Notes to Financial Statements

As of June 30, 2026 and 2025

Note A – Business Activity

We were incorporated under the laws of the State of Nevada on May 5, 1992 under the name Bio-American Capital Corporation. On May 25, 2004 we changed our name to Cheetah Oil & Gas Ltd. The Company's last filings were for the period ended June 30, 2011 and then the Company became dormant until mid-2024 when the new owner petitioned to become the custodian of the Company and reinstated the Company. In August of 2024, the courts approved the custodianship. In May of 2026, the courts discharged the custodianship, and full control of the Company was returned to the board of directors. The Company has been reinstated as a corporation in the State of Nevada. The Company's year-end is December 31st.

Note B – Going Concern

The accompanying financial statements have been prepared on a going concern basis. As reflected in the accompanying financial statements, the Company had an accumulated deficit of $16,433,746, $46,000 of notes payable, $450 of accrued interest payable, and $200 cash used in operations as of June 30, 2026. These circumstances raise substantial doubt about the Company's ability to continue as a going concern for the 12 months from the date these financial statements were issued. Management's plans include: (1) pursuing additional equity funding from current or new shareholders; (2) monitoring working capital requirements; and (3) maintaining corporate overhead in line with available cash resources.

Note C – Summary of Significant Accounting Policies

Prepared under U.S. GAAP. Interim results are not necessarily indicative of full-year results and should be read with the Company's Annual Report for the year ended December 31, 2025. Cash equivalents are liquid investments with original maturity of three months or less. Revenue is recognized under ASC 606 (no material impact given the Company's lack of revenue). No comprehensive income/loss items were applicable. Net loss per share is computed under ASC 260-10-45. Accounts receivable was $0 as of both June 30, 2026 and June 30, 2025; no impairments were recognized (ASC 360-10-15). Stock-based compensation is accounted for under ASC 718-10. Fair value measurements follow ASC 820; the Company held no assets or liabilities measured at fair value on a recurring or non-recurring basis in either period. Management evaluated recently issued accounting pronouncements, including ASU 2021-012 (ASC 848 discounting transition), and found none with a material impact.

Note D – Segment Reporting

The Company determined that it did not have any separately reportable operating segments as of June 30, 2026, and June 30, 2025.

Note E – Capital Stock

The Company is authorized to issue 100,000,000 shares of common stock at $0.001 par value. Total issued and outstanding shares were 33,050,875 and 13,050,875 as of June 30, 2026 and June 30, 2025, respectively. No shares were issued during the first or second quarters of either 2025 or 2026. Capital contributions of $200 were made during the period ended June 30, 2026, compared with $1,534 during the period ended June 30, 2025.

Note F – Income Tax

Accounted for under ASC 740. Federal net operating loss carryforwards expire through 2031: approximately $16,387,000 (June 30, 2026) and $16,383,000 (June 30, 2025). Total deferred tax assets are approximately $3,441,000 and $3,440,000 for the respective periods, fully offset by a valuation allowance. The Company owes no State Income Tax as a Nevada corporation and has no tax returns currently open for examination.

Note G – Promissory Notes

As of June 30, 2026, the Company had three non-convertible promissory notes with aggregate principal of $46,000. Two notes, each in the original principal amount of $18,000 and bearing interest at 5% per annum, are payable to consultants Dilan Gonzalez and Cade Carter. Those obligations were recognized in the first quarter of 2026. During the second quarter of 2026, the Company recognized a separate $10,000 note payable to Belisarian Holdings, LLC bearing interest at 10% per annum in connection with services relating to OTC Markets access and completion of the Company's custodianship-related rehabilitation. For interim financial-reporting purposes, the Gonzalez and Carter notes were recognized as of March 31, 2026, and the Belisarian Holdings note was recognized as of June 30, 2026. Accordingly, $450 of interest expense and accrued interest payable was recorded during the second quarter on the $36,000 of first-quarter notes. No cash principal or interest payments were made through June 30, 2026.

Note H – Material Events / Subsequent Events

The Company's last filings were for the period ended June 30, 2011, after which it became dormant until mid-2024, when the new owner petitioned to become custodian and reinstated the Company; the courts approved the custodianship in August 2024 and discharged it in May 2026, returning full control to the Board of Directors. The Company has been reinstated as a corporation in the State of Nevada. In October 2025, the Board approved the issuance of 20,000,000 shares of common stock, valued at par, to Director Leonard Amabile for services rendered. No subsequent transactions occurred from the period end June 30, 2026 through July 31, 2026.

On June 30, 2026, aggregate principal owed under these arrangements was $46,000, exclusive of $450 of accrued interest.
