Political divisiveness and authoritarian leaning governments are gripping the western world, and an ever-expanding group of informed people are looking to break free from it. Autris provides the solution by creating Veritas Village freedom and sustainability- oriented communities throughout Latin America. Vida Verde Agroforestry provides the opportunity to not only own lucrative producing land in our teak and avocado agroforestry projects, but also to use the ownership of these parcels to apply for a second residency and ultimately citizenship in various countries in Latin America. Many people looking for a freedom and sustainability-oriented lifestyle are also wanting to have multiple residencies. The combination of a Veritas Village community home and residency through the investment in the home or through Vida Verde Agroforestry parcels gives our clients both a landing pad and residency and is a powerful solution that makes Autris a whole new asset class with high expansion potential.

The Company acquires, designs, and develops sustainable residential communities and related real estate throughout Central America, together with agroforestry and hospitality operations. Consolidated subsidiaries as of June 30, 2026 include Veritas Village Holdings Panama S.A.,(Veritas Village Coronado), EcoVillages Design S.A., EcoVillages LLC, Vida Verde Holdings Panama S.A. (Agroforestry), Plus Odds Inc. (Veritas Village Chiriquí), Lion Shark Limited (n/k/a Veritas Village Playa Pacifica, Nicaragua), CAS Restaurante Holdings S.A. (Sea Salt Restaurant, Nicaragua), Veritas Village Atenas (Costa Rica), Finca Paso Fino de Las Vegas S.A. (a 51%-owned Costa Rica land-holding entity, see Note 17), and Veritas RPM.

Note 2 – Basis of Presentation and Significant Accounting Policies

These consolidated financial statements are prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board. The consolidated financial statements include the accounts of Autris and all entities over which it has control, applying the control model in IFRS 10. All intercompany balances and transactions are eliminated on consolidation.

During the preparation of these financial statements, management identified matters requiring retrospective correction for prior periods under IAS 8, because each affects the Company's previously reported financial position as of June 30, 2025 (or, for the Vida Verde Agroforestry matter discussed below, the Company's April 1, 2024 acquisition-date and July 1, 2024 opening financial position). Each is described in Note 20 below, together with the effect on the affected financial statement line items for each period presented. No item affected previously reported profit or loss for the year ended June 30, 2025, except where noted.

Functional and presentation currency: these statements are presented in United States dollars. CAS Restaurante's Nicaraguan córdoba-denominated balances are translated using the current-rate method.

Note 3 – Real Estate Held for Sale (IAS 2)

Land and land costs held for sale of $17,601,253 ($14,572,125 at June 30, 2025) represent real estate under active development, primarily at Veritas Village Atenas (Costa Rica), Coronado (Panama), and Playa Pacifica (Nicaragua), together with capitalized development costs and work in progress. These are inventory under IAS 2 and are measured at the lower of cost and net realizable value. The Atenas parcel is carried at $9,375,393 (a $500,000 cash downpayment plus the discounted present value of the vendor take-back mortgage, Note 9), reflecting the discount rate discussed in that note. Costs incurred on Coronado home and lot sales are capitalized to this line as work in progress rather than expensed, consistent with the completed-contract method applied to that project's revenue (Note 11): since revenue on incomplete contracts is deferred until title transfers, the associated direct costs are deferred along with it, rather than recognized as an expense with no matching revenue. During the year ended June 30, 2026, additional land was acquired for $942,000 and capitalized development and construction costs totaled $2,087,128. Land held passively, not yet designated to a specific development project, is presented separately as Land Held for Investment ($132,815; $131,215 at June 30, 2025 – including the Finca Las Vegas parcel, see Note 17) and, where held to earn rental income, as Investment Property under IAS 40 (Note 6).

Note 4 – Digital Assets (IAS 38)

Digital assets consist primarily of Bitcoin, and Solana, held directly by the Company and its subsidiaries. IFRS has no dedicated standard for cryptocurrency; consistent with the IFRS Interpretations Committee's June 2019 agenda decision, these holdings are intangible assets within the scope of IAS 38. Management has elected the revaluation model for Digital Assets. The table below sets out the Company's wallet-confirmed holdings by currency as of June 30, 2026:

Currency	Native Balance (6/30/2026)	Approx. Price (USD)	Approx. USD Value
BTC — Bitcoin	29.78528	$58,503.73	$1,742,550
SOL — Solana	5,540.86025	$70.00	$387,860
Other			$4,622
Total wallet-basis value			**$2,135,032**

During the year ended June 30, 2026, the Company identified a security incident resulting in the theft of 9.2455 BTC from a Company wallet, recognized as a realized loss of $540,896 based on the fair value of the stolen assets on the date of the incident (May 27, 2026). The decrease in Digital Assets during the year reflects both this loss and the unrealized effect of declining fair market values decline during the period.

Note 5 – Property, Plant and Equipment (IAS 16)

Property, plant and equipment, net, of $1,508,367 ($1,493,086 at June 30, 2025) comprises buildings, tools and equipment, vehicles, and restaurant fixtures used in the Company's operations, carried at cost less accumulated depreciation. The Company has not elected the IAS 16 revaluation model for any class of property, plant and equipment.

Note 6 – Investment Property (IAS 40)

Investment property of $287,824 ($289,820 at June 30, 2025) consists of rental houses at Veritas Village Chiriquí, held to earn rental income rather than for sale in the ordinary course of business or for use in operations, and is accordingly presented separately from both real estate inventory (Note 3) and property, plant and equipment (Note 5) under IAS 40.

Note 7 – Investments

Investments of $558,119 ($0 at June 30, 2025) represent investments in the Reef Homes Project. This investment was acquired entirely through the issuance of common shares to arm's length parties (see Note 14) and involved no cash consideration; accordingly, it is presented as a non-cash investing activity in the Statement of Cash Flows rather than as a cash outflow.

Note 8 – Accounts Receivable (IFRS 9)

Accounts receivable of $399,470 ($303,003 at June 30, 2025) consist of amounts due from customers and other trade receivables, net of intercompany balances eliminated on consolidation. Management has not recorded an expected credit loss allowance under IFRS 9's simplified approach, as historical loss experience on these receivables has been immaterial.

Note 9 – Vendor Take-Back Mortgage (IFRS 9 / IAS 23)

The Company has a vendor take-back mortgage payable of $9,585,425 ($8,875,393 at June 30, 2025), entered into in partial payment for the acquisition of approximately 138 hectares of development land at Veritas Village Atenas, Costa Rica (acquired June 30, 2025), together with a $500,000 cash downpayment advanced on the Company's behalf. The mortgage has a face value of $15,587,326, bears no stated interest, and is payable over ten annual installments through 2035.

Under IFRS 9, this liability was initially recognized at the present value of its future cash flows, discounted at an imputed rate of 8% per annum, considered by management to be representative of a market borrowing rate for similarly secured, multi-year vendor financing in this market. This produced an initial carrying value of $8,875,393 at the June 30, 2025 acquisition date, allocated as part of the cost of the land acquired (Note 3). The liability is subsequently measured at amortized cost using the effective interest method, accreting toward its face value over the loan's term. During the year ended June 30, 2026, the Company recognized $710,031 of imputed interest accretion, bringing the carrying value to $9,585,425 at June 30, 2026. Because the discount rate determines the liability's initial measurement, this correction has been applied by restating the June 30, 2025 balance as a prior period error rather than prospectively; see Note 20 for the full restatement disclosure.

Note 10 – Promissory Notes Payable (IFRS 9)

Promissory notes payable of $1,332,131 comprise two components. The first is consideration issued in connection with the Company's acquisition of Veritas Village Playa Pacifica (Lion Shark Limited): a note originally $1,000,000, bearing no stated interest and payable over five years. At June 30, 2025, $200,000 of this note was classified as a current liability, being payable within one year, with the remaining $800,000 classified as non-current (see Note 20 for the related restatement of the non-current portion). During the year ended June 30, 2026, $150,000 was repaid in cash, leaving $850,000 outstanding at face value. Under IFRS 9, this non-interest-bearing note has been discounted to its present value of $690,131 (an imputed, non-cash discount of $159,869), using an estimated 12% rate reflecting Autris' unsecured, small-cap credit profile combined with the country risk associated with the underlying Nicaraguan assets; this rate is management's estimate and has not been independently confirmed. The remaining payment schedule is $250,000 due December 31, 2026, and $200,000 due December 31, 2027, 2028, and 2029, respectively (undiscounted face amounts). The second component is a $642,000 accrued liability at Desarrollo Manantial SA relating to land acquired during the year, which arose as a non-cash accrual and did not involve the receipt of cash. The $159,869 discount and the $642,000 accrued liability are both non-cash and are excluded from financing activities in the Statement of Cash Flows; only the $150,000 cash repayment is presented as a financing activity.

Note 11 – Contract Liabilities – Deferred Revenue (IFRS 15)

Contract liabilities (deferred revenue) of $10,559,673 ($5,626,672 at June 30, 2025) represent customer payments received for home and lot sales at Veritas Village Coronado, Panama, where revenue has not yet been recognized under the completed-contract method applied to these arrangements. Under IFRS 15, revenue is recognized when the Company satisfies its performance obligation, generally upon completion and transfer of title.

Note 12 – Due to Joint Venture

Amounts due to joint venture of $685,000 ($885,000 at June 30, 2025) relate to investor partnership interests in specific House Properties at Veritas Village Playa Pacifica, Nicaragua, payable only upon sale of the corresponding properties.

Note 13 – Non-Controlling Interests (IFRS 10 / IFRS 3)

Non-controlling interest of $26,900 (unchanged at June 30, 2025) relates entirely to a minority 49% interest in Finca Las Vegas S.A. (see Note 17).

Note 14 – Share Capital and Equity

As at June 30, 2026, 334,127,806 common shares were issued and outstanding (289,805,034 at June 30, 2025), at $0.001 par value, for a Common Stock balance of $334,127 ($289,805 at June 30, 2025). During the year, the Company issued 4,517,857 common shares for cash proceeds of $1,800,000 ($1,800 par value; $1,798,200 additional paid-in capital). The Company also issued 39,804,915 common shares in connection with non-cash asset and investment transactions ($42,523 par value; $1,494,400 additional paid-in capital), including the Reef Homes and Agroforestry-related settlements, the Lion Shark Limited land and permits acquisition, and the BitCorp Capital earn-out shares (see Note 16). Additional paid-in capital was $5,427,346 ($2,134,745 at June 30, 2025).

Non-cash investing and financing activities (IAS 7.43): of the $3,336,923 in total share issuances recorded in equity during the year, $1,800,000 was received in cash and is reflected within financing activities on the Consolidated Statement of Cash Flows. The remaining $1,536,923 (comprising 39,804,915 shares, $42,523 par value and $1,494,400 additional paid-in capital) did not involve the receipt or payment of cash and has accordingly been excluded from the Consolidated Statement of Cash Flows.

Note 15 – Business Combinations (IFRS 3)

During the periods presented, the Company completed several acquisitions accounted for as business combinations under IFRS 3, including Plus Odds Inc. (Chiriquí), CAS Restaurante Holdings S.A. (Sea Salt Restaurant, Nicaragua), and Lion Shark Limited (n/k/a Veritas Village Playa Pacifica, Nicaragua). The Plus Odds acquisition resulted in a bargain purchase gain of

$142,020, recognized directly in profit or loss, as the consideration paid was less than the fair value of identifiable net assets acquired. The Sea Salt Restaurant acquisition was confirmed to have no goodwill or bargain purchase gain, as consideration paid equaled the fair value of net assets acquired exactly. The Lion Shark acquisition resulted in a revaluation surplus of $77,675 relating to the fair value of land and permits acquired in excess of consideration paid.

Note 16 – Investment in BitCorp Capital

In September 2025, the Company entered into an agreement to acquire BitCorp Capital, a newly incorporated Bitcoin-treasury shell company, in exchange for 30,000,000 contingent, escrowed common shares. Management determined this arrangement did not meet IFRS 3's definition of a business combination, at the time of the agreement. Because the shares have not been unconditionally earned and the associated performance conditions have not been satisfied, the Company has fully reversed the $3,000,000 investment initially recorded and the associated share issuance, with no impact on profit or loss and no effect on the June 30, 2025 comparative period.

Per the terms of the original agreement, the Company expects to cancel 29,100,000 of the 30,000,000 BitCorp earn-out shares described above, with the remaining 900,000 shares to be released to BitCorp Capital's principals.

Note 17 – Finca Paso Fino de Las Vegas S.A. – Consolidation of a Non-Wholly-Owned Subsidiary (IFRS 10)

EcoVillages Design S.A. holds a 51% controlling interest in Finca Paso Fino de Las Vegas S.A. (“Finca Las Vegas”), a newly formed entity whose sole asset is a Costa Rica land parcel purchased April 3, 2025; the remaining 49% is held by an unrelated party. Per IFRS 10, the Company's controlling interest has been fully consolidated rather than carried as a cost-basis investment. EcoVillages funded its $77,500 share of the acquisition (its $75,000 capital contribution plus $2,500 of capitalized legal fees) in cash at the April 3, 2025 acquisition date, within the year ended June 30, 2025, advanced on its behalf by Veritas Village Holdings Panama, S.A. and settled intercompany; no cash flow relating to this funding arose during the year ended June 30, 2026. This amount had originally been recorded on EcoVillages' own books as land rather than as an investment; during the year ended June 30, 2026, it was reclassified to Investment in Finca Las Vegas S.A., removing it from Land Held for Investment (Note 3), and was then eliminated in full on consolidation of Finca Las Vegas: an estimated $104,400 land asset was consolidated (within Land Held for Investment, Note 3) and $26,900 of Non-Controlling Interest recognized for the 49% share (Note 13). The net effect of these two movements on consolidated Land Held for Investment is therefore a $26,900 increase ($104,400 land consolidated, less the $77,500 investment reclassified out and eliminated), not $104,400; both movements are non-cash in the year ended June 30, 2026.

Note 18 – Related Party Transactions (IAS 24)

Patrick Hiebert, Chief Executive Officer and Director, Don Morrison, Chief Financial Officer and Director, Spencer Hiebert, Chief Design Officer and Director, Mikkel Thorup, Director, and Erik Vik, Chief Operating Officer and Alexander Voss, Chief Investment Officer and Director are related parties of the Company under IAS 24. In aggregate, Directors and Officers, or related entities, received $279,984 in compensation for the year ended June 30th, 2026.

Velarium Group Holdings S.A- Patrick Hiebert and Spencer Hiebert are each 50% shareholders in Velarium Group Holdings S.A. On March 27th, 2025 Velarium Group Holdings S.A received 136,841,993 restricted common shares of Autris in an Asset Purchase Agreement.

Alexander Voss — Director
Alexander Voss became a director of Autris concurrent with the September 19, 2025 Closing of the BitCorp Capital, Inc. transaction (Note 18), in which he was also a 49% seller and Earn-Out Recipient. Alex Voss is a related party from the Closing date forward under IAS 24.9. The company estimates that Mr. Voss has earned 441,000 restricted common shares related to the BitCorp Capital Earn out agreement as at June 30th, 2026. Mr. Voss has the ability to earn up to an additional 14,259,000 restricted common shares, being his pro rata share of the BitCorp Capital Earn-Out Agreement. This agreement expires on September 22, 2026 and, in accordance with the Agreement, any shares not released from escrow will be canceled and returned to the treasury.

Don Morrison – Director and CFO

In connection with the Plus Odds Inc. acquisition (Note 15), the Company subsequently purchased a $425,000 shareholder loan receivable from Don Morrison, the Company's Chief Financial Officer, settled through the issuance of 25,050,000 common shares. This transaction has been treated as separate from the underlying business combination, and the resulting intercompany loan receivable is eliminated in full on consolidation.

Mikkel Thorup - Director
Through an agreement dated May 23rd, 2026 (the “Agreement”) Mr. Thorup (or a related entity) can earn up to 13,750,000 shares of Autris for providing marketing, sales support, and introduction of purchasers to certain of Autris’ communities. As at June 30th, 2026, no shares have been issued pursuant to this Agreement.
Certain other transactions disclosed elsewhere in these notes and the accompanying statements involve entities or individuals related to Company officers, including intercompany advances and share issuances described above.

Note 19 – Fair Value Measurements (IFRS 13)

Digital assets carried under the revaluation model (Note 4) are measured at Level 1 within the IFRS 13 fair value hierarchy, based on quoted prices in active markets. Cash and cash equivalents are Level 1. The vendor take-back mortgage (Note 9) and promissory notes payable (Note 10) are carried at amortized cost under IFRS 9.

Note 20 – Restatement of Prior Period Financial Statements (IAS 8)

Land Revaluation, Mortgage and Note Discounting, Treasury Shares, and Non-Controlling Interest Reclassification

Nature of the corrections. The corrections fall into four broad categories. First, development land — most significantly the Atenas parcel — had been carried at an appraised amount rather than at cost; it is now carried at the lower of cost and net realizable value under IAS 2, eliminating a revaluation surplus. Second, the Atenas vendor take-back mortgage, issued as partial consideration in a property acquisition and bearing no stated interest, had been recognized at its undiscounted face amount; it is now measured at the present value of future payments using a market-based imputed discount rate under IFRS 9. A similar discounting issue affecting the Lion Shark promissory note was identifiedand has instead been corrected as a current-period adjustment for the year ended June 30, 2026; see Note 10. Third, common shares of the Company, repurchased and held through a wholly owned subsidiary, had been recorded as an investment asset (Marketable Securities); they are now eliminated as treasury shares, a deduction from equity, as required by IAS 32. Fourth, a non-controlling interest relating to Finca Paso Fino de Las Vegas S.A. is now presented within Equity, remeasured to reflect the subsidiary's actual restated net assets (see Note 17).

Effect on the statement of financial position as at June 30, 2025:

Line item	As Previously Reported	Correction	As Restated

Vida Verde Agroforestry – Title Transfer Failure

As described in Note 15, due to government regulatory changes title to Vida Verde's teak parcels were unable to be transferred to purchasing investors as at the April 1, 2024 acquisition date. Because this predates the earliest period presented in these financial statements, its effect is reflected entirely within the restated July 1, 2024 opening balance carried forward in the Consolidated Statement of Stockholders' Equity, rather than as a separate June 30, 2025 adjustment. Consideration for the acquisition was $800,000. Vida Verde's acquisition-date net identifiable assets were restated from a previously recorded $1,006,016 to $20,000, comprising two corrections: (i) a $780,000 reduction representing Goodwill (consideration of $800,000 less restated net identifiable assets of $20,000), immediately impaired to $0 consistent with the Company's group-wide goodwill policy; and (ii) a $206,016 reversal of a fair value adjustment recorded in the original acquisition entry. Autris' Investment in Vida Verde was correspondingly restated from $1,006,016 to $20,000. This restatement reduced the Company's June 30, 2024 opening Accumulated Deficit position by a corresponding amount, fully reflected in the equity statement's “Balance, June 30, 2024, as Restated” line.

The cumulative effect of these corrections at July 1, 2024, the beginning of the earliest period presented, is reflected in the opening statement of financial position at that date, presented separately in accordance with IAS 1.40A. Retrospective restatement was practicable for both periods presented; no disclosure under IAS 8.49(d) is therefore required.

Note 21 – Subsequent Events (IAS 10)

Subsequent to June 30, 2026, the Company acquired an additional land parcel for $20,000, closing July 16, 2026. Also subsequent to June 30, 2026, in July 2026 the Company issued 300,000 common shares for cash proceeds of $105,000. In accordance with IAS 10, the Company will continue to evaluate events occurring after June 30, 2026 through the date these financial statements are issued, and will disclose any additional material events identified.
