Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

One vote per share

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

Series A Redeemable Preferred Stock

On September 21, 2020, the Company created a series of Preferred Stock designating 2,000,000 shares as Series A Redeemable Preferred Stock ranks senior to the Company's Common Stock upon the liquidation, dissolution or winding up of the Company. The Series A Preferred Stock does not bear a dividend or have voting rights and is not convertible into shares of our Common Stock.

Series B Preferred Stock

On December 14, 2020, the Company designated 2,000,000 shares of its authorized preferred stock as Series B Convertible, Non-voting Preferred Stock (the "Series B Preferred Stock"). The Series B Preferred Stock does not bear a dividend or have voting rights.

Series C Preferred Stock

On February 19, 2021, the Company amended its Articles of Incorporation whereby 2,000,000 shares of preferred stock were designated Series C Convertible Preferred Stock. The holders of the Series C Convertible Preferred Stock are entitled to 100 votes and shall vote together with the holders of common stock. Each share of the Series C Convertible Preferred Stock automatically converted into ten shares of common stock on January 1, 2023; however, such conversion has not been effectuated as of the date hereof.

Series D Preferred Stock

Pursuant to the KBI Agreement (Note 8), on July 22, 2025, the Company filed with the Secretary of State of the State of Nevada, a Certificate of Designation of Series D Convertible Preferred Stock establishing the voting powers, designations, preferences, limitations, restrictions and relative rights of the Series D Convertible Preferred Shares (the "Series D COD"). The Series D COD authorizes 500,000 shares of Series D Preferred Stock, which shares are convertible into shares of Common Stock at a price of $0.10 per share, meaning one share of Series D Preferred Stock converts into 10 shares of Common Stock, at the option of the holder thereof (the "Series D Conversion Price"). The Series D Conversion Price shall not be adjusted for stock splits, stock dividends, recapitalizations, or similar events. Additionally, the holder of Series D Preferred Stock shall not be entitled to convert any portion of its Series D Preferred Stock into shares of Common Stock to the extent that such conversion would result in the holder beneficially owning in excess of 4.99% of the then outstanding Common Stock.

3. Describe any other material rights of common or preferred stockholders.

_____

4. Describe any material modifications to rights of holders of the company's securities that have occurred over the reporting period covered by this report.

_____

3) Issuance History

The goal of this section is to provide disclosure with respect to each event that resulted in any changes to the total shares outstanding of any class of the issuer's securities ***in the past two completed fiscal years and any subsequent interim period****.*

Disclosure under this item shall include, in chronological order, all offerings and issuances of securities, including debt convertible into equity securities, whether private or public, and all shares, or any other securities or options to acquire such securities, issued for services. Using the tabular format below, please describe these events.

B. Convertible Debt

The following is a complete list of the Company's Convertible Debt which includes all promissory notes, convertible notes, convertible debentures, or any other debt instruments convertible into a class of the issuer's equity securities. The table includes all issued or outstanding convertible debt at any time during the last complete fiscal year and any interim period between the last fiscal year end and the date of this Certification.

[☐] Check this box to confirm the Company had no Convertible Debt issued or outstanding at any point during this period.

Date of Note Issuance	Principal Amount at Issuance ($)	Outstanding Balance ($) (include accrued interest)	Maturity Date	Conversion Terms (e.g., pricing mechanism for determining conversion of instrument to shares)	# Shares Converted to Date	# of Potential Shares to be Issued Upon Conversion[1]	Name of Noteholder (entities must have individual with voting / investment control disclosed).	Reason for Issuance (e.g., Loan, Services, etc.)

[1] The total number of shares that can be issued upon full conversion of the Outstanding Balance. The number should not factor any "blockers" or limitations on the percentage of outstanding shares that can be owned by the Noteholder at a particular time. For purposes of this calculation, please use the current market pricing (e.g. most recent closing price, bid, etc.) of the security if conversion is based on a variable market rate.

4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations.

Ensure that these descriptions are updated on the Company's Profile on www.OTCMarkets.com.

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

Clean Vision Corporation is a new entrant in the clean energy and waste-to-energy industries focused on clean technology and sustainability opportunities. Currently, we are focused on providing a solution to the plastic and tire waste problem by recycling the waste and converting it into saleable byproducts, such as hydrogen and other clean-burning fuels that can be used to generate clean energy. Using a technology known as pyrolysis, which heats the feedstock (*i.e.*, plastic) at high temperatures in the absence of oxygen so that the material does not burn, we are able to turn the feedstock into (i) low sulfur fuel, (ii) clean hydrogen and (iii) carbon black or char (char is created when plastic is used as feedstock).

B. List any subsidiaries, parent company, or affiliated companies.

Clean Seas UK, Clean Seas, WV, Clean Seas AZ, Clean Seas MI, Clean Seas India, Clean Seas Morocco

C. Describe the issuers' principal products or services.

Our goal is to generate revenue from three sources: (i) service revenue from the recycling services we provide (ii) revenue generated from the sale of the byproducts; and (iii) revenue generated from the sale of fuel cell equipment. Our mission is to aid in solving the problem of cost-effectively upcycling the vast amount of waste plastic generated on land before it flows into the world's oceans.

All operations are currently being conducted through Clean-Seas, Inc. ("Clean-Seas"), our wholly-owned subsidiary. Clean-Seas acquired its first pyrolysis unit in November 2021 for use in a pilot project in India, which began operations in early May 2022. On April 23, 2023, Clean-Seas entered into its acquisition of fifty-one percent (51%) interest in Ecosynergie S.A.R.L., a limited liability company organized under the laws of Morocco ("Ecosynergie" or "Clean-Seas Morocco"). Clean-Seas Morocco began operations at its pyrolysis facility in Agadir, Morocco in April 2023, which currently has capacity to convert 20 tons per day ("TPD") of waste plastic through pyrolysis.

We believe that our current projects will showcase our ability to convert waste plastic (using pyrolysis), to generate three byproducts: (i) low sulfur fuel, (ii) clean hydrogen (specifically, the Company's branded clean hydrogen, AquaH®, which trademark was issued by the USPTO on November 8, 2023 and published on November 28, 2023), and (iii) carbon char. We intend to sell the majority of these byproducts, while retaining a small amount of the low sulfur fuels and/or hydrogen to power our facilities and equipment.

5) Issuer's Facilities

The goal of this section is to provide investors with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer. Describe the location of office space, data centers, principal plants, and other property of the issuer and describe the condition of the properties. Specify if the assets, properties, or facilities are owned or leased and the terms of their leases. If the issuer does not have complete ownership or control of the property, describe the limitations on the ownership.

6) All Officers, Directors, and 5% Beneficial Owners of the Company

Using the table below, please provide information, as of the period end date of this report, regarding all officers and directors of the company, or any person that performs a similar function, regardless of the number of shares they own.

In addition, list all individuals or entities controlling 5% or more of any class of the issuer's securities.
If any insiders listed are corporate shareholders or entities, provide the name and address of the person(s) beneficially owning or controlling such corporate shareholders, or the name and contact information (City, State) of an individual representing the corporation or entity. Include Company Insiders who own any outstanding units or shares of any class of any equity security of the issuer.

The goal of this section is to provide investors with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant or beneficial owners.

NOTE 1 — ORGANIZATION AND NATURE OF BUSINESS

Clean Vision Corporation ("Clean Vision," "we," "us," or the "Company") is a new entrant in the clean energy and waste-to-energy industries focused on clean technology and sustainability opportunities. Currently, we are focused on providing a solution to the plastic and tire waste problem by recycling the waste and converting it into saleable byproducts, such as hydrogen and other clean-burning fuels that can be used to generate clean energy. Using a technology known as pyrolysis, which heats the feedstock (*i.e.*, plastic) at high temperatures in the absence of oxygen so that the material does not burn, we are able to turn the feedstock into (i) low sulfur fuel, (ii) clean hydrogen and (iii) carbon black or char (char is created when plastic is used as feedstock). Our goal is to generate revenue from three sources: (i) service revenue from the recycling services we provide (ii) revenue generated from the sale of the byproducts; and (iii) revenue generated from the sale of fuel cell equipment. Our mission is to aid in solving the problem of cost-effectively upcycling the vast amount of waste plastic generated on land before it flows into the world's oceans.

All operations are currently being conducted through Clean-Seas, Inc. ("Clean-Seas"), our wholly-owned subsidiary. Clean-Seas acquired its first pyrolysis unit in November 2021 for use in a pilot project in India, which began operations in early May 2022. On April 23, 2023, Clean-Seas completed its acquisition of a fifty-one percent (51%) interest in Ecosynergie S.A.R.L., a limited liability company organized under the laws of Morocco ("Ecosynergie" or "Clean-Seas Morocco"). Clean-Seas Morocco began operations at its pyrolysis facility in Agadir, Morocco in April 2023, which currently has capacity to convert 20 tons per day ("TPD") of waste plastic through pyrolysis.

We believe that our current projects will showcase our ability to convert waste plastic (using pyrolysis), to generate three byproducts: (i) low sulfur fuel, (ii) clean hydrogen (specifically, the Company's branded clean hydrogen, AquaH®, which trademark was issued by the USPTO on November 8, 2023 and published on November 28, 2023), and (iii) carbon char. We intend to sell the majority of these byproducts, while retaining a small amount of the low sulfur fuels and/or hydrogen to power our facilities and equipment. To date, our operations in India have not generated any revenue.

Clean-Seas India Private Limited was incorporated on November 17, 2021, as a wholly owned subsidiary of Clean-Seas., has entered into a development agreement with the Council of Scientific and Industrial Research ("CSIR"), acting through CSIR-Indian Institute of Chemical Technology (IICT) in Hyderabad. This agreement provides that the IICT development team will evaluate the performance of the Clean-Seas pyrolysis technology, which has already been installed at the Hyderabad location, to improve, productize and scale the technologies for the benefit of sales directly to the third parties, which we anticipate will include the Indian Government as well as the private sector. Our pilot project in India is designed to showcase our ability to pyrolyze plastic feedstock and generate saleable byproducts, including clean hydrogen, AquaH®, which can then be used in fuel cells to generate clean energy. This completes the value chain from an unused waste stream through to clean usable electricity.

Clean-Seas, Abu Dhabi PVT. LTD was incorporated in Abu Dhabi on December 9, 2021 as a wholly owned subsidiary of the Company. On January 19, 2022, the Company changed the name of its wholly owned subsidiary, Clean-Seas, Abu Dhabi PVT. LTD, to Clean-Seas Group; however, as of July 4, 2022, the Clean-Seas Group had ceased operations.

Endless Energy, Inc. ("Endless Energy") was incorporated in Nevada on December 10, 2021, as a wholly owned subsidiary of the Company, for the purpose of investing in wind and solar energy projects but does not currently have any operations.

EcoCell, Inc. ("EcoCell") was incorporated on March 4, 2022, as a wholly owned subsidiary of the Company. EcoCell does not currently have any operations, but we intend to use EcoCell for the purpose of licensing fuel cell patented technology in the future.

Clean-Seas Arizona, Inc. ("Clean-Seas Arizona") was incorporated in Arizona on September 19, 2022, as a wholly owned subsidiary of Clean-Seas. Pursuant to that certain Memorandum of Understanding signed on November 4, 2022, Arizona State University (ASU) and the Rob and Melani Walton Sustainability Solution Services (WS3), the parties intend for Clean-Seas Arizona to establish a plastic feedstock to clean hydrogen conversion facility to be located in Phoenix, Arizona. In furtherance of these goals, and pursuant to a Services Agreement (the "Arizona Services Agreement") signed on June 12, 2023 with ASU and WS3, this facility is currently intended to source and convert plastic feedstock from the Phoenix area and import plastic from California. Pursuant to the Arizona Services Agreement, the Arizona facility is expected to begin processing plastic feedstock in Q4 2026 at 100 TPD and scale up to a maximum of

500 TPD at full capacity. Additionally, we are exploring plans for this facility to be powered by renewable energy, which, if successful, would become the first completely off grid pyrolysis conversion facility in the world.

Clean-Seas West Virginia, Inc. ("Clean-Seas West Virginia"), formed on April 1, 2023, is our first PCN facility slated for the United States and is currently expected to be operational in Q1 2027. This facility is located in the city of Belle, outside of Charleston, the capital of West Virginia, and is expected to begin operations converting 50 TPD of plastic feedstock. The Company expects to expand to greater than 100 TPD within three years of beginning operations. Clean-Seas has engaged MacVallee, LLC ("MacVallee") to secure mixed plastic feedstock from material recovery facilities and industrial suppliers.

Clean Seas Partners UK Limited ("Clean Seas UK") was formed on July 17, 2023. Clean Seas UK is involved with business development and has limited activity as of March 31, 2026.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Company's unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP"), and pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC") and reflect all adjustments, consisting of normal recurring adjustments, which management believes are necessary to fairly present the financial position, results of operations and cash flows of the Company as of and for the three month period ending March 31, 2026 and not necessarily indicative of the results to be expected for the full year ending December 31, 2026. These unaudited consolidated financial statements should be read in conjunction with the financial statements and related notes included in the Company's financial statements for the year ended December 31, 2025.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Concentrations of Credit Risk

We maintain our cash in bank deposit accounts, the balances of which at times may exceed federally insured limits. We continually monitor our banking relationships and consequently have not experienced any losses in our accounts. At times, such deposits may be in excess of the Federal Deposit Insurance Corporation insurable amount ("FDIC"). As of March 31, 2026, the Company had cash in excess of the FDIC's $250,000 coverage limit of $433,906, in total for several accounts at one bank, in excess of the FDIC's coverage limit.

Cash Equivalents

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. There were no cash equivalents for the three months ended March 31, 2026 and 2025.

Restricted Cash

As of March 31, 2026 and December 31, 2025, the Company has $347,910 and $822,074, respectively, of restricted cash. The restricted cash is for UPS Industrial Services to ensure that there is three months in advance of construction capital available.

Principles of Consolidation

The accompanying unaudited consolidated financial statements for the period ended December 31, 2025, include the accounts of the Company and its wholly owned subsidiaries, Clean-Seas, Clean-Seas India Private Limited, Clean-Seas Group, Endless Energy, Inc., EcoCell, Inc., Clean-Seas Arizona, Inc., Clean-Seas West Virginia, Clean-Seas Partners UK Limited and our 51% owned subsidiary, Clean-Seas Morocco, LLC. As of March 31, 2026, there was no activity in Clean-Seas Group, Endless Energy or Clean-Seas Arizona. All intercompany transactions are eliminated in consolidation.

Translation Adjustment

The accounts of the Company's subsidiary, Clean-Seas India, are maintained in Rupees and the accounts of Clean-Seas Morocco in Moroccan dirham. In accordance with *ASC 830-30 – Foreign Currency Matters*, all assets and liabilities were translated at the current exchange rate at respective balance sheets dates, members' capital are translated at the historical rates and income statement items are translated at the average exchange rate for the period. The resulting translation adjustments are reported under other comprehensive income in accordance with the Comprehensive Income Topic of the Codification (ASC 220), as a component of members' capital. Transaction gains and losses are reflected in the income statement.

Comprehensive Income

The Company uses SFAS 130 "Reporting Comprehensive Income" (ASC Topic 220). Comprehensive income is comprised of net loss and all changes to the consolidated statements of stockholders' equity, except changes in paid-in capital and distributions to shareholders. Comprehensive loss is inclusive of net loss and foreign currency translation adjustments.

Basic and Diluted Earnings Per Share

Net income (loss) per common share is computed pursuant to section 260-10-45 of the FASB Accounting Standards Codification. Basic net income (loss) per common share is computed by dividing net income (loss) by the weighted average number of shares of common stock outstanding during the period. Diluted net income (loss) per common share is computed by dividing net income (loss) by the weighted average number of shares of common stock and potentially outstanding shares of common stock during the period. The weighted average number of common shares outstanding and potentially outstanding common shares assumes that the Company incorporated as of the beginning of the first period presented. As of March 31, 2026 and 2025, the Company's diluted loss per share is the same as the basic loss per share, as the inclusion of any potential shares would have had an anti-dilutive effect due to the Company generating a loss.

	March 31, 2026	March 31, 2025
Weighted Average Common shares	1,422,452,673	898,023,178
Net loss attributed to Clean Vision Corporation	$ (4,316,156)	$ (3,233,681)
Basic and diluted loss per share	$ (0.00)	$ (0.00)

Weighted Average Common shares	1,422,452,673	898,023,178
Shares from convertible debt	2,246,301,140	457,020,012
Shares from warrants	254,932,830	271,722,830
Series C preferred stock	20,000,000	20,000,000
Total Diluted Shares	3,943,686,643	1,646,766,020

Stock-Based Compensation

The Company accounts for stock-based compensation using the provisions of ASC Topic 718, *Stock Compensation*, which requires the recognition of the fair value of stock-based compensation. Stock-based compensation is estimated at the grant date based on the fair value of the awards. The Company accounts for forfeitures of grants as they occur. Compensation cost for awards is recognized using the straight-line method over the vesting period. Stock-based compensation is included in officer compensation, general and administrative and consulting expense, as applicable, in the consolidated statements of operations and comprehensive loss.

Goodwill

The Company accounts for business combinations under the acquisition method of accounting in accordance with Accounting Standards Codification ("ASC") 805, *Business Combinations*, where the total purchase price is allocated to the tangible and identified intangible assets acquired and liabilities assumed based on their estimated fair values. The purchase price is allocated using the information currently available, and may be adjusted, up to one year from acquisition date, after obtaining more information regarding, among other things, asset valuations, liabilities assumed and revisions to preliminary estimates. The purchase price in excess of the fair value of the tangible and identified intangible assets acquired less liabilities assumed is recognized as goodwill.

In accordance with ASU 2017-04, *Intangibles - Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment,* the Company will test for indefinite-lived intangibles and goodwill impairment in the fourth quarter of each year and whenever events or circumstances indicate that the carrying amount of the asset exceeds its fair value and may not be recoverable.

Derivative Financial Instruments

The Company evaluates its convertible notes to determine if such instruments have derivatives or contain features that qualify as embedded derivatives. For derivative financial instruments that are accounted for as liabilities, the derivative instrument is initially recorded at its fair value and is then re-valued at each reporting date, with changes in the fair value reported in the statements of operations. For stock-based derivative financial instruments, the Company uses a weighted-average Black-Scholes-Merton option pricing model to value the derivative instruments at inception and on subsequent valuation dates. The classification of derivative instruments, including whether such instruments should be recorded as liabilities or as equity, is evaluated at the end of each reporting period.

Fair Value of Financial Instruments

The Company follows paragraph 825-10-50-10 of the FASB Accounting Standards Codification for disclosures about fair value of its financial instruments and paragraph 820-10-35-37 of the FASB Accounting Standards Codification ("Paragraph 820-10-35-37") to measure the fair value of its financial instruments. Paragraph 820-10-35-37 establishes a framework for measuring fair value in accounting principles generally accepted in the United States of America (U.S. GAAP) and expands disclosures about fair value measurements. To increase consistency and comparability in fair value measurements and related disclosures, Paragraph 820-10-35-37 establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into three (3) broad levels. The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three (3) levels of fair value hierarchy defined by Paragraph 820-10-35-37 are described below:

Level 1: Quoted market prices available in active markets for identical assets or liabilities as of the reporting date.

Level 2: Pricing inputs other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date.

Level 3: Pricing inputs that are generally unobservable inputs and not corroborated by market data.

The carrying amount of the Company's financial assets and liabilities, such as cash, prepaid expenses and accrued expenses approximate their fair value because of the short maturity of those instruments. The Company's notes payable represent the fair value of such instruments as the notes bear interest rates that are consistent with current market rates.

The following table classifies the Company's liabilities measured at fair value on a recurring basis into the fair value hierarchy as of:

March 31, 2026

Description	Level 1	Level 2	Level 3
Derivative	$ —	$ —	$ 3,938,470
Total	$ —	$ —	$ 3,938,470

December 31, 2025

Description	Level 1	Level 2	Level 3

Total	$ —	$ —	$ 1,432,110

Revenue Recognition

The Company recognizes revenue under ASC 606, "Revenue from Contracts with Customers" ("ASC 606"). The Company determines revenue recognition under ASC 606 through the following steps:

- Identification of a contract with a customer;
- Identification of the performance obligations in the contract;
- Determination of the transaction price;

- Allocation of the transaction price to the performance obligations in the contract; and
- Recognition of revenue when or as the performance obligations are satisfied.

Revenue is recognized when control of the promised goods or services is transferred to customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those goods or services. Shipping and handling activities associated with outbound freight after control over a product has transferred to a customer are accounted for as a fulfillment activity and recognized as revenue at the point in time at which control of the goods transfers to the customer. As a practical expedient, the Company does not adjust the transaction price for the effects of a significant financing component if, at contract inception, the period between customer payment and the transfer of goods or services is expected to be one year or less.

Our business model is focused on generating revenue from the following sources:

(i) Service revenue from the recycling services we provide. We plan to establish plastic feedstock agreements with a number of feedstock suppliers for the delivery of plastic to our facilities. Much of this plastic is currently a cost center for such feedstock suppliers, who pay "tipping fees" to landfills or incinerators. We will accept this plastic feedstock at reduced price or for no tipping fees. In some cases, feedstock suppliers will also share in revenue on products produced from their feedstock. This revenue will be realized and recognized upon receipt of feedstock at one of our facilities.

(ii) Revenue generated from the sale of commodities. We will produce commodities including, but not limited to, pyrolysis oil, fuel oil, lubricants, synthetic gas, hydrogen, and carbon char. We are in negotiation with chemical and oil companies for purchasing, or off-taking, fuels and oils we produce, and exploring applications for carbon char. This revenue will be recognized upon shipment of products from one of our facilities and in some cases off-takers may pre-pay for a contractual obligation to buy our commodities.

(iii) Revenue generated from the sale of environmental credits. Our products are eligible for numerous environmental credits, including but not limited to carbon credits, plastic credits, and biodiversity credits. These credits may be monetized directly on the relevant markets or may be realized as value-add to off-takers, who will pay a premium for eligible products. Revenue from these credits will be recognized upon sale of applicable environmental credits on recognized markets, and/or upon sale of commodities to off-takers when that off-take includes an environmental credit premium.

(iv) *Revenue generated from royalties and/or the sale of equipment*. We expect to develop or acquire intellectual property which could generate revenue through royalties and/or sales of manufactured equipment. Revenue may be recognized upon the terms of a contracted sale agreement.

For the period ended March 31, 2026, we were unable to obtain financial information from our subsidiary in Morocco.

For the period ended March 31, 2025, our operations in Morocco had generated approximately $10,500 in revenue from the sale of commodities (the provision of pyrolysis services and its sale of byproducts). As of March 31, 2025, we did not generate revenue from any other sources.

Trade Accounts Receivable

Trade accounts receivable are amounts due from customers under normal trade terms. After assessing the creditworthiness of our customers and considering our historical experience, anticipated future operations, and prevailing economic conditions, we have determined that the application of the current expected credit loss (CECL) methodology would be immaterial to our financial statements. Consequently, no allowance for credit losses has been recorded as of December 31, 2025. The absence of a recorded allowance for credit losses reflects our judgment that potential credit losses on outstanding receivables are negligible. As of March 31, 2026 and December 31, 2025, approximately 61.1% and 21.8% of accounts receivable are due from two customers, respectively.

Inventory

Certain inventory consists of plastic bottles that are acquired at no cost to us and are held for use in our pyrolysis process, which converts these materials into pyrolysis oil, carbon char, and other commodities. In accordance with U.S. Generally Accepted Accounting Principles (GAAP), these bottles are recorded at the lower of cost or market. Since the acquisition cost of the bottles is zero, and there is no significant alternative market value attributable to these materials before conversion, the carrying value of this inventory is recorded at $0 on our consolidated balance sheets.

The absence of a recorded cost for the plastic bottles does not reflect their importance to our production process or potential value of the end products. This accounting treatment is specific to the characteristics of the materials used and does not imply any underlying concerns about the viability or value of the final products produced through our pyrolysis process.

Leases

The Company determines whether an arrangement contains a lease at the inception of the arrangement. If a lease is determined to exist, the term of such lease is assessed based on the date on which the underlying asset is made available for the Company's use by the lessor. The Company's assessment of the lease term reflects the non-cancelable term of the lease, inclusive of any rent-free periods and/or periods covered by early-termination options which the Company is reasonably certain of not exercising, as well as periods covered by renewal options which the Company is reasonably certain of exercising. The Company also determines lease classification as either operating or finance at lease commencement, which governs the pattern of expense recognition and the presentation reflected in the consolidated statements of operations over the lease term.

For leases with a term exceeding 12 months, an operating lease liability is recorded on the Company's consolidated balance sheet at lease commencement reflecting the present value of its fixed minimum payment obligations over the lease term. A corresponding operating lease right-of-use asset equal to the initial lease liability is also recorded, adjusted for any prepaid rent and/or initial direct costs incurred in connection with execution of the lease and reduced by any lease incentives received. For purposes of measuring the present value of its fixed payment obligations for a given lease, the Company uses its incremental borrowing rate, determined based on information available at lease commencement, as rates implicit in its leasing arrangements are typically not readily determinable. The Company's incremental borrowing rate reflects the rate it would pay to borrow on a secured basis and incorporates the term and economic environment of the associated lease.

For the Company's operating leases, fixed lease payments are recognized as lease expense on a straight-line basis over the lease term. For leases with a term of 12 months or less, lease payments are recognized as paid and are not recognized on the Company's consolidated balance sheet as an accounting policy election.

Operating Segments

In accordance with ASC 280, management has determined that the Company operates as a single operating segment. Discrete financial information is only evaluated at the consolidated level, and the Chief Operating Decision Maker ("CODM") reviews and assesses financial performance on a consolidated basis. No discrete financial information is prepared or evaluated at a subsidiary or component level for purposes of allocating resources or assessing performance.

Recently Issued Accounting Pronouncements

The Company has implemented all new applicable accounting pronouncements that are in effect. These pronouncements did not have any material impact on the financial statements unless otherwise disclosed, and the Company does not believe that there are any other new accounting pronouncements that have been issued that might have a material impact on its financial position or results of operations.

NOTE 3 — GOING CONCERN

The accompanying unaudited consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company has not yet established a source of revenue sufficient to cover its operating costs, had an accumulated deficit of $62,360,059 at March 31, 2026, and had a net loss of $4,316,156 for the period ended March 31, 2026. The Company's ability to raise additional capital through the future issuances of common stock and/or debt financing is unknown. The obtainment of additional financing, the successful development of the Company's contemplated plan of operations, and its transition, ultimately, to the attainment of profitable operations are necessary for the Company to continue operations. These conditions and the ability to successfully resolve these factors raise substantial doubt about the Company's ability to continue as a going concern. The unaudited consolidated financial statements of the Company do not include any adjustments that may result from the outcome of these aforementioned uncertainties.

Management plans to continue to implement its business plan and to fund operations by raising additional capital through the issuance of debt and equity securities. The Company's existence is dependent upon management's ability to implement its business plan and/or obtain additional funding. There can be no assurance that the Company's financing efforts will result in profitable operations or the resolution of the Company's liquidity problems. Even if the Company is able to obtain additional financing, it may include undue restrictions on our operations in the case of debt or cause substantial dilution for our stockholders in the case of equity financing.

NOTE 4 — PROPERTY & EQUIPMENT

Property and equipment are recorded at cost. The Company capitalizes purchases of property and equipment over $5,000. Depreciation is computed using the straight-line method over the estimated useful lives of the various classes of assets as follows between three and ten years.

Long lived assets, including property and equipment, to be held and used by the Company are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value of the assets may not be recoverable. Impairment losses are recognized if expected future cash flows of the related assets are less than their carrying values. Measurement of an impairment loss is based on the fair value of the asset. Long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less cost to sell.

Maintenance and repair expenses, as incurred, are charged to expense. Betterments and renewals are capitalized in plant and equipment accounts. Cost and accumulated depreciation applicable to items replaced or retired are eliminated from the related accounts with any gain or loss on the disposition included as income.

Clean-Seas has purchased a pyrolysis unit for piloting and demonstration purposes which has been commissioned in Hyderabad, India as of May 2022. The unit will be used to showcase the Company's technology and services, turning waste plastic into environmentally friendly commodities, to potential customers.

Property, plant, and equipment at our Clean-Seas Morocco facility comprise equipment, buildings and fixtures, automobiles, furniture, and land. Upon acquisition, buildings and land were recorded at their estimated fair value, determined through a valuation conducted in 2018. Depreciation for equipment, buildings, automobiles, and furniture is computed using the straight-line method over estimated useful lives of 5 to 10 years.

Property and equipment stated at cost, less accumulated depreciation consisted of the following:

	March 31, 2026	December 31, 2025
Pyrolysis unit	$ 151,672	$ 151,672
Equipment and materials	8,334,061	7,853,930
Buildings and fixtures	546,298	546,298
Land	3,908,841	3,908,841
Office furniture	1,763	1,763
Leasehold improvements	296,885	290,210
Less: accumulated depreciation	(568,160)	(555,490)
Property and equipment, net	$ 12,671,360	$ 12,197,224

Depreciation expense

For the three months ended March 31, 2026 and 2025, depreciation expense was $12,670 and $48,259, respectively.

NOTE 5 — LOANS PAYABLE

Effective January 1, 2026, the Company acquired a financing loan for its Director and Officer Insurance for $44,200. The loan bears interest at 8.55%, requires monthly payments of $4,595.05 and is due within one year. As of March 31, 2026, the balance due is $31,440.

West Virginia State Incentive Package

On June 12, 2023, Clean-Seas announced that it secured $12 million in state incentives, which includes $1.75 million in cash to establish a PCN facility outside of Charleston, West Virginia. Clean-Seas West Virginia, has an existing feedstock supply agreement for 100 TPD of post-industrial plastic waste and is planned to be a PCN hub servicing the Mid-Atlantic states. The project will commence in phases, Phase 1 being 50 TPD, with plans to scale up to 500 TPD. Additional project finance capital is in the process of being secured and the Company received the $1.75 million cash disbursement on September 25, 2023. The loan is forgiven after three years if the Company employs forty or more people at the West Virginia facility. As of March 31, 2026 and December 31, 2025, the balance of the loan is $1,750,000 and $1,750,000, respectively.

Geebis Consulting, LLC

On March 27, 2026, the Company issued a $65,000 unsecured convertible promissory note to Geebis Consulting, LLC for cash proceeds of $50,000, reflecting an original issue discount of $15,000. The note bears interest at 12% per annum, matures on September 27, 2026, and may be prepaid without penalty. Upon an event of default, the outstanding principal, accrued interest, and certain other amounts

become convertible into shares of the Company's common stock at a conversion price equal to 77% of the lowest trading price of the common stock during the 15 trading days preceding the conversion date. As of March 31, 2026, there is $65,000 and $1,389 of principal and interest, respectively, due on this note.

Craig Fischer and/or BB Winks, LLC

On January 9, 2026, the Company entered into a convertible amortization note with Craig Fischer and/or BB Winks, LLC providing for aggregate funding of up to $250,000 over a 90-day period. The note bears interest at 12% per annum, matures on January 9, 2027, and includes a 10% original issue discount together with commitment shares issued upon funding. The note is convertible, beginning six months after each funding or upon an event of default, into shares of the Company's common stock at an initial fixed conversion price of $0.0053 per share, subject to adjustment if the Company's stock trades below the fixed price during the final month of the note's term. The agreement also contains customary covenants, events of default, and default remedies, including the holder's right to accelerate the indebtedness and require payment of up to 150% of the outstanding balance upon the occurrence of certain default events. As of March 31, 2026, there is $66,000 and $1,780of principal and interest, respectively, due on this note.

The Company accounted for the above Convertible Notes according to ASC 815. For the derivative financial instruments that are accounted for as liabilities, the derivative liability was initially recorded at its fair value and is being re-valued at each reporting date, with changes in the fair value reported in the statements of operations.

For the warrants that were issued with each tranche of funding, the Company uses a weighted-average Black-Scholes-Merton option pricing model to value the warrants at inception and then calculates the relative fair value for each loan.

Commitment shares, which are subject to return as more fully set forth in the Securities Purchase Agreement, are valued at the closing stock price on the effective date from which the relative fair value for each loan is calculated. The value of the shares is accounted for as debt discount and temporary equity.

The Company deducts the total value of all discounts (OID, value of warrants, discount for derivative) from the calculated derivative liability with any difference accounted for as a loss on debt issuance.

The following table summarizes the convertible notes outstanding as of March 31, 2026:

NOTE 7 — COMMERCIAL LOAN

On November 13, 2024 (the "Closing Date"), Company's wholly-owned subsidiary, Clean-Seas West Virginia, Inc. (the "Clean-Seas WV"), closed on the transactions set forth in that certain Credit Agreement (the "Credit Agreement") between Clean-Seas West Virginia and The Huntington National Bank, a national banking association (the "Lender"). Pursuant to the Credit Agreement, the Lender agreed to make a term loan (the "Term Loan") to Clean-Seas West Virginia in the amount of $15,000,000, with the proceeds to be used for costs and expenses associated with the development and construction of Clean-Seas West Virginia's recycling and processing facility located in Kanawha County, West Virginia.

Pursuant to the Credit Agreement, the proceeds of the Term Loan will be funded to Clean-Seas West Virginia in two extensions (each, a "Credit Extension") as follows: (i) the initial Credit Extension in the amount of $5,000,000 on the Closing Date; and (ii) the second Credit Extension in the amount of $10,000,000 upon the satisfaction or waiver of the conditions set forth in Section 4.2 of the Credit Agreement, including, but not limited to, the delivery to the Lender of an executed performance and payment bond issued by a surety company listed on the Federal Treasury List that is rated A or higher by A.M. Best in an amount equal to $15,000,000 naming the Lender as beneficiary. On the Closing Date, Clean-Seas West Virginia paid an upfront fee in the amount of $75,000 to the Lender.

The Term Loan is evidenced by a promissory note (the "Term Note") executed by Clean-Seas West Virginia in favor of the Lender with interest due and payable on the 15th calendar day of each month while any amount remains outstanding and the principal amount to be repaid in full on the maturity date of February 1, 2027. The Term Note bears interest at a rate per annum equal to Term SOFR (as defined in the Credit Agreement) plus 3.75% per annum. Upon the occurrence and during the continuance of an event of default, the interest rate applicable to the Term Note shall be equal to 2% per annum above the interest rate otherwise applicable (the "Default Rate") and all such interest accrued at the Default Rate shall be due and payable on demand of the Lender.

The credit extension of $12,173,900 as of March 31, 2026, is presented on the balance sheet net of debt discount of $0.

The credit extension of $12,173,900 as of December 31, 2025, is presented on the balance sheet net of debt discount of $10,411.

NOTE 8 — REVENUE SHARE PURCHASE AGREEMENTS

During the year ended December 31, 2025, the Company entered into Revenue Purchase Agreements with five separate accredited investors. Pursuant to the terms of the agreements the Company has agreed to sell a continuing interest in the revenue it generates. The total purchase price under the five agreements is $500,000, less $10,000 in total for fees, which has been recorded as a debt discount, to be amortized over the term of the agreement. As an added inducement for entering into the Revenue Purchase Agreements, the Company

issued a total of 2,500,000 shares of common stock to the investors as commitment shares. The fair value of the shares was determined using the closing stock price on the grant date and was allocated against the consideration received.

On May 29, 2025, the Company entered into an additional Revenue Agreement with Kingdom Building, Inc. ("KBI"). Pursuant to the Agreement, KBI agreed to purchase a continuing interest in the revenue generated by the Company and each of its subsidiaries from any and all sources in consideration of the purchase price of $200,000. Pursuant to the Agreement, KBI has the right, but not the obligation, to convert all or any part of the then outstanding Repurchase Price, into shares of the Company's Series D Preferred Stock, par value $0.001 per share.

During the three months ending September 30, 2025, an additional 10% of the principal balance was added to each investor's purchased amount. Per the terms of the agreements if early payoff (within one month) did not occur, 10% of the original purchase price is added to each investor's purchased amount. An additional $70,000 has been recorded as a debt discount, to be amortized over the term of the agreements.

NOTE 16 — SEGMENT REPORTING

ASC Topic 280, “Segment Reporting” establishes the standards for reporting information about operating segments on a basis consistent with the Company’s internal organization structure as well as information about services categories, business segments and major customers in financial statements. The Company is managed as one operating unit, rather than multiple reporting units, for internal reporting purposes and for internal decision-making and discloses its operating results in a single reportable segment. The Company’s chief operating decision maker (“CODM”), represented by the Company’s Chief Executive Officer, reviews financial information and assesses the operations of the Company in order to make strategic decisions such as allocation of resources and assessing operating performance.

NOTE 17 — INCOME TAX

The Company accounts for income taxes in accordance with Accounting Standards Codification ("ASC") 740, *Income Taxes*. Deferred tax assets and liabilities are recognized for the expected future tax consequences of temporary differences between the financial statement carrying amounts of assets and liabilities and their respective tax bases and for operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply in the years in which the temporary differences are expected to reverse. A valuation allowance is recorded when it is more likely than not that some or all of the deferred tax assets will not be realized.

As of March 31, 2026, the Company had deferred tax assets primarily related to net operating loss carryforwards, stock-based compensation, accrued liabilities, and other temporary differences. Based on management's assessment of all available positive and negative evidence, including the Company's history of operating losses and uncertainty regarding the timing of future taxable income, the Company has concluded that it is more likely than not that substantially all of its deferred tax assets will not be realized. Accordingly, the Company has maintained a full valuation allowance against its net deferred tax assets as of March 31, 2026.

The Company recognizes interest and penalties related to uncertain tax positions as a component of income tax expense. As of March 31, 2026, the Company had no material unrecognized tax benefits and had not accrued any material interest or penalties. The Company is subject to examination by federal and state taxing authorities for tax years that remain open under the applicable statutes of limitation.

NOTE 18 — DISCONTINUED OPERATIONS

In accordance with the provisions of ASC 205-20, *Presentation of Financial Statements*, we have separately reported the liabilities of the discontinued operations in the consolidated balance sheets. NOTE 19 — SUBSEQUENT EVENTS

In accordance with ASC 855 management has performed an evaluation of subsequent events through July 31, 2026, the date the financial statements were available to be issued, and has determined that it has the following material subsequent events to disclose in these unaudited consolidated financial statements.

Subsequent to March 31, 2026, Mr. Bates loaned the Company an additional $15,000. The loans bear interest at 8% and mature in one year.

On April 15, 2026, the Company entered into a secured promissory note with Trillium Partners L.P. with a principal amount of $150,000, issued for cash proceeds of $100,000, resulting in an original issue discount of $50,000. The note matures on June 30, 2026, and may be prepaid without penalty. The Company's obligations under the note are secured by a pledge of 30,000,000 shares of the Company's common stock pursuant to a separate pledge agreement. Upon an event of default, the holder may declare all amounts immediately due and payable, and the outstanding balance may become convertible into shares of the Company's common stock at a conversion price determined in accordance with the terms of the note.
