NOTES TO UNAUDITED FINANCIAL STATEMENTS
FOR THE SIX MONTHS ENDED JUNE 30, 2026 & 2025

NOTE 1 – NATURE OF OPERATIONS

Nature of Operations

The Company was incorporated in the state of Nevada in June 2003. In March of 2026 the Company converted from Nevada and was redomiciled in Wyoming. The Company operates as a holding company organized with the goal of acquiring and managing a diversified portfolio of profitable companies.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

These financial statements are presented in United States Dollars and have been prepared in accordance with Generally Accepted Accounting Principles (GAAP) in the United States of America.

B. BASIS OF ACCOUNTING

The Company utilizes the accrual method of accounting, whereby revenue is recognized when earned and expenses when incurred. The unaudited financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information. As such, the financial statements do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included and these adjustments are of a normal recurring nature. The results of operations for the six months ending June 30, 2026 are not necessarily indicative of the results for the fiscal year ending December 31, 2025.

C. USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

D. CASH AND CASH EQUIVALENTS Cash and cash equivalents include cash on hand; cash in banks and any highly liquid investments with a maturity of three months or less at the time of purchase. The Company maintains cash and cash equivalent balances at several financial institutions, which are insured by the Federal Deposit Insurance Corporation up to $250,000.

E. FIXED ASSETS Fixed assets are carried at cost. Depreciation is computed using the straight-line method of depreciation over the assets estimated useful lives. Maintenance and repairs are charged to expense as incurred; major renewals and improvements are capitalized. When items of fixed assets are sold or retired, the related cost and accumulated depreciation is removed from the accounts and any gain or loss is included in the income. In February 2019 the Company exchanges all assets used in the clinical operations for debt and shares in Rising Biosciences, Inc.

F. COMPUTATION OF EARNINGS PER SHARE

Net income per share is computed by dividing the net income by the weighted average number of common shares outstanding during the period.

F. INCOME TAXES

In February 1992, the Financial Accounting Standards Board issued Statement on Financial Accounting Standards 109 of "Accounting for Income Taxes." Under Statement 109, deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases.

FOR THE SIX MONTHS ENDED JUNE 30, 2026 & 2025

G. REVENUE RECOGNITION
Revenue for license fees is recognized upon the execution and closing of the contract for the amount of the contract. Contract fees are generally due based upon various progress milestones. Revenue from contract payments are estimated and accrued as earned. Any adjustments between actual contract payments and estimates are made to current operations in the period they are determined.

H. FAIR VALUE OF FINANCIAL INSTRUMENTS
Statement of Financial Accounting Standards No. 107, "Disclosures about Fair Value of Financial Instruments", requires disclosures of information about the fair value of certain financial instruments for which it is practicable to estimate the value. For purpose of this disclosure, the fair value of a financial instrument is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced sale or liquidation. The carrying amounts reported in the balance sheet for cash, accounts receivable, inventory, accounts payable and accrued expenses, and loans payable approximate their fair market value based on the short-term maturity of these instruments.

I. RELATED PARTIES

The Company follows ASC 850, Related Party Disclosures (ASC 850") for the identification of related parties and disclosure of related party transactions. On June 30, 2026, and June 30, 2025, the amounts due for related party transactions were $25,565 respectively. The single-related party was a shareholder and officer of the Company and made various advances to cover operating expenses when the Company was short of the required cash flow.

NOTE 2 – GOING CONCERN

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company generated no revenue for the six months ended June 30, 2026. The Company had a net loss of $41,352 for the six months ended June 30, 2026 and an accumulated deficit of $2,320,825 as of June 30, 2026, raising substantial doubt about the ability of the Company to continue as a going concern for a reasonable period. The Company's continuation as a going concern is dependent upon, among other things, its ability to generate revenues and its ability to obtain capital from third parties. No assurance can be given that the Company will be successful in these efforts.
Management plans to identify adequate sources of funding to provide operating capital for continued growth.
The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.
