WENR Corporation
Las Vegas, Nevada

I have compiled the accompanying balance sheet of WENR Corporation Consolidated Financial Statements as of December 31, 2010 and the related statements of income, cash flows and changes in shareholders' equity for the year then ended in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. I have not audited or reviewed the financial statements and accordingly do not express an opinion or any other form of assurance on it.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Business Activity

WENR Corporation (The “Company” or “WENR”) was incorporated as Western Energy, Inc., a Utah corporation in 1978. In 2000 the Company changed its name to “WENR Corporation” and increased authorized shares to 100,000,000 and authorized preferred shares to 25,000,000. The Company reverse split its shares by 50 for 1 on November 8, 2002.

The Company is a holding company which acquired two entities in 2010; Ngensolutions LLC, a Nevada limited liability company and Satview Broadband Ltd., a Nevada corporation.

About Ngensolutions LLC:

Ngensolutions is a media company with interests in radio and television properties located in Reno, Nevada. Ngensolutions is the owner-operator of Channel 25 and Channel 43 TV stations. Channel 25 is broadcasting Azteca America, one of the top Hispanic networks in the United States. Ngensolutions also owns an interest in KXTO-AM 1550 Radio and operates Smooth Jazz on 1440 AM. Ngensolutions' Meadowood studio is a 20,000 square foot facility for production of television and radio programs. The facility is linked with fiber to its cable television partners.

About Satview Broadband Ltd.:

Satview is a wholly owned subsidiary of WENR Corporation. It is a Reno-based television-programming provider operating in Nevada. Satview has systems in Topaz Lake, Battle Mountain, Carlin, Elko, Jackpot and Wells, Nevada. Satview designs, builds and operates broadband systems in the communities it serves. Satview provides analog cable television, digital cable television, Internet service and telephone service (VOIP) to these communities.

The Company is actively seeking additional opportunities in the cable television and broadcasting sectors.

Revenue and Cost Recognition

The Company's records revenue and expenses on the accrual method of accounting. Revenue is recognized when earned and expenses when incurred.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Property and Equipment

Property and equipment is recorded at cost, any improvements or betterments that result in a lengthening of useful life are capitalized. Depreciation is provided according to current income tax provisions over the estimated useful lives of the assets. This is a departure from generally accepted accounting principles which does not materially affect the financial statements.

Cash and Cash Equivalents

Cash and cash equivalents are cash and marketable securities with a maturity of less than ninety days. The FDIC up to \$250,000 insures the company's cash accounts. As of December 31, 2010 there are no uninsured balances.

Allowance for doubtful accounts

No provision for bad debt has been provided as required by generally accepted accounting principles. The result of this departure from generally accepted accounting principles is immaterial.

Estimates and Assumptions

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from these estimates.

PURCHASE OF SATVIEW BROADBAND LTD.

Effective July 1, 2010, WENR acquired Satview Broadband Ltd. of Reno, Nevada. Satview has subscribers in Nevada. It is a provider of cable television and Internet broadband. Satview will operate as a wholly owned subsidiary. WENR purchased Satview from Tariq Ahmad for 5,000,000 shares of common stock and assumption of debt.

Satview has been in operations for nine years and is headquartered in Reno, Nevada. Original management remains with the company and operations continue in Reno. The company has modest debt and operates with a positive cash flow.

PURCHASE OF NGENSOLUTIONS LLC ASSETS

WENR acquired Ngensolutions LLC of Reno, Nevada effective September 1, 2010. Ngensolutions is a media company with interests in radio and television properties located in Reno, Nevada. Ngensolutions is the licensee owner-operator of KRRI-LP Channel 25 and KELM-LP Channel 43 TV stations. Ngensolutions also owns an interest in KXTO-AM 1550 Radio, which is broadcasting. Ngensolutions operates as a wholly owned subsidiary.

Ngensolutions was owned by two entities managed by Dan Green, president of WENR and Tariq Ahmad, president of Satview, respectively. The assets of Ngensolutions were purchased by the Company for \$400,000. A promissory note bearing 8% interest is held jointly by Entrada Enterprises LLC and JMD Resources Inc., payable on demand. Additionally both Green and Ahmad received options for shares of 2,000,000 shares each with an option price of \$0.05.

PURCHASE OF ELKO CABLE SYSTEM

On December 30, 2010 Satview purchased assets of three cable systems in northern Nevada; Carlin, Battle Mountain and Elko, Nevada from Baja Communications. Satview purchased all three systems for \$800,000. Satview entered into a purchase agreement which included a promissory note. The promissory note carries five percent (5%) per annum interest compounded annually. The terms are as follows:

On January 3, 2011 Satview shall make a payment of principal in the amount of \$200,000. Commencing on January 31, 2011 and continuing on the last day of each calendar month thereafter through November 30, 2011, Satview shall make eleven (11) consecutive equal payments of principal and interest in the amount of \$25,322. Finally on December 31, 2011 Satview shall make a thirteenth (13th) and final payment on equal to all unpaid principal and interest.

Pacific Energy and Mining Co. loaned Satview \$100,000 as part of the first payment. The final payment will be approximately \$345,000.

SUBSEQUENT EVENTS

In an effort to reduce the number of shares outstanding, in June 2011 the Company approached various shareholders with large positions whom received shares for services in the past to return shares for cancellation. The Company has asked six individuals (including the president of WENR) to return shares to the Company of which all individuals have agreed. The shares represented by these agreements total approximately 8,000,000 shares.
