DYNATRONICS CORPORATION

Notes to Condensed Consolidated Financial Statements (Unaudited) March 31, 2025

Note 1. Presentation and Summary of Significant Accounting Policies

Business

Dynatronics Corporation (the "Company," or "Dynatronics") is a leading medical device company committed to providing high-quality products designed to accelerate optimal health. The Company designs, manufactures, and sells a broad range of products for clinical use in physical therapy, rehabilitation, orthopedics, pain management, and athletic training. Through its distribution channels, Dynatronics markets and sells to orthopedists, physical therapists, chiropractors, athletic trainers, sports medicine practitioners, clinics, and hospitals.

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements (the "Condensed Consolidated Financial Statements") have been prepared by the Company in accordance with generally accepted accounting principles in the United States ("GAAP") and pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC"). Certain information and footnote disclosures normally included in the financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to the rules and regulations of the SEC. As such, these Condensed Consolidated Financial Statements should be read in conjunction with the Company's audited financial statements and accompanying notes included in its Annual Report on Form 10K for the fiscal year ended June 30, 2024 (the "Annual Report") filed with the SEC on September 24, 2024. The Condensed Consolidated Balance Sheet at June 30, 2024, has been derived from the Annual Report.

The accounting policies followed by the Company are set forth in Part II, Item 8, Note 1, Basis of Presentation and Summary of Accounting Policies, of the Notes to Consolidated Financial Statements included in the Company's Annual Report. In the opinion of management, the Condensed Consolidated Financial Statements contain all adjustments, consisting only of normal recurring adjustments, necessary to present fairly the Company's financial position as of March 31, 2025 and its results of operations and its cash flows for the periods presented. The results of operations for the first nine months of the fiscal year are not necessarily indicative of results for the full year or any future periods.

The Company's fiscal year begins on July 1 and ends on June 30 and references made to "fiscal year 2025" and "fiscal year 2024" refer to the Company's fiscal year ending June 30, 2025 and the fiscal year ended June 30, 2024, respectively.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods presented.

The Company evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors and adjusts those estimates and assumptions when facts and circumstances dictate. Actual results could differ materially from those estimates and assumptions.

Other Receivables

Other receivables consist of amounts due from the Company's contract manufacturer for raw materials components provided for use in the production of the Company's products. Payments are due from the Company's contract manufacturer based on the usage of raw material components.

Sublease Agreement

On January 28, 2025, the Company entered into a sublease agreement with Ninety Nine Technologies LLC. The agreement extends through December 31, 2025, with a monthly rent of \$19,700, and will continue on a month-to-month basis thereafter unless terminated by either party.

Liquidity and Going Concern

The decline from historical sales and subsequent decrease in accounts receivable has limited the Company's ability to generate cash from operations and limited the availability of capital from the asset based line of credit. Due to this, net working capital has decreased from \$2,853,000 as of June 30, 2024 to \$1,187,000 as of March 31, 2025, which has created substantial doubt about the Company's ability to continue as a going concern.

In response, management has implemented plans to continue the Company as a going concern and believes that eliminating non-essential positions across the enterprise, reducing expenses by approximately \$600,000 for fiscal year 2025 and approximately \$1,700,000 on an annualized basis will allow the Company to continue as a going concern. Additionally, management has optimized the square footage needed for the orthopedic bracing business segment and is actively working to optimize the square footage footprint needed for the therapeutic modalities business segment. Optimization of the square footage footprint for both segments could yield cost savings of approximately \$600,000 annually. Management is also working to reduce the amount of excess inventory exposure by promoting discounted prices to convert the excess inventory to cash. The Company projects that these initiatives will reduce expenses, thereby reducing ongoing liquidity needs to enable continuation of operations and compliance with the debt covenants for the foreseeable future. Although there are no guarantees that the Company will be successful, management believes such initiatives will enable it to continue as a going concern through at least the next twelve months.

In addition to the foregoing, recent tariff changes imposed by the U.S. and China have created increased risks and uncertainties surrounding the Company's future results of operations. The impact of tariffs in the first quarter of 2025 was not material. However, should universal tariffs be implemented as initially announced in April 2025, the Company anticipates a significant adverse impact on its future costs of revenue, which will impact its results of operations. Particularly, the U.S. import tariffs and the reciprocal measures by China, are expected to increase the Company's cost of goods sold. The Company anticipates

that some of its suppliers will incur incremental tariff-related costs, which may be passed on to the Company. The extent and duration of the tariffs and the resulting impact on general economic conditions and on the business are uncertain and are expected to be impacted by various factors, such as negotiations between the U.S. and affected countries, the responses of other countries or regions, exemptions or exclusions that already exist or may be granted, availability and cost of alternative sources of the products and materials, and the Company's ability to offset the effects of any tariffs that might be imposed. In response to these risks and uncertainties, the Company has taken affirmative steps to stock adequate inventory of certain key products and components to service immediate orders and is proactively working with its suppliers to mitigate potential tariff-related costs.

Recent Accounting Pronouncements

In August 2020, the FASB issued ASU 202006, Debt-Debt with Conversion and Other Options (Subtopic 47020) and Derivatives and Hedging-Contracts in Entity's Own Equity (Subtopic 81540): Accounting for Convertible Instruments and Contracts in an Entity's Own Equity, which is intended to simplify the accounting for certain financial instruments with characteristics of liabilities and equity, including convertible instruments and contracts on an entity's own equity. The guidance allows for either full retrospective adoption or modified retrospective adoption. The Company adopted the standard as of July 1, 2024 and the adoption of this guidance did not have a material impact on its condensed consolidated financial statements and related disclosures.

In November 2023, the FASB issued ASU 2023-07, Segment Reporting (Topic 280) - *Improvements to Reportable Segment Disclosures*, to improve reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses. The amendments are effective for fiscal years beginning after December 15, 2023 and interim periods within fiscal years beginning after December 15, 2024. Early adoption is permitted. The Company is evaluating the impact the adoption of this guidance will have on its condensed consolidated financial statements and related disclosures.

In December 2023, the FASB issued ASU 2023-09, Income Taxes (Topic 740) -Improvements to Income Tax Disclosures, which is intended to enhance the transparency and decision usefulness of income tax disclosures. Public business entities are required to adopt for annual fiscal periods beginning after December 31, 2024 and early adoption is permitted. The Company is evaluating the impact the adoption of this guidance will have on its condensed consolidated financial statements and related disclosures.

In November 2024, the FASB issued ASU 2024-03, Comprehensive Income (Topic 220) - Disaggregation of Income Statement Expenses, to improve financial reporting by requiring disclosures in the notes to financial statements about specific types of expenses included in the expense captions presented on the face of the statement of operations. The requirements of the ASU are effective for annual reporting periods beginning after December 15, 2026, and for interim reporting periods beginning after December 15, 2027, with early adoption permitted. The requirements will be applied prospectively with the option for retrospective application. The Company is evaluating the impact the adoption of this guidance will have on its consolidated financial statements and related disclosures.

In November 2024, the FASB issued ASU 2024-04, Debt-Debt with Conversion and Other Options (Subtopic 47020): Induced Conversions of Convertible Debt Instruments, which clarifies the requirements for determining whether certain settlements of convertible debt instruments should be accounted for as an induced conversion. The requirements of the ASU are effective for annual reporting periods beginning after December 15, 2025, and for interim reporting periods within those annual reporting periods. The Company is evaluating the impact the adoption of this guidance will have on its consolidated financial statements and related disclosures.

Note 2. Net Loss per Common Share

Net loss per common share is computed based on the weighted average number of common shares outstanding and, when appropriate, dilutive potential common stock outstanding during the period. Stock options, convertible preferred stock and warrants are considered to be potential common stock. The computation of diluted net loss per common share does not assume exercise or conversion of securities that would have an antidilutive effect.

Basic net loss per common share is the amount of net loss for the period available to each weighted average share of common stock outstanding during the reporting period. Diluted net loss per common share is the amount of net loss for the period available to each weighted average share of common stock outstanding during the reporting period and to each share of potential common stock outstanding during the period, unless inclusion of potential common stock would have an antidilutive effect.

All outstanding options, warrants and convertible preferred stock for common shares are not included in the computation of diluted net loss per common share because they are antidilutive, which for the three months ended March 31, 2025 and 2024, totaled 688,200 and 670,200, respectively, and for the nine months ended March 31, 2025 and 2024, totaled 688,200 and 670,200, respectively.

Note 3. Convertible Preferred Stock

As of March 31, 2025, the Company had issued and outstanding a total of 1,992,000 shares of Series A 8% Convertible Preferred Stock ("Series A Preferred") and 1,359,000 shares of Series B Convertible Preferred Stock ("Series B Preferred"). The Series A Preferred and Series B Preferred are convertible into a total of 670,200 shares of common stock. Dividends payable on these preferred shares accrue at the rate of 8% per year and are payable quarterly in stock or cash at the option of the Company. The Company generally pays the dividends on the preferred stock by issuing shares of its common stock. The formula for paying these dividends using common stock in lieu of cash can change the effective yield on the dividend to more or less than 8% depending on the market price of the common stock at the time of issuance.

In April 2025, the Company paid \$187,977 of preferred stock dividends with respect to the Series A Preferred and Series B Preferred that accrued during the three months ended March 31, 2025, by issuing 1,809,211 shares of common stock.

Note 4. Inventories

Inventories consisted of the following:

	March 31, 2025	June 30, 2024
Raw materials	\$ 3,214,439	\$ 3,596,287
Work in process	309,356	315,075
Finished goods	2,506,741	2,272,295
Inventory reserve	(563,742)	(589,683)
	\$ 5,466,794	\$ 5,593,974

Note 5. Debt

As of March 31, 2025 and June 30, 2024, the line of credit was \$1,851,198 and \$2,121,667, respectively.

On August 1, 2023, the Company entered into a Loan and Security Agreement (the "Loan Agreement") with Gibraltar Business Capital, LLC ("Lender"), to provide asset-based financing to the Company to be used for operating capital. Amounts available under the Loan Agreement (the "Revolving Loans") are subject to a borrowing base calculation of up to a maximum availability of \$7,500,000 (the "Revolving Loan Commitment") and bear interest at SOFR plus 5.00%. The Company paid a closing fee of 1.00% of the Revolving Loan Commitment and the line is subject to a monthly unused line fee in an annualized amount equal to 0.50% on the difference between the Revolving Loan Commitment and the average outstanding principal balance of the Revolving Loans for such month. The maturity date is three years from the date of the promissory note evidencing the Revolving Loans, subject to extension in accordance with the

terms of the Loan Agreement.

The Loan Agreement provides for revolving credit borrowings by the Company in an amount up to the lesser of the Revolving Loan Commitment and a borrowing base amount equal to the sum of stated percentages of eligible accounts receivable and inventory, less reserves, computed on a weekly basis.

The obligations of the Company under the Loan Agreement are secured by a first-priority security interest in substantially all of the assets of the Company (including, without limitation, accounts receivable, equipment, inventory and other goods, intellectual property, contract rights and other general intangibles, cash, deposit accounts, equity interests in subsidiaries and joint ventures, investment property, documents and instruments, and proceeds of the foregoing).

The Loan Agreement contains affirmative and negative covenants, including covenants that restrict the ability of the Company and its subsidiaries to, among other things, incur or guarantee indebtedness, incur liens, dispose of assets, engage in mergers and consolidations, make acquisitions or other investments, make changes in the nature of its business, and engage in transactions with affiliates. The Loan Agreement also contains financial covenants applicable to the Company and its subsidiaries, including a minimum fixed charge coverage ratio of 1.0 to 1.0 if excess availability is less than \$1,000,000 of the borrowing base.

Note 6. Related-Party Transactions

The Company leases office, manufacturing and warehouse facilities in Northvale, New Jersey, and Eagan, Minnesota from shareholders and entities controlled by shareholders who were previously principals of businesses acquired by the Company. The combined expenses associated with these relatedparty transactions totaled \$348,456 and \$332,857 for the three months ended March 31, 2025 and 2024, respectively, and \$1,033,368 and \$999,795 for the nine months ended March 31, 2025 and 2024, respectively.

Note 7. Revenue

As of March 31, 2025 and June 30, 2024, the net rebate liability was \$222,215 and \$263,959, respectively. The rebate liability is included in accrued expenses within the accompanying condensed consolidated balance sheets. As of March 31, 2025 and June 30, 2024, the allowance for sales discounts was \$8,490 and \$13,814, respectively. The allowance for sales discounts is included in trade accounts receivable, less allowance for credit losses in the accompanying condensed consolidated balance sheets.

The following table disaggregates revenue by major product category for the three and nine months ended March 31, 2025 and 2024, respectively:

	Tl	hree Months	d March 31,	Nine Months Ended March 31,				
		2025		2024		2025		2024
Physical Therapy and Rehabilitation Products	\$	3,310,768	\$	3,656,363	\$	11,554,808	\$	12,631,415
Orthopedic Soft Bracing Products		2,816,762		3,980,170		9,425,615		12,464,521
Other		23,986		21,313		73,566		65,175
	\$	6,151,516	\$	7,657,846	\$	21,053,989	\$	25,161,111

Note 8. Subsequent Events

Effective as of April 1, 2025 ("Commencement Date"), the Company, as tenant, entered into a lease ("Lease") with Ninety-Nine Technologies, LLC, as landlord, to occupy 56,687 square-feet of the manufacturing facility located at 1200 Trapp Road, Eagan, Minnesota. The initial term of the Lease begins on the Commencement Date and continues for a period of thirty-nine calendar months, subject to an option to extend the term for one additional period of 36 calendar months in accordance with the terms thereof. Under the Lease, the Company is obligated to pay annual base rent for the first year of \$481,840, increasing at 4% per annum over the term of the Lease, together with its proportionate share of certain operating expenses.

CAUTIONARY NOTE REGARDING FORWARDLOOKING STATEMENTS

This report, including the disclosures contained in Part I Item 2 Management's Discussion and Analysis of Financial Condition and Results of Operations, contains "forwardlooking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). These forwardlooking statements include, but are not limited to: any projections of net sales, earnings, or other financial items; any statements of the strategies, plans and objectives of management for future operations; expectations in connection with the Company's previously announced business optimization plan; any statements concerning proposed new products or developments; any statements regarding future economic conditions or performance; any statements of belief; and any statements of assumptions underlying any of the foregoing. Forwardlooking statements can be identified by their use of such words as "may," "will," "estimate," "intend," "continue," "believe," "expect," or "anticipate" and similar references to future periods.

We have based our forwardlooking statements on management's current expectations and assumptions about future events and trends affecting our business and industry that are subject to risks and uncertainties. Although we do not make forwardlooking statements unless we believe we have a reasonable basis for doing so, we cannot guarantee their accuracy. Forwardlooking statements are subject to substantial risks and uncertainties that could cause our future business, financial condition, results of operations or performance to differ materially from our historical results or those expressed or implied in any forwardlooking statement contained in this report. These risks and uncertainties include, but are not limited to, uncertainties related to the broader economic environment affecting communities and businesses globally, including ours, as well as those factors described in the section "Risk Factors" included in Part I, Item 1A of our Annual Report on Form 10K for the fiscal year ended June 30, 2024, filed with the SEC, as well as in our other public filings with the SEC. Actual results may differ from projections as a result of these risks, additional risks and uncertainties of which we are currently unaware or which we do not currently view as material to our business.

You should read this report in its entirety, together with the documents that we file as exhibits to this report and the documents that we incorporate by reference into this report, with the understanding that our future results may be materially different from what we currently expect. The forwardlooking statements contained in this report are made as of the date of this report and we assume no obligation to update them after the date hereof to revise or conform such statements to actual results or to changes in our opinions or expectations. If we do update or correct any forwardlooking statements, investors should not conclude that we will make additional updates or corrections.

We qualify all of our forwardlooking statements by these cautionary statements.

The terms "we," "us," "Dynatronics," or the "Company" refer collectively to Dynatronics Corporation and its whollyowned subsidiaries, unless otherwise stated

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") is designed to provide a reader of our Unaudited Condensed Consolidated Financial Statements and Notes thereto that are contained in this quarterly report, with a narrative from the perspective of management. You should also consider this information with the information included in our Annual Report on Form 10K for the fiscal year ended June 30, 2024, and our other filings with the SEC, including our quarterly and current reports that we have filed since June 30, 2024 through the date of this report. In the following MD&A, we have rounded many numbers to the nearest one thousand dollars. These numbers should be read as approximate. All intercompany transactions have been eliminated. Our fiscal year ends on June 30. For example, reference to fiscal year 2025 refers to the year ending June 30, 2025. This report covers the three and nine months ended March 31, 2025 are not necessarily indicative of the results that may be achieved for the full fiscal year ending June 30, 2025.

Overview

Dynatronics is a leading medical device company committed to providing high-quality restorative products designed to accelerate achieving optimal health. The Company designs, manufactures, and sells a broad range of products for clinical use in physical therapy, rehabilitation, orthopedics, pain management, and athletic training. Through its distribution channels, Dynatronics markets and sells to orthopedists, physical therapists, chiropractors, athletic trainers, sports medicine practitioners, clinics, and hospitals. The Company's products are marketed under a portfolio of high-quality, well-known industry brands including Bird & Cronin, Solaris, Hausmann, PROTEAM, and Mammoth, among others. More information is available at www.dynatronics.com.

Results of Operations

Net Sales

Net sales decreased \$1,506,000 or 19.7% to \$6,152,000 for the quarter ended March 31, 2025, compared to net sales of \$7,658,000 for the quarter ended March 31, 2024. Net sales decreased \$4,107,000 or 16.3% to \$21,054,000 for the nine months ended March 31, 2025, compared to net sales of \$25,161,000 for the nine months ended March 31, 2024. The yearoveryear decrease is attributable to a reduction in overall volume for OEM customers and a general reduction in demand for the orthopedic soft bracing product category.

Gross Profit

Gross profit for the quarter ended March 31, 2025 decreased \$721,000, or 39.7%, to \$1,096,000, or 17.8% of net sales. By comparison, gross profit for the quarter ended March 31, 2024 was \$1,817,000, or 23.7% of net sales. Gross profit for the nine months ended March 31, 2025 decreased \$1,221,000, or 20.6%, to \$4,722,000, or 22.4% of net sales. By comparison, gross profit for the nine months ended March 31, 2024 was \$5,943,000, or 23.6% of net sales. The decrease in gross profit as a percentage of net sales was driven primarily by the reduction in net sales as previously discussed.

Selling, General and Administrative Expenses

Selling, general and administrative ("SG&A") expenses decreased \$348,000, or 14.6%, to \$2,041,000 for the quarter ended March 31, 2025, compared to \$2,389,000 for the quarter ended March 31, 2024. The decline in selling, general and administrative expenses was driven by a reduction in salaries and benefits and a reduction in other professional expenses.

SG&A expenses decreased \$1,073,000, or 14.0%, to \$6,583,000 for the nine months ended March 31, 2025, compared to \$7,656,000 for the nine months ended March 31, 2024. The overall reduction in SG&A expenses was led by a reduction in salaries and benefits and a decrease in other professional expenses.

Net Other Expense

Net other expense for the quarter ended March 31, 2025, was \$55,000 compared to net other expense of \$109,000 for the quarter ended March 31, 2024. Net other expense for the nine months ended March 31, 2025, was \$269,000 compared to net other expense of \$299,000 for the nine months ended March 31, 2024. The year-over-year decrease in net other expense for the nine months ended March 31, 2025 is primarily due to decreased interest expense under the Company's line of credit, and an increase of other income recognized in 2025.

Income Tax Benefit (Provision)

Income tax benefit (provision) was \$0 and \$14,000 for the quarters ended March 31, 2025 and 2024, respectively, and (\$9,000) and \$3,000 for the nine months ended March 31, 2025 and 2024, respectively. See *Liquidity and Capital Resources - Deferred Income Tax Assets* below for more information.

Net Loss

Net loss for the quarter ended March 31, 2025 was \$999,000 compared to a net loss of \$668,000 for the quarter ended March 31, 2024. The \$331,000 increase in net loss was attributable to a decrease in gross profit of \$721,000 and a decrease in the income tax benefit of \$14,000 offset by a decrease of \$348,000 in SG&A expenses and a decrease of \$55,000 in net other expense.

Net loss for the nine months ended March 31, 2025 was \$2,141,000 compared to a net loss of \$2,010,000 for the nine months ended March 31, 2024. The \$131,000 increase in net loss was attributable to a decrease in gross profit of \$1,221,000 and a decrease in the income tax benefit of \$12,000 offset by a decrease of \$1,073,000 in SG&A expenses and a decrease of \$30,000 in net other expense.

Net Loss Attributable to Common Stockholders

Net loss attributable to common stockholders increased \$336,000 to \$1,187,000 for the quarter ended March 31,2025 compared to \$851,000 for the quarter ended March 31 2024. The increase in net loss attributable to common stockholders for the quarter is due primarily to a \$331,000 increase in the net loss and a \$5,000 increase in the deemed dividends on convertible preferred stock and accretion of discounts. On a per share basis, basic and diluted net loss attributable to common stockholders was \$0.13 per share for the quarter ended March 31, 2025, compared to \$0.17 per share for the quarter ended March 31, 2024.

Net loss attributable to common stockholders increased \$100,000 to \$2,682,000 for the nine months ended March 31, 2025 compared to \$2,582,000 for the nine months ended March 31, 2024. The increase in net loss attributable to common stockholders for the quarter is due primarily to a \$131,000 increase in the net loss offset by a \$31,000 decrease in the deemed dividends on convertible preferred stock and accretion of discounts. On a per share basis, basic and diluted net loss attributable to common stockholders was \$0.37 per share for the nine months ended March 31, 2025, compared to \$0.57 per share for the nine months ended March 31, 2024.

Liquidity and Capital Resources

We have historically financed operations through cash from operating activities, available cash reserves, draws against the line of credit, and proceeds from the sale of our equity securities. As of March 31, 2025, we had \$174,000 in cash and cash equivalents, compared to \$484,000 as of June 30, 2024.

Working capital was \$1,187,000 as of March 31, 2025, compared to working capital of \$2,853,000 as of June 30, 2024. The current ratio was 1.1 to 1 as of March 31, 2025 and 1.4 to 1 as of June 30, 2024. Current assets were 39.9% of total assets as of March 31, 2025, and 40.7% of total assets as of June 30, 2024. These factors raised substantial doubt regarding the Company's ability to continue as a going concern as of March 31, 2025.

In response, management has implemented plans to continue the Company as a going concern and believes that by focusing on cost-control initiatives the Company can continue as a going concern. The Company has reduced non-essential positions across the enterprise, resulting in a reduction in expense of approximately \$600,000 for fiscal year 2025 and approximately \$1,700,000 on an annualized basis. Additionally, management has optimized the square footage needed for the orthopedic bracing segment and is actively working to optimize the square footage footprint needed for the therapeutic modalities business segment, which could yield additional expense reductions of approximately \$600,000 on an annualized basis. The Company is also evaluating the current inventory position and working to reduce the amount of excess inventory exposure by promoting discounted prices to convert the excess inventory to cash.

The Company has begun to realize the effects of these plans and expects continued effects to be realized in fiscal year 2025 and fiscal year 2026. Due to these actions, management forecasts that the Company will have sufficient liquidity to meet its obligations for the next twelve months from the date of the financial statements' issuance.

In addition to the foregoing, recent tariff changes imposed by the U.S. and China have created increased risks and uncertainties surrounding the Company's future results of operations. The impact of tariffs in the first quarter of 2025 was not material. However, should universal tariffs be implemented as initially announced in April 2025, the Company anticipates a significant adverse impact on its future costs of revenue, which will impact its results of operations. Particularly, the U.S. import tariffs and the reciprocal measures by China, are expected to increase the Company's cost of goods sold. The Company anticipates that some of its suppliers will incur incremental tariff-related costs, which may be passed on to the Company. The extent and duration of the tariffs and the resulting impact on general economic conditions and on the business are uncertain and are expected to be impacted by various factors, such as negotiations between the U.S. and affected countries, the responses of other countries or regions, exemptions or exclusions that already exist or may be granted, availability and cost of alternative sources of the products and materials, and the Company's ability to offset the effects of any tariffs that might be imposed. In response to these risks and uncertainties, the Company has taken affirmative steps to stock adequate inventory of certain key products and components to service immediate orders and is proactively working with its suppliers to mitigate potential tariff-related costs.

Moreover, the continuing effects of uncertainties in the broader economic environment on the global supply chain, higher personnel costs, and changes to

customer or product mix, could have an adverse effect on our liquidity and cash and we continue to evaluate and take action, as necessary, to preserve adequate liquidity and ensure that our business can continue to operate during these uncertain times. Additionally, we operate in a rapidly evolving and unpredictable business environment that may change the timing or amount of expected future cash receipts and expenditures. Accordingly, there can be no assurance that we will not be required to raise additional funds through the sale of equity or debt securities or from credit facilities. Additional capital, if needed, may not be available on satisfactory terms, or at all.

Line of Credit

On August 1, 2023, the Company entered into a Loan and Security Agreement (the "Loan Agreement") with Gibraltar Business Capital, LLC ("Lender"), to provide asset-based financing to the Company to be used for operating capital. Amounts available under the Loan Agreement (the "Revolving Loans") are subject to a borrowing base calculation of up to a maximum availability of \$7,500,000 (the "Revolving Loan Commitment") and bear interest at SOFR plus 5.00%. The Company paid a closing fee of 1.00% of the Revolving Loan Commitment and the line is subject to a monthly unused line fee in an annualized amount equal to 0.50% on the difference between the Revolving Loan Commitment and the average outstanding principal balance of the Revolving Loans for such month. The maturity date is three years from the date of the promissory note evidencing the Revolving Loans, subject to extension in accordance with the terms of the Loan Agreement.

The Loan Agreement provides for revolving credit borrowings by the Company in an amount up to the lesser of the Revolving Loan Commitment and a borrowing base amount equal to the sum of stated percentages of eligible accounts receivable and inventory, less reserves, computed on a weekly basis.

The obligations of the Company under the Loan Agreement are secured by a first-priority security interest in substantially all of the assets of the Company (including, without limitation, accounts receivable, equipment, inventory and other goods, intellectual property, contract rights and other general intangibles, cash, deposit accounts, equity interests in subsidiaries and joint ventures, investment property, documents and instruments, and proceeds of the foregoing).

The Loan Agreement contains affirmative and negative covenants, including covenants that restrict the ability of the Company and its subsidiaries to, among other things, incur or guarantee indebtedness, incur liens, dispose of assets, engage in mergers and consolidations, make acquisitions or other investments, make changes in the nature of its business, and engage in transactions with affiliates. The Loan Agreement also contains financial covenants applicable to the Company and its subsidiaries, including a minimum fixed charge coverage ratio of 1.0 to 1.0 if excess availability is less than \$1,000,000 of the borrowing base.

Cash and Cash Equivalents and Restricted Cash

Our cash and cash equivalents and restricted cash position decreased \$309,000 to \$225,000 as of March 31, 2025, compared to \$534,000 as of June 30, 2024. The primary uses of cash for the nine months ended March 31, 2025 included \$270,000 net change in the line of credit, \$226,000 of principal payments on finance lease liabilities, and \$30,000 of purchases of property and equipment. The primary source of cash was \$217,000 of cash provided by operating activities.

Trade Accounts Receivable, net

Trade accounts receivable, net of allowance for credit losses, decreased approximately \$607,000 or 17.6%, to \$2,837,000 as of March 31, 2025 from \$3,445,000 as of June 30, 2024. The decrease was driven primarily by a reduction in overall revenue and differences in the timing of collections around the end date of each respective quarter. Trade accounts receivable represents amounts due from our customers including dealers and distributors that purchase our products for redistribution, medical practitioners, clinics, hospitals, colleges, universities, and sports teams. We believe that our estimate of the allowance for credit losses is adequate based on our historical experience and relationships with our customers. Accounts receivable are generally collected within approximately 40 days of invoicing.

Inventories, net

Inventories, net of reserves, decreased \$127,000 or 2.3%, to \$5,467,000 as of March 31, 2025, compared to \$5,594,000 as of June 30, 2024. The decrease was in line with sales trends as safety stock levels for key items are adjusted to sales trends. We believe that our allowance for inventory obsolescence is adequate based on our analysis of inventory, sales trends, and historical experience.

Accounts Payable

Accounts payable increased approximately \$987,000 or 36.4%, to \$3,699,000 as of March 31, 2025, from \$2,712,000 as of June 30, 2024. The increase was driven primarily by timing of payments.

Line of Credit

The outstanding balance of the line of credit was \$1,851,000 as of March 31, 2025, compared to \$2,122,000 as of June 30, 2024.

Finance Lease Liability

Finance lease liability as of March 31, 2025 and June 30, 2024 totaled approximately \$1,506,000 and \$1,732,000, respectively. Our finance lease liability consists primarily of our Utah building lease. In conjunction with the sale and leaseback of our Utah building in August 2014, we entered into a 15-year lease, classified as a finance lease, originally valued at \$3,800,000. The building lease asset is amortized on a straightline basis over 15 years at approximately \$252,000 per year. Total accumulated amortization related to the leased building is approximately \$2,687,000 at March 31, 2025. The sale generated a profit of \$2,300,000, which is being recognized straight-line over the life of the lease at approximately \$150,000 per year as an offset to amortization expense. The balance of the deferred gain as of March 31, 2025, is \$664,000. Lease payments, currently approximately \$33,000, are payable monthly and increase annually by approximately 2% per year over the life of the lease. Imputed interest for the three and nine months ended March 31, 2025 was approximately \$21,000 and \$66,000, respectively. In addition to the Utah building, we have certain equipment leases that we have determined are finance leases.

Operating Lease Liability

Operating lease liability as of March 31, 2025 and June 30, 2024 totaled approximately \$2,450,000 and \$2,834,000, respectively. Our operating lease liability consists primarily of building leases for office, manufacturing, and warehouse space.

Deferred Income Tax Assets

A valuation allowance is required when there is significant uncertainty as to the realizability of deferred income tax assets. The ability to realize deferred income tax assets is dependent upon our ability to generate sufficient taxable income within the carryforward periods provided for in the tax law for each tax jurisdiction. We have determined that we do not meet the "more likely than not" threshold that deferred income tax assets will be realized. Accordingly, a valuation allowance is required. Any reversal of the valuation allowance in future periods will favorably impact our results of operations in the period of reversal. As of March 31, 2025 and June 30, 2024, we recorded a full valuation allowance against our net deferred income tax assets.

Stock Repurchase Plans

We have a stock repurchase plan available to us at the discretion of the Board of Directors. Approximately \$449,000 remained of this authorization as of March 31, 2025. No purchases have been made under this plan since September 2011.

OffBalance Sheet Arrangements

Critical Accounting Policies

The preparation of our financial statements requires that we make estimates and judgments. We base these on historical experience and on other assumptions that we believe to be reasonable. Our critical accounting policies are discussed in Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations" section of our Annual Report on Form 10K for the fiscal year ended June 30, 2024. There have been no material changes to the critical accounting policies previously disclosed in that report.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

There have been no material changes from the information presented for the fiscal year ended June 30, 2024.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information that is required to be disclosed in our reports filed under the Securities Exchange Act of 1934, or Exchange Act, is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms and that such information is accumulated and communicated to management, including our Chief Executive Officer (principal executive officer) and Chief Financial Officer (principal financial and accounting officer), as appropriate, to allow timely decisions regarding any required disclosure. In designing and evaluating these disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible disclosure controls and procedures.

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of the design and operation of our disclosure controls and procedures, as such term is defined under Rule 13a15(e) promulgated under the Exchange Act, as of March 31, 2025. Based on this evaluation, our principal executive officer and principal financial officer concluded that as of March 31, 2025, our disclosure controls and procedures were effective, at a reasonable assurance level, to ensure that information we are required to disclose in the reports we file or submit under the Exchange Act is (a) recorded, processed, summarized, and reported, within the time periods specified in the SEC's rules and forms and (b) accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) during the quarter ended March 31, 2025, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

None.

Item 1A.

Except as set forth below, the risk factors described in our Annual Report on Form 10K for the fiscal year ended June 30, 2024 have not materially changed.

Changes in U.S. and international trade policies, particularly with respect to China, may adversely impact our business and operating results.

Recent U.S. government actions have made significant changes to existing trade agreements and relationships between the U.S. and other countries. The U.S. government has implemented substantial changes in 2025 to U.S. trade policies, including import restrictions, increased import tariffs and changes in U.S. participation in multilateral trade agreements, such as the United States-Mexico-Canada Agreement to replace the former North American Free Trade Agreement.

The ongoing global economic competition and trade tensions between the U.S. and China has resulted in the U.S. government assessing supplemental tariffs on certain goods imported from China and China's assessment of retaliatory tariffs on certain imports of U.S. goods into China. It is unknown whether and to what extent new tariffs, export controls, or other new laws or regulations will be adopted, or the effect that any such actions would have on us or our industry.

Owing to the complex relationships between the U.S. and such other countries, political, diplomatic, military, or other events could result in business disruptions, including increased regulatory enforcement against companies, tariffs, trade embargoes, capital controls, export restrictions and the termination or modification of existing trade agreements. The imposition of such restrictions could increase the cost of the Company's products and the components and raw materials that go into making them, require the Company to change its operations and the products it offers and negatively impact consumer confidence and spending, all of which, both individually and in the aggregate, could materially and adversely affect our business, results of operations and financial condition.

The continuing worldwide macroeconomic and geopolitical uncertainty may adversely affect our business and prospects.

The United States and foreign countries have experienced recessionary pressures and face continued concerns about the systemic impacts of adverse economic conditions and geopolitical issues. Any negative impact on economic conditions and international markets, including increased geopolitical instability and other macroeconomic factors, including inflation, supply chain disruptions, interest rate and foreign currency rate fluctuations, and volatility in the capital markets could negatively impact our business, financial condition, and results of operations.

Continued concerns about the systemic impact of potential long-term and wide-spread recession and geopolitical issues, including wars, such as the war between Russia and Ukraine and the conflicts in the Middle East involving Israel, and acts of terrorism, have contributed to increased market volatility and diminished expectations for economic growth in the world. Our business and results of operations have been and may continue to be adversely impacted by changes in macroeconomic conditions, including inflation, rising interest rates, bank failures and the accessibility of capital markets. Uncertainty about global economic conditions may also cause decreased demand for our products and services and increased competition, which could result in lower sales volume and downward pressure on the prices for our products, longer sales cycles, and slower adoption of new technologies. A weakening of macroeconomic conditions may also adversely affect our suppliers, which could result in interruptions in supply and increased costs for the products we order from them.

Market acceptance of our medical products in the U.S. and other countries is dependent upon the medical equipment purchasing and procurement practices of our customers, patient need for our products and procedures and the reimbursement of patients' medical expenses by government healthcare programs and third-party payors. The continuing uncertainty surrounding global economic conditions and financial markets may cause the purchasers of medical equipment to decrease their procurement activities. Economic uncertainty, an increase in unemployment rates, as well as increasing health insurance premiums, co-payments and deductibles may adversely affect demand for our products and procedures. Furthermore, governments and other third-party payors around the world facing tightening budgets could move to further reduce the reimbursement rates or the scope of coverage offered, which could adversely affect the sales of our products.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

None.

Item 5. Other Information

During the fiscal quarter ended March 31, 2025, none of our directors or officers informed us of the adoption, modification or termination of a "Rule 10b5-1 trading arrangement" or "non-Rule 10b5-1 trading arrangement," as those terms are defined in Regulation S-K, Item 408.

Item 6. Exhibits

<u>10.1</u>	Lease Agreement dated effective as of April 1, 2025 between Bird & Cronin, LLC and Ninety-Nine Technologies, LLC (incorporated by reference to Exhibit 10.1 of registrant's Current Report on Form 8-K filed April 4, 2025)
<u>31.1</u>	Certification under Rule 13a14(a)/15d14(a) of principal executive officer

EXHIBIT 31.1

CERTIFICATION PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, Brian D. Baker, certify that:

- 1. I have reviewed this Quarterly Report on Form 10-Q of Dynatronics Corporation;
- 2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
- 3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
- 4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a15(e) and 15d15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a15(f) and 15d15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.
- 5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
