COVENANT ALLIANCE GROUP, INC. AND SUBSIDIARY
NOTES T0 THE CONSOLIDATED FINANCIAL STATEMENTS

Note 1 - Description of Organization and Nature of Business

Covenant Alliance Group, Inc. aka The Automotive Resource Network Holdings, Inc. (name pending FINRA Approval) (ARNH) is a U.S. based company listed under the symbol ARNH which began operations on January 6, 2012. Prior to January 6, 20l2, the company was known as Diversity Group International, Inc. (DGI) and had a symbol of DGIN. DGIN began operations on January 6, 2005. The Company is newly emerging as a holding company targeting the acquisitions of undervalued, niche companies with high growth potential, income-producing commercial real estate properties and high return investments all designed to pay a future dividend to our shareholders.

Note 2 — Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The Company has growing assets, revenue and cash in the bank that may be sufficient for future operations however such assets have not been audited. Previously the company has suffered significant operating losses, used substantial funds in its operations, and needed to raise additional funds to accomplish its objectives. These financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

Note 3 - Summary of Significant Accounting Policies

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of Covenant Alliance Group, Inc, and its wholly-owned subsidiaries, all intercompany balances and transactions have been eliminated in the consolidation.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the consolidated financial statements. Actual results could differ from those estimates.

Property and Equipment

Property and equipment is stated at cost and depreciated using the straight-line method over the estimated life of the assets, which is 3. The mobile homes use a straight-line method over the estimated life of the asset, which is 27.5. The cost of normal maintenance and repairs is charged to expense as incurred and expenditures for major improvements are capitalized at cost. Gains or losses on the disposition of assets are reflected in the income statement at the time of disposal.

Debt

The Company accounts for debt at the face amount of the debt offset by applicable discounts and recognizes interest expense for accrued interest payable under the terms of the debt. Principal and interest payments due within one year are classified as current, whereas principal and interest payments for periods beyond one year are classified as long term. Beneficial conversion features of debt are valued and the related amounts recorded as discounts on the debt. Discounts are amortized to interest expense using the effective interest method over the term of the debt. Any unamortized discount upon settlement or conversion of debt is recognized immediately as interest expense.

Revenue Recognition

The Company recognizes revenue from online purchases of monthly coverage. Revenue is recognized when the purchase occurs and the Company has received notification from merchant services.

Income Taxes

The Company accounts for income taxes under an asset and liability approach that requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been recognized in its financial statements or tax returns. In estimating future tax consequences, the Company generally considers all expected future events other than enactments of changes in the tax law or rates.

The Company's deferred tax assets substantially pertain to its net operating loss carry forwards amounting to $64,337,476 which are fully covered by a valuation allowance.

Fair Value of Financial Instruments

The carrying amount of the Company's cash equivalents, other receivables, accrued expenses and short-term debt approximates their estimated fair values due to the short-term nature of those financial instruments. The long-term debt approximates carrying value since the related rates of interest approximate current market rates.

Loss Per Share

Statement of Financial Accounting Standards FASB No. 128, "Earnings per Share", which replaces the calculation of primary and fully diluted earnings (loss) per share with basic and diluted earnings (loss) per share, is used to calculate earnings per share. Basic earnings (loss) per share includes no dilution and is computed by dividing income (loss) available to common stockholders by the weighted average number of shares outstanding during the period. Diluted earnings (loss) per share reflect the potential dilution of securities that could share in the earnings of an entity, similar to fully diluted earnings (loss) per share.

Recent Accounting Pronouncements

The Company does not expect the adoption of any recently issued accounting pronouncements to have a significant effect on its material position or results of operations.

Note 4 - Related Party Transactions

None

Note 5 – Balance Sheet Components

Merchant Receivable
The balance on merchant receivable is $3,702 at December 31, 2012. The company believes the receivable will be collected within the next twelve months.

Other Assets:

On December 31, 2012 the Company executed a Asset Purchase Agreement with Nostego, Inc. for the purchase of 245,000 unique ID Gift Card Codes for Identity Protection and Recovery by Entrust America Gift Cards. The Company issued 4,889,020 shares of Preferred Series preferred E stock as consideration for the purchase. The ID Cards were originally booked with a minimum value of $100 per card. The Company has not realized or identified the economic benefit of the Identity theft gift cards as of September 30, 2013. Therefore the Company has introduced an impairment measurement that reduced the value of each gift card to $49.99 the anticipated value when licensed to a vendor.

Entrust America Gift Cards impaired value: $12,247,550

Notes Payable

On June 28, 2012, the Company issued a convertible promissory note to third party, with a principal amount of $60,000. The note is due and payable in full on October 28, 2012, and bears interest of 9% per annum. This Note may, at the option of the borrower may be converted to fully-Paid and non-assessable shares of common stock. $60,000

Note 6 - Stockholders' Equity

The Company's authorized capital stock; consist of 4,850,000,000 shares of $0.00001 par value common stock and 150,000,000 shares of preferred stock with various par values for the sole purpose of the acquisition of asset based, revenue producing businesses.

During the third quarter the following series of Preferred Shares were returned:

August 26th, 2013:

600,000 Series G Preferred Shares

Common stock Issued:

None

Warrants

None

Note 7 - Subsequent events

As of this date the disposition of the 1978 Fairchild Merlin Aircraft is yet to be determined subject to resolution of a dispute in the agreement between Covenant Flight Group and First Air Group.

Our ability to audit the Alpha Omega Services LLC (AOS) has proven to be very difficult. We are currently seeking advice of counsel and our CPA/Auditor as to how we might resolve the matter. Investors should not rely on AOS financial data in making investment decisions in ARNH.
