5) Issuer’s Business, Products and Services

The purpose of this section is to provide a clear description of the issuer’s current operations. In answering this item, please include the following:

- A. Summarize the issuer’s business operations (If the issuer does not have current operations, state “no operations”)

American Hemp Ventures, Inc.’s (the “Company” or “AHV”) mission is to become a broadly integrated “seed-to-sale” hemp operation that starts on the farm and delivers to the tabletop.

Through years of experience working with cannabis plants, the Company’s subsidiaries and management have developed expertise in hemp-growing techniques and have developed three proprietary hybrid hemp seeds, as well as a proprietary process to feminize hemp seed thereby increasing yields. AHV’s operations are focused on sales of hemp seed, hemp biomass and CBD distillate, as well as providing consulting and sales services in connection with hemp cultivation. With the passing of the Farm Bill on December 9, 2018, which legalized the growing of hemp as an agricultural commodity, the industry is expected to see significant growth as new supply chains develop and researchers discover additional uses for hemp in its many forms.

Hemp is a member of the cannabis sativa L. plant family. Although it is part of the cannabis plant family, it is not intoxicating. It is valued for its high CBD content in the medical community. It is often thought that all hemp contains THC, but this is false. A majority of hemp, though, does contain as much as 0.3% THC. This is not enough to produce an intoxicating effect. Some varieties contain 0% THC.

The Company also provides advice and guidance in many aspects of hemp cultivation, from seed selection, construction of grow houses, the optimization of nutrition and hydration through to industrial processing and production.

On February 9, 2021, the Company entered into a License Agreement with Digital Cavalier Services, Inc. that allows for the Company to license, market and sell the technology of Digital Cavalier Services. Digital Cavalier Services is licensing its AI Personalization engine software as a service (SaaS) products and services, for e-commerce, content marketing, digital publishing, and other industries where a relevant customer experience is necessary.

- B. Please list any subsidiaries, parents, or affiliated companies.

Subsidiaries at December 31, 2021 are Hemp Group, LLC, LTC Farms, LLC and AMHV Wellness, LLC.

- C. Describe the issuers’ principal products or services.

The Company’s operations are focused on sales of hemp seed, hemp biomass and CBD distillate, as well as providing consulting and sales services in connection with hemp cultivation.

6) Issuer's Facilities

The goal of this section is to provide a potential investor with a clear understanding of all assets, properties or facilities owned, used or leased by the issuer and the extent in which the facilities are utilized.

In responding to this item, please clearly describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership.

If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

The Company executed a Land Lease on November 1, 2017, for approximately 177 acres of farmland owned by Irving Chang, son of Haw Chang an Officer and Director of AHV. The initial term of the lease is 5 years, with options to renew. The lease rental rate is \$2,000 per calendar month. This farm is located in the City of Watkins, Colorado, a few miles SE of Denver International Airport, and is unencumbered by any other Mortgages or loans. During the three months ended March 31, 2021, the Land Lease was terminated.

AHV leased approximately 1,750 sf of Class "B" high rise office space located at 2821, S. Parker Road in Aurora, Colorado. The original lease was signed on August 1, 2018, for a period of one year at a monthly rent of \$1,287. A subsequent amendment was signed on June 3, 2019, (effective July1, 2019) whereby the Company relocated its corporate office to a larger suite in the building for a further 3-year term at a monthly rent commencing at \$3,431. During the three months ended March 31, 2021, John Lee and Juin Haw Change, directors of the Company took over the office lease.

AAHC Management Litigation

On May 13, 2019, the AAHC Management and Consulting, LLC ("AAHC") signed a Promissory Note for \$431,398, representative of amounts owed to Hemp Group as payments for seeds purchased by AAHC in May2019. The promissory note had a due date of June 15, 2019 and was not paid. In November 2019, the

Company filed suit against AAHC for the full amount and accrued interest, and a trial date was set for October 2020. Prior to trial, Company and AAHC reached a settlement agreement under which Company received a \$100,000 cash payment (less \$20,000 for attorney collection fees), 100,000 high quality hemp CBD seeds, and a lien against pending litigation that AAHC had against a third party. In the event that AAHC prevails in their litigation and receives payment from it, Company's lien entitles it to receipt of the first \$259,528.61 against all monies awarded to AAHC.

Klondike Agricultural Litigation

In October 2019, the Company entered into a Supply Agreement with Klondike Agricultural Products, LLC ("Klondike"), in order to use the Company's seeds in Klondike's Hemp Kapsol product for a 36-month period. As part of the Supply Agreement, Klondike agreed to spend \$1,000,000 in four quarters marketing the Hemp Kapsol product using the Company's seed. The Hemp Kapsol product was to be sold by the Company through its efforts. The Company agreed to pay Klondike \$0.90 per Hemp Kapsol for each sold Kapsol. At the end of December 2019, the Company delivered seeds to Klondike to be encapsulated in the Hemp Kapsol product. In February 2020, prior to the 2020 planting season, and before Klondike returned the encapsulated seeds, Klondike expressed concerns about sales volume and Company's ability to meet sales projections. The Company expressed concerns about the viability of the Kapsol technology. During a February 2020 meeting, both parties agreed to terminate the supply agreement, terms for termination to be agreed. Although, the Company continued to use best efforts to effect sales of Kapsols for the benefit of Klondike, Klondike refused to return the Company's encapsulated seeds. In April 2020, the Company filed suit in the District Court, City and County of Denver against Klondike Agricultural Products, LLC, and Klondike Agricultural Products, Inc., for the costs and expenses related to the Hemp Kapsol product failure, but also to rescind the supply agreement, alleging in part that at the time of the signing of the Supply Agreement, Klondike Agricultural Products, LLC, was an inactive company that had been succeeded by Klondike Agricultural Products, Inc., and alleging that the Hemp Kapsol had an adverse reaction to the seeds and resulted in significantly reduced crop success. The Company requested \$5,000,000 in damages and expenses, including the value of the 1,000,000 seeds that Klondike refused to return. In October 2021, both parties agreed to the entry of a Joint Stipulation with Prejudice dismissing the case with each side responsible for its own attorney fees.
