4) Issuer's Business, Products and Services

A. Summary of the Issuer's business operations:

Originally, under the Company's name of AmerElite Solutions, Inc the Company was engaged in the business of developing, manufacturing, marketing and selling the Collesense™ Premium Skin Care Collection, a revolutionary skin care line combining next generation science with nature . On July 15, 2013 the Company acquired RegalWorks Inc as its wholly owned subsidiary. RegalWorks Inc. worked to develop (with the object of producing) quality motion pictures worthy of wide theatrical release, with its focus on family films with compelling, inspirational stories geared towards broad family audiences. However, RegalWorks was not able to successfully raise capital on acceptable terms sufficient to fully initiate this plan into actual movie production and discontinued this business model.

On March 1, 2022 the Company acquired 100% of Pure Rudi, LLC. a premium U.S. based business that includes the production and distribution of products that are plant-based nutraceuticals offering health and wellness to customers. Based in Maryland, through the cultivation of the Ruderalis plant, Pure Rudi utilizes rare, organic all-natural ingredients in its proprietary dietary supplements and topical products. Pure Rudi has perfected a product that it believes offers customers relief from pain, inflammation, stress, and anxiety caused by arthritis and other immunocompromised diseases and ailments. The Company operates as the holding company for Pure Rudi, LLC which operates as a wholly owned subsidiary. Accordingly, this latest acquisition brought the Company back to its original continuing business model of manufacturing and distributing health and wellness based products made from natural ingredients.

Through Pure Rudi, LLC the Company has produced modest quantities of creams, solutions and tinctures of its product which have been distributed as samples to a variety of potential customers on a test basis , with

favorable results and interest. However, Pure Rudi LLC has not yet sufficiently developed into full commercial production and distribution.

B. Description of subsidiaries, parents or affiliated companies

The Company owns 100% of RegalWorks, Inc. which it acquired with stock on July 27, 2013. Effective March 1, 2022 the Company also owns 100% of Pure Rudi, LLC. which it also acquired with stock. (See Section 7 for officers and directors etc).

C. Issuers' principal products or services, and their markets

Following the acquisition of Pure Rudi, LLC, the Company's business model is the growing, cultivation, manufacture and distribution of health and wellness products that are plant-based nutraceuticals from the Ruderalis plant that it believes offers customers relief from pain, inflammation, insomnia, stress, and anxiety caused by arthritis and other immunocompromised diseases and ailments. Presently, the primary market for the health and wellness products referred to above is the U.S., and in particular, Maryland. The Company therefore grows and cultivates Ruderalis whereby seeds are planted and up to 5,000 grown plants are harvested on an ongoing seasonal basis, and their extract creates creams, hair conditioners, solutions and tinctures.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE 6 MONTHS ENDED JUNE 30, 2026

(Unaudited)

NOTE 1 - GENERAL ORGANIZATION AND BUSINESS

RegalWorks Media, Inc. (the "Company") was incorporated in the state of Nevada July 26, 1994, as ABC Home Care Specialists, Inc., and on May 18, 2005, changed its name to AmerElite Solutions, Inc. "AmerElite".

On June 27, 2013, the Company entered into an agreement to acquire all of the outstanding shares of RegalWorks, Inc. a privately owned Nevada corporation (RWI). On July 15, 2013, the Company completed its reorganization with RWI, which then became a wholly owned subsidiary. The Company name was also changed on that date from AmerElite Solutions, Inc. to RegalWorks Media, Inc. to reflect an additional business operation of being an early-stage independent film studio led by a highly regarded team of media and business executives. Subsequent to the acquisition, the Company also began to develop feature films with a proprietary framework that matches audiences with film content through its wholly owned Regalworks subsidiary. It worked to produce quality motion pictures worthy of wide theatrical release, making a substantive contribution to the landscape of family films with compelling, inspirational stories geared towards broad family audiences, leading producers and directors to produce buzzworthy family films with memorable story lines and characters. Although the Company has had many meetings and negotiations for film financing, script acquisition, production and distribution planning, its Regalworks subsidiary has not been able to fully progress on its production objectives become development and planning. Difficulty in obtaining film finance by independent film companies has increased significantly with the rise of streaming services that tend to finance their own projects and, more recently, with the impact of the global pandemic that almost completely shut down entertainment production globally until recently. Therefore, to date, the Company has been unable to raise a meaningful portion of the funding for any of its intended film projects so that they can begin pre-production.

Because of the challenges raising film production financing in recent years, management has been pursuing a merger and acquisition strategy. Management therefore believes that its operations and assets should not be considered "nominal" but rather reflect a business that is actively pursuing defined business plans. It should be noted that the SEC, as set forth in SEC Release 33-8869, note 172, did not intend to capture "start-up" companies within the definition of a "shell company".

More recently, management decided to change its original business model and focused on acquiring businesses that manufacture and distribute health and wellness products. In accordance with this business approach, on March 1, 2022 the Company completed its acquisition of 100% of Pure Rudi, LLC, ("Pure Rudi") a premium U.S. based business that includes the production and distribution of products that are plant-based nutraceuticals offering health and wellness to potential customers. Based in Maryland, Pure Rudi utilizes rare, organic all-natural ingredients in its proprietary dietary supplements and topical products. Pure Rudi plants and cultivates a product derived from the Ruderalis plant (a cannabis plant containing low quantities of THC) that it believes offers customers relief from pain, inflammation, stress and anxiety. However, to date it has mainly focused on distributing samples of creams and tinctures extracted from the plant and had achieved only a modest level of sales to date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of and Basis of Presentation - These consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States (GAAP) and include Regalworks Inc and, from March 1, 2022, Pure Rudi, LLC.

Use of estimates - Preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Company to make estimates and assumptions that affect the reported

REGALWORKS MEDIA, INC. SEMI-ANNUAL REPORT FOR THE 6 MONTHS ENDED JUNE 30, 2026

amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Ultimate realization of assets and settlement of liabilities in the future could materially differ from those estimates. Significant estimates include the realization of receivables, the method of depreciation and useful lives assigned to fixed assets, and the revenue to be recognized from services performed.

Prepaid expense. Prepaid expense represents the Company's prepaid OTCMarkets annual subscription, which is being amortized to expense on a monthly basis through February, 2027.

Goodwill arising on the acquisition of Pure Rudi, LLC. Goodwill totaling \$235,639 arising from the acquisition of Pure Rudi, LLC on March 1, 2022. Management performed a fair value-assessment of Goodwill at December 31, 2025 involving an impairment test of the carrying value of goodwill and determined that an impairment reserve of \$135,639 is needed to reduce carrying value to \$100,000. For this impairment test, we performed qualitative assessments of our business operations and we weighed the relative impact of factors that are specific to our business as well as industry and macroeconomic factors in determining the impairment reserve required.

Earnings (Loss) per Share - Basic earnings (loss) per share is calculated by dividing the Company's net income available to common shareholders by the weighted average number of common shares during the year or period presented. The diluted earnings (loss) per share is calculated by dividing the Company's net income (loss) available to common shareholders by the diluted weighted average number of shares outstanding during the year or period presented. The diluted weighted average number of shares outstanding is the basic weighted number of shares adjusted for any potentially dilutive debt or equity. Diluted earnings (loss) per share are the same as basic earnings (loss) per share due to the lack of dilutive items.

Income Taxes - Income taxes are provided in accordance with ASC 740, Income Taxes. A deferred tax asset or liability is recorded for all temporary differences between financial and tax reporting and net operating loss carry forwards. Deferred tax expense (benefit) results from the net change during the year for deferred tax assets and liabilities.

Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all the deferred tax assets may not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment. No provision was made for Federal income taxes

NOTE 3 - GOING CONCERN

The Company had incurred recurring operating losses from its operations and presently has only achieved minimal levels of revenue. In addition, at June 30, 2026 the Company had current liabilities of \$140,257 against current assets of \$44,573 representing a working capital shortfall of \$95,684. Without an infusion of additional capital, these conditions raise substantial doubt about the Company's ability to continue as a going concern. The Company relies on additional interest free advances from the Company's CEO to fund its operating needs.. By way of example, to support the working capital needs of the Company's CEO has provided interest free advances totaling \$106,370 through June 30, 2026 and has been issued 36,104,590 preferred shares to settle a portion of these interest free advances of \$36,105 (leaving remaining interest free advances of \$70,265 at June 30, 2026).. To improve the Company's financial standing on July 16, 2026 the Company's CEO agreed to accept an additional issuance of 70,189,000 preferred shares, which reduced the balance of his interest free advances/reduced current liabilities by \$70,189 and has also indicated his willingness to continue to provide short-term financing to cover the Company's ongoing corporate and operating costs until more longer-term equity financing is obtained or until cash and net income flow is achieved through an acquisition or a merger candidate materializes. However, until more definitive financing is obtained there is no guarantee that the Company will succeed to operate beyond the next 12 months and accordingly this "going concern" comment remains.

On May 15, 2024 the Company issued 36,104,590 Preferred shares to the Company's CEO in partial settlement of short-term loans to the Company totaling \$36,104.59 (see Note 3).
