Securities Law Exemptions

In connection with the issuances of all capital stock by the Company as disclosed above, no shares were registered in any jurisdictions where they were issued and were issued in reliance on an exemption from registration under the Securities Act of 1933, as amended under Sections 4(a)(2) or 3(a)(9). All shares issued contained a legend stating that the shares were not registered under the Securities Act and referred to the restrictions on transferability and sale of the shares under the Securities Act.

5) Financial Statements

The following financial statements have been posted through the OTC Disclosure & News Service:

Consolidated Financial Statements including Notes for the quarter ended September 30, 2014.

6) Describe the Issuer's Business, Products and Services

A. a description of the issuer's business operations:

The Company has a long history in the fast growing industry of waste recycling and specifically related to waste-to-energy. The Company is organized to utilize both next-generation machines and new technologies, including those contributed to the Company by the Burda Families, to vertically integrate into the waste refinement, recycling and energy industries. The Company's emphasis is for its own plants to produce profitable new and "green" solutions for waste-to-energy, alternate energy sources, gas drilling, fuel enhancements, improving energy usage efficiency and utilizing recycled material in producing both useful and desirable products.

B. Date and State (or Jurisdiction) of Incorporation:

October 30, 1972 (Utah)

C. the issuer's primary and secondary SIC Codes:

3559

D. the issuer's fiscal year end date:

December 31.

E. principal products or services, and their markets:

Products sold by the Company are shredders, recycling related equipment and new truck tires.

In addition, the Company's strategy is to build its own plants and sell the high value products that it expects to produce using cost effective processing technologies. Several technologies and products include:

- Waste-to-energy and other of its potential green technology uses.
- Fuel enhancements to increase efficiency and decrease pollution.
- Recycle fuel operations that utilize the fuel enhancement products.
- New equipment technologies that improve energy usage efficiency.
- Useful and desirable products that utilize recycled materials.
- Alternate energy sources.

7) Describe the Issuer's Facilities

As of September 30, 2014, the Company's facilities consist of leasing a 16,838 square feet office and warehouse portion of space on a lease to own agreement to purchase the entire property. The purchase of the entire 55,785

square foot offices and warehouses space is to occur on March 3, 2015. The monthly rent during the lease to own period is \$7,000 per month.

8) Officers, Directors, and Control Persons

A. Names of Officers, Directors, and Control Persons.
