<b>Total Common Stock</b>		
outstanding as of 06/30/2018:	145,989,679	

<sup>\*</sup>Notes (a) - (b) to this table are immediately below.

#### **Changes in Total Common Shares Outstanding -- Notes:**

- (a) On May 23, 2017, St. George Investments, LLC ("St. George") elected to convert \$332,871.00 of the outstanding balance of the Secured Promissory Note dated August 14, 2012, whereupon the Company, on May 26, 2017, issued to St. George 77,000,000 shares of unregistered restricted Common Stock at the conversion price of \$0.004323 per share. See Note 8 "Notes Payable" in PART II below for additional discussion.
- (b) On May 17, 2017, St. George elected to partially exercise its put right to cause the Company to purchase 278,936 shares of Common Stock at a put price per share of \$1.02 and 774,151 shares of Common Stock at a put price per share of \$0.20112. The aggregate number of shares of Common Stock bought by the Company as a result of St. George's election was 1,053,087. The aggregate purchase price amount paid to St. George by the Company was \$440,211.97. The Company subsequently elected to retire these purchased shares. See Note 15 "Related Party Transactions" in PART II below for additional discussion.

All stock certificates for the aforementioned shares of Common Stock issued contain a legend (1) stating that the shares have not been registered under the Securities Act of 1933 and (2) setting forth or referring to the restrictions on transferability and sale of the shares under the Securities Act of 1933.

#### 5) Financial Statements

#### See PART II – UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS below.

#### 6) Issuer's Business, Products and Services

A. Description of the Issuer's business operations, principal products and their market:

United American Healthcare Corporation was incorporated in Michigan on December 1, 1983 and commenced operations in May 1985. On August 1, 2014, the Company converted from a Michigan corporation into a Nevada corporation (the "Conversion"). The Conversion was effected by the filing of a Certificate of Conversion with the Michigan Department of Licensing and Regulatory Affairs on July 28, 2014, and by the filing of Articles of Conversion with the Nevada Secretary of State on July 30, 2014, in each case with an effective date of August 1, 2014. The Conversion was approved by the shareholders of the Company at a meeting of the shareholders held on December 13, 2013. In connection with the Conversion, the Company also filed with the Nevada Secretary of State on July 30, 2014, a Plan of Conversion and Articles of Incorporation that are substantially identical to the proposed Plan of Conversion and Articles of Incorporation which were furnished as exhibits to the Company's Definitive Proxy Statement on Schedule 14A filed on November 1, 2013 with the exception of the par value of the Common Stock and Preferred Stock which was designated as no par value prior to the Conversion and was assigned a \$0.001 par value per share after the Conversion. In addition, the Bylaws of United American Healthcare Corporation, a Nevada corporation, are substantially identical to the proposed

Bylaws which were furnished as an exhibit to the Company's Definitive Proxy Statement on Schedule 14A filed on November 1, 2013.

From November 1993 to June 2009, the Company's indirect, wholly owned subsidiary, UAHC Health Plan of Tennessee, Inc. ("UAHC-TN"), was a managed care organization in the TennCare program, a State of Tennessee program that provided medical benefits to Medicaid and working uninsured recipients. From January 2007 to December 2009, UAHC-TN served as a Medicare Advantage qualified organization pursuant to a contract (the "TennCare contract") with the Centers for Medicare & Medicaid Services ("CMS"). See Note 7 – "Discontinued Operations" in PART II below for additional discussion of these former business operations.

Since June 18, 2010, UAHC has provided contract manufacturing services to the medical device industry, with a focus on precision laser-cutting capabilities and the processing of thin-wall tubular metal components, sub-assemblies and implants, primarily in the cardiovascular market. The contract manufacturing services are provided by the Company's wholly-owned subsidiary, Pulse Systems, LLC (referred to below as "Pulse Systems" or "Pulse".) See Note 6 – "Acquisition" in PART II below for a discussion of the Pulse acquisition.

On July 21, 2017, the Company's board of directors voted to approve the formation of UAHC Ventures LLC, as a Nevada limited liability company, ("UAHC Ventures") and wholly owned subsidiary of the Company, with the purpose of pursuing investment opportunities within the newly formed subsidiary. The entity was formed on July 27, 2017 and made its first investment in August of 2017.

On September 21, 2017, the Company's board of directors voted to approve the formation of UAHC Cryptocurrency Mining, LLC, as a Nevada limited liability company, ("UAHC Crypto Mining") and wholly owned subsidiary of the Company, with the purpose of establishing cryptocurrency mining operations within the newly formed subsidiary. The entity was formed on September 21, 2017. UAHC Crytpo Mining is in developmental stages of implementing its mining operations and therefore it has minimal assets and cash flow related to mining operations.

B. Date and State (or Jurisdiction) of Incorporation:

Current State of Incorporation: Nevada (effective August 1, 2014) Prior State of Incorporation: Michigan from December 1, 1983 – July 31, 2014

C. the Issuer's primary and secondary SIC Codes;

3841 – Surgical & Medical Instruments & Apparatus

3451 – Screw Machine Products

D. the Issuer's fiscal year end date is December 31<sup>st</sup>.

#### 7) Description of Issuer's Facilities

UAHC's corporate offices are located in Chicago, Illinois. The corporate office space is leased from Wacker Services Corp, a related entity, on a month to month basis. The Company shares its corporate office with its subsidiaries, UAHC Ventures and UAHC Crypto Mining. The Company's wholly owned subsidiary, Pulse Systems, is located in Concord, California. Pulse Systems leases the building that contains both its manufacturing and office facilities under a non-cancelable operating lease that expires December 31, 2022. Pulse Systems owns the majority of its manufacturing tools and equipment and it also utilizes manufacturing equipment rented under an operating lease which expires in October 2023. Pulse System's equipment and facilities remain in conditions consistent with providing services that meet the requirements of the standard ISO 13485:2003 and ISO 9001:2008.

#### 8) Officers, Directors, and Control Persons

#### A. Names of Officers and Directors

The following table sets forth certain information with respect to the directors and executive officers of the Company as of the date of this information statement, September 19, 2018.

Name	Title
John M. Fife	Chairman, President and Chief
	Executive Officer
Scott Leece	Director
Karl Fife	Director
Herbert J. Bellucci	President, Secretary and Chief
	Executive Officer of Pulse Systems,
	and, Director
Richard M. Brown, D.O.	Director
Christina B. Saxton	Chief Financial Officer, Secretary and
	Treasurer, and Chief Financial Officer
	of Pulse Systems

John M. Fife has served as the President and Chief Executive Officer of the Company since November 2010 and Chairman of the Board since October 2010. Mr. Fife has served as President of Chicago Venture Management, Inc. ("CVM, Inc.") since 1998. CVM, Inc. is the manager of Chicago Venture Management, LLC, which is the general partner of Chicago Venture Partners, L.P., a private equity fund based in Chicago, Illinois. Mr. Fife also has served since 1996 as the President of Utah Resources International, Inc., a Utah-based real estate and oil & gas investment company and since 2004 as the Chairman of Typenex Medical, LLC, a manufacturer of blood transfusion and patient identification safety products and other laboratory and operating room disposables, both of which are portfolio companies of Chicago Venture Partners, L.P. Mr. Fife holds an MBA from Harvard Business School.

Scott Leece has served as a director of the Company since February, 2012. He is currently the Vice-President and General Manager of Specialty Brands at Young Innovations, Inc. Mr. Leece was formerly the General Manager of Typenex Medical LLC, a privately-held medical device company, which is controlled by Mr. Fife, from April 2008 to July 2014. Prior to his time at Typenex, he spent seven years at Cardinal Health in various roles in both marketing management and R&D. Mr. Leece graduated from the University of Illinois-Champaign with a B.S. in Chemical Engineering in 1998 and from the Kellogg School of Management with an MBA in 2005.

Karl Fife has served as a director of the Company since 2011. He has been the Chief Technology Officer of Chicago Venture Partners, L.P., a venture capital fund with a broad range of investments in medical devices, software, manufacturing and public equity markets since 2002. Karl Fife has served as a member of the board of directors of UAHC's subsidiary Pulse Systems since February, 2012.

Herbert J. Bellucci has served as a director of the Company since 2010. He has served as the President and Chief Executive Officer of Pulse Systems since August 2007 and Secretary of Pulse Systems since August 2010. From August 2005 to July 2007, Mr. Bellucci served as Vice President of Manufacturing and then Vice President of Manufacturing and International of Alphatec Holdings (Nasdaq: ATEC) and its subsidiary Alphatec Spine, Inc., a medical device company that designs, develops, manufactures and markets products for the surgical treatment of spine disorders. From May 2003 to April 2005, he served as Senior Vice President of Operations for Digirad Corporation (Nasdaq: DRAD), a publicly-held developer and manufacturer of solid-state gamma cameras for nuclear cardiology and general nuclear medicine applications. Mr. Bellucci holds a Bachelor of Science degree in engineering from Brown University and an MBA from Stanford Graduate School of Business.

Richard M. Brown, D.O. has served as a director of the Company since 2001. Dr. Brown founded Park Medical Centers in 1961. He is a practicing physician and has been President of Park Family Health Care in Detroit, Michigan since 1995. During his career, he has also served as Chief of Staff of the following hospitals in Michigan: Michigan Health Center, Detroit Central Hospital, Botsford General Hospital and Zeiger Osteopathic Hospital. Dr. Brown has been a delegate to the American Osteopathic Association since 1989 and to the Michigan Association of Osteopathic Physicians and Surgeons since 1986. He is a past Board member of the Barbara Ann Karmanos Cancer Institute and the University of Osteopathic Medicine and Health Services in Des Moines, Iowa.

Christina B. Saxton has served as the Chief Financial Officer, Secretary and Treasurer of the Company and the Chief Financial Officer of Pulse Systems since July 23, 2015. Ms. Saxton also has managed finance and accounting projects for Chicago Venture Partners, L.P., an affiliate of John M. Fife, since May, 2011. Ms. Saxton was previously an Assistant Vice President in the Private Equity Fund Services division of J.P. Morgan Chase from April, 2008 to May, 2011 and a senior associate in the audit group of KPMG from September, 2004 to December, 2007. Ms. Saxton holds a B.S. in Accounting and Masters in Accounting from the University of Denver.

#### B. Control Persons

The following individuals and entities are the beneficial owners of more than five percent (5%) of UAHC's Common Stock:

		Percentage Ownership of
	Beneficial Owner or Agent	UAHC Common Stock as
Control Person/Entity	of Control Person	of 09/19/18
St. George Investments LLC	Beneficial Owner:	87.6%
("SG")	John M. Fife (95% owner of	
	SG)	
	Red Cliffs Investments Inc	
	(5% owner of SG)	

C. <u>Beneficial Shareholders</u>. The following is a list of the name, address and shareholdings or the percentage of shares owned by all persons beneficially owning more than ten percent (10%) of any class of the issuer's equity securities. If any of the beneficial shareholders are corporate shareholders, the name and address of the person(s) owning or controlling such corporate shareholders and the resident agents of the corporate shareholders are provided.

		Address of	Percentage
	Beneficial Shareholder's	Beneficial	Ownership as
Beneficial Shareholders	Ownership	Shareholder(s)	of 09/19/18
St. George Investments LLC	John M. Fife (95% owner	303 E. Wacker	87.6%

	Red Cliffs Investments	Chicago, IL	
	Inc (5% owner of SG)	60601	
Registered Agent:			
Jonathan K. Hansen			

- D. <u>Legal/Disciplinary History</u>. Please identify whether any of the aforementioned Directors, Officers, Control Persons and or Beneficial Shareholders have, in the last five years, been the subject of:
  - 1. A conviction in a criminal proceeding or named as a defendant in a pending criminal proceeding (excluding traffic violations and other minor offenses);

#### None

2. The entry of an order, judgment, or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person's involvement in any type of business, securities, commodities, or banking activities;

#### None

3. A finding or judgment by a court of competent jurisdiction (in a civil action), the Securities and Exchange Commission, the Commodity Futures Trading Commission, or a state securities regulator of a violation of federal or state securities or commodities law, which finding or judgment has not been reversed, suspended, or vacated; or

#### None

4. The entry of an order by a self-regulatory organization that permanently or temporarily barred suspended or otherwise limited such person's involvement in any type of business or securities activities.

In October 2011, the Financial Industry Regulatory Authority ("FINRA") requested – purportedly pursuant to FINRA Rule 8210 – that John M. Fife appear to testify in a matter captioned "Gordon & Co. No. 2011029203701." However, after careful consideration of FINRA's request, it was apparent that FINRA did not exercise proper jurisdiction over Mr. Fife under FINRA Rule 8210. Given FINRA's lack of jurisdiction, Mr. Fife notified FINRA that he would not appear to testify. On that basis alone, and in reliance on FINRA Rule 9552, FINRA suspended Mr. Fife on January 27, 2012 from associating with any FINRA member in any capacity. FINRA's suspension was not based upon any a finding of wrongdoing by Mr. Fife, nor has he admitted any such wrongdoing.

## 9) Third Party Providers

#### **NOTE 1 – DESCRIPTION OF BUSINESS**

United American Healthcare Corporation (the "Company" or "UAHC") was incorporated in Michigan on December 1, 1983 and commenced operations in May 1985.

From November 1993 to June 2009, the Company's indirect, wholly owned subsidiary, UAHC Health Plan of Tennessee, Inc. ("UAHC-TN"), was a managed care organization in the TennCare program, a State of Tennessee program that provided medical benefits to Medicaid and working uninsured recipients. From January 2007 to December 2009, UAHC-TN served as a Medicare Advantage qualified organization pursuant to a contract with the Centers for Medicare & Medicaid Services.

Since June 18, 2010, UAHC has provided contract manufacturing services to the medical device industry, with a focus on precision laser-cutting capabilities and the processing of thin-wall tubular metal components, sub-assemblies and implants, primarily in the cardiovascular market. The contract manufacturing services are provided by the Company's wholly-owned subsidiary, Pulse Systems, LLC (referred to herein as "Pulse Systems" or "Pulse").

On July 21, 2017, the Company's board of directors voted to approve the formation of UAHC Ventures LLC, as a Nevada limited liability company, ("UAHC Ventures") and wholly owned subsidiary of the Company, with the purpose of pursuing investment opportunities within the newly formed subsidiary. The entity was formed on July 27, 2017. In August of 2017, through UAHC Ventures, the Company began providing capital to publicly traded entities through private debt investments.

On September 21, 2017, the Company's board of directors voted to approve the formation of UAHC Cryptocurrency Mining, LLC, as a Nevada limited liability company, ("UAHC Crypto Mining") and wholly owned subsidiary of the Company, with the purpose of establishing cryptocurrency mining operations within the newly formed subsidiary. The entity was formed on September 21, 2017. UAHC Crypto Mining owns two Bitcoin S9 (14<sup>th</sup>/s) Antminers and one Litecoin L3+ (504MH/s) Antminer. UAHC Crypto Mining is currently in developmental stages of implementing its mining operations and therefore it has generated minimal cash inflows related to its mining activities to date.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**a. Basis of Presentation.** The accompanying unaudited consolidated financial statements of the Company have been prepared in conformity with U.S. generally accepted accounting principles ("GAAP") with modification as it applies to interim financial information. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements.

In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation of the financial position, results of operations and cash flows have been included. The results of operations

for the six months ended June 30, 2018 are not necessarily indicative of the results of operations expected for the full fiscal year ended December 31, 2018 ("Fiscal 2018") or for any other period. The accompanying interim unaudited consolidated financial statements and related notes should be read in conjunction with our unaudited consolidated financial statements and related notes contained in our most recent annual report published through the OTC Markets Disclosure & New Service on March 23, 2018.

b. Principles of Consolidation. The accompanying unaudited consolidated financial statements include the accounts of United American Healthcare Corporation and its wholly owned subsidiaries Pulse Systems, UAHC Ventures, UAHC Crypto Mining, United American of Tennessee, Inc. ("UA-TN") and UA-TN's wholly owned subsidiary, UAHC-TN. All significant intercompany transactions and balances have been eliminated in consolidation.

For all periods presented, amounts included in the Company's consolidated financial statements for UA-TN and UAHC-TN are classified as discontinued operations based on the fact that the Company has performed substantially all of its contractual obligations.

- c. Use of Estimates. The accompanying consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates as more information becomes available and any such difference could be significant.
- **g.** Goodwill. Goodwill resulting from business acquisitions is carried at cost. The carrying amount of goodwill is tested for impairment at least annually at the reporting unit level, as defined, and will only be reduced if it is found to be impaired or is associated with assets sold or otherwise disposed of. There were no goodwill impairment charges recorded during the six months ended June 30, 2018 and the year ended December 31, 2017.

The roll forward of goodwill is as follows (in thousands):

	Mar	nufacturing ces (Pulse)(1)
December 31, 2017 balance	\$	5,000
Changes		
Impairment		_
June 30, 2018 balance	\$	5,000

1) Pulse Systems: Provider of Contract Manufacturing Services to the medical device industry.

Cantract

h. Inventories. Inventories are valued at the lower of cost, on a first-in, first- out method, or market. Work in process and finished goods include materials, labor and allocated overhead. Inventories consist of the following as of June 30, 2018 and December 31, 2017, (in thousands):

	June 30, 2018	ember 31, 2017
Raw materials	\$ 312	\$ 319
Work in process	230	218
Finished goods	48	29
<b>Total Inventories</b>	\$ 590	\$ 566

i. Other Intangibles. Intangible assets are amortized over their estimated useful lives using the straight-line method. The following is a summary of intangible assets subject to amortization as of June 30, 2018 and December 31, 2017, including the retroactive adjustments for final valuation of such intangible assets (in thousands):

	<b>June 30, 2018</b>	<b>December 31, 2017</b>
Customer list	\$ 2,927	\$ 2,927
Less: accumulated amortization	(2,927)	(2,927)
Intangible assets, net	\$ <del></del>	_

- J. Investment Transactions and Related Investment and Interest Income. Convertible debt investments are classified as available-for-sale debt securities and reported at fair value and are subject to quarterly impairment testing. Unrealized gains and losses (other than impairment losses) are reported, net of the related tax effect, in other comprehensive income. In instances where debt is converted into equity, the portion of the debt converted into common stock is reclassified as a trading security and both unrealized holding gains and any realized gains and losses recognized on the sale of the common stock are reported in net income. Interest income, including amortization of any debt discount, is calculated using the effective interest rate method and included in net income. Discounts to the face value amount of debt securities that are not expected to be realized are not accreted.
- **k. Revenue Recognition.** Contract manufacturing service revenue is recognized when title to the product transfers, no remaining performance obligations exist, the terms of the sale are fixed and collection is probable, which generally occurs at shipment.
- **Income Taxes.** Deferred income tax assets and liabilities are recognized for the expected future tax consequences attributable to differences between the financial

statement carrying amount of existing assets and liabilities and their respective tax bases. Deferred income tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which these temporary differences are expected to be recovered or settled. Valuation allowances are established when necessary to reduce the deferred tax assets and liabilities to the amount expected to be realized. The deferred income tax provision or benefit generally reflects the net change in deferred income tax assets and liabilities during the year. The current income tax provision reflects the tax consequences of revenues and expenses currently taxable or deductible for the period.

- **o. Derivatives.** The Company records derivative instruments at fair value. Gains and losses from derivative instruments are reported in net income as net realized gain (loss) from derivatives or the change in unrealized gains and losses on derivatives.
- **p. Fair Value Definition and Hierarchy.** Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

In determining fair value, the Company uses valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. The valuation techniques used by the Company are consistent with the market or income approaches. The Company determines fair value based on assumptions that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are categorized in one of the following levels:

- Level 1 Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access.
- Level 2 Valuations based on inputs, other than quoted prices included in Level 1, that are observable either directly or indirectly.
- Level 3 Valuations based on inputs that are unobservable and significant to the overall fair value measurements.

Fair value is a market-based measure, based on assumptions of prices and inputs considered from the perspective of a market participant that are current as of the measurement date, rather than an entity specific measure. Therefore, even when observable inputs are not readily available the Company's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date.

The availability of valuation techniques and observable inputs can vary from investment to investment and are affected by a wide variety of factors, including the type of investment, whether the investment is new and not yet established in the market place, the liquidity of markets, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgement. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the investments existed. Accordingly, the degree of judgement exercised by the Company in determining fair value is greatest for investments categorized in Level 3.

#### Available-for-Sale Securities - Convertible Debt

The fair value of convertible debt securities takes in consideration the likeliness and ability of the issuer of the debt security to repay all or portions of the debt in cash versus the likeliness of the debt instrument to be repaid, all or in part, through conversion of the debt into unregistered shares of the issuer's common stock that may be sold on an exchange. Further, unregistered shares of common stock received pursuant to a debt conversion are subject to certain statutory requirements that can restrict the timing and pace of stock sales. The valuation model for convertible debt considers the type and duration of any existing regulatory restrictions, to the extent the restriction is specific to the underlying common stock of a debt security deemed likely to be repaid through conversion of debt into unregistered shares of common stock. Additionally, the valuation model takes in account the contractual debt terms including but not limited to stock sale volume limitations, conversion price, redemption features as well as multiple inputs including time value, implied volatility, equity prices, and interest rates. In no event does the valuation exceed the listed price of the underlying common stock on the OTC market multiplied by the as-converted number of shares. Investments in convertible debt securities of public companies are generally categorized in Level 2 of the fair value hierarchy.

#### Trading Securities – Investments held as Unregistered Shares of Common Stock

The valuation model for unregistered shares of common stock considers the type and duration of any existing regulatory restrictions, any contractual agreements with the issuer that may limit the number of shares the Company may sell during certain time periods as well as multiple inputs including time value, stock liquidity, implied volatility, equity prices, and interest rates. In no event does the valuation exceed the listed price of the common stock on the OTC market multiplied by the number of shares. Investments in unregistered shares of common stock of public companies trading on the OTC market are generally categorized in Level 2 of the fair value hierarchy.

#### Warrants

The fair value of detachable warrants is determined using the Black-Scholes option pricing model, a valuation technique that follows the income approach. This pricing model takes into account the contract terms (including maturity and cashless exercise features) as well as multiple inputs including time value, implied volatility, equity prices, and interest rates. Warrants exercisable into stock that trades on the OTC market are classified in Level 2 of the fair value hierarchy.

#### **Put Options**

The Company has entered into certain contracts that give parties the option to put shares of the Company's common stock back to the Company at a specified price. If exercised, these options may require the Company to purchase shares of its common stock at a strike price that exceeds the listed price of the common stock on the OTC market. The fair value of the put obligation and the amount of the liability recorded in the balance sheet is determined using the Black-Scholes option pricing model, a valuation technique that follows the income approach. This pricing model takes into account the contract terms (including maturity) as well as multiple inputs including time value, implied volatility, equity prices, and interest rates. The put options are classified in Level 2 of the fair value hierarchy.

#### **NOTE 3 – FAIR VALUE**

To prioritize the inputs the Company uses in measuring fair value, the Company applies a three-tier fair value hierarchy. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, reflects management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration was given to the risk inherent in the valuation technique and the risk inherent in the inputs to the model. Determining which hierarchical level an asset or liability falls within requires significant judgment. The Company evaluates its hierarchy disclosures on a quarterly basis.

The following tables summarize the financial instruments measured at fair value on a recurring basis in the Consolidated Balance Sheet as of June 30, 2018 and December 31, 2017 (in thousands):

June 30, 2018	Fair Value Measurements									
	Level 1 Level 2			Level 1		Level 2 Level 3		Level 3		Total

Put obligation on Common Stock	\$		\$	9,686	\$	_	\$	9,686

Unrealized gains related to Available for Sale Securities reported as 'Other Comprehensive Income' in the consolidated statement of comprehensive income is \$1.8 million and \$0 for the six months ending June 30, 2018 and 2017, respectively. As of June 30, 2018 and December 31, 2017, the Company reported 'Accumulated other comprehensive income' in its consolidated balance sheet of \$1.8 million and \$5.5 million, respectively. The decrease in 'Accumulated other comprehensive income' reported between these periods is primarily the result of the reclassification of certain Available for Sale Securities to Trading Securities subsequent to the receipt of unrestricted common stock from a full conversion of the MGTI Note (as defined in Note 5 below).

Unrealized gains related to Trading Securities reported in Net Income in the consolidated statement of comprehensive income was \$2.6 million and \$0 for the six months ending June 30, 2018 and year ended December 31, 2017, respectively.

Realized gains from the sale of Trading Securities reported in Net Income in the consolidated statement of comprehensive income was \$3.1 million and \$0 for the six months ending June 30, 2018 and 2017, respectively.

The Company recorded an unrealized loss of \$5.5 million for the six months ending June 30, 2018 related to Warrants held for Investment reported in Net Income in the consolidated statement of comprehensive income. An unrealized gain of \$7.0 million related to these assets was reported in the previous fiscal year ending December 31, 2017.

#### **NOTE 4 – DERIVATIVES**

In connection with the Company's purchase of convertible debt securities, as additional inducement to enter such transactions, the Company may receive detachable warrants to purchase shares of an issuer's common stock. The warrants provide the Company with exposure and potential gains upon equity appreciation of the issuer's share price. The aggregate transaction purchase price is allocated between the related debt instrument and the detachable warrant based upon their free-standing relative fair values on the issuance date. The fair value of warrants classified as derivatives are included as a separate line item in the balance sheet with

changes in fair value reflected as realized gains (losses) or change in unrealized gains (losses) on derivatives within the statement of comprehensive income.

Investments in derivative contracts are subject to additional risks that can result in a loss of all or part of the amount of the instrument's purchase price. The primary underlying risk related to a warrant is the equity price. Additionally, the Company is exposed to counterparty risk due to the inability of its counterparties to meet the terms of their contracts.

The value of a warrant has two components: time value and intrinsic value. A warrant has a limited life and expires on a certain date. As time to the expiration date of a warrant approaches, the time value of a warrant will decline. In addition, if the stock underlying the warrant declines in price, the intrinsic value of an "in the money" warrant will decline. Further, if the price of the stock underlying the warrant does not exceed the strike price of the warrant on the expiration date, the warrant will expire worthless. As a result, there is the potential for the Company to lose its entire investment in a warrant.

The Company is exposed to counterparty risk from the potential failure of an issuer of a warrant to settle its exercised warrants. The maximum risk of loss from counterparty risk to the Company is the fair value of the contract. The Company considers the effects of counterparty risk when determining the fair value of its investments in warrants.

The Company considers the notional amounts at June 30, 2018, categorized by primary underlying risk, to be representative of the volume of its derivative activities during the six months ended June 30, 2018, as follows (in thousands of dollars):

	Long E	xposure	Short E	xposure
	Notional	Number	Notional	Number
Primary Underlying Risk	Amounts	of Contracts	Amounts	of Contracts
<b>Equity price</b> Warrants <sup>(a)</sup>	\$ 2,146	2		
	\$ 2,146	2		_
	\$ 2,146	2		

<sup>(</sup>a) Notional amounts for warrants are based on the number of contracts times the fair value of the underlying instruments as-if exercised at June 30, 2018.

The following table identifies the fair value amounts of derivative contracts included in the balance sheet, categorized by primary underlying risk, at June 30, 2018. The table also identifies the realized and unrealized gain and loss amounts included in the statement of operations as "Change in value of derivatives – warrants" categorized by primary underlying risk, for the six months ended June 30, 2018 (in thousands):

Primary Underlying Risk	Derivative assets		Derivative liabilities	Realized gain (loss)	Unrealized gain (loss)
<b>Equity price</b>	•				
Warrants	\$	1,861		\$614	(\$ 5,554)
Total Equity Price Risk	\$	1,861		\$614	(\$ 5,554)
Gross derivative assets and liabilities	\$	1,861		\$614	(\$ 5,554)
Less: Effect of netting arrangements Less: Cash collateral applied					
Net derivative assets and liabilities	\$	1,861			

The Company exercised a portion of its MGTI Warrant (as defined in Note 5 below) in the three months ending June 30, 2018. A portion of the shares of common stock received from the warrant exercise were sold resulting in a realized gain from trading securities of \$614K for the six months ending June 30, 2018.

# NOTE 5 – INVESTMENTS – DEBT & EQUITY SECURITIES

On July 27, 2017, the Company formed UAHC Ventures LLC, as a Nevada limited liability company, ("UAHC Ventures") and wholly owned subsidiary of the Company, with the purpose of pursuing investment opportunities within the newly formed subsidiary. As of March 31, 2018, the Company, through UAHC Ventures, has invested, in aggregate, \$2.6 million cash to purchase certain convertible debt and warrant securities.

Convertible debt securities are debt instruments that either require or permit the investor to convert the instrument into equity shares of the issuer. The Company records its convertible debt investments as debt securities under ASC 320. At the inception of the investment the Company evaluates any embedded conversion option under ASC 815 to determine if it should be accounted for separately from the host debt as a derivative. As of March 31, 2018, all convertible debt securities owned by UAHC Ventures are classified as "available-for-sale" and recorded at fair value in accordance with ASC 820 inclusive of their conversion options. Unrealized gains and losses (other than impairment losses) on securities designated as available-for-sale, if any, are reported, net of the related tax effect, in other comprehensive income. Upon conversion of debt into shares of common stock, the amount of debt converted is reclassified to "Trading" and both unrealized holding gains and losses and realized gains and losses from the sale of the common stock are reported in net income. Interest income from the aforementioned debt securities, including the amortization of any original issue discount and loan origination costs, is computed using the effective interest method and are reported in period net income.

In connection with UAHC Ventures' purchase of convertible debt securities, as additional inducement to enter such transactions, UAHC Ventures may receive detachable warrants to purchase shares of an issuer's common stock. The aggregate transaction purchase price is allocated between the debt instrument and detachable warrant based upon their free-standing relative fair values on the issuance date. As of June 30, 2018, all warrant securities are classified

as "derivatives" and recorded at fair value in accordance with ASC 815 and ASC 820. See Note 4 – "Derivatives" for additional discussion of warrants.

Subsequent to the conversion of debt securities or exercise of warrants into shares of common stock, if applicable, the resulting equity shares are measured at fair value in accordance with ASC 321.

#### MGT Capital Investments, Inc. Convertible Note Receivable and Warrant

On August 21, 2017, the Company, through its subsidiary, UAHC Ventures, executed a Securities Purchase Agreement by and between UAHC Ventures and MGT Capital Investments, Inc., a Delaware corporation ("MGT Capital"), whereby UAHC Ventures invested \$2,000,000.00 ("Purchase Price") to purchase (i) a Secured Convertible Promissory Note in the original principal amount of \$2,410,000.00 ("Original Principal Amount") effective and dated August 18, 2017 (the "MGTI Note"), and (ii) a Warrant (the "MGTI Warrant") to purchase shares of MGT Capital's Common Stock, par value \$0.001 per share (the "MGTI Common Stock"). The Original Principal Amount of the MGTI Note includes the Purchase Price plus a \$400,000.00 original issue discount ("MGTI OID") and \$10,000.00 of loan origination fees ("Origination Fees"). The MGTI Note is secured by certain assets of MGT Capital's subsidiary, MGT Mining Two, Inc., a Delaware corporation. The MGTI Common Stock trades on OTC's Pink Open Market under the ticker symbol "MGTI."

In accordance with the terms of the MGTI Note issued to UAHC Ventures, beginning on November 21, 2017, UAHC Ventures has the right to redeem certain portions of the MGTI Note. Payment of redemption amounts due may be made by MGT Capital to UAHC Ventures (i) in cash, or (ii) by converting the redemption amount into shares of MGTI Common Stock. The MGTI Note was to mature on August 21, 2019. Interest accrued on the outstanding balance of the MGTI Note at the rate of 10% per annum. The effective interest rate was higher than the contractual interest rate of 10% per annum because the effective interest rate was the rate of return implicit in the financial asset, that is, the contractual interest rate adjusted for the deferred fees and discount existing at the origination of the MGTI Note. Interest income related to the MGTI OID and Origination Fees was initially recognized over the expected life of the investment at the effective interest rate. The MGTI Note as repaid on March 29, 2018 and all unamortized discounts and fees as of that date were recognized in Net Income on repayment.

The MGTI Warrant issued to UAHC Ventures, has an effective issue date of August 18, 2017 and grants UAHC Ventures the right, as of that Issue date, to purchase 861,905 shares of MGTI Common Stock ("Warrant Shares"), as such Warrant Share number may be adjusted from time to time pursuant to the terms of the MGTI Warrant.

#### MGTI Settlement

On December 7, 2017, the Company, through its wholly owned subsidiary, UAHC Ventures, executed a Settlement Agreement (the "Settlement Agreement") by and between UAHC Ventures and MGT Capital to resolve certain disputes that arose between UAHC Ventures and MGT Capital related to the MGTI Note and MGTI Warrant.

Pursuant to the terms of the Settlement Agreement, MGT Capital and UAHC Ventures agreed that UAHC Ventures' conversion price and exercise price under the MGTI Note and the MGTI Warrant, respectively, were each equal to \$0.75 per share of MGTI Common Stock. Further, MGT Capital and UAHC Ventures agreed to an outstanding balance for the MGTI Note as of December 29, 2017 of \$2,536,361.98 and to a conversion of the entire outstanding balance into 3,381,816 shares of MGTI Common Stock (the "Conversion Shares") to be delivered at such time that any delivery of such Conversion Shares does not cause UAHC Ventures to own more than 4.99% of the issued and outstanding shares of MGTI Common Stock (the "Ownership Limitation").

The Conversion Shares were delivered to UAHC Ventures in two tranches. The first tranche of 3,111,052 shares of MGTI Common Stock was delivered on February 26, 2018. The second tranche of 270,764 shares of MGTI Common Stock was delivered on March 29, 2018. The aggregate number of shares delivered in these two tranches extinguished the full outstanding balance of the MGTI Note. UAHC Ventures sold an aggregate of 3,381,816 of the Conversion Shares in the open market in the first and second quarters of fiscal year 2018 resulting in a realized gain of \$2.5 million for the six months ending June 30, 2018.

Pursuant to the terms of the Settlement Agreement, MGT Capital and UAHC Ventures also agreed to cap the number of shares of MGTI Common Stock deliverable under the MGTI Warrant at 3,620,001 shares (the "Warrant Shares"). UAHC Ventures delivered a notice of exercise to MGT Capital on December 21, 2017 exercising its right to future delivery(ies) of the Warrant Shares at a time that UAHC Ventures reserves the right to designate and that are subject to the following conditions: 1) the Warrant Shares could not be delivered prior to February 21, 2018, and 2) future delivery(ies) of the Warrant Shares in all or part shall only be made to the extent that any delivery of Warrant Shares would not cause UAHC Ventures to exceed the aforementioned Ownership Limitation.

As of June 30, 2018, UAHC Ventures has submitted two (2) warrant exercises to MGT Capital. The first exercise occurred on April 13, 2018 for 1,000,000 shares of MGTI Common Stock. The second exercise was submitted on May 1, 2018 for 950,000 shares of MGTI Common Stock. In Q2 of fiscal year 2018, UAHC Ventures sold an aggregate of 817,814 shares of Warrant Shares in the open market resulting in a realized gain of \$614K for the six months ending June 30, 2018. Additionally, as of June 30, 2018, UAHC Ventures has the right to receive an additional 1,670,001 Warrant Shares, which are reported at their fair market value (Level 2) as 'Warrants' in the Company's balance sheet.

Further, as part of the Settlement Agreement, UAHC Ventures agreed to certain daily and weekly volume limitations with respect to the sale of any Conversion Shares or Warrant Shares it receives. The Settlement Agreement also outlines certain cash fees that would be owed to MGT Capital if UAHC Ventures were to violate any of the volume limitations set forth in the Settlement Agreement. UAHC Ventures is in compliance with these provisions as of June 30, 2018.

#### SinglePoint, Inc. Convertible Note Receivable and Warrant

On October 10, 2017, the Company, through its wholly owned subsidiary, UAHC Ventures, executed a Securities Purchase Agreement ("SING SPA") by and between UAHC Ventures and SinglePoint, Inc., a Nevada corporation ("SinglePoint"), whereby UAHC Ventures invested \$600,000.00 to purchase (i) a Secured Convertible Promissory Note in the original principal amount of \$670,000.00 effective and dated October 6, 2017 (the "SING Note"), and (ii) a Warrant (the "SING Warrant") to purchase shares of SinglePoint's common stock, par value \$0.0001 per share that trades on OTC's Pink Open Market under the ticker symbol "SING" (the "SING Common Stock").

In accordance with the terms of the SING Note issued to UAHC Ventures, beginning on October 6, 2018, UAHC Ventures has the right to redeem certain portions of the SING Note. Payment of redemption amounts due may be made by SinglePoint to UAHC Ventures (i) in cash, or (ii) by converting the redemption amount into shares of SING Common Stock. The SING Note matures October 6, 2019. Interest accrues on the outstanding balance of the SING Note at the rate of 10% per annum. The effective interest rate of the SING Note is 35.29% per annum. The effective interest rate is higher than the contractual interest rate of 10% per annum because the effective interest rate is the rate of return implicit in the financial asset, that is, the contractual interest rate adjusted for the deferred fees and discount existing at the origination of the SING Note. Interest income for any related original issue discount or origination fees is recognized over the expected life of the investment at the effective interest rate.

The SING Note is secured by all assets of SinglePoint whether owned as of the execution date of the SING SPA or acquired by SinglePoint at any time while obligations under the terms of the SING SPA and related transaction documents remain outstanding.

The SING Warrant issued to UAHC Ventures, has an effective issue date of October 6, 2017 and grants UAHC Ventures the right, as of that date, to purchase 5,000,000 shares of SinglePoint's Common Stock ("Warrant Shares"), as such Warrant Share number may be adjusted from time to time pursuant to the terms of the SING Warrant. The SING Warrant expires on October 6, 2022.

UAHC's interest income from available-for-sale debt securities included in income was \$953K and \$0 for the six months ended June 30, 2018 and 2017, respectively.

Unrealized gains related to Available for Sale Securities reported as 'Other Comprehensive Income' in the consolidated statement of comprehensive income is \$1.8 million and \$0 for the six months ending June 30, 2018 and 2017, respectively. As of June 30, 2018 and December 31, 2017, the Company reported 'Accumulated other comprehensive income' in its consolidated balance sheet of \$1.8 million and \$5.5 million, respectively. The decrease in 'Accumulated other comprehensive income' reported between these periods is primarily the result of the reclassification of certain Available for Sale Securities to Trading Securities subsequent to the receipt of unrestricted common stock from a full conversion of the MGTI Note (as discussed above).

Unrealized gains related to Trading Securities reported in Net Income in the consolidated statement of comprehensive income was \$2.6 million and \$0 for the six months ending June 30, 2018 and year ended December 31, 2017, respectively.

Realized gains from the sale of Trading Securities reported in Net Income in the consolidated statement of comprehensive income was \$3.1 million and \$0 for the six months ending June 30, 2018 and 2017, respectively.

The Company recorded an unrealized loss of \$5.6 million for the six months ending June 30, 2018 related to Warrants held for Investment reported in Net Income in the consolidated statement of comprehensive income. An unrealized gain of \$7.0 million related to these assets was reported in the previous fiscal year ending December 31, 2017.

#### **NOTE 6 – ACQUISITION**

On June 18, 2010, the Company entered into the Securities Purchase Agreement and Warrant Purchase Agreement dated that date with certain members of Pulse Systems, LLC to acquire 100% of the outstanding common units and warrants to purchase common units of Pulse. The consideration paid to acquire the common units and warrants of Pulse totaled approximately \$9.46 million, which consisted of (a) cash paid at closing of \$3.40 million, (b) a non-interest bearing note payable of \$1.75 million (secured by a subordinated pledge of all the common units of Pulse), (c) 1,608,039 shares of UAHC Common Stock determined based on an initial value of \$1.6 million, (d) an estimated purchase price adjustment of \$210,364 based on targeted levels of net working capital, cash and debt of Pulse at the acquisition date, and (e) the funding of \$2.5 million for certain obligations of Pulse as discussed below. The shares of UAHC Common Stock were issued on July 12, 2010, upon approval by the Company's board of directors on July 7, 2010 and, therefore, were revalued at June 30, 2010. The shares of UAHC Common Stock had a fair value of \$1.05 million as of June 30, 2010, which has been recorded as accrued purchase price at that date, and a fair value of \$884,000 on July 12, 2010, the date the shares were issued The Company also assumed Pulse's term loan indebtedness to a bank of \$4.25 million, after making a payment at closing as discussed below.

In connection with the acquisition of the Pulse common units, Pulse entered into a redemption agreement with the holders of its preferred units to redeem the preferred units for \$3.99 million. Under the redemption agreement, Pulse was allowed to redeem the preferred units only if UAHC would make additional cash equity contributions to Pulse in an amount necessary to fully fund each such redemption. UAHC funded an initial payment of \$1.75 million to the preferred unitholders on June 18, 2010. Pulse agreed to redeem the remaining preferred units over a two-year period that was scheduled to end in June of 2012. Finally, as an additional condition of closing, UAHC funded a \$750,000 payment reducing Pulse's outstanding term loan indebtedness to a bank and pledged all of the common units of Pulse to the bank as additional security for the remaining \$4.25 million outstanding balance. The initial payment of \$1.75 million to the preferred unit holders and the \$750,000 payment to the bank by UAHC are considered additional consideration paid by UAHC for its acquisition of Pulse. The funding of the remaining redemption payments totaling \$2.24 million and the assumption of Pulse's

revolving and term loans are not included in the \$9.46 million purchase price listed above. During the three months ended September 30, 2010, the Company finalized its valuation of all assets acquired, primarily related to long-lived tangible and intangible assets and restated the balance sheet at June 30, 2010 to reflect the final purchase price allocation.

See Note 9 – "Redeemable Preferred Member Units" for additional discussion of the preferred redemption payments.

### NOTE 7 – DISCONTINUED OPERATIONS

On April 22, 2008, the Company learned that UAHC-TN would no longer be authorized to provide managed care services as a TennCare contractor when its TennCare contract expired on June 30, 2009. UAHC-TN's TennCare members transferred to other managed care organizations on November 1, 2008, after which UAHC-TN continued to perform its remaining contractual obligations through its TennCare contract expiration date of June 30, 2009.

From January 2007 to December 2009, UAHC-TN served as a Medicare contractor with CMS. The contract authorized UAHC-TN to offer an SNP to its eligible members in Shelby County, Tennessee (including the City of Memphis), and to operate a Voluntary Medicare Prescription Drug Plan. The Company did not seek renewal of the Medicare contract, which expired December 31, 2009. The Company completed the wind down of the Medicare business during the three months ended December 31, 2010.

During fiscal year 2011, the Company recognized a liability for certain costs associated with an exit or disposal activity and measured the liability initially at its fair value in the period in which the liability was incurred. The costs recognized included employee termination benefits, lease termination and costs to relocate the Company's facility. As of June 30, 2011, all amounts were paid.

In connection with the discontinuance of the TennCare and CMS contracts, the Company reduced its workforce, subleased its leased Tennessee facility to a third party effective April 2009 and ending December 31, 2010, and relocated the Tennessee office. The discontinuance of the TennCare and CMS contracts has had a material adverse impact on the Company's operations and financial statements.

In May of 2014, the Company received approximately \$246K from TennCare as a settlement in the matter of United American Healthcare Corp. v. State of Tennessee which related to amounts the Company deposited in escrow with TennCare on August 5, 2005 as security for possible money damages that may have been owed to the Bureau of TennCare. Pursuant to the terms of the settlement, the State of Tennessee returned one-half of the monies held in escrow in consideration for UAHC and the State of Tennessee agreeing to dismiss the lawsuit with prejudice.

#### **Ultramedix Distribution**

As more fully explained following this paragraph, during 2016 UAHC received two distributions in an aggregate amount of \$918,439.46, which had been held in receivership by the Florida Department of Financial Services ("FDFS") since 1998. UAHC received a first distribution of \$895,694.11 in July 2016. On November 15, 2016, UAHC received an additional distribution in the amount of \$22,745.35. The distributions constituted UAHC's share of excess funds from the estate of Ultramedix Healthcare Systems, Inc. ("UHS"), as a result of UAHC's 80% ownership of the now-dissolved United American of Florida, Inc. ("UAF"), which in turn owned 51.4% of UHS.

In 1998, the Circuit Court of the Second Judicial Circuit in Leon County, Florida (the "Florida Court") appointed FDFS as receiver for UHS and UAF. In September 2012, Joel S. Mutnick and Fiske and Company (the "Authorized Agents"), acting on behalf of all UHS and UAF shareholders, filed a "class 10" shareholder claim with FDFS and the Florida Court. They took this action in response to a change in Florida's insurance receivership laws that otherwise could have resulted in forfeiture of remaining assets held in the UHS and UAF receivership estates. On June 7, 2016, the Florida Court ruled in favor of UHS, UAF, and the Authorized Agents, and ordered a distribution of certain funds held in receivership to the Authorized Agents. The aforementioned distributions received by UAHC were the result of this order.

UAHC does not expect to receive any additional funds related to this matter or its ownership interest in UAF.

For all periods presented in the consolidated statements of comprehensive income, the Company's managed care business is classified as discontinued operation due to the fact that the Company has performed substantially all of its contractual obligations. There were no classes of assets nor liabilities related to discontinued operations as of June 30, 2018 and December 31, 2017. UAHC's income from discontinued operations was \$300 and \$361 for the six months ended June 30, 2018 and 2017, respectively.

### **NOTE 8 – NOTES PAYABLE**

The Company's long-term borrowings consist of the following at June 30, 2018 and December 31, 2017 (in thousands):

	June 30, 2018		December 31, 2017
Notes payable to third party	\$ 	\$	45
Notes payable to related party	1,181		1,166
Total debt	1,181	<del>-</del> "	1,211
Less: current portion	(1,181)	_	(1,211)
Total long-term debt	\$ 	\$	

#### **Convertible Promissory Notes**

On September 28, 2011, the Company issued a promissory note dated that date (the "First Promissory Note") to St. George, a related party, in exchange for a loan in the amount of \$400,000 made by St. George to the Company. The Company used the proceeds of the loan for working capital purposes. Interest on the First Promissory Note accrues at an annual rate of 10% and increases to a rate of 18% per annum upon an event of default (as defined in the First Promissory Note). Principal and interest payments were due at the original maturity date of December 31, 2014, or upon any earlier sale by the Company of substantially all of its assets. The maturity date was extended to June 30, 2019 as part of the St. George Forbearance Agreement (defined below). The First Promissory Note became convertible into newly issued shares of the Company's Common Stock as the result of events of default that occurred prior to August 17, 2017, which is the execution date of the St. George Forbearance Agreement (the "St. George Forbearance Date"). These default conversion rights give St. George the option to convert all or part of the principal amount and the unpaid accrued interest at the current conversion price of \$0.004323 per share of Common Stock. St. George did not forbear on its default conversion rights as part of the St. George Forbearance Agreement; however, the First Promissory Note is no longer in default as of the St. George Forbearance Date.

On December 9, 2011, the Company issued a promissory note dated that date (the "Second Promissory Note") to St. George, a related party, in exchange for a loan in the amount of \$300,000 made by St. George to the Company. The Company used the proceeds of the loan for working capital purposes. Interest on the Second Promissory Note accrues at an annual rate of 10% and increases to a rate of 18% per annum upon an event of default (as defined in the Second Promissory Note). No payments of principal or interest on the Second Promissory Note were due until it matured, on the earlier of (a) December 31, 2014, or (b) the date of (i) the sale of all or substantially all of the assets of the Company or Pulse Systems, (ii) the merger of the Company or Pulse Systems, or (iii) the sale of all or substantially all of the equity of the Company or Pulse Systems. The maturity date was extended to June 30, 2019 as part of the St. George Forbearance Agreement (defined below). The Second Promissory Note became convertible into newly issued shares of the Company's Common Stock as the result of events of default that occurred prior to the St. George Forbearance Date. These default conversion rights give St. George the option to convert all or part of the principal amount and the unpaid accrued interest at the current conversion price of \$0.004323 per share of Common Stock. St. George did not forbear on its default conversion rights as part of the St. George Forbearance Agreement; however, the Second Promissory Note is no longer in default as of the St. George Forbearance Date.

On February 9, 2012, the Company issued a promissory note dated that date (the "Third Promissory Note") to St. George, a related party, in exchange for a loan in the amount of \$350,000 made by St. George to the Company. The Company used the proceeds of the loan for working capital purposes. Interest on the Third Promissory Note accrues at an annual rate of 10% and increases to a rate of 18% per annum upon an event of default (as defined in the Third Promissory Note). No payments of principal or interest on the Third Promissory Note were due until it matured, on the earlier of (a) December 31, 2014, or (b) the date of (i) the sale of all or substantially all of the assets of the Company or Pulse Systems, (ii) the merger of the Company

or Pulse Systems, or (iii) the sale of all or substantially all of the equity of the Company or Pulse Systems. The maturity date was extended to June 30, 2019 as part of the St. George Forbearance Agreement (defined below). The Third Promissory Note became convertible into newly issued shares of the Company's Common Stock as the result of events of default that occurred prior to the St. George Forbearance Date. These default conversion rights give St. George the option to convert all or part of the principal amount and the unpaid accrued interest at the current conversion price of \$0.004323 per share of Common Stock. St. George did not forbear on its default conversion rights as part of the St. George Forbearance Agreement; however, the Third Promissory Note is no longer in default as of the St. George Forbearance Date.

On May 16, 2012, the Company issued a promissory note dated that date (the "Fourth Promissory Note") to St. George, a related party, in exchange for a loan in the amount of \$75,000 made by St. George to the Company. The Company used the proceeds of the loan for working capital purposes. Interest on the Fourth Promissory Note accrues at an annual rate of 10% and increases to a rate of 18% per annum upon an event of default (as defined in the Fourth Promissory Note). No payments of principal or interest on the Fourth Promissory Note were due until it matured, on the earlier of (a) December 31, 2014, or (b) the date of (i) the sale of all or substantially all of the assets of the Company or Pulse Systems, (ii) the merger of the Company or Pulse Systems, or (iii) the sale of all or substantially all of the equity of the Company or Pulse Systems. The Fourth Promissory Note became convertible into newly issued shares of the Company's Common Stock as the result of events of default that occurred prior to the St. George Forbearance Date. These default conversion rights give St. George the option to convert all or part of the principal amount and the unpaid accrued interest at the current conversion price of \$0.004323 per share of Common Stock. St. George did not forbear on its default conversion rights as part of the St. George Forbearance Agreement; however, the Fourth Promissory Note is no longer in default as of the St. George Forbearance Date.

On August 14, 2012, in connection with the execution of both the St. George Pledge Agreement (defined below) and the Pulse Security Agreement (defined below), the First, Second, Third and Fourth Promissory Notes were amended to reflect that the indebtedness under each of those originally unsecured promissory notes were now secured on par with the Fifth Promissory Note by (a) all assets of the Company, and (b) all of the Company's ownership interest in its subsidiary, Pulse.

The Company entered into the Note Purchase Agreement dated August 14, 2012 between the Company and St. George ("St. George Note Purchase Agreement") whereby the Company issued a secured promissory note dated that date (the "Fifth Promissory Note") to St. George, a related party, in exchange for a loan in the amount of \$370,000 made by St. George to the Company. The Company contributed the proceeds from the loan to Pulse, which then used the contributed capital to reduce the outstanding principal balance and to complete a restructuring under an amended loan agreement between Pulse and Fifth Third Bank. Interest on the Fifth Promissory Note accrued at an annual rate of 10% and increased to a rate of 18% per annum upon an event of default (as defined in the Fifth Promissory Note).

On August 14, 2012, the Company entered into the Pledge and Security Agreement dated that date between the Company and St. George ("St. George Pledge Agreement") and the

Security Agreement dated August 14, 2012 between the Company and St. George securing the Fifth Promissory Note by (a) all assets of the Company, and (b) all the Company's ownership interest in its subsidiary, Pulse.

Also on August 14, 2012, Pulse entered into the Security Agreement with St. George dated that date ("Pulse Security Agreement"), under which the Fifth Promissory and the First, Second, Third and Fourth Promissory Notes were secured by interests in all assets of Pulse. Pulse also guarantied payment of the First, Second, Third, Fourth, and Fifth Promissory Notes by executing the Guaranty dated August 14, 2012 (the "Pulse Guaranty") in favor of St. George.

On June 25, 2013, the Company issued 5,600,000 shares of unregistered restricted Common Stock to St. George, at a price of \$0.004323 per share, representing a payment to St. George, in lieu of cash, of \$24,208.80 of the outstanding balance of the Fifth Promissory Note.

On October 24, 2014, the Company issued 12,750,000 shares of unregistered restricted Common Stock to St. George, at a price of \$0.004323 per share, representing a payment to St. George, in lieu of cash, of \$55,118.25of the outstanding balance of the Fifth Promissory Note.

On July 23, 2015, St. George elected to convert \$138,336.00 of the outstanding balance of the Fifth Promissory Note, whereupon the Company issued to St. George 32,000,000 shares of unregistered restricted Common Stock at the conversion price of \$0.004323 per share.

On May 19, 2017, the Company issued 77,000,000 shares of unregistered restricted Common Stock to St. George, at a price of \$0.004323 per share, representing a payment to St. George, in lieu of cash, of \$332,871.00 of the outstanding balance of the Fifth Promissory Note ("May Debt Conversion"). Further, subsequent to the delivery of the Common Stock due under the May Debt Conversion, St. George agreed to forgive the remaining \$29,817.23 balance due under the Fifth Promissory Note. The May Debt Conversion shares were delivered on May 26, 2017 extinguishing the outstanding balance of the Fifth Promissory Note and certain security obligations related to the Fifth Promissory Note under the St. George Pledge Agreement, Pulse Security Agreement, and the Pulse Guaranty.

On October 10, 2012, the Company issued an unsecured promissory note dated that date (the "Sixth Promissory Note") to St. George, a related party, in exchange for a loan in the amount of \$50,000 made by St. George to the Company. On May 31, 2013, the Sixth Promissory Note was assigned to the Dove Foundation. Interest on the Sixth Promissory Note accrued at an annual rate of 10% and increased to a rate of 18% per annum upon an event of default (as defined in the Sixth Promissory Note). Only upon an event of default (as defined in the Sixth Promissory Note), the holder of the Sixth Promissory Note could elect to convert all or any part of the outstanding principal of, and the accrued but unpaid interest on, the Sixth Promissory Note into newly issued shares of Common Stock of the Company. The conversion price was \$0.004323 per share.

On June 25, 2013, the Company issued 875,000 shares of unregistered restricted Common Stock to Dove, at a price of \$0.004323 per share, representing a payment to Dove, in lieu of cash, of \$3,782.63 of the outstanding balance of the Sixth Promissory Note.

On October 24, 2014, the Company issued 2,000,000 shares of unregistered restricted Common Stock to Dove, at a price of \$0.004323 per share, representing a payment to Dove, in lieu of cash, of \$8,646.00 of the outstanding balance of the Sixth Promissory Note.

On July 23, 2015, Dove elected to convert \$21,615.00 of the outstanding balance of the Sixth Promissory Note, whereupon the Company issued to Dove 5,000,000 shares of unregistered restricted Common Stock at the conversion price of \$0.004323 per share.

On March 16, 2018, the Company made a payment of \$45,937.19 to Dove Foundation, which represented the outstanding balance of the Sixth Promissory Note as of the payment date. This final cash payment extinguished the Sixth Promissory Note and the Company has no further obligations due thereunder.

On October 10, 2013, the Company issued a promissory note (the "Seventh Promissory Note") in favor of St. George, a related party, in exchange for a loan in the amount of \$50,000 made by St. George to the Company. The Company used the proceeds of the loan for working capital purposes. Interest on the Seventh Promissory Note accrues at an annual rate of 10% increases to a rate of 18% per annum upon an event of default (as defined in the Seventh Promissory Note). No payments of principal or interest on the Seventh Promissory Note were due until it matured, on the earlier of (a) December 31, 2015, or (b) the date of (i) the sale of all or substantially all of the assets of the Company or Pulse Systems, (ii) the merger of the Company or Pulse System, or (iii) the sale of all or substantially all of the equity of the Company or Pulse Systems. The maturity date was extended to June 30, 2019 as part of the St. George Forbearance Agreement (defined below). The Seventh Promissory Note became convertible into newly issued shares of the Company's Common Stock as the result of events of default that occurred prior to the St. George Forbearance Date. These default conversion rights give St. George the option to convert all or part of the principal amount and the unpaid accrued interest at the current conversion price of \$0.004323 per share of Common Stock. St. George did not forbear on its default conversion rights as part of the St. George Forbearance Agreement; however, the Seventh Promissory Note is no longer in default as of the St. George Forbearance Date.

Pursuant to the terms of the First, Second, Third, Fourth, Fifth, and Sixth Promissory Notes, if the Company issued any security convertible into newly issued shares of its Common Stock with a conversion price lower than that in the aforementioned promissory notes issued by the Company to St. George, the conversion price for that promissory note or notes automatically reduced to the lower conversion price. Accordingly, as of October 10, 2013, the conversion price for the First, Second, Third, Fourth, Fifth and Sixth Promissory Notes was reduced to \$0.004323 per share of the Company's Common Stock. If St. George were to elect to convert the \$1,175,000 initial aggregate principal amount (excludes accrued interest and fees as of December 31, 2017) of all of its promissory notes that are outstanding as of March 31, 2018 and that contain an option for conversion, the Company would be obligated to issue to St. George 271,801,989 shares of Common Stock. If required, these share issuances would exceed the number of the Company's authorized shares of Common Stock that are available to be issued.

An issuance of all of the Company's remaining authorized but unissued shares of Common Stock to St. George would be highly dilutive to the other holders of the Company's Common Stock.

### St. George Forbearance Agreement

On August 17, 2017 the Company and St. George entered into a forbearance agreement dated that date ("St. George Forbearance Agreement"), whereby St. George, for due consideration, agreed to forbear from exercising certain of its rights related to events of default that have occurred under the First, Second, Third, Fourth, and Seventh Promissory Notes (collectively referred to herein as the "Default Notes").

Under the terms of the St. George Forbearance Agreement, St. George agreed to forbear from further exercising its rights related to Events of Default that occurred under the Default Notes prior to August 17, 2017 (the "Forbearance Date"), except related to its conversion rights and certain of its rights to accrue interest at the default rate of 18% per annum. Specifically, St. George preserved its right to convert all or parts of the outstanding balances due under each of the Default Notes into newly issued shares of Common Stock regardless of whether or not any additional future Event of Defaults occur under the Default Notes. Further, St. George preserved its right to earn interest at the default rate of 18% per annum from the date of the earliest Event of Default until the Forbearance Date. Subsequent to the Forbearance Date, unless additional Events of Default occur under the Default Notes, interest shall accrue at the rate of 10% per annum.

Additionally, St. George agreed to postpone the maturity dates of each of the Default Notes to June 30, 2019. St. George has also agreed to temporarily suspend the Company's obligation to maintain a reserve of authorized but unissued shares of Common Stock (as required by provisions contained in the Default Notes) until June 30, 2019.

In consideration for St. George's forbearance, postponement of maturity dates, and postponement of share reserve requirements, as detailed in the St. George Forbearance Agreement, the Company agreed to pay an extension fee calculated individually for each of the First, Second, Third, Fourth, and Seventh Promissory Notes as 1% per annum of the outstanding Principal Amount of the note as of August 17, 2017 for each year the maturity date of the respective note was extended. The aggregate extension fee charged in total for all the Default Notes was \$52,375.00 and was included in interest expense in fiscal year 2017.

#### **Other Non-Convertible Debt**

On August 17, 2017, the Company executed a loan agreement by and between the Company and St. George to borrow up to \$2,000,000.00 (the "First UAHC Ventures Loan Agreement") on terms set forth in a promissory note issued by the Company in favor of St. George on August 17, 2017 (the "Eighth Promissory Note"). The Company may request advances under the Eighth Promissory Note for up to an aggregate principal amount of \$2,000,000.00. Interest on the Eighth Promissory Note accrues at a rate of 8% per annum on the unpaid principal balance. The Eighth Promissory Note matures on August 18, 2022. Principal and interest repayments may be requested by St. George from time to time on or after the date that is six (6) months following the date the first advance under the Eighth Promissory Note is

made. The Eighth Promissory Note is not convertible into shares of the Company's Common Stock.

Proceeds from advances received by the Company under the terms of the First UAHC Ventures Loan Agreement and Eighth Promissory Note are to be used solely for funding contributions to the Company's wholly owned subsidiary, UAHC Ventures, to pursue investment opportunities as approved by the Company's board of directors.

St. George advanced the Company \$2,000,000.00 under the Eighth Promissory Note on August 18, 2017, the proceeds of which were contributed to UAHC Ventures to fund an investment. See Note 5 – "Investments" for additional discussion of the UAHC Ventures investment funding.

On March 22, 2018, the Company paid \$775,000.00 to St. George as a partial payment towards principal and accrued interest due under the Eighth Promissory Note. This payment reduced the principal amount of the Eighth Promissory Note by \$680,753.42 and reduced accrued interest by \$94,246.58.

On April 4, 2018, the Company paid \$350,000.00 to St. George as a partial payment towards principal and accrued interest due under the Eighth Promissory Note. This payment reduced the principal amount of the Eighth Promissory Note by \$345,951.91 and the additional \$4,048.09 was applied against accrued interest as of the payment date.

On May 16, 2018, the Company paid \$982,254.32 to St. George as final payment for principal and interest amounts due under the Eighth Promissory Note as of the payment date. The aggregate payment amount included \$973,294.67 for principal and \$8,959.65 for interest that had accrued through the payment date. This May 16, 2018 payment reduced the outstanding balance of the Eighth Promissory Note to zero and the Company has no further obligations due thereunder.

On October 2, 2017, the Company executed a loan agreement by and between the Company and St. George to borrow up to \$600,000.00 ("Second UAHC Ventures Loan Agreement") on terms set forth in a promissory note issued by the Company to St. George on October 2, 2017 (the "Ninth Promissory Note").

The principal amount of the Ninth Promissory Note may be designated up to \$600,000.00 and \$600,000.00 was funded on October 10, 2017, the proceeds of which were contributed to UAHC Ventures to fund an investment. See Note 5 – "Investments" for additional discussion of the UAHC Ventures investment funding.

Interest on the Ninth Promissory Note accrues at a rate of 8% per annum on the unpaid principal balance. The Ninth Promissory Note matures on October 10, 2022. Principal and interest repayments may be requested by St. George from time to time on or after the date that is six (6) months following the date the first advance under the Ninth Promissory Note was made. The Ninth Promissory Note is not convertible into shares of the Company's Common Stock.

On June 08, 2018, the Company paid \$632,745.21 to St. George as final payment for principal and interest amounts due under the Ninth Promissory Note as of the payment date. The aggregate payment amount included \$600,000.00 for principal and \$32,745.21 for interest that had accrued through the payment date. This June 08, 2018 payment reduced the outstanding balance of the Ninth Promissory Note to zero and the Company has no further obligations due thereunder.

Interest expense was \$129,617 and \$105,086 for the six months ended June 30, 2018 and 2017, respectively.

## NOTE 9 – REDEEMABLE PREFERRED MEMBER UNITS

In connection with the acquisition of Pulse Systems by UAHC, Pulse Systems entered into a Redemption Agreement, dated June 18, 2010 (the "Redemption Agreement"), with Pulse Systems Corporation ("Pulse Corp"), the holder of all of the outstanding preferred units in Pulse Systems. The aggregate redemption price was \$3.99 million for the preferred units, including the accrued but unpaid return on such units, which reflected a \$0.83 million reduction from the actual outstanding amount as of the date of the agreement. In addition, the 14% dividend rate on the preferred units was eliminated, subject to reinstatement if there was a default as explained in the next sentence. Failure to make any of the redemption payments would result in the increase of the redemption price for the preferred units by \$0.83 million and a 14% per annum cumulative (but not compounded) return on the aggregate amounts of the unredeemed preferred units plus the \$0.83 million ("Incremental Redemption Price") commencing on the date of default. Pulse Corp agreed to the redemption of its preferred units over a two-year period, commencing with a cash payment made at closing of \$1.75 million. On August 30, 2011, St. George Investments LLC purchased the preferred units held by Pulse Corp in Pulse Systems.

On January 1, 2012, Pulse Systems was in default under the Redemption Agreement. As a result, the \$0.83 million reduction from the amount outstanding at June 18, 2010 was reinstated. In addition, the 14% preferred return on the Adjusted Redemption Price began accruing from the default date of January 1, 2012. For the nine-months ending September 30, 2017, Pulse Systems accrued \$246,134 of 14% preferred return under the Redemption Agreement.

In fiscal year 2017, Pulse Systems made redemption payments to St. George in aggregate of \$350,000.00 as a reduction of the outstanding Incremental Redemption Price.

On January 4, 2018, Pulse Systems made a \$100,000.00 redemption payment to St. George as a reduction of the outstanding Incremental Redemption Price.

On February 9, 2018, Pulse Systems made a \$50,000.00 redemption payment to St. George as a reduction of the outstanding Incremental Redemption Price.

On March 9, 2018, Pulse Systems made a \$50,000.00 redemption payment to St. George as a reduction of the outstanding Incremental Redemption Price.

On April 6, 2018, Pulse Systems made a \$50,000.00 redemption payment to St. George as a reduction of the outstanding Incremental Redemption Price.

On June 8, 2018, Pulse Systems made a \$50,000.00 redemption payment to St. George as a reduction of the outstanding Incremental Redemption Price.

The redeemable preferred units and related preferred return were recorded as liabilities in the June 30, 2018 and December 31, 2017 consolidated balance sheets at the aggregate amounts of \$3.9 million and \$4.1 million, respectively.

See Note 19 – "Subsequent Events" for additional discussion of the preferred units.

## NOTE 10 - NET INCOME (LOSS) PER COMMON SHARE

Basic net income (loss) per share excluding dilution has been computed by dividing net income (loss) by the weighted average number of shares of Common Stock outstanding for the period. Diluted net income (loss) per share, if applicable, is computed using the treasury stock method for outstanding stock options and warrants.

### **NOTE 11 – COMPREHENSIVE INCOME (LOSS)**

The Company included other comprehensive income of \$1.8 million from the change in value of its available-for-sale debt securities in the consolidated statement of comprehensive income for the six months ended June 30, 2018. The Company had no items of comprehensive income or loss for the six months ended June 30, 2017 resulting in comprehensive income being the same amount as net income for that period.

As of June 30, 2018 and December 31, 2017, the Company reported 'Accumulated other comprehensive income' in its consolidated balance sheet of \$1.8 million and \$5.5 million, respectively. The decrease in 'Accumulated other comprehensive income' reported between these periods is primarily the result of the reclassification of certain Available for Sale Securities to Trading Securities subsequent to the receipt of unrestricted common stock from a full conversion of the MGTI Note (as discussed in Note 5 – Investments – Debt & Equity Securities).

#### **NOTE 12 – INCOME TAXES**

The Company recognizes the impact of a tax position if that position is more likely than not of being sustained on audit, based on the technical merits of the position. The Company recognized \$1.4 million in tax benefits in the six months ending June 30, 2018. As of December 31, 2017, the Company's available net operating loss carryforward from prior years is estimated to be \$27.9 million.

In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. As a result of recent income generating events in the current year, management will continue to review the likeliness of realizing its available tax benefits. If determined that an adjustment is necessary, management may make significant increases in unrecognized tax benefits within one year of the reporting date. The Company has no interest or penalties relating to income taxes recognized in the consolidated statement of comprehensive income for the six months ending June 30, 2018 and 2017 or in the consolidated balance sheets as of June 30, 2018 and December 31, 2017.

#### **NOTE 13 – SHARE BASED COMPENSATION**

The Company recognizes the compensation cost relating to share-based payment transactions in the Company's consolidated financial statements. That cost is measured based on the fair value of the equity instruments issued on the date of grant. There was no stock-based compensation expense for the six months ended June 30, 2018 or 2017.

## NOTE 14 - BENEFITS, OPTION PLANS, AND SHARE-BASED COMPENSATION

The Company offers a 401(k) retirement and savings plan that covers substantially all of its Pulse employees. Under this plan, the Company matches 100% of an employee's contribution up to 3% of the employee's salary, then 50% of an employee's contribution on the next 2% of the employee's salary. Expenses related to the 401(k) plan were \$50,567 and \$45,215 for the six months ended June 30, 2018 and 2017, respectively.

The Company's board of directors did not receive stock awards or stock options in the three months ending March 31, 2018 and during fiscal years 2017 and 2016 and there are currently no outstanding options. On August 6, 1998, the Company's board of directors adopted the 1998 Stock Option Plan ("1998 Plan"). The 1998 Plan was approved by the Company's shareholders on November 12, 1998. The 1998 Plan has expired and a new plan has not been adopted to date.

## NOTE 15 – RELATED PARTY TRANSACTIONS

#### **Convertible Note**

On September 28, 2011, the Company issued a promissory note dated that date (the "First Promissory Note") to St. George Investments, LLC ("St. George"), an affiliate of John M. Fife, who is the Company's Chairman, President, CEO, and controlling shareholder, in exchange for a loan in the amount of \$400,000 made by St. George to the Company.

On December 9, 2011, the Company issued a promissory note dated that date (the "Second Promissory Note") to St. George (an affiliate of John M. Fife as described above), in exchange for a loan in the amount of \$300,000 made by St. George to the Company.

On February 9, 2012, the Company issued a promissory note dated that date (the "Third Promissory Note") to St. George (an affiliate of John M. Fife as described above), in exchange for a loan in the amount of \$350,000 made by St. George to the Company.

On May 16, 2012, the Company issued a promissory note dated that date (the "Fourth Promissory Note") to St. George (an affiliate of John M. Fife as described above), in exchange for a loan in the amount of \$75,000 made by St. George to the Company.

On August 14, 2012, the Company issued a secured promissory note dated that date (the "Fifth Promissory Note") to St. George (an affiliate of John M. Fife as described above), in exchange for a loan in the amount of \$370,000 made by St. George to the Company. St. George converted the balance of this note on May 19, 2017 and the note was extinguished on May 26, 2017.

On October 10, 2012, the Company issued an unsecured promissory note dated that date (the "Sixth Promissory Note") to St. George (an affiliate of John M. Fife as described above), in exchange for a loan in the amount of \$50,000 made by St. George to the Company. The note was later assigned to the Dove Foundation. The note was extinguished on March 16, 2018.

On June 25, 2013, the Company issued 5,600,000 shares of unregistered restricted Common Stock to St. George (an affiliate of John M. Fife as described above), at a price of \$0.004323 per share, representing a payment to St. George, in lieu of cash, of \$24,208.80 of the outstanding balance of the Fifth Promissory Note. Also on June 25, 2013, the Company issued 875,000 shares of unregistered restricted Common Stock to Dove, at a price of \$0.004323 per share, representing a payment to Dove, in lieu of cash, of \$3,782.63 of the outstanding balance of the Sixth Promissory Note, which had been assigned to Dove.

On October 10, 2013, the Company issued a secured promissory note dated that date (the "Seventh Promissory Note") to St. George (an affiliate of John M. Fife as described above), in exchange for a loan in the amount of \$50,000 made by St. George to the Company.

On October 24, 2014, St. George elected to convert \$55,118.25 of the outstanding balance of the Fifth Promissory Note, whereupon the Company issued to St. George 12,750,000 shares of unregistered restricted Common Stock at the conversion price of \$0.004323 per share. Also on October 24, 2014, Dove elected to convert \$8,646.00 of the outstanding balance of the Sixth Promissory Note, whereupon the Company issued to Dove 2,000,000 shares of unregistered restricted Common Stock at the conversion price of \$0.004323 per share.

On July 23, 2015, St. George elected to convert \$138,336.00 of the outstanding balance of the Fifth Promissory Note, whereupon the Company issued to St. George 32,000,000 shares of unregistered restricted Common Stock at the conversion price of \$0.004323 per share. Also on July 23, 2015, Dove elected to convert \$21,615.00 of the outstanding balance of the Sixth

Promissory Note, whereupon the Company issued to Dove 5,000,000 shares of unregistered restricted Common Stock at the conversion price of \$0.004323 per share.

On May 19, 2017, the Company issued 77,000,000 shares of unregistered restricted Common Stock to St. George, at a price of \$0.004323 per share, representing a payment to St. George, in lieu of cash, of \$332,871.00 of the outstanding balance of the Fifth Promissory Note.

On August 18, 2017, the Company issued a promissory note dated that date (the "Eighth Promissory Note") to St. George (an affiliate of John M. Fife as described above), in exchange for a loan in an amount up \$2,000,000. St. George advanced the Company \$2,000,000.00 under the Eighth Promissory Note on August 18, 2017. The Company made a final cash payment to St. George on May 16, 2018 that extinguished the note.

On October 02, 2017, the Company issued a promissory note dated that date (the "Ninth Promissory Note") to St. George (an affiliate of John M. Fife as described above), in exchange for a loan in an amount up \$600,000. St. George advanced the Company \$600,000.00 under the Ninth Promissory Note on the date it was issued. The Company made a cash payment to St. George on June 08, 2018 that extinguished the note.

See Note 8 – "Notes Payable" for additional discussion of the promissory notes discussed above.

### **Reimbursement Agreement**

On June 23, 2011, the Company entered into a Reimbursement Agreement and Mutual Release (the "Reimbursement Agreement") with various parties (collectively, the "Parties"), including Strategic Turnaround Equity Partners, L.P. (Cayman), a Cayman Islands limited partnership ("STEP"), Bruce R. Galloway ("Galloway"), St. George Investments, LLC, an Illinois limited liability company ("St. George"), John M. Fife, and several of their respective affiliates. St. George is controlled by John M. Fife, who is the Company's Chairman, President, CEO and controlling shareholder.

Under the Reimbursement Agreement, the Parties agreed to dismiss the litigation between them in the U.S. District Court for the Eastern District of Michigan, the Circuit Court for Wayne County, Michigan, and the Michigan Court of Appeals, as well as to release each other from liability in connection with any issue related to the litigation, in exchange for payments of \$5,000 by each of the Company and St. George to STEP (for a total of \$10,000). The Parties filed a Joint Stipulation of Dismissal on June 27, 2011.

As part of the Reimbursement Agreement and as further consideration for the releases, STEP, and its principals and affiliates, including Galloway, agreed that for 20 years they would not (i) purchase any shares of Common Stock of the Company, (ii) take any insurgent action against the Company, engage in any type of proxy challenge, tender offer, acquisition or battle for corporate control with respect to the Company, (iii) initiate any lawsuit or governmental

proceeding against the Company, its affiliates or any of their respective directors, officers, employees or agents, or (iv) take any action that would encourage any of the foregoing.

In addition, under the Reimbursement Agreement, each of the Company and St. George agreed to reimburse STEP in the amount of \$225,409 (for a total of \$450,819) for expenses incurred by STEP, Galloway and their affiliates in connection with the proxy contest for the election of directors to the Company's board of directors (the "Board") in 2010. St. George made its \$225,409 reimbursement payment in cash on June 27, 2011. The Company's payment of its \$225,409 reimbursement amount was due and payable upon the occurrence of the earliest of (i) the Company's receipt of at least \$225,409 from an escrow account held in the State of Tennessee, (ii) a refinancing of the Company's credit facility with Fifth Third Bank dated March 31, 2009, as amended June 30, 2011, or (iii) June 12, 2012. The Company was unable to make the required payments at that time.

In connection with the Reimbursement Agreement, Galloway resigned from the Board, on June 23, 2011.

In addition, in connection with the Reimbursement Agreement, on June 24, 2011, St. George purchased 774,151 shares of the Common Stock owned by STEP, Galloway and their affiliates at a price of \$0.20112 per share for a total purchase price of \$155,697 (the "Stock Purchase"). Finally, pursuant to the Waiver Agreement dated June 23, 2011, among St. George, the Company, STEP, Galloway and others, STEP, Galloway and their affiliates agreed to sell in the open market within 30 days all of their shares of the Company's Common Stock that were not purchased by St. George in the Stock Purchase. After thus selling such stock within the 30-day period, STEP, its principals and affiliates, including Galloway, have contractually agreed that they will own no Common Stock and are prohibited from owning Common Stock for the ensuing 20 years.

On November 14, 2012, the Company entered into a Settlement Agreement and Mutual Release (the "Settlement Agreement") with various parties (collectively, the "Parties"), including Strategic Turnaround Equity Partners, L.P. (Cayman), a Cayman Islands limited partnership ("STEP"), Bruce R. Galloway ("Galloway"), St. George Investments, LLC, an Illinois limited liability company ("St. George"), John M. Fife, and several of their respective affiliates. St. George is controlled by John M. Fife, who is the Company's Chairman, President, CEO and controlling shareholder. Under the Settlement Agreement, the Company paid \$125,410 to STEP on November 14, 2012. The Company also agreed in the Settlement Agreement to assign to STEP the rights to the sale proceeds of particular artwork with a market value of \$58,500, of which the first installment and second installment totaling \$22,500 were paid on November 14, 2012. Under the Settlement Agreement, the Company also assigned to STEP the right to receive an aggregate amount of up to \$41,500 in net proceeds from the sale of certain other artwork or from the release of money from an escrow account maintained with the State of Tennessee, whichever occurs first. In exchange for these payments and assignments, which total \$225,409, STEP, Galloway and their affiliates released UAHC from making its \$225,409 reimbursement payment required under the Reimbursement Agreement. On July 31, 2014, the Company made a final settlement payment to STEP in the amount of \$36,500. There are no additional amounts due under the Settlement Agreement.

#### **Standstill Agreement**

On March 19, 2010, the Company and St. George Investments, LLC ("St. George"), which on that date was a 23.13% beneficial owner of the capital stock of the Company, entered into a Voting and Standstill Agreement (the "Standstill Agreement").

On August 18, 2017, the Company entered into an Ninth Amendment to Voting and Standstill Agreement (the "Ninth Amendment") with St. George and Dove Foundation. St. George is an affiliate of John M. Fife, who is the Chairman, President, CEO and controlling shareholder of the Company.

The Ninth Amendment further amends the Voting and Standstill Agreement dated March 19, 2010, between the Company and St. George, which was previously amended by: (i) the Amendment to Voting and Standstill Agreement dated June 7, 2010; (ii) the Agreement to Join the Voting and Standstill Agreement by Dove dated June 7, 2010; (iii) the Acknowledgment and Waiver of Certain Provisions of the Voting and Standstill Agreement dated June 18, 2010; (iv) the Second Amendment to Voting and Standstill Agreement dated November 3, 2011; (v) the Third Amendment to Voting and Standstill Agreement dated May 15, 2012; (vi) the Fourth Amendment to Voting and Standstill Agreement dated January 10, 2013; (vii) the Fifth Amendment to Voting and Standstill Agreement dated October 9, 2013; (viii) the Sixth Amendment to Voting and Standstill Agreement dated October 27, 2014; (viiii) the Seventh Amendment to Voting and Standstill Agreement dated July 23, 2015; (x) the Eigth Amendment to Voting and Standstill Agreement dated September 27, 2016; and (xi) the Ninth Amendment to Voting and Standstill Agreement dated August 18, 2017 (as so amended, the "Voting and Standstill Agreement").

In connection with the Ninth Amendment, St. George and Dove agreed to forbear on exercising their rights to cause the Company to purchase their respective shares of the Company's common stock (the "Put Option"), and the Company agreed to postpone the Put Option commencement date, for shares not included in the put exercise discussed below, until April 1, 2018. As a result, the "Put Exercise Period" (as defined in the Voting and Standstill Agreement) commenced on April 1, 2018 and will end on September 30, 2018.

On May 17, 2017, St. George notified the Company that it was exercising its right to cause the Company to purchase 278,936 of the Put Shares owned by St. George at the Put Price Per Share of \$1.02 and 774,151 of the Put Shares owned by St. George at the Put Price Per Share of \$0.20112. The aggregate number of common shares purchased by the Company as a result of St. George's election is 1,053,087. The aggregate purchase price paid to St. George by the Company as a result of this election was \$440,211.97.

See Note 19 – "Subsequent Events" for additional discussion of the Standstill Agreement.

#### **Laser Lease**

On November 1, 2016, Pulse Systems entered into an operating lease agreement with Chicago Venture Partners, LP (an affiliate of John M. Fife as described above), to rent a

Tsugami SS207-II with IMPG 250LS Laser Cutting System ("Laser Lease"). Laser Lease payments of \$5,755 plus California state sales and use tax are due monthly over a term of 84 months.

#### **Management Services Agreement**

The Company paid \$635,768 and \$48,250 for the six months ended June 30, 2018 and 2017, respectively, to Wacker Services, Inc., a related party of the Company, for consulting and management services and reimbursements for rent, insurance and utilities of shared office space, travel, and other expenses incurred by Wacker Services on behalf of the Company.

## NOTE 16 – COMMITMENTS & CONTINGENCIES

#### **Voting and Standstill Agreement**

On March 19, 2010, the Company and St. George, which on that date was a 23.13% beneficial owner of capital stock of the Company, entered into a Voting and Standstill Agreement (the "Standstill Agreement"). St. George is an Illinois limited liability company that is controlled by John M. Fife, who is the Company's Chairman, President, CEO and controlling shareholder. On June 7, 2010, the Company and St. George entered into a first amendment to the Voting and Standstill Agreement (the "Amendment"), and then The Dove Foundation ("Dove") became an additional party by entering into a Joinder to the Voting and Standstill Agreement. On June 18, 2010, the Company, St. George and Dove entered into an Acknowledgement and Waiver of Certain Provisions in the Voting and Standstill Agreement (the "Waiver"), whereby St. George and Dove agreed that the Pulse Systems acquisition shall not be considered a "Triggering Event" under the amended Standstill Agreement.

Under the Standstill Agreement, St. George and Dove each had the right (the "Put Option") to require the Company to purchase some or all of their respective shares of the Company's Common Stock ("Shares" or "Put Eligible Shares") at an exercise price ("Put Price Per Share") of \$1.26 per share. The Put Option was initially exercisable between October 1, 2012 and March 30, 2013 (the initial "Put Exercise Period"). The Company had the right (the "Call Option") to purchase all of the Shares owned by St. George and Dove at an exercise price of \$1.26 per Share, if the Call Option was exercised between July 1, 2011 and September 30, 2011. The Company did not exercise the Call Option, which expired on September 30, 2011.

Under the original Standstill Agreement, the Company agreed to maintain certain reserves of its unrestricted cash on its balance sheet, initially equal to 20% of the Company's pro forma estimate of its 2010 fiscal year end shareholders' equity and then equal to the Company's actual 2010 fiscal year-end shareholders' equity thereafter. The Company was unable to maintain such cash reserves in 2010 and entered into the Amendment and the Waiver, whereby St. George and Dove waived such cash reserve requirement, provided that the Company provided other collateral reasonably acceptable to St. George and Dove. To date, the Company has not provided such other collateral. As a result, the Company has been and is in default under the amended Standstill Agreement, which gave St. George and Dove each the right to exercise its Put Option at any time. Pursuant to the Second Amendment to Voting and Standstill Agreement dated

November 3, 2011 among them and the Company, each of St. George and Dove agreed to forbear from exercising its Put Option during the then applicable Put Exercise Period in exchange for the Company's agreement to postpone the Put Option commencement date until October 1, 2012 (and either or both of St. George and Dove may exercise its Put Option during the Put Exercise Period commencing on such date), provided that the Put Option commencement date would accelerate, and either or both of St. George and Dove may elect to exercise the Put Option upon the occurrence of any one of certain events, including: 1) the Company or Pulse defaults under any loan agreement or debt instrument, including without limitation Pulse's credit facility with Fifth Third Bank, N.A. and any promissory note made by the Company in favor of St. George (including such promissory notes dated September 28, 2011, December 9, 2011, February 9, 2012, and at any time thereafter; 2) the Company ceases to be current in its periodic reporting, or 3) ceases to be subject to periodic reporting requirements, under Section 13 of the Securities Exchange Act of 1934, as amended.

On May 15, 2012, the Company entered into the Third Amendment to Voting and Standstill Agreement with St. George and Dove (the "Third Amendment"). Pursuant to the Third Amendment, St. George and Dove each agreed to forbear from exercising its Put Option during the Put Exercise Period whose commencement had been accelerated to December 31, 2012, as a result of defaults by the Company under certain loan covenants in its Loan and Security Agreement with Fifth Third Bank, as further described in Note 9 to these unaudited consolidated financial statements. The Third Amendment also reestablished October 1, 2012, as the Put Option commencement date under the amended Standstill Agreement such that any further acceleration of the Put Option commencement date shall be at the discretion of St. George or Dove, upon the occurrence of certain specified events.

On January 10, 2013, the Company entered into a Fourth Amendment to Voting and Standstill Agreement (the "Fourth Amendment") with St. George and Dove. The Fourth Amendment further amended the Voting and Standstill Agreement dated March 19, 2010, between the Company and St. George, which was previously amended by (i) the Amendment to Voting and Standstill Agreement dated June 7, 2010, (ii) the Agreement to Join the Voting and Standstill Agreement by Dove dated June 7, 2010, (iii) the Acknowledgment and Waiver of Certain Provisions of the Voting and Standstill Agreement dated June 18, 2010, (iv) the Second Amendment to Voting and Standstill Agreement dated November 3, 2011, and (v) the Third Amendment to Voting and Standstill Agreement dated May 15, 2012.

In connection with the Fourth Amendment, St. George and Dove agreed to forbear on exercising their rights to cause the Company to purchase their respective shares of the Company's Common Stock, and the Company agreed to postpone the "Put Commencement Date" (as defined in the Voting and Standstill Agreement) until October 1, 2013. As a result, the "Put Exercise Period" (as defined in the Voting and Standstill Agreement) was to end on March 30, 2014.

On October 9, 2013, the Company entered into a Fifth Amendment to Voting and Standstill Agreement (the "Fifth Amendment") with St. George and Dove. In connection with the Fifth Amendment, St. George and Dove agreed to forbear on exercising their rights to cause the Company to purchase their respective shares of the Company's Common Stock, and the

Company agreed to postpone the Put Commencement Date until October 1, 2014. As a result, the Put Exercise Period was to end on March 30, 2015. In addition, the Fifth Amendment deleted certain provisions in the Voting and Standstill Agreement which had become inapplicable or obsolete, such as proxy and standstill provisions, call options, preferred stock calls and board observation rights, and it revised the definition of "Conversion Shares" therein to include share of the Company's Common Stock issuable upon conversion of any security or instrument issued by the Company, including any promissory note.

On October 27, 2014, the Company entered into a Sixth Amendment to Voting and Standstill Agreement (the "Sixth Amendment") with St. George and Dove. In connection with the Sixth Amendment, St. George and Dove agreed to forbear on exercising their rights to cause the Company to purchase their respective shares of the Company's Common Stock, and the Company agreed to postpone the Put Commencement Date until April 1, 2015. As a result, the Put Exercise Period was to commence on April 1, 2014, and end on September 30, 2015.

On July 23, 2015, the Company entered into a Seventh Amendment to Voting and Standstill Agreement (the "Seventh Amendment") with St. George and Dove. In connection with the Seventh Amendment, St. George and Dove agreed to forbear on exercising their rights to cause the Company to purchase their respective shares of the Company's Common Stock, and the Company agreed to postpone the Put Commencement Date until April 1, 2016. As a result, the Put Exercise Period was to commence on April 1, 2016, and end on September 30, 2016.

On September 27, 2016, the Company entered into an Eighth Amendment to Voting and Standstill Agreement (the "Eighth Amendment") with St. George and Dove Foundation. In connection with the Eighth Amendment, St. George and Dove agreed to forbear on exercising their rights to cause the Company to purchase their respective shares of the Company's Common Stock, and the Company agreed to postpone the Put Commencement Date until April 1, 2017. As a result, the Put Exercise Period was to commence on April 1, 2017 and end on September 30, 2017.

In addition, in the Eighth Amendment, St. George agreed to accept a Put Price Per Share in the amount of \$1.02 for 278,926 of the Put Shares owned by St. George and \$0.20112 for 774,151 of the Put Shares owned by St. George, in each case instead of a Put Price Per Share of \$1.26, which remains in place for the rest of the Put Shares owned by St. George and for all of the Put Shares owned by Dove.

On May 17, 2017, St. George notified the Company that it was exercising its right to cause the Company to purchase 278,936 of the Put Shares owned by St. George at the Put Price Per Share of \$1.02 and 774,151 of the Put Shares owned by St. George at the Put Price Per Share of \$0.20112. The aggregate number of common shares purchased by the Company as a result of St. George's election is 1,053,087. The aggregate purchase price paid to St. George by the Company as a result of this election was \$440,211.97.

On August 18, 2017, the Company entered into a Ninth Amendment to Voting and Standstill Agreement (the "Ninth Amendment") with St. George and Dove Foundation. In connection with the Ninth Amendment, St. George and Dove agreed to forbear on exercising

their rights to cause the Company to purchase their respective shares of the Company's Common Stock, and the Company agreed to postpone the Put Commencement Date, for shares other than those put back to the Company prior to the Ninth Amendment, until April 1, 2018. As a result, the Put Exercise Period commenced on April 1, 2018 and will end on September 30, 2018.

As of June 30, 2018, the Put Option obligation is recorded at its fair value of \$9,685,733 in current liabilities in the accompanying consolidated financial statements. Additionally, as of June 30, 2018 the number of common shares St. George and Dove own that are subject to the Put Option are 7,610,658 and 2,478,647 shares, respectively. If St. George and Dove were to exercise the Put Option with respect to the aforementioned eligible shares, then the costs to the Company payable to St. George and Dove would be \$9,589,429 and \$3,123,095, respectively. The number of common shares eligible as Put Shares may increase if St. George or Dove were to acquire additional common stock, including common stock received from a debt conversion. This could substantially increase amounts payable to St. George and Dove and the related put liability.

See Note 19 – "Subsequent Events" for additional discussion of the Standstill Agreement.

### Litigation

From time to time, the Company may become involved in litigation relating to claims arising out of its operations in the normal course of business. The Company and its subsidiaries are not currently involved in any active litigation.

To the best of the knowledge of the Company's management, no governmental authority is contemplating any proceeding to which United American Healthcare Corporation or any of its consolidated subsidiaries is a party or to which any of its or their properties is subject, which would reasonably be likely to have a material adverse effect on the Company.

## NOTE 17 – RECENTLY ENACTED ACCOUNTING PRONOUNCEMENTS

From time to time, new accounting pronouncements are issued by the Financial Accounting Standards Board ("FASB") or other standard setting bodies that are adopted by the Company as of the effective dates. Unless otherwise discussed, management believes that the impact of recently issued standards that are not yet effective will not have a material impact on the Company's financial position or results of operations upon adoption.

## NOTE 19 – SUBSEQUENT EVENTS

The Company has performed a review of events subsequent to the balance sheet date and has identified the following reportable events:

On September 10, 2018, St. George notified the Company that it was exercising its right to cause the Company to purchase 2,010,658 of the Put Shares owned by St. George at the Put Price per Share of \$1.26 ("Second Put Notice").

On September 14, 2018, the Company entered into a Tenth Amendment to Voting and Standstill Agreement (the "Tenth Amendment") with St. George and Dove Foundation. St. George is an affiliate of John M. Fife, who is the Chairman, President, CEO and controlling shareholder of the Company.

The Tenth Amendment further amends the Voting and Standstill Agreement dated March 19, 2010, between the Company and St. George, which was previously amended by: (i) the Amendment to Voting and Standstill Agreement dated June 7, 2010; (ii) the Agreement to Join the Voting and Standstill Agreement by Dove dated June 7, 2010; (iii) the Acknowledgment and Waiver of Certain Provisions of the Voting and Standstill Agreement dated June 18, 2010; (iv) the Second Amendment to Voting and Standstill Agreement dated November 3, 2011; (v) the Third Amendment to Voting and Standstill Agreement dated May 15, 2012; (vi) the Fourth Amendment to Voting and Standstill Agreement dated January 10, 2013; (viii) the Fifth Amendment to Voting and Standstill Agreement dated October 9, 2013; (viii) the Sixth Amendment to Voting and Standstill Agreement dated October 27, 2014; (viiii) the Seventh Amendment to Voting and Standstill Agreement dated July 23, 2015; (x) the Eigth Amendment to Voting and Standstill Agreement dated September 27, 2016; (xi) the Ninth Amendment to Voting and Standstill Agreement dated August 18, 2017; and (xii) the Tenth Amendment to Voting and Standstill Agreement dated September 14, 2018 (as so amended, the "Voting and Standstill Agreement").

In connection with the Tenth Amendment, St. George agreed to withdrawl its Second Put Notice and forbear on exercising their rights to cause the Company to purchase their respective shares of the Company's common stock (the "Put Option"), in consideration for the Company agreeing to postpone the Put Option commencement date until April 1, 2019. As a result, the "Put Exercise Period" (as defined in the Voting and Standstill Agreement) will commence on April 1, 2019 and will end on September 30, 2019.

On August 15, 2018, Pulse Systems made a \$1,000,000.00 redemption payment to St. George as a reduction of the outstanding accrued interest under the Redemption Agreement for related to the redeemable preferred member units.
