The plan for the Company is to execute an acquisition-driven growth strategy in areas such as software, managed services, artificial intelligence, robotics, UAVs and onshoring of manufacturing.

On May 15, 2026, the Company completed a 1 for 10 reverse stock split of the common shares. All common shares and per share figures for common stock are restated retroactively in accordance with SAB Topic 4C.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

These financial statements are presented as unaudited and in United States dollars and have been prepared in accordance with generally accepted accounting principles in the United States of America. The Company believes that these financial statements present fairly, in all material respects, the financial position of the Company and the results of its operations and cash flows for the periods presented.

The Company has a fiscal June 30 year end.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the U.S. requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. These estimates include, but are not limited to, management’s estimate of provisions required for

permanent and temporary differences related to income taxes, liabilities to accrue, and determination of the fair value of stock awards. Actual results could differ from those estimates.

Cash

Cash consists of cash and demand deposits with an original maturity of three months or less. The Company holds no cash equivalents as of June 30, 2026 and 2025, respectively.

Receivables and Concentration of Credit Risk

When the Company records an allowance for doubtful accounts it is based on management's estimate of the overall collectability of accounts receivable, considering historical losses, credit insurance and economic conditions. Based on these same factors, individual accounts are charged off against the allowance when management determines those individual accounts are uncollectible. Credit extended to customers is generally uncollateralized. Past-due status is based on contractual terms. The Company recorded an allowance for their note receivable for the full amount as collection of this note is uncertain.

Revenue Recognition

The Company will account for a contract with a customer that is within the scope of this Topic only when the five steps of revenue recognition under ASC 606 are met.

The five core principles will be evaluated for each service provided by the Company and is further supported by applicable guidance in ASC 606 to support the Company's recognition of revenue.

The Company has not recognized any revenue to date.

Income Taxes

Income taxes are accounted under the asset and liability method. The current charge for income tax expense is calculated in accordance with the relevant tax regulations applicable to the entities. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and for operating loss and tax credit carryforwards.

Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Differences between statutory tax rates and effective tax rates relate to permanent tax differences.

Uncertain Tax Positions

The Company follows ASC 740-10 Accounting for Uncertainty in Income Taxes. This requires recognition and measurement of uncertain income tax positions using a "more-likely-than-not" approach. Management evaluates their tax positions on an annual basis.

The Company files income tax returns in the U.S. federal tax jurisdiction and various state tax jurisdictions. The federal and state income tax returns of the Company are subject to examination by the IRS and state taxing authorities, generally for three years after they were filed.

Earnings (Loss) Per Share of Common Stock

Basic net income (loss) per common share is computed using the weighted average number of common shares outstanding. Diluted earnings per share ("EPS") include additional dilution from common stock equivalents, such as convertible notes, preferred stock, stock issuable pursuant to the exercise of stock options and warrants.

Common stock equivalents are not included in the computation of diluted earnings per share when the Company reports a loss because to do so would be anti-dilutive for periods presented, so only the basic weighted average number of common shares are used in the computations.

Fair Value Measurements

ASC 820 Fair Value Measurements defines fair value, establishes a framework for measuring fair value in accordance with GAAP, and expands disclosure about fair value measurements. ASC 820 classifies these inputs into the following hierarchy:

Level 1 inputs: Quoted prices for identical instruments in active markets.

Level 2 inputs: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 inputs: Instruments with primarily unobservable value drivers.

Financial instruments consist principally of accounts payable and accrued liabilities, notes payable, and amounts due to related parties. We measure our investments at cost less any impairment, and our notes receivable are at cost less any reserve for uncollectible amounts. The fair value of cash is determined based on Level 1 inputs. There were no transfers into or out of “Level 3” during the periods ended June 30, 2026 and 2025. The recorded values of all other financial instruments approximate their current fair values because of their nature and respective relatively short maturity dates or durations.

Fair value estimates are made at a specific point in time, based on relevant market information and information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and therefore cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

NOTE 3 - STOCKHOLDERS’ DEFICIT

As of June 30, 2026 and 2025, 5,000,000 shares of Series A Preferred Stock that are authorized have been issued and 94,352,106 and 53,475,000 shares of common stock are issued and outstanding.

NOTE 4 – ACCOUNTS PAYABLE - OFFICER

The Company had a judgment filed against it on July 23, 2012 by George Sharp in the amount of \$57,450. This complaint was filed in Superior Court of California, County of San Diego on December 22, 2015. The judgment amount added accrued interest

of \$28,049 on January 5, 2021 increasing the total liability to \$85,499 and then the final judgement on June 9, 2021 was increased again by \$3,631 to a final figure of \$89,130. All other liabilities were canceled by the court.

On March 24, 2026, the Company issued 40,876,100 shares of common stock to George Sharp in settlement of the judgement of \$89,130 due to him and \$319,631 in amounts he funded to pay expenses of the Company through March 23, 2026.

From May 19, 2026 through June 30, 2026, the Company incurred expenses for the current period and prepaid for the fiscal year ending June 30, 2027 that were paid by Jay Wright in the amount of \$24,603. This amount is reflected as a current liability and has not accrued interest as it is expected to be repaid in the near term.

NOTE 5 – GOING CONCERN

The Company concluded that due to the lack of operating history, large accumulated deficit, change in management and revival of the entity, these conditions raise substantial doubt about the Company's ability to continue as a going concern for one year from the date the financial statements are issued.

Management intends to identify potential merger candidates to provide operating revenues and profitability. Our ability to effectively identify, develop and implement a viable plan for our business may be hindered by risks and uncertainties which are beyond our control, including without limitation, the continued negative effects of the coronavirus pandemic on the U.S. and global economies. Even though management believes this plan will allow the Company to continue as a going concern, there are no guarantees to the successful execution of this plan.

These financial statements of the Company have been prepared assuming that the Company will continue as a going concern, which contemplates, among other things, the realization of assets and the satisfaction of liabilities in the normal course of business over a reasonable period of time.

NOTE 6 – LEGAL PROCEEDINGS

On May 19, 2020, Custodian Ventures, LLC ("Custodian Ventures") filed a Motion for Appointment of Custodian seeking the appointment of a custodian over GOFF Corp. ("GOFF") in Case Number A-20-815182-B filed in the District Court for Clark County, Nevada. Worldwide NFT (the "Company") is the successor to GOFF. Custodian Ventures was appointed as custodian over GOFF to continue the business of GOFF for the benefit of the corporation and its shareholders. On May 5, 2021, Custodian Ventures filed a Motion to Resolve Asserted Claim, Bar Unasserted Claims, and Terminate Custodianship, asserting it had "completed its duties" as custodian. Prior to that time, GOFF had been delinquent in its filing obligations with the OTC Markets since on or about March 2013. Consequently, GOFF was tagged with a "Stop Sign" by the OTC Markets indicating a lack of the availability of public information and that it was a "Dark/Defunct" company.

George Sharp, a shareholder in GOFF, caused a Motion to (1) Intervene, (2) to Remove Custodian, (3) to Appoint George Sharp as Custodian, and (4) for Temporary Restraining Order and Preliminary Injunction to be filed. Sharp sought the appointment of himself as a custodian over GOFF so he could cause GOFF to file its disclosures with the OTC Markets. The district court entered an Order Granting Motion to (1) Intervene, (2) to Remove Custodian, (3) to Appoint George Sharp as Custodian, and (4) for Temporary Restraining Order and Preliminary Injunction on June 9, 2021, which among other things, appointed Mr. Sharp to replace Custodian Ventures as custodian of GOFF.

Following his appointment, Mr. Sharp worked with the OTC Markets to restore GOFF's status to current with OTC Markets for the benefit of the corporation and its shareholders. GOFF became fully reporting to the SEC, had its status with the OTC Markets restored to "Pink Current Information" and its stock traded on the OTC Markets. In addition, Mr. Sharp reviewed the list of GOFF's shareholders and discovered that 15 million shares of GOFF common stock and 5 million shares of GOFF preferred stock (the "Calasse Shares") were registered to Warwick Calasse on or about April 30, 2013. However, Mr. Sharp could not find any record of any value received by GOFF for the issuance of these shares. As a result, Mr. Sharp filed a Motion to Cancel Shares of GOFF Stock (the "Motion to Cancel"). Following a hearing, the district court granted the Motion to Cancel on February 9, 2022 on the grounds there was no value provided by Mr. Calasse to justify their issuance to him. The district court specifically found there was no legal opposition from an evidentiary perspective.

The Order Granting Motion to Cancel Shares of GOFF Stock was entered on February 22, 2022. There was no stay requested or entered regarding the cancellation of the shares of GOFF Stock. As a result, the Calasse Shares were canceled. Mr. Calasse retained new counsel, who filed a motion for reconsideration on March 8, 2022. That motion for reconsideration was denied following a hearing on April 28, 2022 with the district court making a specific finding there were no grounds for a new trial. Mr. Sharp then filed a Motion to Terminate Custodianship of GOFF. The motion to terminate custodianship was granted without opposition and the Order Granting Motion to Terminate Custodianship entered on June 2, 2022.

Following the denial of the motion for reconsideration, Mr. Calasse filed a Notice of Appeal, appealing the February 22, 2022 order canceling the 15,000,000 shares of GOFF common stock and 5,000,000 shares of GOFF preferred stock issued to Mr. Calasse. On November 8, 2022, the Nevada Supreme Court entered an order for Mr. Calasse to show cause why the appeal should not be dismissed for lack of jurisdiction. The parties briefed the jurisdiction issue, and on May 12, 2023, the Nevada Supreme Court, without ruling on the jurisdictional issue, reinstated the briefing schedule. Mr. Calasse filed his opening brief on July 25, 2023. The Company filed an answering brief on September 8, 2023. Mr. Calasse's reply brief was filed October 23, 2023. On December 12, 2024, the Supreme Court of the State of Nevada filed an Order Dismissing Appeal in this case, concluding that matter.

During the pendency of the appeal, the Company filed an action against Mr. Calasse in the in the District Court for Clark County, Nevada (Case No.: A-22-858709-B) on September 29, 2022 seeking compensatory and punitive damages on behalf of the Company against Mr. Calasse. The Company alleged Mr. Calasse breached the Consulting Agreement he claims to have entered with the Company and that he breached the fiduciary duties he owed to the Company. The district court entered a Business Court Scheduling Order Setting Civil Non-Jury Trial on October 16, 2023, scheduling a pretrial conference/calendar call for December 19, 2024 and a civil non-jury trial for January 13, 2025. The trial did not proceed as scheduled as the case was stayed during the pendency of the appeal referenced above. Following the entry of the Order Dismissing Appeal, the Company indicated a willingness to dismiss the pending action, but Mr. Calasse declined. A Stipulation and Scheduled Order Setting Civil Non-Jury Trial was entered on March 21, 2025, scheduling the case for a non-jury trial on April 20, 2026. Following discovery, Mr. Calasse filed a Motion to File Amended Answer and Counterclaim on October 6, 2025. The Company opposed the motion and served a Motion for Sanctions upon Mr. Calasse and his counsel. Upon receipt of the Motion for Sanctions, Mr. Calasse filed a Notice of Withdrawal of Defendant Warwick Calasse's Motion to File Amended Answer and Counterclaim. The Company then filed a Motion for Partial Summary Judgment on January 16, 2026 requesting judgment as to liability against Mr. Calasse. Upon receipt of the Motion for Partial Summary Judgment, Mr. Calasse expressed a willingness to dismiss the pending action. Given the perceived difficulty of collecting a judgment against Mr. Calasse, a non-U.S. citizen and resident, the Company made the prudent decision to dismiss the action against Mr. Calasse in exchange for a mutual release of any and all claims the parties have against each other, specifically including a release and waiver of any interest that Mr. Calasse may claim against the Company. The parties entered into a settlement dated May 1, 2026 that the hearing on the Company's Motion for Partial Summary Judgment and the scheduled trial will be vacated and the case dismissed with prejudice.
