6) Describe the Issuer’s Business, Products and Services

Describe the issuer’s business so a potential investor can clearly understand the company. In answering this item, please include the following:

A. Description of the issuer’s business operations:

Cerro Dorado, Inc. (“the Company”) was incorporated under the laws of the state of Florida on September 23, 1988 under the name of B.C. Realty Partners, Inc. The Company later changed its name on November 16, 1998 to Weather All Manufacturing USA, Inc. Following a change of management in March of 1999, the Company changed its name to Cerro Dorado, Inc. and redirected its business activities to the mining industry. On July 14, 1999 the Company changed its state of domicile from Florida to Nevada.

The Company is currently headquartered in Salt Lake City, UT and is a junior exploration and mining company that specializes in the acquisition and exploration of gold properties in Chile. The Company is currently evaluating sites throughout Chile’s long, lucrative gold and copper belts. The mission of the Company is to develop these and other mining properties to maximize their potential profitability with the ultimate goal of securing a joint venture partnership with an established, reputable mining company or possibly secure a buyout from same.

The Company owns a 50% interest in a Chilean subsidiary, Sociedad Contractual Minera Cerro Dorado Chile, a.k.a. Cerro Dorado Chile. The Company, its management and prior management have consistently asserted ownership rights for 9+ years to certain mining claims in Chile: the Lonco Millarepu 1-60, Fortuna 61-120, Antonio 1/20 and Colihues 1/40 claims on the Lipangue plateau. Current management has been conducting due diligence since taking control in April 2014 to such claims. Numerous documents have been translated from Spanish to English, and various agencies in Chile have been contacted and their records reviewed and searched to confirm the extent of the Company’s ownership. In addition, the Company has retained a professional advisor in Chile.

During the week of June 23, 2015 the Company's counsel, Michael Labertew, traveled to Santiago, Chile for the purposes of reviewing and confirming the Company's mining claims. Working alongside a local attorney, Jose Manuel Bórquez, he was able to confirm Cerro Dorado Chile's ownership of the Lonco Millarepu 1-60 and Fortuna 61-120 claims. The Antonio 1/20 and Colihues 1/40 claims are registered to other owners.

Previous work on the property claims consisted of 853 meters of underground development, 156 meters of shafts, 162 meters of chimneys, and 535 meters of drifting and access levels. Production averaged 17 to 20 grams of gold per tonne and direct ore shipments of 2,000 tonnes in 1955 returned 63.9 grams/tonne gold, 51.2 grams/tonne silver and 0.2% copper.

Following exploration of the property, Howe Chile Limitada reported to the company that "La Fortuna property represents a favorable target to host narrow, high grade, vein style, gold mineralization at relatively shallow depths, and this target remains open in most directions and could be larger in extent than currently exposed. In addition, on the south portion of the property there is a weakly defined target which has the potential to host breccia type mineralization similar to Medinah Mining's recently discovered Alto de Lipangue gold-copper breccia pipe, which outcrops approximately 2.0 kilometers to the southwest."

B. Date and State (or Jurisdiction) of Incorporation:

The Company was incorporated under the laws of the state of Florida on September 23, 1988 under the name of B.C. Realty Partners, Inc. The Company later changed its name on November 16, 1998 to Weather All Manufacturing USA, Inc. In March of 1999, the Company changed its name to Cerro Dorado, Inc. and redirected its business activities to the mining industry. On July 14, 1999 the Company changed its state of domicile from Florida to Nevada.

C. The issuer's primary and secondary SIC Codes:

SIC Code 1041, Establishments primarily engaged in mining gold ores from lode deposits or in the recovery of gold from placer deposits by any method

D. The issuer's fiscal year end date:

December 31

E. Principal products or services, and their markets

Cerro Dorado, Inc. ("Cerro"), through a Chilean subsidiary, is an international mining and exploration company with gold, copper and silver claims near Santiago, Chile referred to as the Lobo Solitario Project. The relatively low elevation, close proximity to infrastructure and exceptional nature of the property make our claims an excellent location for future bulk mining operations.

Although the only claims which Cerro owns are currently located in Chile, management intends to seek additional acquisitions and opportunities in the US and abroad.

7) Describe the Issuer's Facilities

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If

the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

The Issuer is currently renting office space from its registrar and transfer agent, American Registrar & Transfer Co. at a rate of \$250/mo. The office consists of space for storage, access to utilities for phone, power and internet as well and other basic office supplies. Management is currently unaware of any facilities which may be located on its mining claims in Chile.

8) Officers, Directors, and Control Persons

The goal of this section is to provide an investor with a clear understanding of the identity of all the persons or entities that are involved in managing, controlling or advising the operations, business development and disclosure of the issuer, as well as the identity of any significant shareholders.

- A. Names of Officers, Directors, and Control Persons.
