NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
For the Quarter Ended September 30, 2013  
(Unaudited)

**Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

The consolidated financial statements have been prepared utilizing the accrual method of accounting. No provision for income taxes has been recorded. The Company utilized the straight-line method for the depreciation of fixed assets. Amortization of organization costs and computer software are expensed over a 60 month period. System development and proprietary development costs are expensed over a 120 month period.

**Note 2: REVERSE MERGER:**

The Company commenced operations February 1, 2008 as Golden Age Resources, LLC, and a Florida Limited Liability Company. Effective December 4, 2008, the Company entered into a “reverse merger agreement” with Martin Miller Internet Malls, Inc. Additionally, a name change was adopted and approved by the Board of Directors and approved by the State of Nevada. The name became **Golden Age Resources, Inc.**

**Note 3: COMMON STOCK:**

At the time of the “reverse merger” on December 4, 2008, the consolidated Golden Age Resources, LLC and Martin Miller Internet Malls, Inc. had increased the authorized common stock shares to 100,000,000. The authorized shares were decreased to 725,000,000 at a par value of \$.0001 per authorization of the Director on May 13, 2013.

**Note 4: EARNINGS PER SHARE:**

Total shares issued and outstanding as of June 30, 2013 was 623,691,944 (basic and diluted). The issued and outstanding shares resulted from the “Reverse Merger” on December 4, 2008 plus the additional shares issued since (*see Note 6*). Hence, the calculation for “basic and diluted earnings per share calculations using weighted averages shares outstanding,” as provided by Financial Accounting Standards (SFAS) No. 128 “Earnings per Share,” is provided.

**Note 5: COMPREHENSIVE INCOME:**

Statement of Financial Accounting Standards (SFAS) No. 130, “Reporting Comprehensive Income,” establishes standards for reporting and display of comprehensive income, its components and accumulated balances. Comprehensive income is defined to include all changes in equity except those resulting from investments by owners and distributions to owners. Among other disclosures, SFAS No. 130 requires that

all items that are required to be recognized under current accounting standards as components of comprehensive income be reported in a financial statement that is displayed with the same prominence as other financial statements. The Company does not have any assets requiring disclosure of comprehensive income.

**Note 6: NOTES PAYABLE:**

**Note Payable – Non-Affiliate**

On April 3, 2010, two affiliates of the Company assigned a term note in the amount of \$40,000 and the outstanding balance on a line of credit in the amount of \$320,700 to non-affiliate of the Company, in each case including accrued and unpaid interest. On May 6, 2010, the Company replaced the assigned obligations with a single promissory note payable to the non-affiliate in the amount of \$383,433 due December 31, 2010. The promissory note bears interest at 14.75% per annum and is convertible and redeemable. The conversion price is eighty percent of the Company stock's lowest closing price the five days preceding the date of conversion, with a minimum conversion price of \$0.001. On September 12, 2012, the non-affiliate note holder converted \$19,960 of the note into 19,960,000 shares of our common stock at a conversion price of \$0.001. The Company has continued to accrue interest on the assigned obligations. Accordingly, additional interest is accrued on the assigned obligations consolidated in the promissory note.

**Notes Payable – Convertible Notes Payable -- \$45,000**

During the Second Quarter ended June 30, 2011, the Company received proceeds from sale of convertible notes totaling \$45,000. The conversion features of the Note Payable – Convertible Notes Payable earn interest at the rate of 5% per annum; the note plus interest is payable on June 30, 2012 or may be renewed at the option of Holder or (including accrued interest) to common stock at THE CONVERSION price of 10 cents (\$0.10) per share.

**Note 7: MERGER AND ACQUISITION:**

During the First and Second Quarters of 2011, the Company anticipated the completion of a merger with National Clinical Technology (NCT) and its wholly owned subsidiary, Spine and Muscle Rehabilitation (SMR) for 22,800,000 shares of stock effective with the close of the transaction. Additionally, an acquisition of certain medical assets and rights of Westmont Venture Resources, Inc. was also anticipated for 22,800,000 shares of stock. The contractual and economic obligation to issue the shares existed as of the time of the close of these transactions. As a result, they are included as issued and outstanding shares as of March 31, 2011 even through administratively, the actual certificates were issued for Westmont on May 6<sup>th</sup> and for NCT on May 12<sup>th</sup>. Ultimately, the parties agreed to rescind the merger agreements in its entirety and deem it null and void *ab initio* as described in Note 9 – Subsequent Events.

The Company completed the acquisition of **Griffin Holdings and IT Solutions, Inc.** on September 24, 2012. The acquisition was retroactive to January 1, 2012.

**Note 8: SUBSEQUENT EVENTS**

As stated in Note 7, the Company anticipated the completion of a merger via a stock acquisition as detailed in Note 7. Due to differences in management approach to complete the anticipated merger, conditions were deemed to be in the best interest of all parties to rescind the agreements made (effective March 29, 2012) “*ab initio*” (*as if it never happened*). As of the date of this report, the shares of stock that were issued in the transaction are “rescinded” and are being held administratively and/or are returned to the Company’s transfer agent.

**Note 9: ADVANCES TO RELATED PARTY – TERMINATION OF RELATED PARTY**

As anticipated, “The Related Party,” GCD Financial Services, LLC was officially terminated and dissolved in the Fourth Quarter 2011. The remaining balance of “Due to Related Party” was, (as initially planned commencing during the First Quarter 2011) to use the proceeds to decrease the “Advance from NHCV-Operations.” The final result of the plan was a net Credit Balance of \$56,460.
