

## **OTC Markets Provides Temporary Relief for OTCQX and OTCQB Companies with Certain Deficiencies Due to Recent Market Conditions**

March 10, 2020

In consideration of current market conditions and recent volatility, OTC Markets Group has determined to temporarily delay sending any new compliance deficiency notices to OTCQX and OTCQB companies related to Bid Price, Market Cap, or Market Value of Public Float. No new notices will be sent prior to April 10, 2020.

Additionally, any OTCQX or OTCQB company that has already received a compliance notice related to Bid Price, Market Cap, or Market Value of Public Float with a cure period expiring in March will automatically receive an additional 30 days to cure their deficiency.

We will continue to monitor market conditions and may extend this relief if warranted.

Companies and their representatives are encouraged to contact Issuer Service with questions related to this notice.
