METAVESCO, INC. Supplemental Disclosure — Conditional Share Repurchase Authorization Pursuant to the OTC Markets Alternative Reporting Standard

Item 1 — What This Is, And What It Is Not

On July 27, 2026, the Board of Directors of Metavesco, Inc. adopted a **conditional** share repurchase authorization.

The Company cannot repurchase shares today and does not expect to be able to for some time. This disclosure is not an announcement that repurchases are beginning. It is an advance, public statement of the standard the Company will apply if and when it becomes able to repurchase shares.

Shareholders should assume no shares will be repurchased in the near term.

Item 2 — Why the Company Cannot Repurchase Shares Today

Metavesco, Inc. is a Nevada corporation. Under **NRS 78.191**, a repurchase of the Company's own shares is a "distribution." Under **NRS 78.288**, a distribution is prohibited if, after giving effect to it, the corporation would be unable to pay its debts as they become due in the usual course of business, or the corporation's total assets would be less than the sum of its total liabilities plus amounts payable on dissolution to holders of preferential rights.

The Company does not currently satisfy these requirements. No repurchase may lawfully occur until it does.

The Board adopted this authorization now, rather than waiting, so that the standard governing any future repurchase is a matter of public record established in advance — at a time when the Company plainly cannot act on it — rather than announced at a moment of the Board's choosing.

Item 3 — Terms of the Authorization

Amount. Up to $300,000 in aggregate, or at the time of purchase, 50% of the Company's available, unrestricted cash, measured as of each purchase date.

Term. Effective July 27, 2026, expiring twenty-four months thereafter unless reaffirmed by the Board. The Board will reaffirm the authorization or allow it to lapse at each annual review, and will disclose either outcome.

Maximum price. No share will be repurchased at a price exceeding **$0.0011 per share**, regardless of market conditions.

Conditions. Shares may be purchased when all of the following are satisfied immediately before and after giving effect to the purchase: the Company is able to pay its debts as they become due in the usual course of business (NRS 78.288(2)(a)); the Company's total assets equal or exceed total liabilities plus amounts payable on dissolution to holders of preferential rights (NRS 78.288(2)(b)); cash and cash equivalents remaining after the purchase equal or exceed six months of projected operating expenses; the Company's outside securities counsel has confirmed in writing that no distribution of Company securities subject to Regulation M is then in progress and no restricted period is in effect; and the purchase price does not exceed the maximum price above.

Manner. Open-market purchases, if any, will be made solely under a written Rule 10b5-1 plan adopted when the Company holds no material non-public information, administered by a single registered broker-dealer, and intended to comply with Rule 10b-18. Privately negotiated purchases may also be made. Shareholders should note that the Rule 10b-18 volume condition materially limits the Company's open-market repurchase capacity in its common stock.

No affiliate purchases. During any 30 day period in which the Company is purchasing shares, no officer, director, or controlling stockholder will purchase Company common stock for his or her own account.

Retirement. All repurchased shares will be returned to treasury and cancelled, and will not be held for reissuance.

No obligation. This authorization does not obligate the Company to repurchase any shares. The Board may suspend, modify, or terminate it at any time.

Item 4 — Reporting

The Company will report on the Program in each Quarterly Report and Annual Report for the duration of the Program.

Item 5 — Control and Related Party Interests

Ryan Schadel is the Company's Chief Executive Officer, Chief Financial Officer, sole director, and controlling stockholder, and holds 51 shares of Series X Preferred Stock representing a majority of voting power.

Mr. Schadel's equity holdings, **option awards**, and the Company's related-party obligations are described in the Quarterly Report for the period ended March 31, 2026, which this disclosure supplements.

Item 6 — Forward-Looking Statements

This disclosure contains forward-looking statements, including statements regarding the conditions under which the Company may repurchase shares in the future. These are not guarantees of future performance. The Company may never satisfy the conditions described and may never repurchase any shares. Actual outcomes depend on the Company's operating performance, cash generation, market conditions, trading volume in the common stock, regulatory constraints, and the Board's discretion. The Company undertakes no obligation to update any forward-looking statement except as required by law. Additional information is available at www.otcmarkets.com.

Item 7 — Certification

I, Ryan Schadel, Chief Executive Officer of Metavesco, Inc., certify that I have reviewed this Supplemental Disclosure and that, to the best of my knowledge, it does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made not misleading.

Ryan Schadel, Chief Executive Officer Date: 7/27/2026
