NOTES TO FINANCIAL STATEMENTS

For the Six Months Ended June 30, 2026

Note 1 — Basis of Presentation.

The accompanying interim financial statements of Hop-on, Inc. (the "Company") as of and for the six months ended June 30, 2026 have been prepared, without audit, pursuant to generally accepted accounting principles in the United States of America ("U.S. GAAP"), and reflect all adjustments which, in the opinion of management, are necessary for a fair presentation of the results for the periods presented. Results for interim periods are not necessarily indicative of results that may be expected for the full year. Comparative balance sheet figures as of December 31, 2025 are derived from the Company's year-end financial statements.

The Statement of Income presents the six months ended June 30, 2026 with the corresponding six-month period ended June 30, 2025. Those income-statement comparative amounts are derived from the Company's previously filed June 2025 Quarterly Report. The Statement of Cash Flows presents the six months ended June 30, 2026 with the year ended December 31, 2025, as reported in the Company's filed 2025 Annual Report. Amounts are rounded to the nearest dollar; minor differences may occur when independently rounded balances are compared.

Note 2 — Going Concern.

The Company is pre-revenue and has accumulated losses through June 30, 2026 of approximately $33.0 million. The Company's ability to continue as a going concern depends upon obtaining additional financing or generating positive cash flow from operations of its Digitalage subsidiary or other commercial activities. These conditions raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Note 3 — Intangible Assets - Patents.

Intangible Assets - Patents of $131,145 represents the historical cost of patent prosecution and filing fees capitalized in accordance with U.S. GAAP, which requires patents to be recorded at the cost invested in obtaining the patent rather than estimated fair value. The historical adjustment from $1,000,000 (as previously recorded at June 30, 2007) to $131,145 was a correction in accounting procedure. The Company evaluates these assets for impairment when events or changes in circumstances indicate that the carrying amount may not be recoverable; no impairment was recorded in the six months ended June 30, 2026.

Note 4 — Investment in Digitalage, Inc.

Investment in Digitalage represents the Company's carrying value in its wholly owned subsidiary, Digitalage, Inc., a Nevada corporation. The intercompany balance increased by $429,954 during the six months ended June 30, 2026 reflecting funding and expenses attributable to subsidiary operations. This activity is presented as a non-cash adjustment in the Statement of Cash Flows because no cash transfer occurred during the period. This non-cash intercompany allocation is presented as a reconciling adjustment in the Statement of Cash Flows and does not represent an actual cash outflow from operating or investing activities.

Note 5 — Convertible Debt.

As of June 30, 2026, the Company had five outstanding promissory notes, all classified as on demand. The aggregate principal amount was $1,190,500, and the aggregate outstanding balance, including accrued interest, was $3,533,162, compared with $3,395,075 at December 31, 2025. The increase of approximately $138,087 reflects accrued interest recognized during the six months ended June 30, 2026. Global Technologies Group, LLC, controlled by Ian Colhoun, advanced aggregate principal of $250,000 between April 1, 2022 and June 30, 2022. The obligation bears interest at 1% per month and had an outstanding balance, including accrued interest, of $346,209 as of June 30, 2026. The promissory notes disclosed in Section 3(B) do not contain conversion features. The Company also carries a separate short-term loan within Credit Cards and Other Current Liabilities; that loan is not included in Section 3(B) and is not convertible. Long-Term Liabilities were $1,190,500 at both June 30, 2026 and December 31, 2025.

Note 6 — Stockholders' Equity.

As of June 30, 2026, the Company has 10,600,000,000 common shares authorized at $0.0001 par value, of which 7,465,850,472 shares are issued and outstanding. No common shares were issued, cancelled, or returned during the six months ended June 30, 2026. The Company also has authorized and outstanding 29,000,000 shares of Convertible Preferred Stock (5,000,000 Series A; 4,000,000 Series B; 10,000,000 Series C; 10,000,000 Series D), each at $0.001 par value. No shares of any series of Preferred Stock have been converted as of June 30, 2026. Voting, liquidation, redemption, and conversion rights for each series are described in Section 2 of this Quarterly Report. The financial statement account balances presented are Common Stock of $746,585, Preferred Stock Series A of $60,000, Series B of $60,000, Series C of $80,000, Series D of $100,000, Treasury Stock of $100,000, and Paid-in Capital of $25,793,754.

Note 7 — Legal Matters.

On August 26, 2009, a default judgment in the amount of $3,500,000 was entered against the Company in the Superior Court of California, County of Orange, on a counterclaim by Dan Gannon. The judgment was renewed on May 8, 2019. The Company intends to seek to have the judgment vacated. No accrual has been recorded as management believes available defenses and vacatur efforts may negate or reduce the ultimate liability; however, if the judgment is enforced, the liability, including accrued statutory interest, could materially exceed the Company's current assets.

Separately, the Company and other defendants received a default judgment in a civil case in the County of Riverside for approximately $100,000 in favor of Smokeless Selects; the Company is working to resolve the matter.

No accrual has been recorded for the Smokeless Selects matter as management believes the outcome is not reasonably estimable. The Gannon judgment is disclosed in Section 7(A)(3).

Note 8 — Subsequent Events.

Management has evaluated subsequent events through the date these financial statements were available to be issued and has determined that no material subsequent events have occurred that would require disclosure in or adjustment to the financial statements.
