CaseNo.CV2023-012400 Aug19, 2024

This dispute stems from the ex-management Gavin associate Natario (as an unauthorized representative of HIRU) writing certain bank checks which were returned as NSF by the Plaintiff AMERICA FIRST CREDIT UNION. The bank never lost any money, nor were these instruments honored by any receiving bank. Essentially there is no loss realized by the Plaintiff. The new management has furnished the Plaintiff with all evidence and supporting documentation that they in fact and the issuer were unaware of and not responsible for this event. A motion was heard by the court to dismiss the case, and the case was set aside. The Plaintiff learning of the new Hiru incoming assets and the Australia ops has re-launched the complaint with a new twist, namely that under Arizona law the Plaintiff can now attempt to claim 2.5x the "possible" exposure as punitive damage. The issuer intends to defend this new frivolous action by introducing a no case to answer, meanwhile the Plaintiff was placed on notice of a possible $50 million dollar counterclaim in the same action for the frivolous and malicious acts.

HIRU CORPORATION

NOTES TO THE UNAUDITED CONDENSED FINANCIAL STATEMENTS

For the Six Months Ended June 30, 2026

(Amounts in U.S. Dollars unless otherwise stated)

NOTE 1 – ORGANIZATION AND NATURE OF OPERATIONS

HIRU Corporation (the "Company") is engaged in the acquisition, evaluation and development of mineral rights and resource-related opportunities.

The Company's principal business strategy is the identification, acquisition and advancement of strategic mining and natural resource assets with long-term development potential, including precious metals and other mineral resource projects.

The accompanying unaudited condensed interim financial statements have been prepared assuming the Company will continue as a going concern.

NOTE 2 – BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

The accompanying unaudited condensed financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") for interim financial reporting and pursuant to the applicable rules and regulations of the United States Securities and Exchange Commission.

Accordingly, certain information and disclosures normally included in annual financial statements prepared in accordance with U.S. GAAP have been condensed or omitted. These unaudited condensed interim financial statements should be read in conjunction with the Company's audited financial statements for the year ended December 31, 2025.

In the opinion of management, all adjustments considered necessary for a fair presentation of the accompanying interim financial statements have been included and consist solely of normal recurring adjustments.

The results of operations for the six months ended June 30, 2026 are not necessarily indicative of the results that may be expected for the full fiscal year ending December 31, 2026.

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The carrying amounts of cash, accounts payable and accrued liabilities approximate fair value due to the short-term nature of these financial instruments.

NOTE 3 – OTHER CURRENT ASSETS

As of June 30, 2026 and December 31, 2025, the Company reported other current assets totaling US$1,326,000.

NOTE 4 – NON-CURRENT ASSETS

As of June 30, 2026, the Company's non-current assets consisted primarily of intangible assets totaling US$47,222,000 and acquisition-related payments totaling US$350,000 associated with the Corcoran Canyon silver-gold project located in Nevada, United States.

During the six months ended June 30, 2026, the Company's principal shareholder contributed cash totaling US$350,000 on behalf of the Company in support of the Corcoran Canyon acquisition. Of this amount, US$300,000 represented the initial acquisition deposit and US$50,000 represented an extension fee paid to extend the contractual period for completion of the transaction.

These shareholder-funded payments were recognized as acquisition-related assets with a corresponding increase in additional paid-in capital. Because the payments were made directly by the principal shareholder on behalf of the Company, no cash was received or disbursed by the Company.

Management evaluates long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. No impairment indicators were identified during the six months ended June 30, 2026.
