**5) Issuer's Business, Products and Services**

The purpose of this section is to provide a clear description of the issuer's current operations. In answering this item, please include the following:

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

We are a Nevada corporation organized in July 2017, which is an enhanced Credit Reporting company. ECRID is organized in a manner to provide consumers to know and have immediate access and review of all credit information being reported.

Consumers spend countless dollars hiring companies to remove things from their "Credit Report" that are untrue and do not belong on the report. The Credit Reporting Companies including Experian, Transunion, and Equifax, are 90 % of the time in the wrong and are erroneously reporting scores on consumer's credit reports that are expired or untrue. This is dollars poorly spent by consumers when the Credit Reporting Agency must be accurate and truthful but do not care if they are or not. Since the current credit reporting agencies are the only ones in the marketplace currently, they are able to commit the heinous crime of negligence to the consumers truthful credit reports and this affect the future of every person they are reporting on currently. In an effort to correct the credit report, consumers hire credit improvement companies to get these erroneous items removed from their credit as soon as they know about them.

With ECRID's Credit Reporting System, the platform informs the consumer immediately when their credit score changes so the consumer can respond and correct the issue before things reach a point of being a problem for the consumer.

This enhanced reporting system used in ECRID gives the creditor the advantage of reviewing information that is accurate and reviewed by the consumer applying for credit. This shortens the time the consumer and creditor have to wait for loans to be approved in underwriting. Thus putting money into circulation and assisting the consumers in a more timely fashion.

B. Describe any subsidiaries, parents, or affiliated companies, if applicable, and a description of their business contact information for the business, officers, directors, managers or control persons. Subsidiary information may be included by reference

None

C. Describe the issuers' principal products or services, and their markets

Ecrid is a credit reporting system with a mathematical algorithm that calculates the ECRID credit score. The products consist 2 specific online profiles entered online into the ECRID database. ECRID is the online profiles of the Consumers and the Creditors. The Consumer uses the online profile to enter data pertaining to their own creditors

and the schedule of payments made to those creditors. Creditors are Lenders that are approved by ECRID to lend monies to the ECRID members. Once an ECRID consumer has been in the online database for 6 months, the ECRID Lender will be available and guarantee to loan the ECRID consumer monies if the ECRID consumer has paid all their payments for 6 months on time.
