NOTE 1 – ORGANIZATION AND NATURE OF OPERATIONS

Organization and Nature of Operations – Blue Diamond Ventures, Inc. (OTC MARKETS, PINK:BLDV) is incorporated under the laws of the State of Nevada and has two wholly owned subsidiaries, which, with Blue Diamond Ventures, Inc., are referred to herein as the Company or BLDV.

The Company’s main operations of Green Growth Holdings, Inc. through our wholly owned subsidiary “Kickin’ Grass LLP” operates as a holding company buying, selling and leasing commercial real estate in Utah to agricultural-related companies. Kickin’ Grass LLP currently owns and leases a 13,000 (thirteen thousand) square foot commercial warehouse building in Springville, Utah 84663, which is under contract to be sold, and the sale is expected to close sometime in Late May 2015.

Green Growth Holdings, Inc. operates to minimize the use of natural resources in crop and other natural food production, while maximizing the yield of crops and natural foods. Along with our partners we will introduce to the market existing technologies and develop others that will minimize natural resource usage and increase efficiency.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation –The accompanying consolidated financial statements have **not been audited** and are the representation of management. While an attempt has been made to prepare the statements in accordance with accounting principles generally accepted in the United States of America for and pursuant to the rules and regulations of the United States Securities and Exchange Commission (“SEC”), several disclosures have been omitted pending external audits and disclosure completion. In the opinion of management, revenues and expenses are a fair and comparable representation of current operations.

Reclassifications – Certain amounts presented in the previous unaudited consolidated financial statements have been reclassified to conform to current-period presentation. These reclassifications have had an effect on net income and stockholders’ equity.

Principles of Consolidation – The accompanying consolidated financial statements include the operations, transactions and balances of Blue Diamond Ventures, Inc. and all of its wholly-owned subsidiaries. Intercompany balances and transactions have been eliminated in consolidation.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses. Significant estimates include the recoverability of merchant reserves, revenue returns and refunds, share-based compensation forfeiture rates, and the potential outcome of future tax consequences of events that have been recognized for financial reporting purposes. Actual results and outcomes may differ from management’s estimates and assumptions.

Cash and Cash Equivalents – The Company considers all highly-liquid investments purchased with an original maturity of three months or less to be cash equivalents.

The accompanying notes are an integral part of these consolidated financial statements.

BLUE DIAMOND VENTURES, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

Property and Equipment – Property and equipment are recorded at cost less accumulated depreciation. Maintenance, repairs, and minor replacements are charged to expense as incurred. When depreciable assets are retired, sold, or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts and the resulting gain or loss is reflected in operations. Depreciation is calculated on the straight-line method over the estimated useful lives of the assets, which are three to fifteen years.

Revenue Recognition – Revenue for the Company is recorded when:

- The risks and rewards have been transferred from the Company to the buyer;
- The seller has no control over the goods sold;
- Collection of payment is reasonably assured;
- The amount of revenue can be reasonably measured; and
- Costs of earning the revenue can be reasonably measured.

Earnings (Loss) Per Share – The computations of basic earnings (loss) per share are based on net income (loss) divided by the weighted-average number of common shares outstanding during the period, adjusted for qualified participating securities, using the if-converted method, when the qualified participating securities are dilutive. Diluted earnings (loss) per share are calculated by dividing net income (loss) assuming dilution by the weighted-average number of common shares and potentially dilutive shares of common stock issuable upon conversion of non-participating shares. When dilutive, the potential common shares issuable upon exercise of warrants included in diluted earnings (loss) per share are determined by the treasury stock method.

Impairment of Long-lived Assets – Management reviews and evaluates the net carrying value of all facilities, including idle facilities, for impairment at least annually, or upon the occurrence of other events or changes in circumstances that indicate that the related carrying amounts may not be recoverable. We estimate the net realizable value of each property based on the estimated undiscounted future cash flows that will be generated from operations at each property, the estimated salvage value of the surface plant and equipment, and the value associated with property interests.

Although management has made a reasonable estimate of factors based on current conditions and information, assumptions underlying future cash flows are subject to significant risks and uncertainties. Estimates of undiscounted future cash flows are dependent upon estimates of metals to be recovered from proven and probable ore reserves, and to some extent, identified resources beyond proven and probable reserves, future production and capital costs and estimated metals prices (considering current and historical prices, forward pricing curves and related factors) over the estimated remaining mine life. It is reasonably possible that changes could occur in the near term that could adversely affect our estimate of future cash flows to be generated from our operating properties. If undiscounted cash flows including an asset's fair value are less than the carrying value of a property, an impairment loss is recognized.

NOTE 4 – DEBT

A bank loan was secured in order to build a warehouse and office space in Utah. The loan pays interest at 7% and has a balance of \$513,596.

The accompanying notes are an integral part of these consolidated financial statements.

NOTE 5 – EQUITY

Common Stock – During 2014, the Company had 671,512,242 shares of par \$0.0001 common stock issued and outstanding, stated retroactive of the reverse split authorized by the board.

NOTE 6 – INCOME TAXES

At December 31, 2014, the Company has filed tax returns for the operating subsidiaries and has no current tax obligation. The parent company has an operating loss carry forward that has not been finalized, but will be available to offset future profit. The Company's tax returns remain open to review by the tax authorities.

NOTE 7 – SUBSEQUENT EVENTS

In May 2015, the Board authorized the dissolution of Blue Diamond Ventures, Inc. and Green Growth Holdings, Inc. became the surviving entity as indicated in the Share Purchase Agreement entered into by both companies on April 6, 2015, and filed with the State of Nevada and approved on May 7, 2015.

Stock Split – In May 2015, the board of directors approved a 1:7 reverse split of the outstanding common shares. The Company has retrospectively applied the split for all periods presented. Following the stock split, the Company has 999,000,000 shares of authorized common stock with 671,512,242 common shares issued and outstanding, stated retroactive of the reverse split authorized by the board.

The company has issued as part of its acquisition agreement with KICKIN' GRASS LLP, five million restricted shares of common stock. Kickin Grass LLP is the operational entity within Green Growth Holdings, Inc. and is registered in the State of Utah since 2013.

The company on May 11, 2015 has entered into a Memorandum of Understanding with Clean 1st LLC to be acquired as a wholly owned subsidiary. Clean 1st LCC develops markets and distributes Nano-surface technology based antimicrobial products under the trade names Cannabis-Clean and Grow-Clean. Clean 1st LLC products are approved by Green Science Inc. for Organic Production in the USA market and Health Canada for use in commercial grow operations. You can learn more about this great product by visiting <http://cannabis-clean.com>.

The company has other products in the pipe line that are in early stages of discussions.
