 - 1. A conviction in a criminal proceeding or named as a defendant in a pending criminal proceeding (excluding traffic violations and other minor offenses);

None

2. The entry of an order, judgment, or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities, or banking activities;

None

3. A finding or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, or a state securities regulator of a violation of federal or state securities or commodities law, which finding or judgment has not been reversed, suspended, or vacated; or

None

4. The entry of an order by a self-regulatory organization that permanently or temporarily barred suspended or otherwise limited such person's involvement in any type of business or securities activities.

In October 2011, the Financial Industry Regulatory Authority ("FINRA") requested – purportedly pursuant to FINRA Rule 8210 – that John M. Fife appear to testify in a matter captioned "Gordon & Co. No. 2011029203701." However, after careful consideration of FINRA's request, it was apparent that FINRA did not exercise proper jurisdiction over Mr. Fife under FINRA Rule 8210. Mr. Fife never has been a FINRA member, nor has he at any time been a "person associated with a member" within the meaning ascribed by Article I of the FINRA By-laws. Given FINRA's lack of jurisdiction, Mr. Fife notified FINRA that he would not appear to testify. On that basis alone, and in reliance on FINRA Rule 9552, FINRA suspended Mr. Fife on January 27, 2012 from associating with any FINRA member in any capacity. FINRA's suspension was not based upon any a finding of wrongdoing by Mr. Fife, nor has he admitted any such wrongdoing.

NOTE 1 – BASIS OF PREPRATION

The accompanying unaudited condensed consolidated financial statements include the accounts of United American Healthcare Corporation ("UAHC" or the "Company"), and its wholly owned subsidiary Pulse Systems, LLC ("Pulse"). All significant intercompany transactions and balances have been eliminated in consolidation.

The accompanying unaudited condensed consolidated financial statements of the Company have been prepared in conformity with U.S. generally accepted accounting principles ("GAAP"), with modification as it applies to interim financial information. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements.

For all periods presented in the accompanying unaudited condensed consolidated statements of operations, the Company's managed care business of UAHC-TN is classified as discontinued operations based on the fact that the Company has performed substantially all of its contractual obligations.

In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation of the financial position, results of operations and cash flows have been included. The results of operations for the six months ended June 30, 2017 are not necessarily indicative of the results of operations expected for the full fiscal year ended December 31, 2017 ("Fiscal 2017") or for any other period. The accompanying interim unaudited condensed consolidated financial statements and related notes should be read in conjunction with our unaudited consolidated financial statements and related notes contained in our most recent annual report published through the OTC Markets Disclosure & New Service on March 21, 2017.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- **a.** Goodwill. Goodwill resulting from business acquisitions is carried at cost. The carrying amount of goodwill is tested for impairment at least annually at the reporting unit level, as defined, and will only be reduced if it is found to be impaired or is associated with assets sold or otherwise disposed of. There were no goodwill impairment charges recorded during the six months ended June 30, 2017 and 2016.
- **b. Inventories.** Inventories are valued at the lower of cost, on a first-in, first- out method, or market. Work in process and finished goods include materials, labor and allocated overhead. Inventories consist of the following at June 30, 2017 and December 31, 2016, (in thousands):

	June 30,	December 31		
	2017	2016		
Raw materials	\$ 375	\$	603	
Work in process	423		183	
Finished goods	123		9	
Total Inventories	\$ 921	\$	795	

c. Other Intangibles. Intangible assets are amortized over their estimated useful lives using the straight-line method. The following is a summary of intangible assets subject to amortization as of June 30, 2017 and December 31, 2016, including the retroactive adjustments for final valuation of such intangible assets (in thousands):

	June 30, 2017	December 31, 2016
Customer list	\$ 2,927	\$ 2,927
Less: accumulated amortization	(2,927)	(2,810)
Intangible assets, net	\$ _	\$ 117

Amortization expense was \$8K for the six months ended June 30, 2017.

NOTE 3 – FAIR VALUE

To prioritize the inputs the Company uses in measuring fair value, the Company applies a three-tier fair value hierarchy. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, reflects management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration was given to the risk inherent in the valuation technique and the risk inherent in the inputs to the model. Determining which hierarchical level an asset or liability falls within requires significant judgment. The Company evaluates its hierarchy disclosures each quarter.

The following table summarizes the financial instruments measured at fair value on a recurring basis in the Consolidated Balance Sheet as of June 30, 2017 and December 31, 2016 (in thousands):

June 30, 2017	Fair Value Measurements						Fair Value Measurements				
	Level 1	Level 2	Level 3	Total							
Liabilities											
Put obligation on Common Stock	\$ —	\$ 11,705	\$ —	\$ 11,705							

December 31, 2016				
Liabilities				
Put obligation on Common Stock	\$	\$ 12,833	\$ 	\$ 12,833

NOTE 4 – ACQUISITION

On June 18, 2010, the Company entered into the Securities Purchase Agreement and Warrant Purchase Agreement dated that date with certain members of Pulse Systems, LLC to acquire 100% of the outstanding common units and warrants to purchase common units of Pulse. The consideration paid to acquire the common units and warrants of Pulse totaled approximately \$9.46 million, which consisted of (a) cash paid at closing of \$3.40 million, (b) a non-interest bearing note payable of \$1.75 million (secured by a subordinated pledge of all the common units of Pulse), (c) 1,608,039 shares of UAHC Common Stock determined based on an initial value of \$1.6 million, (d) an estimated purchase price adjustment of \$210,364 based on targeted levels of net working capital, cash and debt of Pulse at the acquisition date, and (e) the funding of \$2.5 million for certain obligations of Pulse as discussed below. The shares of UAHC Common Stock were issued on July 12, 2010, upon approval by the Company's board of directors on July 7, 2010 and, therefore, were revalued at June 30, 2010. The shares of UAHC Common Stock had a fair value of \$1.05 million as of June 30, 2010, which has been recorded as accrued purchase price at that date, and a fair value of \$884,000 on July 12, 2010, the date the shares were issued and recorded. The Company also assumed Pulse's term loan indebtedness to a bank of \$4.25 million, after making a payment at closing as discussed below.

In connection with the acquisition of the Pulse common units, Pulse entered into a redemption agreement with the holders of its preferred units to redeem the preferred units for \$3.99 million. Under the redemption agreement, Pulse was allowed to redeem the preferred units only if UAHC would make additional cash equity contributions to Pulse in an amount necessary to fully fund each such redemption. UAHC funded an initial payment of \$1.75 million to the preferred unitholders on June 18, 2010. Pulse agreed to redeem the remaining preferred units over a two-year period ending in June 2012. Finally, as an additional condition of closing, UAHC funded a \$750,000 payment reducing Pulse's outstanding term loan indebtedness to a bank and pledged all of the common units of Pulse to the bank as additional security for the remaining \$4.25 million outstanding balance. The initial payment of \$1.75 million to the preferred unitholders and the \$750,000 payment to the bank by UAHC are considered additional consideration paid by UAHC for its acquisition of Pulse. The funding of the remaining redemption payments totaling \$2.24 million and the assumption of Pulse's revolving and term loans are not included in the \$9.46 million purchase price listed above.

During the three months ended September 30, 2010, the Company finalized its valuation of all assets acquired, primarily related to long-lived tangible and intangible assets and restated the balance sheet at June 30, 2010 to reflect the final purchase price allocation.

NOTE 5 – DISCONTINUED OPERATIONS

On April 22, 2008, the Company learned that UAHC-TN would no longer be authorized to provide managed care services as a TennCare contractor when its TennCare contract expired on June 30, 2009. UAHC-TN's TennCare members transferred to other managed care organizations on November 1, 2008, after which UAHC-TN continued to perform its remaining contractual obligations through its TennCare contract expiration date of June 30, 2009.

From January 2007 to December 2009, UAHC-TN served as a Medicare contractor with CMS. The contract authorized UAHC-TN to offer an SNP to its eligible members in Shelby County, Tennessee (including the City of Memphis), and to operate a Voluntary Medicare Prescription Drug Plan. The Company did not seek renewal of the Medicare contract, which expired December 31, 2009. The Company completed the wind down of the Medicare business during the three months ended December 31, 2010.

During fiscal year 2011, the Company recognized a liability for certain costs associated with an exit or disposal activity and measured the liability initially at its fair value in the period in which the liability was incurred. The costs recognized included employee termination benefits, lease termination and costs to relocate the Company's facility. As of June 30, 2011, all amounts were paid.

In connection with the discontinuance of the TennCare and CMS contracts, the Company reduced its workforce, subleased its leased Tennessee facility to a third party effective April 2009 and ending December 31, 2010, and relocated the Tennessee office. The discontinuance of the TennCare and CMS contracts has had a material adverse impact on the Company's operations and financial statements.

In May of 2014, the Company received approximately \$246K from TennCare as a settlement in the matter of United American Healthcare Corp. v. State of Tennessee which related to amounts the Company deposited in escrow with TennCare on August 5, 2005 as security for possible money damages that may have been owed to the Bureau of TennCare. Pursuant to the terms of the settlement, the State of Tennessee returned one-half of the monies held in escrow in consideration for UAHC and the State of Tennessee agreeing to dismiss the lawsuit with prejudice.

<u>Ultramedix Distribution</u>

As more fully explained following this paragraph, during 2016 UAHC received two distributions in an aggregate amount of \$918,439.46, which had been held in receivership by the Florida Department of Financial Services ("FDFS") since 1998. UAHC received a first distribution of \$895,694.11 in July 2016. On November 15, 2016, UAHC received an additional distribution in the amount of \$22,745.35. The distributions constitute UAHC's share of excess funds from the estate of Ultramedix Healthcare Systems, Inc. ("UHS"), as a result of UAHC's 80% ownership of the now-dissolved United American of Florida, Inc. ("UAF"), which in turn owned 51.4% of UHS.

In 1998, the Circuit Court of the Second Judicial Circuit in Leon County, Florida (the "Florida Court") appointed FDFS as receiver for UHS and UAF. In September 2012, Joel S. Mutnick and Fiske and Company (the "Authorized Agents"), acting on behalf of all UHS and UAF shareholders, filed a "class 10" shareholder claim with FDFS and the Florida Court. They took this action in response to a change in Florida's insurance receivership laws that otherwise could have resulted in forfeiture of remaining assets held in the UHS and UAF receivership estates.

On June 7, 2016, the Florida Court ruled in favor of UHS, UAF, and the Authorized Agents, and ordered a distribution of certain funds held in receivership to the Authorized Agents within 45 days of the order. The order further required the Authorized Agents to distribute the funds to shareholders of UHS within 120 business days after receiving the funds.

UAHC does not expect to receive any additional funds related to this matter or its ownership interest in UAF.

For all periods presented in the consolidated statements of operations, the Company's managed care business is classified as discontinued operation due to the fact that the Company had performed substantially all of its contractual obligations. There were no major classes of assets nor liabilities related to discontinued operations as of June 30, 2017 and December 31, 2016.

UAHC's income from discontinued operations was \$361 and \$1,539 for the Six Months Ended June 30, 2017 and 2016, respectively.

NOTE 6 – NOTES PAYABLE

The Company's long-term borrowings consist of the following at June 30, 2017 and December 31, 2016 (in thousands):

At the time of and following its acquisition by the Company, Pulse Systems was a party to the Loan and Security Agreement, as amended ("Loan Agreement"), with Fifth Third Bank, which related to a revolving loan not to exceed \$0.5 million and an outstanding term loan. Effective July 31, 2014, the Loan Agreement was amended due to an event of default by Pulse Systems. The amended agreement required repayment of the revolving loan and the term loan balances on or before August 15, 2014.

On August 15, 2014, Tonaquint, Inc., a Utah corporation ("Tonaquint"), entered into a Non-Recourse Loan Sale Agreement with Fifth Third Bank. Tonquint is an affiliate of John M. Fife, who is the Company's Chairman, President, CEO, and controlling shareholder. Pursuant to the Non-Recourse Loan Sale Agreement, Tonaquint purchased the debt that Pulse Systems owed

to Fifth Third Bank for approximately \$753,000 (including principal, accrued interest and fees). The principal balances of the term loan and revolving loan as of the date of the sale were \$333,333 and \$405,299, respectively.

The annual interest rate on the term loan was calculated based on 1 Month LIBOR plus 4.00%. Term loan principal payments of \$167,667 were due quarterly through December 31, 2014. Pulse Systems did not make its final December 31, 2014 quarterly principal term loan payment by the maturity date, however, Pulse Systems subsequently made term loan payments and the full outstanding term loan balance was repaid as of January 8, 2016.

The revolving loan interest is calculated based on 1 Month LIBOR plus 3.75%. Pulse Systems made no draws against the line of credit in fiscal year 2016 or in the six months ending June 30, 2017. Pulse Systems made a principal payment of \$126,214 in the six months ending June 30, 2017. The outstanding balance of the revolving loan including accrued interest is zero as of June 30, 2017. The revolving loan interest is payable to Tonaquint on a monthly basis. The Tonaquint revolving loan is secured by a lien on all of the assets of Pulse Systems.

On September 28, 2011, the Company issued a promissory note dated that date (the "First Promissory Note") to St. George, a related party, in exchange for a loan in the amount of \$400,000 made by St. George to the Company. The Company used the proceeds of the loan for working capital purposes. Interest on the First Promissory Note accrues at an annual rate of 10% and increases to a rate of 18% per annum upon an event of default (as defined in the First Promissory Note). Principal and interest payments were due at the maturity date of December 31, 2014, or upon any earlier sale by the Company of substantially all of its assets. The First Promissory Note would only become convertible into newly issued shares of the Company's Common Stock upon an event of default, in which case, St. George could convert all or part of the principal amount and the unpaid accrued interest at an initial conversion price of \$0.0447 per share of Common Stock. The note was not paid by its maturity date and remains in default as of June 30, 2017. See Note 15 – "Subsequent Events" for additional discussion of the First Promissory Note.

On December 9, 2011, the Company issued a promissory note dated that date (the "Second Promissory Note") to St. George, a related party, in exchange for a loan in the amount of \$300,000 made by St. George to the Company. The Company used the proceeds of the loan for working capital purposes. Interest on the Second Promissory Note accrues at an annual rate of 10% and increases to a rate of 18% per annum upon an event of default (as defined in the Second Promissory Note). No payments of principal or interest on the Second Promissory Note were due until it matured, on the earlier of (a) December 31, 2014, or (b) the date of (i) the sale of all or substantially all of the assets of the Company or Pulse Systems, (ii) the merger of the Company or Pulse Systems, or (iii) the sale of all or substantially all of the equity of the Company or Pulse Systems. Only upon an event of default (as defined in the Second Promissory Note), the holder of the Second Promissory Note could elect to convert all or any part of the outstanding principal of, and the accrued but unpaid interest on, the Second Promissory Note into newly issued shares of Common Stock of the Company at an initial conversion price of \$0.0226 per share. The note was not paid by its maturity date and remains in default as of June 30, 2017. See Note 15 – "Subsequent Events" for additional discussion of the Second Promissory Note.

On February 9, 2012, the Company issued a promissory note dated that date (the "Third Promissory Note") to St. George, a related party, in exchange for a loan in the amount of \$350,000 made by St. George to the Company. The Company used the proceeds of the loan for working capital purposes. Interest on the Third Promissory Note accrues at an annual rate of 10% and increases to a rate of 18% per annum upon an event of default (as defined in the Third Promissory Note). No payments of principal or interest on the Third Promissory Note were due until it matured, on the earlier of (a) December 31, 2014, or (b) the date of (i) the sale of all or substantially all of the assets of the Company or Pulse Systems, (ii) the merger of the Company or Pulse Systems, or (iii) the sale of all or substantially all of the equity of the Company or Pulse Systems. Only upon an event of default (as defined in the Third Promissory Note), the holder of the Third Promissory Note could elect to convert all or any part of the outstanding principal of, and the accrued but unpaid interest on, the Third Promissory Note into newly issued shares of Common Stock of the Company at an initial conversion price of \$0.01903 per share. The note was not paid by its maturity date and remains in default as of June 30, 2017. See Note 15 – "Subsequent Events" for additional discussion of the Third Promissory Note.

On May 16, 2012, the Company issued a promissory note dated that date (the "Fourth Promissory Note") to St. George, a related party, in exchange for a loan in the amount of \$75,000 made by St. George to the Company. The Company used the proceeds of the loan for working capital purposes. Interest on the Fourth Promissory Note accrues at an annual rate of 10% and increases to a rate of 18% per annum upon an event of default (as defined in the Fourth Promissory Note). No payments of principal or interest on the Fourth Promissory Note were due until it matured, on the earlier of (a) December 31, 2014, or (b) the date of (i) the sale of all or substantially all of the assets of the Company or Pulse Systems, (ii) the merger of the Company or Pulse Systems. Only upon an event of default (as defined in the Fourth Promissory Note), the holder of the Fourth Promissory Note could elect to convert all or any part of the outstanding principal of, and the accrued but unpaid interest on, the Fourth Promissory Note into newly issued shares of Common Stock of the Company at an initial conversion price of \$0.01793 per share. The note was not paid by its maturity date and remains in default as of June 30, 2017. See Note 15 – "Subsequent Events" for additional discussion of the Fourth Promissory Note.

The Company entered into the Note Purchase Agreement dated August 14, 2012 between the Company and St. George ("St. George Note Purchase Agreement") whereby the Company issued a secured promissory note dated that date (the "Fifth Promissory Note") to St. George, a related party, in exchange for a loan in the amount of \$370,000 made by St. George to the Company. The Company contributed the proceeds from the loan to Pulse, which then used the contributed capital to reduce the outstanding principal balance and to complete a restructuring under the amended Loan Agreement between Pulse and Fifth Third Bank (prior to Tonaquint's purchase of the Fifth Third Loan debt in August of 2014). Interest on the Fifth Promissory Note accrued at an annual rate of 10% and increased to a rate of 18% per annum upon an event of default (as defined in the Fifth Promissory Note). No payments of principal or interest on the Fifth Promissory Note were due until it matured. The initial conversion price of the Fifth Promissory Note was \$0.010277667.

On August 14, 2012, the Company also entered into the Pledge and Security Agreement dated August 14, 2012 between the Company and St. George ("St. George Pledge Agreement") and the Security Agreement dated August 14, 2012 between the Company and St. George securing the Fifth Promissory Note by (a) all assets of the Company, and (b) all the Company's ownership interest in its subsidiary, Pulse. Further, also on August 14, 2012, the First, Second, Third and Fourth Promissory Notes were amended to reflect that the indebtedness under each of those originally unsecured promissory notes now were secured on parity with the Fifth Promissory Note by (a) all assets of the Company, and (b) all of the Company's ownership interest in its subsidiary, Pulse.

Also on August 14, 2012, Pulse entered into the Security Agreement with St. George dated that date, under which the Fifth Promissory and the First, Second, Third and Fourth Promissory Notes were secured by interests in all assets of Pulse. Pulse also guarantied payment of the First, Second, Third, Fourth, and Fifth Promissory Notes by executing the Guaranty dated August 14, 2012 in favor of St. George.

Related to the foregoing, Fifth Third Bank and St. George entered into the Subordination Agreement dated August 17, 2012 to provide that Fifth Third Bank was in a first secured position, and St. George was in a subordinate secured position, with respect to the Company's ownership interest in its subsidiary, Pulse, pledged as collateral by the Company in favor of St. George in relation to the First, Second, Third and Fourth Promissory Notes. Upon Tonaquint's August 15, 2014 purchase of the Pulse debt owed to Fifth Third Bank, Tonaquint became Fifth Third Bank's successor in such first secured position.

On June 25, 2013, the Company issued 5,600,000 shares of unregistered restricted Common Stock to St. George, at a price of \$0.004323 per share, representing a payment to St. George, in lieu of cash, of \$24,208.80 of the outstanding balance of the Fifth Promissory Note.

On October 24, 2014, the Company issued 12,750,000 shares of unregistered restricted Common Stock to St. George, at a price of \$0.004323 per share, representing a payment to St. George, in lieu of cash, of \$55,118.25of the outstanding balance of the Fifth Promissory Note.

On July 23, 2015, St. George elected to convert \$138,336.00 of the outstanding balance of the Fifth Promissory Note, whereupon the Company issued to St. George 32,000,000 shares of unregistered restricted Common Stock at the conversion price of \$0.004323 per share.

On May 19, 2017, the Company issued 77,000,000 shares of unregistered restricted Common Stock to St. George, at a price of \$0.004323 per share, representing a payment to St. George, in lieu of cash, of \$332,871.00 of the outstanding balance of the Fifth Promissory Note ("May Debt Conversion"). Further, subsequent to the delivery of the Common Stock due under the May Debt Conversion, St. George agreed to forgive the remaining \$29,817.23 balance due under the Fifth Promissory Note. The May Debt Conversion shares were delivered on May 26, 2017 and the Fifth Promissory Note was extinguished.

On October 10, 2012, the Company issued an unsecured promissory note dated that date (the "Sixth Promissory Note") to St. George, a related party, in exchange for a loan in the amount of \$50,000 made by St. George to the Company. The Company used the proceeds of the loan for working capital purposes. Interest on the Sixth Promissory Note accrues at an annual rate of 10% and increases to a rate of 18% per annum upon an event of default (as defined in the Sixth Promissory Note). No payments of principal or interest on the Sixth Promissory Note were due until it matured, on the earlier of (a) December 31, 2014, or (b) the date of (i) the sale of all or substantially all of the assets of the Company or Pulse Systems, (ii) the merger of the Company or Pulse Systems, or (iii) the sale of all or substantially all of the equity of the Company or Pulse Systems. Only upon an event of default (as defined in the Sixth Promissory Note), the holder of the Sixth Promissory Note could elect to convert all or any part of the outstanding principal of, and the accrued but unpaid interest on, the Sixth Promissory Note into newly issued shares of Common Stock of the Company. The conversion price is \$0.004323 per share. On May 31, 2013, the Sixth Promissory Note was assigned to Dove, which is a principal shareholder of the Company. The note was not paid by its maturity date and remains in default as of June 30, 2017.

On June 25, 2013, the Company issued 875,000 shares of unregistered restricted Common Stock to Dove, at a price of \$0.004323 per share, representing a payment to Dove, in lieu of cash, of \$3,782.63 of the outstanding balance of the Sixth Promissory Note.

On October 24, 2014, the Company issued 2,000,000 shares of unregistered restricted Common Stock to Dove, at a price of \$0.004323 per share, representing a payment to Dove, in lieu of cash, of \$8,646.00 of the outstanding balance of the Sixth Promissory Note.

On July 23, 2015, Dove elected to convert \$21,615.00 of the outstanding balance of the Sixth Promissory Note, whereupon the Company issued to Dove 5,000,000 shares of unregistered restricted Common Stock at the conversion price of \$0.004323 per share.

On October 10, 2013, the Company issued a promissory note (the "Seventh Promissory Note") in favor of St. George, a related party, in exchange for a loan in the amount of \$50,000 made by St. George to the Company. The Company used the proceeds of the loan for working capital purposes. Interest on the Seventh Promissory Note accrues at an annual rate of 10% increases to a rate of 18% per annum upon an event of default (as defined in the Seventh Promissory Note). No payments of principal or interest on the Seventh Promissory Note were due until it matured, on the earlier of (a) December 31, 2015, or (b) the date of (i) the sale of all or substantially all of the assets of the Company or Pulse Systems, (ii) the merger of the Company or Pulse System, or (iii) the sale of all or substantially all of the equity of the Company or Pulse Systems. Only upon an event of default (as defined in the Seventh Promissory Note), the holder of the Seventh Promissory Note may elect to convert all or any part of the outstanding principal of, and the accrued but unpaid interest on, the Seventh Promissory Note into newly issued shares of Common Stock of the Company. The initial conversion price is \$0.09614 per share. The note was not paid by its maturity date and remains in default as of June 30, 2017. See Note 15 – "Subsequent Events" for additional discussion of the Seventh Promissory Note.

If the Company issues any security convertible into newly issued shares of its Common Stock with a conversion price lower than that of any above-described promissory note

issued by the Company to St. George, the conversion price for that promissory note or notes automatically reduces to the lower conversion price. Accordingly, as of June 30, 2017, the conversion price for the First, Second, Third, Fourth, and Sixth Promissory Notes is \$0.004323 per share of the Company's Common Stock. If St. George were to elect to convert the \$1,175,000 initial aggregate principal amount of all outstanding Promissory Notes, the Company would be obligated to issue to St. George 260,756,022 shares of Common Stock. If required, these share issuances would exceed the number of the Company's authorized shares of Common Stock that are available to be issued. An issuance of all of the Company's remaining authorized but unissued shares of Common Stock to St. George would be highly dilutive to the other holders of the Company's Common Stock.

On July 7, 2014, Pulse Systems issued a promissory note to Wacker Services Corp, an entity owned by Karl Fife, a director of the Company, in exchange for a loan in the amount of \$300,000. Pulse used the proceeds of the loan for working capital purposes. Interest on this promissory note accrued at an annual rate of 8%. The remaining obligations under this promissory note were extinguished on October 7, 2015 with a final cash payment that reduced its balance to zero.

Interest expense was \$105,086 and \$149,518 for the six months ended June 30, 2017 and 2016, respectively.

NOTE 7 – REDEEMABLE PREFERRED MEMBER UNITS

In connection with the acquisition of Pulse Systems by UAHC, Pulse Systems entered into a Redemption Agreement, dated June 18, 2010 (the "Redemption Agreement"), with Pulse Systems Corporation ("Pulse Corp"), the holder of all of the outstanding preferred units in Pulse Systems. The aggregate redemption price was \$3.99 million for the preferred units, including the accrued but unpaid return on such units, which reflected a \$0.83 million reduction from the actual outstanding amount as of the date of the agreement. In addition, the 14% dividend rate on the preferred units was eliminated, subject to reinstatement if there was a default as explained in the next sentence. Failure to make any of the redemption payments would result in the increase of the redemption price for the preferred units by \$0.83 million and a 14% per annum cumulative (but not compounded) return on the aggregate amounts of the unredeemed preferred units plus the \$0.83 million commencing on the date of default. Pulse Corp agreed to the redemption of its preferred units over a two-year period, commencing with a cash payment made at closing of \$1.75 million. On August 30, 2011, St. George Investments LLC purchased the preferred units held by Pulse Corp in Pulse Systems. The obligations of Pulse Systems under the Redemption Agreement are subordinate to its obligations under the Loan Agreement discussed in Note 6 -"Notes Payable."

On January 1, 2012, Pulse Systems was in default under the Redemption Agreement. As a result, the \$0.83 million reduction from the amount outstanding at June 18, 2010 was reinstated. In addition, the 14% dividend rate on the preferred amount began accruing from the default date of January 1, 2012.

The redeemable preferred units were recorded as liabilities in the June 30, 2017 and December 31, 2016 consolidated balance sheets at \$4.2 million and \$4.1 million, respectively.

NOTE 8 – NET INCOME (LOSS) PER COMMON SHARE

Basic net income (loss) per share excluding dilution has been computed by dividing net income (loss) by the weighted average number of common shares outstanding for the period. Diluted net income (loss) per share, if applicable, is computed using the treasury stock method for outstanding stock options and warrants.

NOTE 9 - COMPREHENSIVE INCOME (LOSS)

There were no other items of comprehensive income or loss, resulting in comprehensive income being the same amount as net income for the six months ended June 30, 2017 and 2016.

NOTE 10 – SHARE BASED COMPENSATION

The Company recognizes the compensation cost relating to share-based payment transactions in the Company's consolidated financial statements. That cost is measured based on the fair value of the equity instruments issued on the date of grant. There was no stock-based compensation expense for the six months ended June 30, 2017 and 2016.

On October 24, 2014, St. George elected to convert \$55,118.25 of the outstanding balance of the Fifth Promissory Note, whereupon the Company issued to St. George 12,750,000 shares of unregistered restricted Common Stock at the conversion price of \$0.004323 per share. Also on October 24, 2014, Dove elected to convert \$8,646.00 of the outstanding balance of the Sixth Promissory Note, whereupon the Company issued to Dove 2,000,000 shares of unregistered restricted Common Stock at the conversion price of \$0.004323 per share.

On June 23, 2011, the Company entered into a Reimbursement Agreement and Mutual Release (the "Reimbursement Agreement") with various parties (collectively, the "Parties"), including Strategic Turnaround Equity Partners, L.P. (Cayman), a Cayman Islands limited partnership ("STEP"), Bruce R. Galloway ("Galloway"), St. George Investments, LLC, an Illinois limited liability company ("St. George"), John M. Fife, and several of their respective affiliates. St. George is controlled by John M. Fife, who is the Company's Chairman, President, CEO and controlling shareholder.

Under the Reimbursement Agreement, the Parties agreed to dismiss the litigation between them in the U.S. District Court for the Eastern District of Michigan, the Circuit Court for Wayne County, Michigan, and the Michigan Court of Appeals, as well as to release each other from liability in connection with any issue related to the litigation, in exchange for payments of \$5,000 by each of the Company and St. George to STEP (for a total of \$10,000). The Parties filed a Joint Stipulation of Dismissal on June 27, 2011.

As part of the Reimbursement Agreement and as further consideration for the releases, STEP, and its principals and affiliates, including Galloway, agreed that for 20 years they would not (i) purchase any shares of Common Stock of the Company, (ii) take any insurgent action against the Company, engage in any type of proxy challenge, tender offer, acquisition or battle for corporate control with respect to the Company, (iii) initiate any lawsuit or governmental proceeding against the Company, its affiliates or any of their respective directors, officers, employees or agents, or (iv) take any action that would encourage any of the foregoing.

In addition, under the Reimbursement Agreement, each of the Company and St. George agreed to reimburse STEP in the amount of \$225,409 (for a total of \$450,819) for expenses incurred by STEP, Galloway and their affiliates in connection with the proxy contest for the election of directors to the Company's board of directors (the "Board") in 2010. St. George made its \$225,409 reimbursement payment in cash on June 27, 2011. The Company's payment of its \$225,409 reimbursement amount was due and payable upon the occurrence of the earliest of (i) the Company's receipt of at least \$225,409 from an escrow account held in the State of Tennessee, (ii) a refinancing of the Company's credit facility with Fifth Third Bank dated March 31, 2009, as amended June 30, 2011, or (iii) June 12, 2012. The Company was unable to make the required payments at that time.

Fife, and several of their respective affiliates. St. George is controlled by John M. Fife, who is the Company's Chairman, President, CEO and controlling shareholder. The Company also agreed in the Settlement Agreement to assign to STEP the rights to the sale proceeds of particular artwork with a market value of \$58,500, of which the first installment and second installment totaling \$22,500 were paid on November 14, 2012. Under the Settlement Agreement, the Company also assigned to STEP the right to receive an aggregate amount of up to \$41,500 in net proceeds from the sale of certain other artwork or from the release of money from an escrow account maintained with the State of Tennessee, whichever occurs first. In exchange for these payments and assignments, which total \$225,409, STEP, Galloway and their affiliates released UAHC from making its \$225,409 reimbursement payment required under the Reimbursement Agreement. On July 31, 2014, the Company made a final settlement payment to STEP in the amount of \$36,500. There are no additional amounts due under the Settlement Agreement.

The Eighth Amendment further amends the Voting and Standstill Agreement dated March 19, 2010, between the Company and St. George, which was previously amended by: (i) the Amendment to Voting and Standstill Agreement dated June 7, 2010; (ii) the Agreement to Join the Voting and Standstill Agreement by Dove dated June 7, 2010; (iii) the Acknowledgment and Waiver of Certain Provisions of the Voting and Standstill Agreement dated June 18, 2010; (iv) the Second Amendment to Voting and Standstill Agreement dated May 15, 2012; (vi) the Fourth Amendment to Voting and Standstill Agreement dated January 10, 2013; (vii) the Fifth Amendment to Voting and Standstill Agreement dated October 9, 2013; (viii) the Sixth Amendment to Voting and Standstill Agreement dated October 27, 2014; and (viiii) the Seventh Amendment to Voting and Standstill Agreement dated July 23, 2015 (as so amended, the "Voting and Standstill Agreement").

In connection with the Eighth Amendment, St. George and Dove agreed to forbear on exercising their rights to cause the Company to purchase their respective shares of the Company's common stock (the "Put Option"), and the Company agreed to postpone the Put Option commencement date until April 1, 2017. As a result, the "Put Exercise Period" (as defined in the Voting and Standstill Agreement) commenced on April 1, 2017 and will end on September 30, 2017.

Further, in connection with the Eighth Amendment, St. George agreed to accept a Put Price Per Share in the amount of \$1.02 for 278,926 of the Put Shares owned by St. George and \$0.20112 for 774,151 of the Put Shares owned by St. George, in each case instead of a Put Price Per Share of \$1.26, which remains in place for the rest of the Put Shares owned by St. George and for all of the Put Shares owned by Dove.

On May 17, 2017, St. George notified the Company that it was exercising its right to cause the Company to purchase 278,936 of the Put Shares owned by St. George at the Put Price Per Share of \$1.02 and 774,151 of the Put Shares owned by St. George at the Put Price Per Share of \$0.20112. The aggregate number of common shares purchased by the Company as a result of St. George's election is 1,053,087. Mr. Fife paid the purchase price of \$612,000 to the Company in cash on December 29, 2014, resulting in the Company realizing a gain of \$371,000 from the sale in the year ended December 31, 2014.

Laser Lease

NOTE 12 – COMMITMENTS & CONTINGENCIES

Voting and Standstill Agreement

On March 19, 2010, the Company and St. George, which on that date was a 23.13% beneficial owner of capital stock of the Company, entered into a Voting and Standstill Agreement (the "Standstill Agreement"). St. George is an Illinois limited liability company that is controlled by John M. Fife, who is the Company's Chairman, President, CEO and controlling shareholder. On June 7, 2010, the Company and St. George entered into a first amendment to the Voting and Standstill Agreement (the "Amendment"), and then The Dove Foundation ("Dove") became an additional party by entering into a Joinder to the Voting and Standstill Agreement. On June 18, 2010, the Company, St. George and Dove entered into an Acknowledgement and Waiver of Certain Provisions in the Voting and Standstill Agreement (the "Waiver"), whereby St. George and Dove agreed that the Pulse Systems acquisition shall not be considered a "Triggering Event" under the amended Standstill Agreement.

Under the Standstill Agreement, St. George and Dove each had the right (the "Put Option") to require the Company to purchase some or all of their respective shares of the Company's Common Stock ("Shares" or "Put Eligible Shares") at an exercise price ("Put Price Per Share") of \$1.26 per share. The Put Option was initially exercisable between October 1, 2012 and March 30, 2013 (the initial "Put Exercise Period"). The Company had the right (the "Call Option") to purchase all of the Shares owned by St. George and Dove at an exercise price of \$1.26 per Share, if the Call Option was exercised between July 1, 2011 and September 30, 2011. The Company did not exercise the Call Option, which expired on September 30, 2011.

Under the original Standstill Agreement, the Company agreed to maintain certain reserves of its unrestricted cash on its balance sheet, initially equal to 20% of the Company's pro forma estimate of its 2010 fiscal year end shareholders' equity and then equal to the Company's actual 2010 fiscal year-end shareholders' equity thereafter. The Company was unable to maintain such cash reserves in 2010 and entered into the Amendment and the Waiver, whereby St. George and Dove waived such cash reserve requirement, provided that the Company provided other collateral reasonably acceptable to St. George and Dove. To date, the Company has not provided

such other collateral. As a result, the Company has been and is in default under the amended Standstill Agreement, which gave St. George and Dove each the right to exercise its Put Option at any time. Pursuant to the Second Amendment to Voting and Standstill Agreement dated November 3, 2011 among them and the Company, each of St. George and Dove agreed to forbear from exercising its Put Option during the then applicable Put Exercise Period in exchange for the Company's agreement to postpone the Put Option commencement date until October 1, 2012 (and either or both of St. George and Dove may exercise its Put Option during the Put Exercise Period commencing on such date), provided that the Put Option commencement date would accelerate, and either or both of St. George and Dove may elect to exercise the Put Option upon the occurrence of any one of certain events, including: 1) the Company or Pulse defaults under any loan agreement or debt instrument, including without limitation Pulse's credit facility with Fifth Third Bank, N.A. and any promissory note made by the Company in favor of St. George (including such promissory notes dated September 28, 2011, December 9, 2011, February 9, 2012, and at any time thereafter; 2) the Company ceases to be current in its periodic reporting, or 3) ceases to be subject to periodic reporting requirements, under Section 13 of the Securities Exchange Act of 1934, as amended.

On May 15, 2012, the Company entered into the Third Amendment to Voting and Standstill Agreement with St. George and Dove (the "Third Amendment"). Pursuant to the Third Amendment, St. George and Dove each agreed to forbear from exercising its Put Option during the Put Exercise Period whose commencement had been accelerated to December 31, 2012, as a result of defaults by the Company under certain loan covenants in its Loan and Security Agreement with Fifth Third Bank, as further described in Note 9 to these consolidated financial statements. The Third Amendment also reestablished October 1, 2012, as the Put Option commencement date under the amended Standstill Agreement such that any further acceleration of the Put Option commencement date shall be at the discretion of St. George or Dove, upon the occurrence of certain specified events.

On January 10, 2013, the Company entered into a Fourth Amendment to Voting and Standstill Agreement (the "Fourth Amendment") with St. George and Dove. The Fourth Amendment further amended the Voting and Standstill Agreement dated March 19, 2010, between the Company and St. George, which was previously amended by (i) the Amendment to Voting and Standstill Agreement dated June 7, 2010, (ii) the Agreement to Join the Voting and Standstill Agreement by Dove dated June 7, 2010, (iii) the Acknowledgment and Waiver of Certain Provisions of the Voting and Standstill Agreement dated June 18, 2010, (iv) the Second Amendment to Voting and Standstill Agreement dated November 3, 2011, and (v) the Third Amendment to Voting and Standstill Agreement dated May 15, 2012.

In connection with the Fourth Amendment, St. George and Dove agreed to forbear on exercising their rights to cause the Company to purchase their respective shares of the Company's Common Stock, and the Company agreed to postpone the "Put Commencement Date" (as defined in the Voting and Standstill Agreement) until October 1, 2013. As a result, the "Put Exercise Period" (as defined in the Voting and Standstill Agreement) was to end on March 30, 2014.

On October 9, 2013, the Company entered into a Fifth Amendment to Voting and Standstill Agreement (the "Fifth Amendment") with St. George and Dove. In connection with the Fifth Amendment, St. George and Dove agreed to forbear on exercising their rights to cause the Company to purchase their respective shares of the Company's Common Stock, and the Company agreed to postpone the Put Commencement Date until October 1, 2014. As a result, the Put Exercise Period was to end on March 30, 2015. In addition, the Fifth Amendment deleted certain provisions in the Voting and Standstill Agreement which had become inapplicable or obsolete, such as proxy and standstill provisions, call options, preferred stock calls and board observation rights, and it revised the definition of "Conversion Shares" therein to include share of the Company's Common Stock issuable upon conversion of any security or instrument issued by the Company, including any promissory note.

On October 27, 2014, the Company entered into a Sixth Amendment to Voting and Standstill Agreement (the "Sixth Amendment") with St. George and Dove. In connection with the Sixth Amendment, St. George and Dove agreed to forbear on exercising their rights to cause the Company to purchase their respective shares of the Company's Common Stock, and the Company agreed to postpone the Put Commencement Date until April 1, 2015. As a result, the Put Exercise Period was to commence on April 1, 2014, and end on September 30, 2015.

On July 23, 2015, the Company entered into a Seventh Amendment to Voting and Standstill Agreement (the "Seventh Amendment") with St. George and Dove. In connection with the Seventh Amendment, St. George and Dove agreed to forbear on exercising their rights to cause the Company to purchase their respective shares of the Company's Common Stock, and the Company agreed to postpone the Put Commencement Date until April 1, 2016. As a result, the Put Exercise Period was to commence on April 1, 2016, and end on September 30, 2016.

On September 27, 2016, the Company entered into an Eighth Amendment to Voting and Standstill Agreement (the "Eighth Amendment") with St. George and Dove Foundation. In connection with the Eighth Amendment, St. George and Dove agreed to forbear on exercising their rights to cause the Company to purchase their respective shares of the Company's Common Stock, and the Company agreed to postpone the Put Commencement Date until April 1, 2017. As a result, the Put Exercise Period commenced on April 1, 2017 and will end on September 30, 2017.

In addition, in the Eighth Amendment, St. George agreed to accept a Put Price Per Share in the amount of \$1.02 for 278,926 of the Put Shares owned by St. George and \$0.20112 for 774,151 of the Put Shares owned by St. George, in each case instead of a Put Price Per Share of \$1.26, which remains in place for the rest of the Put Shares owned by St. George and for all of the Put Shares owned by Dove.

On May 17, 2017, St. George notified the Company that it was exercising its right to cause the Company to purchase 278,936 of the Put Shares owned by St. George at the Put Price Per Share of \$1.02 and 774,151 of the Put Shares owned by St. George at the Put Price Per Share of \$0.20112. The aggregate number of common shares purchased by the Company as a result of St. George's election is 1,053,087. The aggregate purchase price paid to St. George by the Company as a result of this election was \$440,211.97.

As of June 30, 2017, the Put Option obligation is recorded at its fair value of \$11,703,594 in current liabilities in the accompanying consolidated financial statements. Additionally, as of June 30, 2017 the number of common shares St. George and Dove own that are subject to the Put Option are 7,610,658 and 2,478,647 shares, respectively. If St. George and Dove were to exercise the Put Option with respect to the aforementioned eligible shares, then the costs to the Company payable to St. George and Dove would be \$9,589,429 and \$3,123,095, respectively.

See Note 15 – "Subsequent Events" for additional discussion of the Voting and Standstill Agreement.

NOTE 15 – SUBSEQUENT EVENTS

The Company has performed a review of events subsequent to the balance sheet date and has identified the following reportable events:

Forbearance Agreement

On August 17, the Company and St. George entered into a forbearance agreement ("Forbearance Agreement"), where St. George, for due consideration, agreed to forbear from exercising certain of its rights related to events of default that have occurred under the First,

Second, Third, Fourth, and Seventh Promissory Notes (Collectively referred to herein as the "Default Notes").

Under the terms of the Forbearance Agreement, St. George agreed to forbear from further exercising its rights related to Events of Default that occurred under the Default Notes prior to August 17, 2017 (the date the Forbearance Agreement was executed), except related to its conversion rights and certain of its rights to accrue interest at the default rate of 18% per annum. Specifically, St. George preserved its right to convert all or parts of the outstanding balances due under each of the Default Notes into newly issued shares of Common Stock regardless of whether or not any additional future Event of Defaults occur under the Default Notes. Further, St. George preserved its right to earn interest at the default rate of 18% per annum from the date of the earliest Event of Default until August 17, 2017. Subsequent to August 17, 2017, unless additional Events of Default occur under the Default Notes, interest shall accrue at the rate of 10% per annum.

Additionally, St. George agreed to postpone the maturity dates of each of the Default Notes to the earlier of (i) June 30, 2019. St. George has also agreed to temporarily suspend the Company's obligation to maintain a reserve of authorized but unissued shares of Common Stock (as required by provisions contained in the Default Notes) until the earlier of (a) June 30, 2019, or (b) the date of (i) the sale of all or substantially all of the assets of the Company or Pulse Systems, (ii) the merger of the Company or Pulse Systems, or (iii) the sale of all or substantially all of the equity of the Company or Pulse Systems.

In consideration for St. George's forbearance, postponement of maturity dates, and postponement of share reserve requirements, as detailed in the Forbearance Agreement, the Company has agreed to pay an extension fee calculated individually for each of the First, Second, Third, Fourth, and Seventh Promissory Notes as 1% per annum of the outstanding Principal Amount of the note as of August 17, 2017 for each year the maturity date of the respective note was extended.

St. George Loan Agreement & Eighth Promissory Note

On August 17, 2017, the Company executed a loan agreement by and between the Company and St. George to borrow up to \$2,000,000.00 ("UAHC Ventures Loan Agreement") on terms set forth in a promissory note issued by the Company in favor of St. George on August 17, 2017 (the "Eighth Promissory Note").

The principal amount of the Eighth Promissory Note may be designated up to \$2,000,000.00 as advances are requested by the Company and approved by St. George. Interest on the Eighth Promissory Note accrues at a rate of 8% per annum on the unpaid principal balance. The Eighth Promissory Note matures on the date that is five (5) years after the date the first advance under the Promissory Note is made. Principal and interest repayments may be requested by St. George from time to time on or after the date that is six (6) months following the date the first advance under the Eighth Promissory Note is made. The Eighth Promissory Note is not convertible into shares of the Company's Common Stock.

Proceeds from advances received by the Company under the terms of the UAHC Ventures Loan Agreement and Eighth Promissory Note are to be used solely for funding contributions to the Company's wholly owned subsidiary, UAHC Ventures, LLC, to pursue investment opportunities as approved by the Company's board of directors.

Ninth Amendment to Voting and Standstill Agreement

On August 18, 2017, the Company entered into a Ninth Amendment to Voting and Standstill Agreement (the "Ninth Amendment") with St. George and Dove Foundation. In connection with the Ninth Amendment, St. George and Dove agreed to forbear on exercising a portion of their rights to cause the Company to purchase their respective shares of the Company's Common Stock (for shares owned as of the date of the Ninth Amendment), and the Company agreed to postpone the Put Commencement Date until April 1, 2018. As a result, the Put Exercise Period commenced on April 1, 2018 and will end on September 30, 2018.

UAHC Ventures, LLC Investment

On August 21, 2017, the Company, through its wholly owned subsidiary, UAHC Ventures, LLC, executed a Securities Purchase Agreement by and between UAHC Ventures and MGT Capital Investments, Inc., a Delaware corporation ("MGT Capital"), whereby UAHC Ventures invested \$2,000,000.00 to purchase (i) a Secured Convertible Promissory Note in the original principal amount of \$2,410,000.00 effective dated August 18, 2017 (the "MGTI Note"), and (ii) a Warrant (the "MGTI Warrant") to purchase shares of MGT Capital's Common Stock, par value \$0.001 per share (the "Common Stock").

The MGTI Note is secured by certain assets of MGT Capital's subsidiary, MGT Mining Two, Inc., a Delaware corporation.

The MGTI Warrant issued to UAHC Ventures, has an effective issue date of August 18, 2017 (the "Issue Date") and grants UAHC Ventures the right, as of the Issue Date, to purchase 861,905 shares of MGT Capital's Common Stock ("Warrant Shares"), as such Warrant Share number may be adjusted from time to time pursuant to the terms of the MGTI Warrant. The MGTI Warrant expires on the last calendar month in which the fifth anniversary of the Issue Date occurs.
