

OTC Markets Extends Conditional Filing Relief for Companies Affected by the Coronavirus

March 25, 2020

OTC Markets Group is extending the filing periods covered by its previously announced filing relief for companies affected by the Coronavirus in conjunction with similar relief provided by the SEC. See: [OTC Markets Provides Conditional Filing Relief for Companies Affected by COVID-19 \(March 10, 2020\)](#)

The SEC has announced it will provide public companies with a 45-day extension to file certain disclosure reports that would otherwise have been due between March 1 and July 1, 2020 (previously through April 30, 2020). We have determined to provide similar accommodations for qualifying companies that make public information available pursuant to the Alternative Reporting Standard (ARS), the Bank Reporting Standard or the International Reporting Standard through OTC Markets' OTC Disclosure & News Service.

OTC Markets Group will provide relief with respect to each disclosure standard as follows:

- ARS reporting companies will have an additional 45 days to file certain disclosure reports that would otherwise have been due between March 1 and July 1, 2020. To qualify, companies must submit a Notification of Late Filing through OTCIQ.com for each periodic report that is delayed, including a summary of why the relief is needed. The Notification of Late Filing and further instructions for submitting it are available here: <https://www.otcmarkets.com/files/NotificationofLateFiling.docx>.
- Bank Reporting Companies (those that are not registered and reporting to the SEC) and International Reporting Companies Listed on a Qualified Foreign Exchange that have been provided with additional time to file by their primary regulator may also submit a [Notification of Late Filing](#) through OTCIQ.com for each periodic report that is delayed, noting the length of the extension granted by their primary regulator.

Companies that meet the conditions for filing relief will not be downgraded or identified as delinquent in filings during the relief period.

OTC Markets Group is closely monitoring the impact of the coronavirus on investors and capital markets and may extend, modify, or provide additional relief as circumstances warrant. Companies and their representatives are encouraged to contact Issuer Services with questions or matters of particular concern.
