a range of established mushroom ingredients, including Cordyceps, Turkey Tail, Reishi (Ganoderma), Maitake, Lion's Mane, and Chaga. These ingredients contain naturally occurring compounds commonly associated with general wellness applications.

PsyKey's product strategy is centered on the development of proprietary formulations designed for consumer use, with an emphasis on quality, consistency, and scalable production. The Company continues to refine its core product offerings and align its product formats with anticipated market demand and commercialization objectives.

Following the disposition of Vetcomm and the termination of non-core initiatives, the Company has refocused its operations on advancing its functional product platform. As part of this strategy, in conjunction with ongoing operations of subsidiary Psykey, the Company has entered into a collaboration with a U.S.-based cognitive performance company to develop and commercialize a differentiated functional coffee product. This initiative combines the Company's soluble coffee with a proprietary crystallized Lion's Mane extract designed to improve taste, solubility, and formulation performance. Subsequent to March 31, 2026 initial product development has been completed and beta launch is underway with this collaborative partner.

As of the date of this report, the Company's principal activities are focused on product development, production readiness, early-stage commercialization, and the advancement of strategic initiatives related to its functional product portfolio.

In addition, certain executive and administrative functions are currently supported through office space provided by management at no cost to the Company. The Company has an administrative head office location of: 3495 Lakeside Drive, Reno, NV 89509.

The Company does not currently operate manufacturing facilities. Product ingredients and inventory are maintained at third-party manufacturing and fulfillment locations. 7) Legal/Disciplinary History

A. Identify and provide a brief explanation as to whether any of the persons or entities listed above in Section 6 have, in the past 10 years:

1. Been the subject of an indictment or conviction in a criminal proceeding or plea agreement or named as a defendant in a pending criminal proceeding (excluding minor traffic violations);

In December 2023, Mr. Luca Sartini, a person believed to be a beneficial owner of more than 5% of the Company's common stock, was sentenced in the United States District Court to 10 years of imprisonment, followed by 3 years of supervised release, in connection with his involvement in a Racketeer Influenced and Corrupt Organization ("RICO") conspiracy.

Publicly available information indicates that Mr. Sartini was charged in a 2018 federal indictment alleging participation in the ownership and operation of "pill mill" clinics in Tennessee and Florida between approximately 2009 and 2015. These operations were reported to have involved the unlawful distribution of prescription drugs. The broader prosecution resulted in numerous related convictions.

The Company's current management was not aware of these matters at the time of prior filings and, accordingly, such information was not disclosed in the Legal/Disciplinary History section of the Company's historical Information and Disclosure Statements filed with OTC Markets, including filings up to and including the quarterly report for the period ended June 30, 2024. Upon becoming aware of these matters, the Company has included this disclosure in all subsequent filings made with OTC Markets.

Mr. Sartini acquired his shares in the Company prior to the appointment of current management. Based on available Company records, such shares were issued on November 11, 2016, pursuant to a transaction related to a prior merger involving Independent Living Products, Inc.

Upon the appointment of current management, the Company implemented a stop transfer restriction on the shares issued to Mr. Sartini due to the inability to confirm the underlying consideration supporting the issuance at that time. This restriction remains in effect as of the date of this report.

The Company has no current relationship or affiliation with Mr. Sartini.

Been the subject of the entry of an order, judgment, or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities, financial- or investment-related, insurance or banking activities;

- B. Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the issuer or any of its subsidiaries is a party to or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

The Company has been subject to certain legal proceedings arising from the prior operations of its former subsidiary, Vetcomm, primarily consisting of employment-related claims in California. Certain claims are subject to insurance coverage, with defense provided under a reservation of rights. Subsequent to the Reporting Period, the Company reached confidential settlements resolving (i) the action captioned VetComm US, et al. v. Weigel, et al. (San Diego County Superior Court Case No. 25CU014170N), including all claims among all plaintiffs, defendants and cross-defendants in the action and the related cross-complaint, and (ii) the action brought by Margaret Wilcsek and Lauren Wilcsek (San Diego County Superior Court Case No. 25CU053784N). The terms of the settlements are confidential. Definitive settlement agreements are in the process of execution, following which the proceedings will be dismissed in accordance with court protocol. One legal action remains pending: the matter brought by Sarah Smith (San Diego County Superior Court Case No. 25CU043943C), which the Company continues to defend with the assistance of counsel. (See Notes 11 and 13 to the accompanying financial statements.)

At this time, the Company is unable to reasonably estimate the outcome or potential loss, if any, associated with the remaining proceeding.

The Company is not currently aware of any material legal proceedings initiated by governmental authorities. NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE THREE MONTHS ENDED MARCH 31, 2026
(Unaudited)

NOTE 1: ORGANIZATION AND DESCRIPTION OF BUSINESS

CeCors, Inc. (the “Company”) was incorporated in the State of Nevada on April 16, 2002.

On December 31, 2020, the Company’s Board of Directors and controlling shareholders approved (i) an increase in authorized common stock to 500,000,000 shares, par value \$0.001, (ii) the appointment of new officers and directors, and (iii) the acquisition of PsyKey, Inc. (“PsyKey”). The Company acquired 100% of PsyKey in exchange for 290,000,000 shares of common stock. At the time of the transaction, the entities were under common control due to shared officers and directors.

On July 30, 2021, the Company approved (i) a name change to PsyKey, Inc. and (ii) an increase in authorized capital to 511,000,000 shares, consisting of 500,000,000 common shares and 11,000,000 preferred shares (Series A, B, and C). The name change was not approved by Financial Industry Regulatory Authority (“FINRA”), and the Company continues to operate as CeCors, Inc.

On January 10, 2022, the Company eliminated the Series B and Series C Preferred Stock and amended the Series A Preferred Stock to include (i) 10:1 conversion into common stock and (ii) voting rights equal to 67% of total common voting power if any Series A shares are outstanding. On January 18, 2022, Sukhinder Kalsi (CFO and director) and Amar Bhatl (President and director) each surrendered 87,750,000 common shares for cancellation and subscribed for 1,275,000 Series A Preferred shares.

Acquisition and Disposition of Vetcomm

On March 6, 2023, the Company entered into an agreement to acquire 100% of Vetcomm in exchange for 20,000,000 common shares and 637,500 Series A Preferred shares issued to Kate Monroe. To mitigate dilution, officers returned an equivalent number of shares for cancellation. The transaction closed on April 10, 2023, and Ms. Monroe was appointed CEO on May 25, 2023. During 2024, a dispute arose between the Company and its former Chief Executive Officer, Kate Monroe, in connection with the operations of Vetcomm, resulting in litigation among the parties in Nevada and California.

On September 9, 2025, the Company entered into a Settlement Agreement and Mutual Release with Vetcomm, ROI Ventures, and Kate Monroe (collectively, the “Monroe Parties”), resolving the dispute and providing for the disposition of the Company’s ownership interest in Vetcomm. In connection with the settlement, Kate Monroe returned 20,000,000 shares of the Company’s common stock and 637,500 shares of Series A Preferred Stock for cancellation, and certain accrued management fees payable by the Company were waived. The Monroe Parties agreed to pay aggregate consideration of \$5,250,000.

On March 31, 2026, the Company received a final payment of \$2,143,561.24, reflecting the remaining balance after default interest, fees, and a negotiated discount. Total proceeds received were approximately \$5,143,561.24. All obligations were satisfied, defaults cured, and security interests discharged. The Company has no remaining ownership or economic interest in Vetcomm. The divestiture of Vetcomm was effective as of June 30, 2025.

Ongoing Business Activities and Strategic Direction

Following the disposition of Vetcomm, the Company has focused on resolving legacy obligations and repositioning its business.

Legacy Obligations

The Company has settled obligations arising from the Vetcomm litigation and transition period, including:

- Legal fees exceeding \$850,000;
- Operating advances and financing arrangements;
- A portion of accrued management compensation;
- Payments to advisors and consultants; and
- Settlement payments totaling \$80,000.

The Company continues to incur legal costs related to ongoing matters.

CECORS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE THREE MONTHS ENDED MARCH 31, 2026

NOTE 1: ORGANIZATION AND DESCRIPTION OF BUSINESS (CONTINUED)

Core PsyKey Operations

The Company is refocusing on PsyKey's vertically integrated business, which includes the research and development, sourcing, production, and commercialization of functional ingredients and consumer products. PsyKey's activities are currently centered on the formulation, refinement, and preparation for commercialization of its core product offerings, supported by internal mycology and botanical expertise. The Company is focused on optimizing product composition, ingredient quality, and delivery formats, including ongoing work related to bioavailability and overall functional performance of its formulations.

The Company is developing functional mushroom-based products using a range of established ingredients, including Cordyceps, Turkey Tail, Reishi (Ganoderma), Maitake, Lion's Mane, and Chaga, sourced through third-party suppliers and collaborators.

These ingredients contain naturally occurring compounds commonly associated with general wellness applications. The Company's product strategy is focused on delivering functional formulations designed for consumer use, with ongoing efforts directed toward production readiness and future market entry.

The Company is also developing and maintaining its brand portfolio in connection with its product offerings and has initiated efforts to pursue trademark protection for certain brand elements as part of its commercialization strategy.

Strategic Partnership

The Company has entered into a strategic collaboration with a U.S.-based cognitive performance company to develop a functional coffee product combining premium Arabica coffee with a proprietary crystallized Lion's Mane extract designed to improve taste, solubility, and formulation performance.

The Company has committed approximately \$563,000 toward development and commercialization as of March 31, 2026. The parties are continuing to finalize the structure of the collaboration.

Operational Streamlining

The Company has discontinued certain initiatives, including the "PsyKey Live" application and a prior partnership with MycoVita Canada Inc. The jointly held subsidiary Fungi Co. Ltd. is being wound down as part of cost reduction and operational focus efforts.

Going Concern

The accompanying condensed consolidated financial statements have been prepared assuming the Company will continue as a going concern. For the three months ended March 31, 2026, the Company reported loss of approximately \$409,900. The Company used approximately \$427,200 of cash in operating activities. As of March 31, 2026, the Company had cash of approximately \$2,566,000 and working capital of approximately \$896,000.

The Company has limited recurring revenues and continues to incur operating and legal costs. These conditions raise substantial doubt about the Company's ability to continue as a going concern within one year after the date the financial statements are issued.

During the three months ended March 31, 2026, the Company received full payment of the settlement receivable, improving its liquidity position. In addition, management is pursuing actions to improve operating performance and liquidity, including cost reduction initiatives, strategic repositioning of its core business, and potential access to additional capital.

CECORS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE THREE MONTHS ENDED MARCH 31, 2026
(Unaudited)

NOTE 1: ORGANIZATION AND DESCRIPTION OF BUSINESS (CONTINUED)

While these actions are expected to provide additional liquidity, they are not entirely within the Company's control and cannot be assured. Accordingly, substantial doubt about the Company's ability to continue as a going concern has not been alleviated. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Use of Estimates

The preparation of consolidated financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the balance sheet date, and the reported amounts of revenues and expenses during the reporting period.

Significant estimates include, but are not limited to, the valuation and collectability of settlement receivables, the recognition and measurement of gains related to divestment and debt settlements, the determination of accrued liabilities and legal obligations, and the assessment of deferred income tax valuation allowances.

These estimates are based on current facts, historical experience, and other factors management believes to be reasonable under the circumstances. Actual results may differ materially from these estimates, and such differences may impact future results of operations.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying condensed consolidated financial statements have been prepared by the Company in accordance with accounting principles generally accepted in the United States ("GAAP").

Year end

The Company has selected December 31 as its fiscal year end.

Consolidation

The accompanying condensed consolidated financial statements include the accounts of CeCors, Inc., its wholly owned subsidiaries, PsyKey, Inc. and Vetcomm, and PsyKey's 51%-owned subsidiary, Fungi Co Ltd.

The results of operations of Vetcomm are included in the consolidated financial statements through June 30, 2025, the date of divestiture. Subsequent to this date, Vetcomm is no longer included in the Company's consolidated results.

All significant intercompany balances and transactions have been eliminated in consolidation.

Reclassification

Certain prior period balances have been reclassified to conform to the current period presentation in the Company's unaudited condensed consolidated financial statements and the accompanying notes.

Cash

Cash consists of amounts held in bank deposit accounts.

CECORS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE THREE MONTHS ENDED MARCH 31, 2026
(Unaudited)

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Company considers all highly liquid investments with original maturities of three months or less at the time of purchase to be cash equivalents. The Company did not hold any cash equivalents as of March 31, 2026 or December 31, 2025.

The Company maintains cash balances with financial institutions which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts.

Translation of Foreign Currencies

Assets and liabilities of the Company's foreign subsidiary, PsyKey Inc., whose functional currency is its local currency, the Canadian Dollar, are translated into U.S. dollars at the exchange rate in effect at the end of the quarter and the income and expense accounts of PsyKey Inc. have been translated at average rates prevailing during each respective quarter. Resulting translation adjustments are made to a separate component of stockholders' equity within accumulated other comprehensive loss. Foreign exchange transaction gains and losses are included in the accompanying unaudited condensed consolidated statement of operations.

Fair Value of Financial Instruments

The Company measures and discloses fair value in accordance with ASC 820 Fair Value Measurement. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The carrying amounts of financial instruments, including cash, settlement receivables, accounts payable and accrued expenses, and related party balances, approximate fair value due to their short-term nature.

Property and Equipment

Property and equipment are stated at cost, net of accumulated depreciation, and depreciated using the straight-line method over their estimated useful lives as follows:

<u>Asset Category</u>	<u>Estimated Useful Life</u>
Computer and equipment	3–7 years
Office furniture and fixtures	5–7 years
Leasehold improvements	Shorter of lease term or useful life

Expenditures for repairs and maintenance are expensed as incurred. Upon retirement or disposal, the cost and related accumulated depreciation are removed, and any resulting gain or loss is recognized in operations. The Company had no material property or equipment balances recorded as of March 31, 2026 or December 31, 2025.

Business Combinations

The Company accounts for business combinations in accordance with ASC 805 Business Combinations using the acquisition method. The purchase price is allocated to identifiable assets acquired and liabilities assumed based on their estimated fair values at the acquisition date.

The Company completed the acquisition of Vetcomm in 2023. As described in Note 1, this investment was fully disposed of during 2025.

CECORS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE THREE MONTHS ENDED MARCH 31, 2026
(Unaudited)

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Goodwill and Intangible Assets

The Company accounts for goodwill and intangible assets in accordance with ASC 350 Intangibles Goodwill and Other.

Goodwill represents the excess of purchase price over the fair value of net assets acquired and is not amortized but is tested for impairment at least annually or when indicators of impairment exist.

Intangible assets with definite lives are amortized over their estimated useful lives and reviewed for impairment when events or changes in circumstances indicate the carrying amount may not be recoverable.

During the year ended December 31, 2023, the Company fully impaired its previously recorded intangible assets related to the “PsyKey Live” application.

The Company had no goodwill or intangible assets recorded as of March 31, 2026 or December 31, 2025.

Long-Lived Assets

The Company evaluates long-lived assets for impairment in accordance with ASC 360 Impairment of Long-Lived Assets whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. No impairment charges were recorded for the three months ended March 31, 2026 and 2025.

Research and Development Costs

Research and development costs are expensed as incurred in accordance with ASC 730 Research and Development.

Revenue Recognition

The Company recognizes revenue in accordance with ASC 606 Revenue from Contracts with Customers. Revenue is recognized when control of goods or services is transferred to customers in an amount that reflects the consideration expected to be received.

Functional Product Revenue

Revenue from product sales is recognized upon shipment or delivery, when control transfers to the customer. The Company evaluates returns on a case-by-case basis and generally provides product replacement rather than cash refunds.

Vetcomm Revenue (Discontinued Operations)

Vetcomm generated revenue from subscription-based educational and support services. Revenue was recognized as services were provided, with amounts received in advance recorded as deferred revenue and recognized over the service period.

Vetcomm operations are included only through June 30, 2025. No Vetcomm revenue was recognized subsequent to the date of divestiture.

The Company generated no material revenue from continuing operations during the three months ended March 31, 2026 and 2025.

CECORS, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
FOR THE THREE MONTHS ENDED MARCH 31, 2026
(Unaudited)

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cost of Sales

Cost of sales includes direct product costs, packaging, and related overhead associated with product sales.

Costs associated with Vetcomm services were recognized as incurred and are included in discontinued operations for the applicable periods.

Inventory

Inventory consists of finished goods and is stated at the lower of cost or net realizable value, with cost determined using the first-in, first-out (FIFO) method.

Inventory balances were immaterial as of March 31, 2026 and December 31, 2025.

Sales Commissions

Sales commissions are recognized as selling expenses as incurred. The Company applies practical expedients under ASC 606 and does not capitalize commissions, as contract periods are generally short-term.

Segment Reporting

The Company evaluates its operations and manages its business on the basis of operating segments in accordance with ASC 280, *Segment Reporting*. For the periods presented, the Company's continuing operations are primarily associated with PsyKey and corporate activities. Vetcomm is presented as a discontinued operation, and its results of operations are included only through June 30, 2025.

There were no intersegment revenues for the periods presented. Substantially all assets as of March 31, 2026 relate to PsyKey and corporate activities.

Convertible Debt

Convertible debt is accounted for under ASC 470, *Debt*, as amended by ASU 2020-06, *Debt—Debt with Conversion and Other Options*. Under this guidance, convertible instruments are evaluated as a single instrument unless separate accounting is required for embedded features under ASC 815, *Derivatives and Hedging*.

The Company had no convertible debt outstanding as of March 31, 2026 and December 31, 2025.

Stock-Settled Debt

In certain financing arrangements, the Company may issue instruments containing conversion features that may be settled in shares at terms based on a fixed or determinable discount to the market price of the Company's common stock. The accounting for such features is evaluated under ASC 470 and ASC 815 to determine whether separate recognition or derivative accounting is required.

Leases

The Company determines whether an arrangement contains a lease at inception in accordance with ASC 842, *Leases*. Right-of-use assets and lease liabilities are recognized at the commencement date based on the present value of lease payments over the lease term. When the rate implicit in the lease is not readily determinable, the Company uses its incremental borrowing rate. Lease expense for operating leases is recognized on a straight-line basis over the lease term.

The Company had no material lease right-of-use assets or lease liabilities as of March 31, 2026 or December 31, 2025.

CECORS, INC.

FOR THE THREE MONTHS ENDED MARCH 31, 2026
(Unaudited)

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Company accounts for income taxes under ASC 740, *Income Taxes*. Deferred tax assets and liabilities are recognized for the expected future tax consequences of temporary differences between the financial statement carrying amounts and the tax bases of assets and liabilities, and for operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply in the periods in which those temporary differences are expected to reverse.

A valuation allowance is recorded when it is more likely than not that some or all of the deferred tax assets will not be realized.

Basic and Diluted Earnings (Loss) Per Share

Basic earnings (loss) per share is computed by dividing net income (loss) attributable to common stockholders by the weighted average number of common shares outstanding during the period.

Diluted earnings (loss) per share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock. The calculation includes the effect of potentially dilutive securities when such inclusion is dilutive.

For the three months ended March 31, 2026 and 2025, 19,125,000 common shares issuable upon conversion of Series A Preferred Stock were excluded from diluted loss per share as their effect would have been anti-dilutive.

Recently Issued Accounting Standards

Management considers the applicability and impact of all recently issued accounting standards.

NOTE 4: “PSYKEY LIVE” APP and CONVERTIBLE NOTE

On August 3, 2021, the Company entered into agreements with certain software development consultants to develop the “PsyKey Live” application (“App”), pursuant to which the Company agreed to pay aggregate consideration of \$500,000. These amounts were initially recorded in accounts payable.

The App was intended to provide on-demand access to licensed mental health professionals through a digital platform. Development costs were capitalized as an intangible asset and were to be amortized over the estimated useful life of the App upon commercialization.

Due to delays in commercialization and the suspension of the project, the Company determined that the carrying value of the capitalized development costs was not recoverable and recorded a full impairment of \$500,000 as of December 31, 2023.

On November 30, 2021, \$500,000 of accounts payable related to the App development was assigned to convertible notes payable. The notes bore interest at 5% per annum, matured on November 30, 2023 (subsequently extended to November 30, 2024), and were convertible into common stock at a price equal to a 20% discount to the closing market price of the Company’s common stock on the date of a notice of conversion.

The Company recorded \$125,000 as a liability related to stock-settled features associated with the convertible notes.

In October 2023, the noteholders agreed to extend the maturity date and amend the terms to provide the Company with the right to cancel the notes in the event of non-performance by the consultants, subject to a 30-day cure period.

On December 31, 2025, the Company settled all outstanding PsyKey Live-related convertible notes and agreed to a cash settlement of \$256,000, approximately 50% of the total outstanding open balance including accrued interest. The Company recorded a gain on debt settlement in the amount of \$471,265. One note, held by Aram Capital, was cancelled in full with interest waived due to non-performance, as the agreed services and deliverables were not provided in accordance with the terms of the original agreements and amendments thereto.

Interest expenses associated with the convertible notes are as follows:

(a) In 2021, the Company paid \$5,000 to a third-party research facility for psilocybin-based mental health R&D and provisional patent filing services. As the scope of work never commenced, the amount was written off as general and administrative expense during the three months ended March 31, 2026.

As of December 31, 2025, the parties had not finalized the definitive structure of the arrangement, and accordingly, the amounts advanced have been recorded as a deposit on investment within non-current assets.

NOTE 11: COMMITMENTS AND CONTINGENCIES (CONTINUED)

As of March 31, 2026, the following matters remained outstanding:

- Employment-related litigation matters in California, including claims involving wrongful termination, retaliation, discrimination, harassment, and wage-and-hour disputes;
- Additional employment and contractor claims, including pre-litigation demands from former Vetcomm personnel; and
- Other related claims arising from Vetcomm’s historical operations.

The Company is actively defending these matters with the assistance of counsel. At this time, the Company is unable to reasonably estimate the likelihood or amount of potential loss, if any, associated with these matters. Accordingly, no accrual has been recorded in the accompanying consolidated financial statements.

The Company continues to incur legal and related costs in connection with these matters. Subsequent to March 31, 2026, the Company reached confidential settlements resolving certain of these matters (see Note 13).

In addition, the Company has commitments related to the settlement of prior obligations, including legal fees, professional services, and other liabilities arising from the Vetcomm divestiture and related litigation, as described in Notes 1 and 3.

NOTE 12: OTHER EVENTS

Regulatory Matters:

The Company is subject to ongoing regulatory review and reporting requirements associated with its public company status. On January 13, 2026, the Alberta Securities Commission (the “ASC”) notified the Company of its determination that the Company had met the requirements to be designated an “OTC reporting issuer” under Section 3 of Multilateral Instrument 51-105 – Issuers Quoted in the U.S. Over-the-Counter Markets, by virtue of having two directors/officers residing in Alberta (which MI 51-105 deems to cause the business to be seen as being directed or administered from Alberta). The Company acknowledged the ASC’s letter on January 27, 2026, engaged Canadian securities counsel to represent it in discussions with the ASC, and contacted several Canadian Public Accountability Board certified audit firms regarding the audited financial statements that would be required of an OTC reporting issuer.

See Note 13 for developments subsequent to March 31, 2026. At this time, the Company cannot determine the outcome or potential impact, if any, of this matter.

Corporate Operations:

The Company’s operations during the period were primarily focused on subsidiary PsyKey including product development, testing, and supply chain preparation related to its functional product offerings.

During the three months ended March 31, 2026, there was no significant commercial revenue activity, and efforts were concentrated on ingredient validation, formulation readiness, and initial production preparation activities, including packaging development and supplier coordination.

Deposits were made toward packaging supply, with broader production expected to commence in future periods. During the three months ended March 31, 2026, the Company also paid \$80,000 in full settlement of the previously disclosed claims of a former executive; all related agreements were terminated and the parties exchanged mutual releases with no further obligations remaining.

The Company continues to evaluate commercialization strategies and strategic partnerships to support future growth.

NOTE 13: SUBSEQUENT EVENTS

The Company has evaluated subsequent events through July 3, 2026, the date these financial statements were issued.

Additional Advances Under Strategic Collaboration

Subsequent to March 31, 2026, the Company advanced an additional US\$220,000 to its U.S.-based strategic partner in connection with the collaboration described in Note 6, bringing aggregate advances under this initiative to approximately \$782,979. As of the date of issuance of these financial statements, the parties had not finalized the definitive structure of the arrangement, and the amounts advanced continue to be recorded as a deposit on investment.

Resignations of Officers and Directors

Effective April 30, 2026, Mr. Amar Bhatl resigned from all of his positions with the Company, including as President, Secretary and a director. Effective June 18, 2026, Mr. Sukhinder Kalsi resigned from all of his positions with the Company, including as Chief Financial Officer, Treasurer and a director.

The resignations formed part of the Company's efforts to sever its remaining ties with the Province of Alberta after it became aware that the presence of Alberta-resident directors had inadvertently resulted in the Company being deemed to be a reporting issuer in Alberta. Neither resignation was the result of any disagreement with the Company on any matter relating to the Company's operations, policies or practices. Following these resignations, Guy Ratchford serves as President and Secretary and as the Company's acting principal executive officer and acting principal financial and accounting officer, and is the Company's sole director.

Alberta Securities Commission – Reporting Issuer Matter

As described in Note 12, on January 13, 2026 the Alberta Securities Commission designated the Company an "OTC reporting issuer" under Multilateral Instrument 51-105, by virtue of having two directors/officers residing in Alberta (which MI 51-105 deems to cause the business to be seen as being directed or administered from Alberta). On June 19, 2026, the Company filed an application with the ASC for a discretionary order under section 153 of the Securities Act (Alberta) that the Company be deemed to have ceased to be a reporting issuer in Alberta. The resignations described above of the Company's two Alberta-resident officers and directors were tendered in connection with this matter. The application remains pending as of the date of issuance of these financial statements, and the Company cannot determine its outcome or potential impact, if any, at this time.

Settlement of Legal Matters

Subsequent to March 31, 2026, the Company reached confidential settlements resolving (i) the action pending in the San Diego County Superior Court captioned VetComm US, et al. v. Weigel, et al. (Case No. 25CU014170N), including all claims among all plaintiffs, defendants and cross-defendants in the action and the related cross-complaint, and (ii) the action brought by two former VetComm personnel in the San Diego County Superior Court (Case No. 25CU053784N). The terms of the settlements are confidential. Definitive settlement agreements are in the process of execution, following which the proceedings will be dismissed in accordance with court protocol. The settlements are not expected to have a material impact on the Company's consolidated financial statements.

The Company continues to address ongoing legal matters and advance its strategic initiatives as described in Note 1. Management is not aware of any additional subsequent events requiring adjustment or disclosure as of the date of issuance of these financial statements.
