NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Dollars in millions except per share amounts

NOTE 1. PREPARATION OF INTERIM FINANCIAL STATEMENTS

Basis of Presentation Throughout this document, AT&T Inc. is referred to as "we," "AT&T" or the "Company." The consolidated financial statements include the accounts of the Company and subsidiaries and affiliates which we control. AT&T is a holding company whose subsidiaries and affiliates operate worldwide in the telecommunications and technology industries. You should read this document in conjunction with the consolidated financial statements and accompanying notes included in our Annual Report on Form 10-K for the year ended December 31, 2024. The results for the interim periods are not necessarily indicative of those for the full year. These consolidated financial statements include all adjustments that are necessary to present fairly the results for the presented interim periods, consisting of normal recurring accruals and other items.

The consolidated financial statements include our controlled subsidiaries, as well as variable interest entities (VIE) where we are deemed to be the primary beneficiary. All significant intercompany transactions are eliminated in consolidation. Investments in entities that we do not control but have significant influence are accounted for under the equity method.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions, including estimates of fair value, probable losses and expenses, that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Certain prior period amounts have been conformed to the current period's presentation providing further disaggregation of activities within Cash from Operations in our consolidated statements of cash flows and additional revenue categories for our Business Wireline and Consumer Wireline business units (see Note 5).

Stock Repurchase Program In December 2024, the Board of Directors authorized the repurchase of up to \$10,000 of AT&T common stock. We began buying back stock under this program in the second quarter of 2025. For the six months ended June 30, 2025, we had repurchased approximately 34 million shares totaling \$958 under this authorization, excluding brokerage fees and the one percent excise tax imposed by the Inflation Reduction Act of 2022.

To implement repurchase authorizations, we use open market repurchase programs, relying on Rule 10b5-1 of the Securities Exchange Act of 1934 where feasible.

Tax Legislation On July 4, 2025, the One Big Beautiful Bill Act was enacted, which restores or makes permanent certain expiring business tax provisions from the Tax Cuts and Jobs Act of 2017. We do not anticipate the legislation to materially impact our income tax expense, but expect that it will have a material impact on cash taxes paid relative to our expectations.

NOTE 4. SEGMENT INFORMATION

Our segments are comprised of strategic business units or other operations that offer products and services to different customer segments over various technology platforms and/or in different geographies that are managed accordingly. We have two reportable segments: Communications and Latin America.

Our chief operating decision maker (CODM) is our Chairman of the Board, Chief Executive Officer and President. Our CODM uses operating income to evaluate performance and allocate resources, including capital allocations, when managing the business. Our CODM manages operations through the review of actual and forecasted "Operations and Support Expenses" information at a segment and business unit level, with Communications and Latin America segments primarily evaluated on a direct cost basis and comprised of equipment, compensation, network and technology, sales, advertising and other costs.

Additionally, business unit expenses within the Communications segment include direct and shared costs. Direct costs are incurred in support of products and services offered by the business units, such as equipment costs (predominantly wireless devices), network access, rents, leases, sales support, customer provisioning and commission expenses. Shared costs amongst the business units generally include information technology, network engineering and construction costs, advertising and other general and administrative expenses.

² (Gains) losses are primarily included in "Interest expense" in the consolidated statements of income (see Note 7).

³ The amortization of prior service credit associated with postretirement benefits are included in "Other income (expense) - net" in the consolidated statements of income (see Note 6).

Deferred Customer Contract Acquisition and Fulfillment Costs

Costs to acquire and fulfill customer contracts, including commissions on service activations for our Mobility, Business Wireline and Consumer Wireline services, are deferred and amortized over the contract period or expected customer relationship life, which typically ranges from three years to five years.

The following table presents the deferred customer contract acquisition and fulfillment costs included on our consolidated balance sheets:

| Consolidated Balance Sheets | June 30, 2025 | Ι | December 31, 2024 |
|----------------------------------------------------|------------------|----|----------------------|
| Deferred Acquisition Costs | | | _ |
| Prepaid and other current assets | \$ 3,310 | \$ | 3,239 |

| Other Assets | 3,065 | | 3,289 |
| Total deferred customer contract fulfillment costs | \$ 5,040 | \$ | 5,390 |

The following table presents deferred customer contract acquisition and fulfillment cost amortization, which are primarily included in "Selling, general and administrative" and "Other cost of revenues," respectively, for the six months ended:

Contract Assets and Liabilities

A contract asset is recorded when revenue is recognized in advance of our right to bill and receive consideration. The contract asset will decrease as services are provided and billed. For example, when installment sales include promotional discounts (e.g., trade-in device credits) the difference between revenue recognized and consideration received is recorded as a contract asset to be amortized over the contract term.

Our contract assets primarily relate to our wireless businesses. Promotional equipment sales where we offer handset credits, which are allocated between equipment and service in proportion to their standalone selling prices, when customers commit to a

Dollars in millions except per share amounts

specified service period result in additional contract assets recognized. These contract assets will amortize over the service contract period, resulting in lower future service revenue.

When consideration is received in advance of the delivery of goods or services, a contract liability is recorded. Reductions in the contract liability will be recorded as we satisfy the performance obligations.

The following table presents contract assets and liabilities on our consolidated balance sheets:

| | June 30, | December 31, |
|--------------------------------------------------------------|-------------|--------------|
| Consolidated Balance Sheets | 2025 | 2024 |
| Contract asset | \$ 7,198 | \$ 6,855 |
| Current portion in "Prepaid and other current assets" | 4,009 | 3,845 |
| Contract liability | 4,291 | 4,272 |
| Current portion in "Advanced billings and customer deposits" | 3,872 | 3,981 |

Our beginning of period contract liability recorded as customer contract revenue during 2025 was \$3,515.

Remaining Performance Obligations

Remaining performance obligations represent services we are required to provide to customers under bundled or discounted arrangements, which are satisfied as services are provided over the contract term. In determining the transaction price allocated, we do not include non-recurring charges and estimates for usage, nor do we consider arrangements with an original expected duration of less than one year, which are primarily prepaid wireless and residential internet agreements.

Remaining performance obligations associated with business contracts reflect recurring charges billed, adjusted to reflect estimates for sales incentives and revenue adjustments. Performance obligations associated with wireless contracts are estimated using a portfolio approach in which we review all relevant promotional activities, calculating the remaining performance obligation using the average service component for the portfolio and the average device price. As of June 30, 2025, the aggregate amount of the transaction price allocated to remaining performance obligations was \$42,008, of which we expect to recognize approximately 74% by the end of 2026, with the balance recognized thereafter.

NOTE 6. PENSION AND POSTRETIREMENT BENEFITS

Many of our employees are covered by one of our noncontributory pension plans. We also provide certain medical, dental, life insurance and death benefits to certain retired employees under various plans and accrue actuarially determined postretirement benefit costs. Our objective in funding these plans, in combination with the standards of the Employee Retirement Income Security Act of 1974, as amended (ERISA), is to accumulate assets sufficient to provide benefits described in the plans to employees upon their retirement. We do not have significant funding requirements in 2025. We intend to voluntarily contribute approximately \$1,500 to our pension plan by the end of 2026, with more than half of that in 2025.

We recognize actuarial gains and losses on pension and postretirement plan assets in our consolidated results as a component of "Other income (expense) – net" at our annual measurement date of December 31, unless earlier remeasurements are required.

The following table details qualified pension and postretirement benefit costs included in the accompanying consolidated statements of income. The service cost component of net periodic pension (credit) cost is recorded in operating expenses in the consolidated statements of income while the remaining components are recorded in "Other income (expense) – net."

NOTE 7. FAIR VALUE MEASUREMENTS AND DISCLOSURE

The Fair Value Measurement and Disclosure framework in ASC 820, "Fair Value Measurement," provides a three-tiered fair value hierarchy based on the reliability of the inputs used to determine fair value. Level 1 refers to fair values determined based on quoted prices in active markets for identical assets. Level 2 refers to fair values estimated using significant other observable inputs and Level 3 includes fair values estimated using significant unobservable inputs.

The level of an asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Our valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodologies described above may produce a fair value calculation that may not be indicative of future net realizable value or reflective of future fair values. We believe our valuation methods are appropriate and consistent with other market participants. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used since December 31, 2024.

Long-Term Debt and Other Financial Instruments

The carrying amounts and estimated fair values of our long-term debt, including current maturities, and other financial instruments are summarized as follows:

| | June | 30, 2025 | Decembe | er 31, 2024 | |
|------------------------------------|------------|------------|------------|-------------|--|

| Investment securities ² | 1,598 | 1,598 | 1,603 | 1,603 | |

Includes credit agreement borrowings.

The carrying amount of debt with an original maturity of less than one year approximates fair value. The fair value measurements used for notes and debentures are considered Level 2 and are determined using various methods, including quoted prices for identical or similar securities in both active and inactive markets.

Following is the fair value leveling for investment securities that are measured at fair value and derivatives as of June 30, 2025 and December 31, 2024. Derivatives designated as hedging instruments are reflected as "Prepaid and other current assets," "Other Assets," "Accounts payable and accrued liabilities," and "Other noncurrent liabilities" on our consolidated balance sheets.

Investment Securities

Our investment securities include both equity and debt securities that are measured at fair value, as well as equity securities without readily determinable fair values. A substantial portion of the fair values of our investment securities is estimated based on quoted market prices. Investments in equity securities not traded on a national securities exchange are valued at cost, less any impairment, and adjusted for changes resulting from observable, orderly transactions for identical or similar securities.

² Excludes investments accounted for under the equity method.

Dollars in millions except per share amounts

Investments in debt securities not traded on a national securities exchange are valued using pricing models, quoted prices of securities with similar characteristics or discounted cash flows.

The components comprising total gains and losses in the period on equity securities are as follows:

| | Three months ended June 30, | | | | x months ended June 30, | | | | |
|---------------------------------------------------------------------------------|-----------------------------|----|------|-----|-------------------------|------|---|----|-----|
| | 2025 | | 2024 | | | 2025 | | 20 | 24 |

| Unrealized gains (losses) recognized on equity securities held at end of period | \$ 48 | \$ | | 34 | \$ | 2 | 1 | \$ | 134 |

At June 30, 2025, available-for-sale debt securities totaling \$671 have maturities as follows - less than one year: \$71; one to three years: \$107; three to five years: \$113; five or more years: \$380.

Our cash equivalents (money market securities) and short-term investments (certificate and time deposits) are recorded at amortized cost, and the respective carrying amounts approximate fair values. Short-term investments are recorded in "Prepaid and other current assets" and our investment securities are recorded in "Other Assets" on the consolidated balance sheets.

Derivative Financial Instruments

We enter into derivative transactions to manage certain market risks, primarily interest rate risk and foreign currency exchange risk. This includes the use of interest rate swaps, interest rate locks, foreign exchange forward contracts and combined interest rate foreign exchange contracts (cross-currency swaps). We do not use derivatives for trading or speculative purposes. We record derivatives on our consolidated balance sheets at fair value that is derived from observable market data, including yield curves and foreign exchange rates (all of our derivatives are Level 2). Cash flows associated with derivative instruments are presented in the same category on the consolidated statements of cash flows as the item being hedged.

Fair Value Hedging Periodically, we enter into and designate fixed-to-floating interest rate swaps as fair value hedges. The purpose of these swaps is to manage interest rate risk by managing our mix of fixed-rate and floating-rate debt. These swaps involve the receipt of fixed-rate amounts for floating interest rate payments over the life of the swaps without exchange of the underlying principal amount.

We also designate most of our cross-currency swaps and foreign exchange contracts as fair value hedges. The purpose of these contracts is to hedge foreign currency risk associated with changes in spot rates on foreign denominated debt. For cross-currency hedges, we have elected to exclude the change in fair value of the swap related to both time value and cross-currency basis spread from the assessment of hedge effectiveness. For foreign exchange contracts, we have elected to exclude the change in fair value of forward points from the assessment of hedge effectiveness.

Unrealized and realized gains or losses from fair value hedges impact the same category on the consolidated statements of income as the item being hedged, including the earnings impact of excluded components. In instances where we have elected to exclude components from the assessment of hedge effectiveness related to fair value hedges, unrealized gains or losses on such excluded components are recorded as a component of accumulated OCI and recognized into earnings over the life of the hedging instrument. Unrealized gains on derivatives designated as fair value hedges are recorded at fair walue as assets, and unrealized losses are recorded at fair market value as liabilities. Except for excluded components, changes in the fair value of derivative instruments designated as fair value hedges are offset against the change in fair value of the hedged assets or liabilities through earnings. In the six months ended June 30, 2025 and 2024, no ineffectiveness was measured on fair value hedges.

Cash Flow Hedging We designate some of our cross-currency swaps as cash flow hedges to hedge our exposure to variability in expected future cash flows that are attributable to foreign currency risk and interest rate risk generated from our foreign-denominated debt. These agreements include initial and final exchanges of principal from fixed foreign denominated amounts to fixed U.S. dollar denominated amounts, to be exchanged at a specified rate that is usually determined by the market spot rate upon issuance. They also include an interest rate swap of a fixed or floating foreign denominated interest rate to a fixed U.S. dollar denominated interest rate.

Dollars in millions except per share amounts

Unrealized gains on derivatives designated as cash flow hedges are recorded at fair value as assets and unrealized losses are recorded at fair value as liabilities. For derivative instruments designated as cash flow hedges, changes in fair value are reported as a component of accumulated OCI and are reclassified into the consolidated statements of income in the same period the hedged transaction affects earnings.

Periodically, we enter into and designate interest rate locks to partially hedge the risk of changes in interest payments attributable to increases in the benchmark interest rate during the period leading up to the probable issuance of fixed-rate debt. We designate our interest rate locks as cash flow hedges. Gains and losses when we settle our interest rate locks are amortized into income over the life of the related debt. Over the next 12 months, we expect to reclassify \$59 from accumulated OCI to "Interest expense" due to the amortization of net losses on historical interest rate locks.

Collateral and Credit-Risk Contingency We have entered into agreements with our derivative counterparties establishing collateral thresholds based on respective credit ratings and netting agreements. At June 30, 2025, we had posted collateral of \$355 (a deposit asset) and held collateral of \$404 (a receipt liability). Under the agreements, if AT&T's credit rating had been downgraded two ratings levels by Fitch Ratings, one level by S&P and one level by Moody's before the final collateral exchange in June, we would have been required to post additional collateral of \$50. If AT&T's credit rating had been downgraded three ratings levels by Fitch Ratings, two levels by S&P and two levels by Moody's, we would have been required to post additional collateral of \$1,312. At December 31, 2024, we had posted collateral of \$188 (a deposit asset) and held collateral of \$0 (a receipt liability). We do not offset the fair value of collateral, whether the right to reclaim cash collateral (a receivable) or the obligation to return cash collateral (a payable) exists, against the fair value of the derivative instruments.

NOTE 8. SALES OF RECEIVABLES

We have agreements with various third-party financial institutions pertaining to the sales of certain types of our accounts receivable. The most significant of these programs are discussed in detail below and generally consist of (1) receivables arising from equipment installment plans, which are sold for cash and beneficial interests, such as deferred purchase price, when applicable, and (2) revolving trade receivables, which are sold for cash. Under the terms of our agreements for these programs, we continue to service the transferred receivables on behalf of the financial institutions.

The following table sets forth a summary of cash proceeds received, net of remittances paid, from sales of receivables:

The sales of receivables did not have a material impact on our consolidated statements of income or to "Total Assets" reported on our consolidated balance sheets. We reflect cash receipts on sold receivables as cash flows from operations in our consolidated statements of cash flows. In the event cash is received on the beneficial interests, those receipts are classified as cash flows from investing activities, when applicable.

Equipment Installment Receivables Program

We offer our customers the option to purchase certain wireless devices in installments over a specified period of time and, in many cases, once certain conditions are met, they may be eligible to trade in the original equipment for a new device and have the remaining unpaid balance paid or settled.

We maintain a program under which we transfer a portion of these receivables through our bankruptcy-remote subsidiary in exchange for cash and beneficial interests. In the event a customer trades in a device prior to the end of the installment contract period, we agree to make a payment to the financial institutions equal to any outstanding remaining installment receivable balance. Accordingly, we record a guarantee obligation for this estimated amount at the time the receivables are transferred.

The following table sets forth a summary of equipment installment receivables sold under this program:

| | Three months June 30, | | Six months ended June 30, | | | | |

Receivables net of promotion credits.

Beneficial interests, when applicable, and guarantee obligations are initially recorded at estimated fair value and subsequently adjusted for changes in present value of expected cash flows. The estimation of their fair values is based on remaining installment payments expected to be collected and the expected timing and value of device trade-ins. The estimated value of the device trade-ins considers prices offered to us by independent third parties and contemplates changes in value after the launch of a device model. The fair value measurements used for the beneficial interests and the guarantee obligation are considered Level 3 under the Fair Value Measurement and Disclosure framework (see Note 7).

These gains (losses) are included in "Selling, general and administrative" expense in the consolidated statements of income.

At June 30, 2025 and December 31, 2024, our beneficial interests were \$1,990 and \$3,185, respectively, of which \$1,214 and \$1,906 are included in "Prepaid and other current assets" on our consolidated balance sheets, with the remainder in "Other Assets." The guarantee obligation at June 30, 2025 and December 31, 2024 was \$263 and \$301, respectively, of which \$140 and \$150 are included in "Accounts payable and accrued liabilities" on our consolidated balance sheets, with the remainder in "Other noncurrent liabilities." Our maximum exposure to loss as a result of selling these equipment installment receivables is limited to the total amount of our beneficial interests and guarantee obligation.

Revolving Receivables Program

During 2025, we expanded our revolving agreement to transfer up to \$2,940 of certain receivables through our bankruptcy-remote subsidiaries to various financial institutions on a recurring basis in exchange for cash equal to the gross receivables transferred. This agreement is subject to renewal on an annual basis and the transfer limit may be expanded or reduced from time to time. As customers pay their balances, we transfer additional receivables into the program, resulting in our gross receivables sold exceeding net cash flow impacts (e.g., collect and reinvest). The transferred receivables are fully guaranteed by our bankruptcy-remote subsidiaries, which hold additional receivables in the amount of \$234 that are pledged as collateral under this agreement. The transfers are recorded at fair value of the proceeds received and obligations assumed less derecognized receivables. Our maximum exposure to loss related to these receivables transferred is limited to the derecognized amount outstanding.

The following table sets forth a summary of the revolving receivables sold:

NOTE 9. TRANSACTIONS WITH DIRECTV

We account for our investment in DIRECTV under the equity method and record our share of DIRECTV earnings as equity in net income of affiliates, with DIRECTV considered a related party. On September 29, 2024, we agreed to sell our interest in DIRECTV to TPG Capital (TPG) for approximately \$7,600 in cash payments.

Beginning in third-quarter 2024, our investment in DIRECTV was reduced to zero on our consolidated balance sheet, resulting from aggregate cash receipts exceeding our initial investment balance plus our cumulative equity in DIRECTV earnings. As we are not committed, implicitly or explicitly, to provide financial or other support to DIRECTV, we record cash distributions

² Receivables net of allowance and other reserves.

received in excess of our share of DIRECTV's earnings in "Equity in net income of affiliates" in the consolidated statements of income and as cash provided by operations in the consolidated statements of cash flows.

The following table sets forth our share of DIRECTV's earnings included in "Equity in net income of affiliates" and cash distributions received from DIRECTV:

| | Thr | ee mo | nths en | nded | | Six months ended June 30, | | | | |
|-------------------------------------------------------------------|------|-------|---------|------|-----|---------------------------|----|------|-------|--|

| Cash distributions received from DIRECTV | \$ | 503 | \$ | | 742 | \$ 1,926 | \$ | | 1,260 | |

For the three and six months ended June 30, 2025, we billed DIRECTV approximately \$116 and \$240 under commercial arrangements and transition service agreements, which were recorded as a reduction to the operations and support expenses incurred.

At June 30, 2025, we had accounts receivable from DIRECTV of \$205 and accounts payable to DIRECTV of \$50.

On July 2, 2025, we completed the sale of our interest in DIRECTV to TPG. Upon close, we will record a current note receivable of approximately \$3,600, which we expect to receive the majority of by the end of 2025, and a long-term receivable of \$500. We expect to record a significant gain on the sale, whose amount will be dependent on transition service agreements, indemnifications and other tax items.

NOTE 10. SUPPLIER AND VENDOR FINANCING PROGRAMS

Supplier Financing Program

We actively manage the timing of our supplier payments for operating items to optimize the use of our cash and seek to make payments on 90-day or greater terms, while providing suppliers with access to bank facilities that permit earlier payment at their cost. Our supplier financing program does not result in changes to our normal, contracted payment cycles or cash from operations.

At the supplier's election, they can receive payment of AT&T obligations prior to the scheduled due dates, at a discounted price from the third-party financial institution. The discounted price paid to participating suppliers is based on a variable rate that is indexed to the overnight borrowing rate. We agree to pay the financial institution the stated amount generally within 90 days of receipt of the invoice. We do not have pledged assets or other guarantees under our supplier financing program.

Suppliers had elected to sell to the third-party financial institutions \$3,461 and \$2,498 of our outstanding payment obligations as of June 30, 2025 and December 31, 2024, respectively. These amounts are included in "Accounts payable and accrued liabilities" on our consolidated balance sheets. Our supplier financing programs are reported as operating or investing (when capitalizable) activities in our consolidated statements of cash flows when paid.

Direct Supplier Financing

We also have arrangements with suppliers of handset inventory that allow us to extend the stated payment terms by up to 90 days at an additional cost to us (variable rate extension fee). We had \$4,235 of direct supplier financing outstanding as of June 30, 2025 and \$6,272 as of December 31, 2024, which are included in "Accounts payable and accrued liabilities" on our consolidated balance sheets. Our direct supplier financing is reported as operating activities in our statements of cash flows when paid.

Vendor Financing

We enter into multi-year software licensing arrangements, which, consistent with industry standards, are paid over the license terms of two to five years. Additionally, in connection with capital improvements and the acquisition of other productive assets, we negotiate favorable payment terms of 120 days or more. We refer to these arrangements as vendor financing, with the

balances and activities including equipment and software arrangements. Vendor financing payments are reported as financing activities in our statements of cash flows when paid. For the six months ended June 30, 2025 and 2024, we recorded vendor financing commitments of \$831 and \$523, respectively. We had \$1,916 of vendor financing payables at June 30, 2025, with \$1,193 included in "Accounts payable and accrued liabilities" and \$1,448 of vendor financing payables at December 31, 2024, with \$749 included in "Accounts payable and accrued liabilities."

Preferred Equity Transactions

On March 3, 2025, we issued \$2,250 of nonconvertible cumulative preferred interests in Telco LLC (Telco Class A-4). The Telco Class A-4 interests pay an initial preferred distribution of 5.94% annually, subject to declaration, and subject to reset on November 1, 2028, and every four years thereafter. On March 3, 2025, we also redeemed all outstanding Series B cumulative perpetual preferred shares. The shares had a total liquidation preference of ϵ 2.0 billion and were redeemed for \$2,075.

Pending Acquisition

On May 21, 2025, we agreed to acquire substantially all of Lumen's mass markets fiber business for \$5,750 cash, subject to purchase price adjustments. At the time of signing, the pending acquisition covered approximately 1 million fiber customers, and also included fiber network assets that reach more than 4 million fiber locations. The transaction is expected to close in the first half of 2026, pending regulatory approval and other customary closing conditions.

Operating revenues increased in the second quarter and for the first six months of 2025, reflecting higher Mobility and Consumer Wireline revenues, partially offset by declines in Business Wireline and Mexico, which included unfavorable foreign exchange impacts.

Operations and support expenses increased in the second quarter and for the first six months of 2025, primarily due to higher Mobility equipment costs resulting from increased wireless equipment sales volumes and higher network-related costs. These increases were partially offset by expense declines from our continued transformation efforts and higher restructuring charges in the prior year. Also contributing to decreases for the first six months was the absence of expenses from our cybersecurity business that was contributed to a new cybersecurity joint venture, LevelBlue, in the second quarter of 2024.

Depreciation and amortization expense increased in the second quarter and for the first six months of 2025, primarily due to ongoing capital spending for strategic initiatives such as fiber and network upgrades, partially offset by lower depreciation impacts from our Open RAN network modernization efforts.

Operating income increased in the second quarter and for the first six months of 2025. Our operating income margin in the second quarter increased from 19.3% in 2024 to 21.1% in 2025 and for the first six months increased from 19.4% in 2024 to 19.9% in 2025.

Interest expense decreased in the second quarter and for the first six months of 2025, primarily due to lower debt balances, partially offset by lower capitalized interest associated with spectrum acquisitions.

Equity in net income of affiliates increased in the second quarter and for the first six months of 2025. The increases reflect cash distributions received by AT&T in excess of the carrying amount of our investment in DIRECTV (see Note 9). We sold our interest in DIRECTV to TPG Capital on July 2, 2025.

Dollars in millions except per share amounts

Other income (expense) – net increased in the second quarter and for the first six months of 2025. The increases were primarily due to a second-quarter 2025 gain on prior disposition, and for the first six months, first-quarter 2024 noncash impairment charges for a held-for-sale business and our SKY Mexico equity investment. Partially offsetting the increases were lower pension and postretirement benefit credits and lower returns on other benefit-related investments for the six-month period.

Other income (expense) - net in the third quarter of 2025, will include a gain recognized on our sale of DIRECTV, which we expect to be in the range of \$5,500, dependent on transition service agreements, indemnifications and other tax items (see Note 9).

Income tax expense increased in the second quarter and for the first six months of 2025, primarily due to higher income before income tax.

Our effective tax rate was 20.3% in the second quarter and 21.0% for the first six months of 2025, versus 22.4% and 22.7% in the comparable periods in the prior year, reflecting larger discrete state tax benefits in 2025.

Segment Results Our segments are comprised of strategic business units or other operations that offer products and services to different customer segments over various technology platforms and/or in different geographies that are managed accordingly. We evaluate segment performance based on operating income as well as EBITDA and/or EBITDA margin. See "Discussion and Reconciliation of Non-GAAP Measures" for a reconciliation of EBITDA and EBITDA margin to the most comparable financial measures calculated and presented in accordance with U.S. generally accepted accounting principles (GAAP).

Operating revenues increased in the second quarter and for the first six months of 2025, primarily driven by increases in our Mobility and Consumer Wireline business units, partially offset by declines in our Business Wireline business unit, which reflects lower demand for legacy services. Also offsetting revenue increases for the first six months was the absence of revenues from our cybersecurity business that was contributed to a new cybersecurity joint venture, LevelBlue, in the second quarter of 2024.

Operating income increased in the second quarter and for the first six months of 2025. Our Communications segment operating income margin in the second quarter decreased from 24.5% in 2024 to 23.8% in 2025 and for the first six months decreased from 23.9% in 2024 to 23.7% in 2025. Our Communications EBITDA margin in the second quarter decreased from 41.2% in 2024 to 40.7% in 2025 and for the first six months increased from 40.5% in 2024 to 40.6% in 2025.

Service revenue increased in the second quarter and for the first six months of 2025, largely due to postpaid phone average revenue per subscriber (ARPU) growth and subscriber gains.

ARPU

ARPU increased in the second quarter and for the first six months of 2025, reflecting pricing actions and customers migrating to higher priced plans.

Churn

The effective management of subscriber churn is critical to our ability to maximize revenue growth and to maintain and improve margins. Postpaid churn and postpaid phone-only churn were higher in the second quarter and for the first six months of 2025, driven by a normalization of customers reaching the end of their equipment promotional plans and increased competition.

Equipment revenue increased in the second quarter and for the first six months of 2025, primarily driven by higher wireless device sales volumes.

Operations and support expenses increased in the second quarter and for the first six months of 2025, primarily due to higher equipment costs driven by higher wireless sales volumes. The increase also reflected higher advertising due to the launch of a new campaign in the first quarter, promotion costs and network costs.

Depreciation expense increased in the second quarter and for the first six months of 2025, primarily due to ongoing capital spending for network upgrades and expansion, partially offset by lower depreciation impacts from our network modernization efforts.

Operating income increased in the second quarter and for the first six months of 2025. Our Mobility operating income margin in the second quarter decreased from 32.8% in 2024 to 31.7% in 2025 and for the first six months decreased from 32.1% in 2024 to 31.5% in 2025. Our Mobility EBITDA margin in the second quarter decreased from 44.9% in 2024 to 43.4% in 2025 and for the first six months decreased from 44.2% in 2024 to 43.2% in 2025, driven by the increase in low margin equipment revenues.

In addition to postpaid phones, includes tablets and wearables and other. Tablet net adds (losses) were 63 and 64 for the quarters ended June 30, 2025 and 2024 and 59 and 52 for the first six months ended June 30, 2025 and 2024. Wearables and other net adds (losses) were 15 and 110 for the quarters ended June 30, 2025 and 2024 and (15) and 162 for the first six months ended June 30, 2025 and 2024.

Calculated by dividing the aggregate number of wireless subscribers who canceled service during a month by the total number of wireless subscribers at the beginning of that month. The churn rate for the period is equal to the average of the churn rate for each month of that period.

Legacy and other transitional services revenues decreased in the second quarter and for the first six months of 2025, driven by lower demand for legacy and VPN services, which we expect to continue. Revenue declines for the first six months also reflect the absence of revenues from our cybersecurity business that was contributed to LevelBlue in the second quarter of 2024. These revenue declines were partially offset by targeted pricing actions in the first quarter of 2025.

Fiber and advanced connectivity services revenues increased in the second quarter and for the first six months of 2025, driven by higher fiber and fixed wireless revenues.

Equipment revenues decreased in the second quarter and for the first six months of 2025.

Operations and support expenses decreased in the second quarter and for the first six months of 2025, primarily driven by lower personnel and customer support costs associated with ongoing transformation initiatives and lower network-related costs. Decreases for the first six months were also driven by the contribution of our cybersecurity business. As part of our transformation activities, we expect operations and support expense improvements through the remainder of 2025 as we further right size our operations in alignment with the strategic direction of the business.

Depreciation expense increased in the second quarter and for the first six months of 2025, primarily due to ongoing capital investment for strategic initiatives such as fiber, which we expect to continue through the remainder of 2025.

Operating income decreased in the second quarter and for the first six months of 2025. Our Business Wireline operating income margin in the second quarter decreased from 2.1% in 2024 to (4.7)% in 2025 and for the first six months decreased from 1.7% in 2024 to (3.4)% in 2025. Our Business Wireline EBITDA margin in the second quarter decreased from 31.3% in 2024 to 30.6% in 2025 and for the first six months increased from 30.1% in 2024 to 31.0% in 2025.

Broadband revenues increased in the second quarter and for the first six months of 2025, driven by increases in fiber revenues of 18.9% and 19.0%. Higher fiber revenues reflect an increase in fiber customers, which we expect to continue as we invest further in building our fiber footprint, and higher ARPU. This increase was partially offset by declines in copper-based broadband services.

Legacy voice and data services revenues decreased in the second quarter and for the first six months of 2025, reflecting the continued decline in demand for these services in favor of other technologies, such as wireless and fiber services.

Other service and equipment revenues decreased in the second quarter and for the first six months of 2025, reflecting the continued decline in the number of VoIP customers.

Operations and support expenses were flat in the second quarter and decreased for the first six months of 2025, primarily driven by lower customer support and content licensing costs, largely offset by higher network-related costs and higher marketing costs.

Excludes the impact of subscriber disconnections resulting from the termination of AIA services in areas with unfavorable regulatory requirements in the first quarter of 2025.

COMPETITIVE AND REGULATORY ENVIRONMENT

Overview AT&T subsidiaries operating within the United States are subject to federal and state regulations. AT&T subsidiaries operating outside the United States are subject to the jurisdiction of national and supranational regulations in the markets where service is provided. Complying with these regulations may affect our results of operations and cash flow, and compliance may be very costly.

On July 4, 2025, the One Big Beautiful Bill Act was enacted, which restores or makes permanent certain expiring business tax provisions from the Tax Cuts and Jobs Act of 2017. We do not anticipate the legislation to materially impact our income tax expense, but expect that it will have a material impact on cash taxes paid.

For further discussion of regulations impacting AT&T and its subsidiaries, please see "Management's Discussion and Analysis of Financial Condition and Results of Operation—Regulatory Landscape" in our Annual Report on Form 10-K for the year-ended December 31, 2024.

LIQUIDITY AND CAPITAL RESOURCES

| For six months ended June 30, | 2025 | 2024 |

| Cash provided by operating activities | \$ 18,8 | 16,640 |

|---------------------------|------------------|-----------------|---------|
| Cash and cash equivalents | \$ 10,499 | \$ | 3,298 |
| Total debt | 132,311 | | 123,532 |

We had \$10,499 in cash and cash equivalents available at June 30, 2025, increasing \$7,201 since December 31, 2024. Cash and cash equivalents included cash of \$2,795 and money market funds and other cash equivalents of \$7,704. Approximately \$1,376 of our cash and cash equivalents were held in accounts outside of the U.S. and may be subject to restrictions on repatriation.

For the first six months of 2025, cash inflows were primarily provided by cash receipts from operations, including cash from our sale and transfer of our receivables to third parties, and distributions from DIRECTV. These inflows exceeded cash used to meet the needs of the business, including, but not limited to, payment of operating expenses, including higher device payments from higher sales volumes. The cash generated from operating activities was primarily used to fund capital improvements, make dividend payments to stockholders, repurchase preferred and common stock, and repay long-term debt. We maintain availability under our credit facilities and our commercial paper program to meet our short-term liquidity requirements.

Cash Provided by Operating Activities

During the first six months of 2025, cash provided by operating activities was \$18,812, compared to \$16,640 for the first six months of 2024, with increases resulting from higher cash flows related to DIRECTV, including a first-quarter 2025 dividend of \$1,138, and operational growth.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations-Continued

Dollars in millions except per share amounts

We actively manage the timing of our supplier payments for operating items to optimize the use of our cash. Among other things, we seek to make payments on 90-day or greater terms, while providing the suppliers with access to bank facilities that permit earlier payments at their cost (referred to as supplier financing program). In addition, for payments to suppliers of handset inventory, as part of our working capital initiatives, we have arrangements that allow us to extend the stated payment terms by up to 90 days at an additional cost to us (referred to as direct supplier financing). The net impact of direct supplier financing, including principal and interest payments, was to decrease cash from operating activities approximately \$2,146 and \$2,120 for the six months ended June 30, 2025 and 2024, respectively. All supplier financing payments are due within one year. (See Note 10)

Cash Used in Investing Activities

For the first six months of 2025, cash used in investing activities totaled \$11,044 and consisted primarily of \$9,174 (including interest during construction) for capital expenditures. During the first six months of 2025, investing activities also included \$38 of FirstNet sustainability payments net of reinvestment, and \$620 for our investment in a new strategic partner related to wireline network transformation accounted for under the equity method of accounting.

We enter into multi-year software licensing arrangements, which are typically paid over the license terms of two to five years and referred to as vendor financing. Additionally, for capital improvements, we have negotiated favorable vendor payment terms of 120 days or more with some of our vendors, which are also referred to as vendor financing. Vendor financing is excluded from capital expenditures and reported as financing activities. For the first six months of 2025, vendor financing payments were \$423, compared to \$1,391 for the first six months of 2024. Capital expenditures for the first six months of 2025 were \$9,174, and when including \$423 cash paid for vendor financing, capital investment was \$9,597 (\$88 higher than the prior-year comparable period).

The vast majority of our capital expenditures are spent on our networks, including product development and related support systems. During the first six months of 2025, we placed \$831 of productive assets in service under vendor financing arrangements (compared to \$523 in the prior-year comparable period). The amount of capital expenditures is influenced by demand for services and products, capacity needs and network enhancements.

On July 2, 2025, we completed the sale of our interest in DIRECTV to TPG. Upon close, we will record a current note receivable of approximately \$3,600, which we expect to receive the majority of by the end of 2025, and a long-term note receivable of \$500.

Cash Provided by or Used in Financing Activities

For the first six months of 2025, cash used in financing activities totaled \$598 and was primarily comprised of dividend payments, preferred and common stock repurchases, debt repayments and vendor financing payments, offset by issuances of long-term debt and preferred interests.

A tabular summary of our debt activities for the six months ended June 30, 2025 is as follows:

| | | (| First Quarter | Second Quarter | Six months ended June 30, 2025 |

The weighted average interest rate of our long-term debt portfolio, including credit agreement borrowings and the impact of derivatives, was approximately 4.2% as of June 30, 2025 and as of December 31, 2024. We had \$130,929 of total notes and debentures outstanding at June 30, 2025. This also included Euro, British pound sterling, Canadian dollar, Swiss franc and Australian dollar denominated debt that totaled approximately \$36,181.

AT&T INC. JUNE 30, 2025

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations- Continued

Dollars in millions except per share amounts

At June 30, 2025, we had \$9,254 of long-term debt maturing within one year. We had no outstanding commercial paper or other short-term borrowings on June 30, 2025.

For the first six months of 2025, we paid \$423 of cash under our vendor financing program, compared to \$1,391 in the prior-year comparable period. Total vendor financing payables included in our June 30, 2025 consolidated balance sheet were \$1,916, with \$1,193 due within one year (in "Accounts payable and accrued liabilities") and the remainder predominantly due within five years (in "Other noncurrent liabilities").

During the first six months of 2025, we repurchased approximately 34 million shares totaling \$958 under our \$10,000 common stock repurchase authorization approved by the Board of Directors in December 2024, excluding brokerage fees and the one percent excise tax imposed by the Inflation Reduction Act of 2022. At June 30, 2025, we had approximately \$9,042 remaining under this repurchase authorization.

We paid dividends on common and preferred shares of \$4,135 during the first six months of 2025, compared with \$4,133 for the first six months of 2024.

Dividends on common stock declared by our Board of Directors totaled \$0.5550 per share in the first six months of 2025 and 2024. Our dividend policy considers the expectations and requirements of stockholders, capital funding requirements of AT&T and long-term growth opportunities.

Financing activities in the first six months of 2025 also included the issuance of \$2,250 of nonconvertible cumulative preferred interests in Telco LLC, with the funds used to redeem all outstanding Series B preferred stock for \$2,075 (see Note 11). We also received approximately \$850 in upfront cash proceeds from a structured sale-leaseback of real estate.

Credit Facilities

The following summary of our various credit and loan agreements does not purport to be complete and is qualified in its entirety by reference to each agreement filed as exhibits to our Annual Report on Form 10-K.

We use credit facilities as a tool in managing our liquidity status. We currently have one \$12,000 revolving credit agreement that terminates on November 18, 2029 (Revolving Credit Agreement). No amount was outstanding under the Revolving Credit Agreement as of June 30, 2025.

We also utilize other external financing sources, which include various credit arrangements supported by government agencies to support network equipment purchases as well as a commercial paper program.

Our Revolving Credit Agreement contains covenants that are customary for an issuer with investment grade senior debt credit rating as well as a net debt-to-EBITDA financial ratio covenant requiring AT&T to maintain, as of the last day of each fiscal quarter, a ratio of not more than 3.75-to-1. As of June 30, 2025, we were in compliance with the covenants for our credit facilities.

Collateral Arrangements

Most of our counterparty collateral arrangements require cash collateral posting by AT&T only when derivative market values exceed certain thresholds. Under these arrangements, which cover the majority of our approximate \$36,499 derivative portfolio, counterparties are still required to post collateral. During the first six months of 2025, we received \$237 of cash collateral, on a net basis. Cash postings under these arrangements vary with changes in credit ratings and netting agreements. (See Note 7)

Other

Our total capital consists of debt (long-term debt and debt maturing within one year), redeemable noncontrolling interest and stockholders' equity. Our capital structure does not include debt issued by our equity method investments. At June 30, 2025, our debt ratio was 51.7%, compared to 51.8% at June 30, 2024 and 50.7% at December 31, 2024. The debt ratio is affected by the same factors that affect total capital, and reflects our recent debt issuances, repayments and reclassifications related to redemption of noncontrolling interests.

DISCUSSION AND RECONCILIATION OF NON-GAAP MEASURES

We also evaluate segment and business unit performance based on EBITDA, which is defined as operating income excluding depreciation and amortization, and/or EBITDA margin, which is defined as EBITDA divided by total revenue. EBITDA is used as part of our management reporting, and we believe EBITDA to be a relevant and useful measurement to our investors as it measures the cash generation potential of our business units. EBITDA does not give effect to depreciation and amortization expenses incurred in operating income nor is it burdened by cash used for debt service requirements and thus does not reflect available funds for distributions, reinvestment or other discretionary uses. There are material limitations to using these non-GAAP financial measures. EBITDA and EBITDA margin, as we have defined them, may not be comparable to similarly titled measures reported by other companies.

CAUTIONARY LANGUAGE CONCERNING FORWARD-LOOKING STATEMENTS

Information set forth in this report contains forward-looking statements that are subject to risks and uncertainties, and actual results could differ materially. Many of these factors are discussed in more detail in the "Risk Factors" section herein and in our most recent Form 10-K. We claim the protection of the safe harbor for forward-looking statements provided by the Private Securities Litigation Reform Act of 1995.

The following factors could cause our future results to differ materially from those expressed in the forward-looking statements:

- · Adverse economic and political changes, public health emergencies and our ability to access financial markets on favorable terms.
- Increases in our benefit plans' costs, including due to worse-than-assumed investment returns and discount rates, mortality assumptions, medical cost trends, or healthcare laws or regulations.
- The final outcome of FCC and other federal, state or foreign government agency proceedings (including judicial review of such proceedings) and legislative and regulatory efforts involving issues important to our business, including, without limitation, pending Notices of Apparent Liability; the transition from legacy technologies to IP-based infrastructure, including the withdrawal of legacy TDM-based services; universal service; broadband deployment; wireless equipment siting regulations; E911 services; rules concerning digital discrimination; competition policy; privacy; net neutrality; copyright protection; availability of new spectrum on fair and reasonable terms; and wireless and satellite license awards and renewals, and our response to such legislative and regulatory efforts.
- Enactment of or changes to state, local, federal and/or foreign tax laws and regulations, and actions by tax agencies and judicial authorities, and the
 resolution of disputes with any taxing jurisdictions, pertaining to our subsidiaries and foreign investments.
- U.S. and foreign laws and regulations regarding intellectual property rights protection and privacy, personal data protection and user consent, which are rapidly evolving.
- Our ability to compete in an increasingly competitive industry and against competitors that can offer product/service offerings at lower prices due to lower
 cost structures and regulatory and legislative actions adverse to us, including non-regulation of comparable alternative technologies and/or governmentowned or subsidized networks, and our response to such competition and emerging technologies.
- Disruptions in our supply chain that have a material impact on our ability to acquire needed goods and services.
- The development and delivery of attractive and profitable wireless and broadband offerings and devices, including our ability to match speeds offered by competitors; and the availability, cost and/or reliability of technologies required to provide such offerings.
- Our ability to adequately fund additional wireless spectrum and network development, deployment and maintenance; and regulations and conditions relating to spectrum use, licensing, obtaining additional spectrum, technical standards and deployment and usage, including network management rules.
- Our ability to manage growth in wireless data services, including network quality.
- The outcome of pending, threatened or potential litigation and arbitration.
- The impact from major equipment, software or other failures or errors that disrupt our networks or cyber incidents; the effect of security breaches related to the network or customer information; our inability to obtain handsets, equipment/software or have handsets, equipment/software serviced in a timely and cost-effective manner from suppliers; severe weather conditions or other natural disasters including earthquakes and forest fires; public health emergencies; energy shortages; or wars or terrorist attacks.
- The issuance by the FASB or other accounting oversight bodies of new or revised accounting standards.
- The imposition of tariffs and their duration and uncertainty surrounding further tariffs and congressional action regarding spending and taxation, which may result in changes in government spending and affect the ability and willingness of businesses and consumers to spend in general.
- Our ability to realize or sustain the expected benefits of our business transformation initiatives, which are designed to reduce costs, enable legacy rationalization, streamline distribution, remove redundancies and simplify and improve processes and support functions.
- Our ability to successfully complete divestitures, as well as achieve our expectations regarding the financial impact of completed and/or pending transactions.

Readers are cautioned that other factors discussed in this report and in our most recent Form 10-K, although not enumerated here, also could materially affect our future earnings.

PART II – OTHER INFORMATION

Dollars in millions except per share amounts

Item 1A. Risk Factors

We discuss in our Annual Report on Form 10-K for the year ended December 31, 2024 various risks that may materially affect our business. We use this section to update this discussion to reflect material developments since our Form 10-K was filed.

We may not realize or sustain the expected benefits from our business transformation initiatives, and these efforts could have a materially adverse effect on our business, operations, financial condition, results of operations and competitive position.

We have been and will be undertaking certain transformation initiatives, which are designed to reduce costs, enable legacy rationalization, streamline and modernize distribution and customer service, remove redundancies and simplify and improve processes and support functions. Our focus is on supporting added customer value with an improved customer experience. We intend for these efficiencies to enable increased investments in our strategic areas of focus, which include improving broadband connectivity (for example, fiber and 5G). We also expect these initiatives to drive efficiencies and improved margins. If we do not successfully manage and timely execute these initiatives and investments, which may include acquisitions, joint ventures and other strategic transactions, or if they are inadequate or ineffective, we may fail to meet our financial goals and achieve anticipated benefits, improvements may be delayed, not sustained or not realized, and our business, operations and competitive position could be adversely affected. In addition, any such transaction entails certain risks and could present financial, managerial and operational challenges. Further, we are using and intend to further use artificial intelligence (AI)-driven efficiencies in our network design and operations, software development, sales, marketing, customer support services and general and administrative costs. The models used in those products, particularly generative AI models, may produce output or take action that is incorrect, release private or confidential information, reflect biases included in the data on which they are trained, infringe on the intellectual property rights of others, or be otherwise harmful. Any of these risks could expose us to liability or adverse legal or regulatory consequences and harm our reputation and the public perception of our business or the effectiveness of our security measures.

AT&T HEALTH PLAN

Effective January 1, 2026

ARTICLE 1 PURPOSE

The AT&T Health Plan ("Plan") provides Participants with certain medical, dental, and vision benefits, as specified herein. Effective March 23, 2010, the Plan shall be frozen to new Participants, except as described in Section 2.15. The Company intends this Plan to be a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the "Affordable Care Act"). Appendix C hereto contains the required Participant disclosure regarding the Plan's grandfathered status under the Affordable Care Act.

ARTICLE 2 DEFINITIONS

For purposes of this Plan, the following words and phrases shall have the meanings indicated, unless the context clearly indicates otherwise:

- **2.1** Active Participant. "Active Participant" shall mean an Active Employee Participant and his Dependents.
- **2.2** <u>Active Employee Participant</u>. "Active Employee Participant" shall mean an Eligible Employee electing to participate in the Plan while in active service, on a Leave of Absence or while receiving short term disability benefits under the Officer Disability Plan.
- **Annual Deductible**. "Annual Deductible" shall mean the amount the Active Participant must pay for Covered Health Services in a Plan Year before the Plan will begin paying for Covered Benefits in that calendar year. The Annual Deductible applies to all Covered Health Services. The Annual Deductible does not apply to Preventive Care, Dental Services and Vision Services. Once the Participant meets his applicable Annual Deductible, the Plan will begin to pay Covered Benefits, subject to any required Coinsurance, in accordance with and as governed by Section 4.1. The applicable Annual Deductible is set forth in <u>Appendix A</u> to this Plan.
- 2.4 Annual Out-of-Pocket Maximum. "Annual Out-of-Pocket Maximum" shall mean the maximum amount of Covered Health Services an Active Participant must pay out-of-pocket every calendar year, including the Participant's Annual Deductible. Once the Participant reaches the applicable Annual Out-of-Pocket Maximum, Covered Benefits for those Covered Health Services that apply to the Annual Out-of-Pocket Maximum are payable in accordance with and as governed by Section 4.1 during the rest of that Plan Year. The following costs shall never apply toward the Annual Out-of-Pocket Maximum: (a) any applicable Monthly Contributions and (b) any charges for Non-Covered Health Services. Even when the Annual Out-of-Pocket Maximum has been reached, Covered Benefits will not be provided for the following: (a) any applicable Monthly Contributions and (b) any charges for Non-Covered Health Services. The applicable Annual Out-of-Pocket Maximum is set forth in Appendix A to this Plan.
- **2.5** AT&T. "AT&T" shall mean AT&T Inc. References to "Company" shall mean AT&T.
- **2.6 CEO**. "CEO" shall mean the Chief Executive Officer of AT&T Inc.

- **2.7 COBRA**. "COBRA" shall mean the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended.
- **2.8** Coinsurance. "Coinsurance" shall mean the amount an Active Participant must pay each time he/she receives Covered Health Services, after he/she meets the applicable Annual Deductible. Coinsurance payments are calculated as a percentage of Covered Health Services, rather than a set dollar amount. Coinsurance does not apply to Preventive Care, Dental Services and Vision Services (or Medical Services for Retired Participants as provided in Section 4.1(c)). The applicable Coinsurance percentage is set forth in Appendix A to this Plan.
- **2.9** Committee "Committee" shall mean the Human Resources Committee of the Board of Directors of AT&T Inc.
- **2.10** Covered Benefits. "Covered Benefits" shall mean the benefits provided by the Plan, as provided for and governed by Section 4.1 of the Plan.
- **2.11** Covered Health Services. "Covered Health Services" means all Medical Services or Preventive Care that would qualify as deductible medical expenses for federal income tax purposes, whether deducted or not. Dental Services and Vision Services are not included in the definition of Covered Health Services.
- **2.12 Dental Services**. "Dental Services" shall mean services for dental and orthodontic care. The Plan Administrator, in its sole discretion, shall determine whether a particular service is classified as Preventive Care or a Dental, Medical or Vision Service.
- **2.13 Dependent(s)**. "Dependent(s)" shall mean those individuals who would qualify as a Participant's dependent(s) under the terms of the AT&T Medical Program.
- **2.14 Disability**. "Disability" shall mean qualification for long term disability benefits under Section 3.1 of the Officer Disability Plan.
- **2.15** Eligible Employee. "Eligible Employee" shall mean an Officer. Notwithstanding the foregoing, the CEO may, from time to time, exclude any Officer or group of Officers from being an "Eligible Employee" under this Plan. Employees of a company acquired by AT&T shall not be considered an Eligible Employee unless designated as such by the CEO. Notwithstanding the foregoing, only the Committee shall have the authority to exclude from participation or take any action with respect to Executive Officers.

Notwithstanding the foregoing provisions, unless otherwise provided for in Appendix D to this Plan, individuals hired, rehired or promoted to an Officer level position on or after March 23, 2010 shall be excluded from the term Eligible Employee, and such individuals (and their Dependents) shall not be eligible to participate in this Plan.

Accordingly, as a condition of receiving coverage and any Plan benefits on or after January 1, 2010, each Participant is deemed to agree that he/she shall not, without obtaining the written consent of the Plan Administrator in advance, participate in activities that constitute engaging in competition with AT&T or engaging in conduct disloyal to AT&T, as those terms are defined in this Section. "Engaging in competition with AT&T" shall include representing or providing consulting services to, or being an employee or director of, any person or entity that is engaged in competition with any Employer Business or that takes a position adverse to any Employer Business.

"Engaging in conduct disloyal to AT&T" also means, disclosing Confidential Information to any third party or using Confidential Information, other than for an Employer Business, or failing to return any Confidential Information to the Employer Business following termination of employment.
- (4) "Confidential Information" shall mean all information belonging to, or otherwise relating to, an Employer Business, which is not generally known, regardless of the manner in which it is stored or conveyed to the Participant, and which the Employer Business has taken reasonable measures under the circumstances to protect from unauthorized use or disclosure. Confidential Information includes trade secrets as well as other proprietary knowledge, information, know-how, and non-public intellectual property rights, including unpublished or pending patent applications and all related patent rights, formulae, processes, discoveries, improvements, ideas, conceptions, compilations of data, and data, whether or not patentable or copyrightable and whether or not it has been conceived, originated, discovered, or developed in whole or in part by the Participant. - 8.4 Equitable Relief. The parties recognize that any Participant's breach of any of the covenants in this Article 8 will cause irreparable injury to AT&T, will represent a failure of the consideration under which AT&T (in its capacity as creator and sponsor of the Plan) agreed to provide the Participant with the opportunity to receive Plan coverage and benefits, and that monetary damages would not provide AT&T with an adequate or complete remedy that would warrant AT&T's continued sponsorship of the Plan and payment of Plan benefits for all Participants. Accordingly, in the event of a Participant's actual or threatened breach of the covenants in this Article, the Plan Administrator, in addition to all other rights and acting as a fiduciary under ERISA on behalf of all Participants, shall have a fiduciary duty (in order to assure that AT&T receives fair and promised consideration for its continued Plan sponsorship and funding) to seek an injunction restraining the Participant from breaching the covenants in this Article 8. In addition, AT&T shall pay for any Plan expenses that the Plan Administrator incurs hereunder, and shall be entitled to recover from the Participant its reasonable attorneys' fees and costs incurred in obtaining such injunctive remedies. To enforce its repayment rights with respect to a Participant, the Plan shall have a first priority, equitable lien on all Plan benefits provided to or for the Participant and his or her Dependents. In the event the Plan Administrator succeeds in enforcing the terms of this Article through a written settlement with the Participant or a court order granting an injunction hereunder, the Participant shall be entitled to collect Plan benefits collect Plan benefits prospectively, if the Participant is otherwise entitled to such benefits, net of any fees and costs assessed pursuant hereto (which fees and costs shall be paid to AT&T as a repayment on behalf of the Participant), provided that the Participant complies with said settlement or injunction.
- **8.5** <u>Uniform Enforcement</u>.  - (1) ERISA shall control all issues and controversies hereunder, and the Committee shall serve for purposes hereof as a "fiduciary" of the Plan, and as its "named fiduciary" within the meaning of ERISA.
 - (2) All litigation between the parties relating to this Article shall occur in federal court, which shall have exclusive jurisdiction, any such litigation shall be held in the United States District Court for the Northern District of Texas, and the only remedies available with respect to the Plan shall be those provided under ERISA.

(3) If the Plan Administrator determines in its sole discretion either (I) that AT&T or its affiliate that employed the Participant terminated the Participant's employment for cause, or (II) that equitable relief enforcing the Participant's covenants under this Article 8 is either not reasonably available, not ordered by a court of competent jurisdiction, or circumvented because the Participant has sued in state court, or has otherwise sought remedies not available under ERISA, then in any and all of such instances the Participant shall not be entitled to collect any Plan benefits, and if any Plan benefits have been paid to the, the Participant shall immediately repay all Plan benefits to the Plan (with such repayments being used within such year for increased benefits for other Participants in any manner determined in the Plan Administrator's discretion) upon written demand from the Plan Administrator. Furthermore, the Participant shall hold AT&T and its affiliates harmless from any loss, expense, or damage that may arise from any of the conduct described in clauses (I) and (II) hereof.

To the extent this Plan provides mental health benefits or substance use disorder benefits it will not place annual or lifetime maximums for such benefits that are lower than the annual and lifetime maximums for physical health benefits. In addition, the financial requirements (e.g., deductibles and co-payments) and treatment limitations (e.g., number of visits or days of coverage) that apply to mental health benefits or substance use disorder benefits will not be more restrictive than the predominant financial requirements or treatment limitations that apply to substantially all medical/surgical benefits; mental health benefits and substance use disorder benefits will not be subject to any separate cost sharing requirements or treatment limitations that only apply to such benefits; if the Plan provides for out of network medical/surgical or substance use disorder benefits, it will provide for out of network mental health and substance use disorder benefits and standards for medical necessity determinations and reasons for any denial of benefits relating to mental health benefits and substance use disorder benefits will be made available upon request to plan participants. If the Participant is on an unpaid leave, the Participant may elect to prepay required contributions on a pre-tax basis before the commencement of such unpaid leave. Alternatively, the Participant may elect to make such payments on an after-tax basis monthly in accordance with an arrangement that the Plan Administrator shall provide. This entitlement will end if the individual provides written notice of intent not to return to work following the completion of the military leave. The individual shall have the right to continue his/her coverage, including any Dependent coverage, for the lesser of the length of the leave or 18 months. If the military leave is for a period of 31 days or more, the individual may be required to pay 102 percent of the total premium (determined in the same manner as a COBRA continuation coverage premium). If coverage is not continued during the entire period of the military leave because the individual declines to pay the premium or the leave extends beyond 18 months, the coverage must be reinstated upon reemployment with no pre-existing condition exclusions (other than for service-related illnesses or injuries) or waiting periods (other than those applicable to all Eligible Employees).
- **Qualified Medical Child Support Orders**. The cost of coverage or any additional cost of such coverage, if any, shall be borne by the Participant.
- **9.9** Right of Recovery. If the Plan has made an erroneous or excess payment to any Participant, the Plan Administrator shall be entitled to recover such excess from the individual or entity to whom such payments were made. Coverage under this Subsection 10.4 may not continue beyond the:

- (1) date on which the Active Employee Participant's Employer ceases to maintain this Plan;
- (2) last day of the month for which premium payments have been made with respect to this Plan, if the individual fails to make premium payments on time, in accordance with Subsection 10.6;
- (3) date the covered Active Employee Participant becomes entitled to Medicare; or
- (4) date the covered Participant is no longer subject to a pre-existing condition exclusion under the Participant's other coverage or new employer plan for the type of coverage available under the COBRA eligible program for which the COBRA election was made.
- **10.5** Period of COBRA Continuation Coverage for Dependents. If a Qualified Dependent elects COBRA continuation coverage under a COBRA eligible program as a result of the an Active Employee Participant's termination of employment as described in Subsection 10.2, continuation coverage may be continued for up to 18 months measured from the date of the Qualifying Event. COBRA continuation coverage for all other Qualifying Events may continue for up to 36 months.

Continuation coverage under this Subsection 10.5 with respect to a COBRA eligible program may not continue beyond the date:

- (1) on which premium payments have not been made, in accordance with Subsection 10.6 below;
- (2) the Qualified Dependent becomes entitled to Medicare;
- (3) on which the Employer ceases to maintain this Plan; or
- (4) the Qualified Dependent is no longer subject to a pre-existing condition exclusion under the Participant's other coverage or new employer plan for the type of coverage available under this Plan.

10.6 Contribution Requirements for COBRA Continuation Coverage. Covered Participants and Qualified Dependents who elect COBRA continuation coverage as a result of a Qualifying Event will be required to pay continuation coverage payments. Continuation coverage payments are the payments required for COBRA continuation coverage that is an amount equal to a reasonable estimate of the cost to this Plan of providing coverage for all covered Participants at the time of the Qualifying Event plus a 2% administrative expense. In the case of a disabled individual who receives an additional 11-month extended coverage under COBRA, the Employer may assess up to 150% of the cost for this extended coverage period. Such cost shall be determined on an actuarial basis and take into account such factors as the Secretary of the Treasury may prescribe in regulations.

Covered Participants and Qualified Dependents must make the continuation coverage payment prior to the first day of the month in which such coverage will take effect. However, a covered Participant or Qualified Dependent has 45 days from the date of an affirmative election to pay the continuation coverage payment for the first month's payment and the cost for the period between the date medical coverage would otherwise have terminated due to the Qualifying Event and the date the covered Participant and/or Qualified Dependent actually elects COBRA continuation coverage.

The covered Participant and/or Qualified Dependent shall have a 30-day grace period to make the continuation coverage payments due thereafter. Continuation coverage payments must be postmarked on or before the completion of the 30-day grace period. If continuation coverage payments are not made on a timely basis, COBRA continuation coverage will terminate as of the last day of the month for which timely premiums were made. The 30-day grace period shall not apply to the 45-day period for the first month's payment of COBRA premiums as set out in the section above.

If payment is received that is significantly less than the required continuation coverage payment, then continuation coverage will terminate as of the last day of the month for which premiums were paid. A payment is considered significantly less than the amount due if it is greater than the lesser of \$50 or 10% of the required continuation coverage payment. Upon receipt of a continuation coverage payment that is insignificantly less than the required amount, the Plan Administrator must notify the covered Participant or Qualified Dependent of the amount of the shortfall and provide them with an additional 30-day grace period from the date of the notice for this payment only.

10.7 <u>Limitation on Participant's Rights to COBRA Continuation Coverage.</u>

(1) If a Qualified Dependent loses, or will lose medical coverage under this Plan as a result of divorce, legal separation, entitlement to Medicare, or ceasing to be a Dependent, such Qualified Dependent is responsible for notifying the Plan Administrator in writing within 60 days of the Qualifying Event. Failure to make timely notification will terminate the Qualified Dependent's rights to COBRA continuation coverage under this Article.

- (2) A Participant must complete and return the required enrollment materials within 60 days from the later of (a) the date of loss of coverage, or (b) the date the Plan Administrator sends notice of eligibility for COBRA continuation coverage. Failure to enroll for COBRA continuation coverage during this 60-day period will terminate all rights to COBRA continuation coverage under this Article. An affirmative election of COBRA continuation coverage by a Participant or his/her spouse shall be deemed to be an election for that Participant's Dependent(s) who would otherwise lose coverage under the Plan.
- **10.8** Subsequent Qualifying Event. If a second Qualifying Event occurs during an 18-month extension explained above, coverage may be continued for a maximum of 36 months from the date of the first Qualifying Event. In the event the Dependent loses coverage due to a Qualifying Event and after such date the Participant becomes entitled to Medicare, the Dependent shall have available up to 36 months of coverage measured from the date of the Qualifying Event that causes the loss of coverage. If the Participant was entitled to Medicare prior to the Qualifying Event, the Dependent shall have up to 36 months of coverage measured from the date of entitlement to Medicare.
- **10.9** Extension of COBRA Continuation Period for Disabled Individuals. The period of continuation shall be extended to 29 months in total (measured from the date of the Qualifying Event) in the event the individual is disabled as determined by the Social Security laws within 60 days of the Qualifying Event. The individual must provide evidence to the Plan Administrator of such Social Security determination prior to the earlier of 60 days after the date of the Social Security determination, or the expiration of the initial 18 months of COBRA continuation coverage. In such event, the Employer may charge the individual up to 150% of the COBRA cost of the coverage.

- **11.6** Separation Between the Plan Sponsor and the HIPAA Plan. In accordance with HIPAA, only the following employees and Business Associate personnel shall be given access to PHI:

11.7 Enforcement.

Enforcement of this Article 11 shall be as provided for by HIPAA. In particular, participants and beneficiaries are not authorized to sue with regard to purported breaches of this Article 11 except as explicitly permitted by HIPAA.

ARTICLE 12 CLAIM AND APPEAL PROCESS

12.1 Claims for Benefits under the Plan. – See Appendix B.

12.2 <u>Claims Related to Basic Eligibility for Coverage under the Plan and Claims Related to the Article 8 Loyalty Conditions.</u>

- (a) Claims. A person who believes that he or she is being denied a benefit to which he or she is entitled under this Plan (hereinafter referred to as a "Claimant") based on a claim for basic eligibility for coverage under the Plan or a claim related to the Article 8 Loyalty Conditions may file a written request for such benefit with the Executive Compensation Administration Department, setting forth his or her claim. The request must be addressed to the AT&T Executive Compensation Administration Department at its then principal place of business.
- (b) Claim Decision. Upon receipt of a claim, the AT&T Executive Compensation Administration Department shall review the claim and provide the Claimant with a written notice of its decision within a reasonable period of time, not to exceed ninety (90) days, after the claim is received. If the AT&T Executive Compensation Administration Department determines that special circumstances require an extension of time beyond the

initial ninety (90)- day claim review period, the AT&T Executive Compensation Administration Department shall notify the Claimant in writing within the initial ninety (90)-day period and explain the special circumstances that require the extension and state the date by which the AT&T Executive Compensation Administration Department expects to render its decision on the claim. If this notice is provided, the AT&T Executive Compensation Administration Department may take up to an additional ninety (90) days (for a total of one hundred eighty (180) days after receipt of the claim) to render its decision on the claim.

If the claim is denied by the AT&T Executive Compensation Administration Department, in whole or in part, the AT&T Executive Compensation Administration Department shall provide a written decision using language calculated to be understood by the Claimant and setting forth: (i) the specific reason or reasons for such denial; (ii) specific references to pertinent provisions of this Plan on which such denial is based; (iii) a description of any additional material or information necessary for the Claimant to perfect his or her claim and an explanation of why such material or such information is necessary; (iv) a description of the Plan's procedures for review of denied claims and the steps to be taken if the Claimant wishes to submit the claim for review; (v) the time limits for requesting a review of a denied claim under this section and for conducting the review under this section; and (vi) a statement of the Claimant's right to bring a civil action under Section 502(a) of ERISA if the claim is denied following review under this section.

- (c) Request for Review. Within sixty (60) days after the receipt by the Claimant of the written decision on the claim provided for in this section, the Claimant may request in writing that the Plan Administrator review the determination of the AT&T Executive Compensation Administration Department. Such request must be addressed to the Plan Administrator at the address provided in the written decision regarding the claim. To assist the Claimant in deciding whether to request a review of a denied claim or in preparing a request for review of a denied claim, a Claimant shall be provided, upon written request to the Plan Administrator and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to the claim. The Claimant or his or her duly authorized representative may, but need not, submit a statement of the issues and comments in writing, as well as other documents, records or other information relating to the claim for consideration by the Committee. If the Claimant does not request a review by the Plan Administrator of the AT&T Executive Compensation Administration Department's decision within such sixty (60)-day period, the Claimant shall be barred and estopped from challenging the determination of the AT&T Executive Compensation Administration Department.
- (d) Review of Decision. Within sixty (60) days after the Plan Administrator's receipt of a request for review, the Plan Administrator will review the decision of the AT&T Executive Compensation Administration Department. If the Plan Administrator determines that special circumstances require an extension of time beyond the initial sixty (60)-day review period, the Plan Administrator shall notify the Claimant in writing within the initial sixty (60)-day period and explain the special circumstances that require the extension and state the date by which the Plan Administrator expects to render its decision on the review of the claim. If this notice is provided, the Plan Administrator may take up to an additional sixty (60) days (for a total of one hundred twenty (120) days after receipt of the request for review) to render its decision on the review of the claim.

During its review of the claim, the Plan Administrator shall:

- (1) Take into account all comments, documents, records, and other information submitted by the Claimant relating to the claim, without regard to whether such information was submitted or considered in the initial review of the claim conducted pursuant to this section;
- (2) Follow reasonable procedures to verify that its benefit determination is made in accordance with the applicable Plan documents; and
- (3) Follow reasonable procedures to ensure that the applicable Plan provisions are applied to the Participant to whom the claim relates in a manner consistent with how such provisions have been applied to other similarly-situated Participants.

After considering all materials presented by the Claimant, the Plan Administrator will render a decision, written in a manner designed to be understood by the Claimant. If the Plan Administrator denies the claim on review, the written decision will include (i) the specific reasons for the decision; (ii) specific references to the pertinent provisions of this Plan on which the decision is based; (iii) a statement that the Claimant is entitled to receive, upon request to the Plan Administrator and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claim; and (iv) a statement of the Claimant's right to bring a civil action under Section 502(a) of ERISA.

In any case, a Participant or Beneficiary may have further rights under ERISA. The Plan provisions require that Participants or Beneficiary pursue all claim and appeal rights described in this section before they seek any other legal recourse regarding claims for benefits.

APPENDIX B

CLAIMS PROCEDURE APPLICABLE TO CLAIMS FOR BENEFITS UNDER THE PLAN

Claim for Benefits Procedures

You, your covered dependents or a duly authorized person has the right under ERISA and the Plan to file a written claim for benefits under the Plan. The following describes the procedures used by the Plan to process claims for benefits, along with your rights and responsibilities. These procedures were designed to comply with the rules of the Department of Labor (DOL) concerning claims for Benefits. It is important that you follow these procedures to make sure that you receive full benefits under the Plan.

The Plan is an ERISA plan, and you may file suit in federal court if you are denied benefits you believe are due you under the Plan. However, you must complete the full claims and appeal process offered under the Plan before filing a lawsuit.

Filing a Claim for Benefits

When filing a claim for benefits, you should file the claim with the Claims Administrator. The Claims Administrator is the third party to whom claims and appeal responsibility has been delegated as permitted under Section 9.1 of the Plan.

The following are not considered claims for benefits under the Plan:

- A claim related to basic eligibility for coverage under the Plan (See Section 12.2 of the Plan).
- A claim related to the Loyalty Conditions contained in Article 8 of the Plan (See Section 12.2 of the Plan).

Claim Filing Limits

A request for payment of benefits must be submitted within one year after the date of service or the date the prescription was provided.

Required Information

When you request payment of benefits from the Plan, you must provide certain information as requested by the Claims Administrator.

Benefit Determinations

Post-Service Claims

Post-service claims are those claims that are filed for payment of benefits after medical care has been received. If your post-service claim is denied, you will receive a written notice from the Claims Administrator within 30 days of receipt of the claim, as long as all needed information identified above and any other information that the Claims Administrator may request in connection with services rendered to you was provided with the claim. The Claims Administrator will notify you within this 30-day period if additional information is needed to process the Claim and may request a one-time extension not longer than 15 days and pend your Claim until all information is received.

Once notified of the extension, you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame and the claim is denied, the claims Administrator will notify you of the denial within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your claim will be denied.

A denial notice will explain the reason for denial, refer to the part of the Plan on which the denial is based, and provide the claim appeal procedures.

Pre-Service Claims

Pre-service claims are those claims that require notification or approval prior to receiving medical care or require notification within a specified time period after service begins as required under the Plan provisions. If your claim is a pre-service claim and is submitted properly with all needed information, you will receive written notice of the claim decision from the Claims Administrator within 15 days of receipt of the claim. If you file a pre-service claim improperly, the Claims Administrator will notify you of the improper filing and how to correct it within five days after the pre-service claim is received. If additional information is needed to process the pre-service claim, the Claims Administrator will notify you of the information needed within 15 days after the claim was received and may request a one-time extension not longer than 15 days and pend your claim until all information is received. Once notified of the extension, you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, the Claims Administrator will notify you of the determination within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your claim will be denied. A denial notice will explain the reason for denial, refer to the part of the Plan on which the denial is based, and provide the claim appeal procedures.

Urgent Care Claims That Require Immediate Action

Urgent care claims are those claims that require notification or approval prior to receiving medical care in which a delay in treatment could seriously jeopardize your life or health or the ability to regain maximum function or, in the opinion of a physician with knowledge of your medical condition, could cause severe pain. In these situations:

- You will receive notice of the benefit determination in writing or electronically within 72 hours after the Claims Administrator receives all necessary information, taking into account the seriousness of your condition.
- · Notice of denial may be oral with a written or electronic confirmation to follow within three days.

If you filed an urgent claim improperly, the Claims Administrator will notify you of the improper filing and how to correct it within 24 hours after the urgent claim was received. If additional information is needed to process the claim, the Claims Administrator will notify you of the information needed within 24 hours after the claim was received. You then have 48 hours to provide the requested information.

You will be notified of a determination no later than 48 hours after either:

- The Claims Administrator's receipt of the requested information.
- The end of the 48-hour period within which you were to provide the additional information, if the information is not received within that time.

A denial notice will explain the reason for denial, refer to the part of the Plan on which the denial is based, and provide the claim appeal procedures.

Concurrent Care Claims

If an ongoing course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent care claim as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. The Claims Administrator will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent care claim and decided according to the time frames described above. If an ongoing course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new claim and decided according to post-service or pre-service timeframes, whichever applies.

How to Appeal a Claim Decision

If you disagree with a pre-service or post-service claim determination after following the above steps, you can contact the applicable Claims Administrator in writing to formally request an appeal. Your first appeal request must be submitted to the Claims Administrator within 180 days after you receive the Claim denial.

Appeal Process

A qualified individual who was not involved in the decision being appealed will be appointed to decide the appeal. The Claims Administrator may consult with, or seek the participation of, medical experts as part of the appeal resolution process. You must consent to this referral and the sharing of pertinent medical claim information. Upon written request and free of charge you have the right to reasonable access to and copies of all documents, records and other information relevant to your claim for benefits.

Appeals Determinations

Pre-Service and Post-Service Claim Appeals

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service claims, the first-level appeal will be conducted and you will be notified by the Claims Administrator of the decision within 15 days from receipt of a request for appeal of a denied Claim. The second-level appeal will be conducted and you will be notified by the Claims Administrator of the decision within 15 days from receipt of a request for review of the first-level appeal decision.
- For appeals of post-service claims, the first-level appeal will be conducted and you will be notified by the Claims Administrator of the decision within 30 days from receipt of a request for appeal of a denied claim. The second-level appeal will be conducted and you will be notified by the Claims Administrator of the decision within 30 days from receipt of a request for review of the first-level appeal decision.
- For procedures associated with urgent Claims, refer to the following "Urgent Claim Appeals That Require Immediate Action" section.
- If you are not satisfied with the first-level appeal decision of the Claims Administrator, you have the right to request a second-level appeal from the Claims Administrator. Your second level appeal request must be submitted to the Claims Administrator in writing within 60 days from receipt of the first-level appeal decision.
- For pre-service and post-service claim appeals, the Plan Administrator has delegated to the Claims Administrator the exclusive right to interpret and administer the provisions of the Plan. The Claims Administrator's decisions are conclusive and binding.

Please note that the Claims Administrator's decision is based only on whether or not benefits are available under the Plan for the proposed treatment or procedure. The determination as to whether the pending health service is necessary or appropriate is between you and your physician.

Urgent Claim Appeals That Require Immediate Action

Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health or the ability to regain maximum function or cause severe pain.

In these urgent situations, the appeal does not need to be submitted in writing. You or your physician should call the Claims Administrator as soon as possible. The Claims Administrator will provide you with a written or electronic determination within 72 hours following receipt by the Claims Administrator of your request for review of the determination taking into account the seriousness of your condition.

For urgent claim appeals, the Plan Administrator has delegated to the applicable Claims Administrator the exclusive right to interpret and administer the provisions of the Plan. The Claims Administrator's decisions are conclusive and binding.

In any case, a Participant or Beneficiary may have further rights under ERISA. The Plan provisions require that Participants or Beneficiary pursue and exhaust all claim and appeal rights described in this section before they seek any other legal recourse regarding claims for benefits.

APPENDIX C

DISCLOSURE OF GRANDFATHERED STATUS

MODEL NOTICE

AT&T, as plan sponsor, believes this Plan is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the "Affordable Care Act"). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that the plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections of the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the plan administrator at P.O. Box 30558, Salt Lake City, Utah 84130-0558. You may also contact the Employee Benefits Security Administration, U.S. Department of labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.
