G. Financial notes; and

1.0 NOTE 1-OVERVIEW

1.1 Liquidity

The accompanying unaudited consolidated financial statements have been prepared assuming that the Company will continue as a going concern. This contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The company change management as of July 7, 2016, after the death of the old CEO Tom Makmann. The new CEO Kate Bahnsen has negotiated and reduce the old liabilities of the company from \$ 3,886,793 to \$646,988. GMS Green Mind Solutions SAS a Colombian company started to work with farmers in Colombia in 2013 to develop an alternative crop to the illegal crops (Coca leaves).with Sacha Inchi a seed rich in Omega 3,6,9, and complete vegan protein with all 9 essential amino-acids and created Inca Worldwide. QED Connect invested in GMS to help them develop the Sacha Inchi seeds into a tasty snack, a powder and a beverage. Inca Worldwide was rebranded in 2021 as GMS Sacha Inchi. GMS teaches and buyers Sacha Inchi Seeds from farmers in the area surrounding mining communities and other farming areas in Colombia. The seeds are transforming into a tasty Snack and a powder. In 2020 the company started to develop the Sacha Inchi beverage. The Company markets all its products to private labels and multinational companies and its brand GMS Sacha Inchi is sold worldwide.

Any of the following factors could result in insufficient capital to fund the Company's operations for a period significantly shorter than twelve months:

- if the Company's capital requirements or cash flow vary materially from its current projections.

- if the Company is unable to timely raise capital for the requirements of its joint venture agreements and to cover its operating expenses; or
- if other unforeseen circumstances occur.

The Company's inability to fund its operations may require the Company to substantially curtail its business activities. These factors, among others, raise substantial doubt about the Company's ability to continue as a going concern. The Company's plans for correcting these deficiencies include ongoing efforts to raise new capital and negotiating suitable repayment terms for outstanding obligations. The unaudited consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the inability of the Company to continue as a going concern.

1.2 NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1.2.1 Basis of Presentation

The accompanying unaudited consolidated financial statements of QED Connect, Inc. have been prepared in conformity with accounting principles regarding interim financial reporting. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for annual financial statements and should be read in conjunction with the unaudited consolidated financial statements previously reported by the Company. In the opinion of management, the accompanying unaudited financial statements contain most all adjustments, consisting only of adjustments of a normal recurring nature, necessary for a fair presentation of the Company's financial position as of March 31, 2022, and its results of operations for the periods presented. These unaudited consolidated financial statements are not necessarily indicative of results to be expected for future periods. The company has changed its name to Inca Worldwide Inc. The company is currently register in New York and is register in Nevada. The company has changed its business model and will be only concentrated in its GMSacha Inchi Snack, GMSacha Inchi Powder and GMSacha Inchi Beverage. The Mining operation and any other past agreement have been cancelled or move to a private company.

The Preferred Stock for the Purchase of the right to sell GMSacha Inchi products has yet to be issued, along with other Preferred Stocks.

1.2.2 Critical Accounting Policies and Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ materially from those estimates and assumptions. Certain amounts from prior periods have been reclassified to conform with current period presentation.

1.2.3 Cash and Cash Equivalents

The Company considers all cash and investments with original maturities of three months or less to be cash equivalents.

1.2.4 Property and Equipment

Property and equipment are stated at cost less accumulated depreciation. Expenditures for minor replacements, maintenance and repairs which do not increase the useful lives of the property and equipment are charged to operations as incurred. Major additions and improvements are capitalized. Depreciation and amortization are computed using the straight-line method over estimated useful lives of 5 years.

1.2.5 Intangible Assets

In accordance with ASC subtopic 350-10, Intangibles, Goodwill and Others, the goodwill impairment analysis compares the fair value of each reporting unit to its carrying value, including goodwill. The Company evaluates the remaining useful life of an intangible asset that is being amortized each reporting period to determine whether events and circumstances warrant a revision to the remaining period of amortization, and as such all Goodwill was written off in this accounting period.

1.2.6 Accounting for the Impairment of Long-Lived Assets

ASC subtopic 360-10-40, Property, Plant, and Equipment, Impairment of Disposal of Long-Lived Assets, requires that long-lived assets, such as property and equipment and purchased intangibles subject to amortization, be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of the asset is measured by comparison of its carrying amount to undiscounted future net cash flows the asset is expected to generate. If such assets are considered to be impaired, the impairment to be recognized is measured as the amount by which the carrying amount of the asset exceeds its fair market value. Estimates of expected future cash flows represent the Company's best estimate based on currently available information and reasonable and supportable assumptions. Any impairment recognized in accordance with ASC 360-10-40 is permanent and may not be restored. For the March 31, 2021, the Company did not recognize any impairment of long-lived assets in connection with ASC 360-10-40 based on its reviews.

1.2.7 Advertising

The Company charges advertising costs to expense as incurred. There were no advertising expenses for the twelve months' periods ending June 30, 2022.

1.2.8 Concentrations of Risk

Credit losses, if any, have been provided for in the financial statements and are based on management's expectations. The Company does not believe that it is subject to any unusual risks or significant risks in the normal course of its business.

1.2.9 Revenue Recognition

We recognize revenue in accordance with Staff Accounting Bulletin ("SAB") No. 104, Revenue Recognition, Corrected Copy. Under SAB No. 104, revenue is recognized when persuasive evidence of an arrangement exists, delivery has occurred or services have been rendered, the seller's price to the buyer is fixed or determinable, and collectability is reasonably assured. Revenue is recognized net of sales tax. We apply the specific provisions of SFAS No. 48, Revenue Recognition when Right of Return Exists.

Under SFAS No. 48, product revenue is recorded at the transfer of title to the products to a customer, net of estimated allowances and returns and sales incentives. Transfer of title occurs and risk of ownership passes to a customer at the time of acceptance by the customer, depending on the terms of our agreement with a particular customer. For transactions not satisfying the conditions for revenue recognition under SFAS No. 48, product revenue is deferred until the conditions are met, net of an estimate for cost of sales.

1.2.10 Income Taxes

The Company accounts for income taxes under ASC topic 740, Income Taxes, ASC topic 740 defines an asset and liability approach that requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been recognized in the Company's financial statements or tax returns. ASC topic 740 further requires that a tax position must be more likely than not to be sustained before being recognized in the financial statements, as well as the accrual of interest and penalties as applicable on unrecognized tax positions. Deferred income taxes are recognized for the tax consequences in future years of differences between the tax basis of assets and liabilities and their financial reporting amounts at each period end, based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized. The provision for income taxes represents the tax payable for the period, if any, and the change during the period in deferred tax assets and liabilities. The Company is working with GMS (Green Mind Solutions).

1.2.11 Litigation and Other Contingencies

The Company discloses material contingencies deemed to be reasonably possible and accrues loss contingencies when, in consultation with legal advisors, the Company concludes that a loss is probable and reasonably estimable. The ability to predict the ultimate outcome of such matters involves judgments, estimates and inherent uncertainties. The actual outcome of such matters could differ materially from management's estimates.

Case No: CA10-1547

The CEO Katharina Nanny Bahnsen was able to negotiate the with Michael L Lattucca a settlement for the judgment that was paid to Mr. Michael L Lattucca in the first quarter of 2022 by Genesis Electronic Group and releasing QEDN from this liability.

On October 10, 2017 Mr. Lattucca posted on IHub:

Bazooka 1963 Tuesday, 10/10/17 02:54:19 PM Re: Greed Kills post# 54207 Post # 54208 of 54262 I have been on the sidelines for years watching and reading. It's time I come out for a brief visit to set the records straight. My name is Mike Lattucca, judgment creditor against QEDN, GEGI and Raymond F. Purdon. For the record I do not know Kate, never met her and frankly happy as hell I haven't. To me, it seems as though she and Ray Purdon are one and the same as they share the same addresses even though she claims Columbia. They treat their children the same in that Kate too lies to the court about her children and their needing of her. They both

don't pay their bills legitimately but both use corporate funds as a cash dispenser. I can say with 100% certainty that Ray Purdon is a fraud. He has been found guilty of committing fraud on me, hence my punitive damages award. My wife and I (Who I don't beat LMAO) have a great relationship with Lisa Purdon, the mother of Purdon's 3 incredible children, Teddy, Abbey and Sarah. Our goal is to help make lemonade from something so incredibly awful as a father who turns his back on his kids while knowing their mother has never been the breadwinner but now must as their father is a deadbeat dad. We feel for her and the children and know someday they too will know who their father is. I have never been arrested in my entire life. Although several would like you to believe I have, so as to cloud the judgments I have against them and their sleazy fraudulent companies. I have served proudly in the United States Marine Corps. Twice honorably discharged having returned to active duty for Operation Desert Storm. What were you dirt bags doing when I was serving honorably, learning how to defraud as many as possible? Here's the game changer for all of you here at GEGI and at QEDN. I have authorized my Attorneys to put the nuclear plan into motion. What does this mean? I never did this for the money. I did this to shut you down from hurting good innocent people so here we go... I am forcing both sleazy companies into involuntary bankruptcy. I have 3 creditors minimum per each judgment debtor as required and this will cease all trading, all debit card expenses, travel to Iceland or whatever else is occurring. So, let's see the volume jump through the roof today for both as this just may be your last day of trading. To those sitting on a bunch of stock... ouffff good luck LMAO... Sergeant, Michael Lattuca, USMC in your _SS!

This matter is under investigation at the SEC both companies QEDN and GEGI are working to file a lawsuit against Mr. Lattuca and Mr. Brad Hughes for stock manipulation.

Mr. Lattuca has also posted a banner stating there is an order dissolving GEGI

Unopposed Order Dissolving GEGI Submitted to Court

The Documents Lattuca filed are available for viewing by the public. The document is titled "Notice of Filing Request for Entry of Ex-Parte Order". Essentially, the Documents attach two prior Court Orders. One prohibit Kate from filing anything without an attorney. The other states the Judge will enter orders without a hearing if there is no objection from GEGI or QEDN. The order allowing a motion to be granted without a hearing provides a process in which Lattuca's attorney submits a proposed order to GEGI and QEDN and if 15 days go by without an objection Lattuca then submits the Order to the Judge as unopposed.

Lattuca filed a Motion in January in which he asked the Court to dissolve GEGI and QEDN. The filing from April 18, 2019 says in part:

Quote:

Pursuant to the Court's Order, Lattuca sent an e-mail to QEDN and GEGI on March 25, 2019 providing them with a copy of a proposed Order granting Plaintiff's most recent Motion for Sanctions, dated January 17, 2019, and requesting that they inform the undersigned counsel as to whether they object to entry of the proposed Order...More than fifteen calendar days have passed since the proposed Order was provided to QEDN and GEGI for review and no objection has been raised.

the proposed order is attached to the filing and states, in part:

Quote:

Genesis Electronics Group, Inc. and QED Connect, Inc. are hereby judicially dissolved

Case No: BC648277ot

On February 1, 2017 Tangiers filed a lawsuit against (QEDN) for two notes payable. The CEO has refused to issue shares to Tangiers till after March 31, 2017 because the Notes didn't had approval of the board of directors when they were signed by the old CEO. Inca Worldwide (QEDN) has thill June 16, 2017 to respond to this lawsuit.

Tangier has close business and is not able to collect on this note.

1.2.12 Computation of Net Loss (Loss) Per Common Share.

The Company calculates income/loss per share in accordance with FASB ASC topic 260, Earnings Per Share. Basic income/loss per share is computed by dividing the net income/loss available to common shareholders by the weighted-average number of common shares outstanding. Diluted income/loss per share is computed similar to basic loss per share, except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive.

2 NOTE 2 – FAIR VALUE MEASUREMENTS

The Company's financial assets that are measured on a recurring basis at fair value.

2.1 Level 1.

The Company utilizes the market approach to determine the fair value of its assets and liabilities under Level 1 of the fair value hierarchy. The market approach pertains to transactions in active markets involving identical or comparable assets or liabilities.

2.2 Level 2.

The fair values determined through Level 2 of the fair value hierarchy are derived principally from or corroborated by observable market data. Inputs include quoted prices for similar assets, liabilities (risk adjusted), and market-corroborated inputs, such as market comparables, interest rates, yield curves, and other items that allow value to be determined.

2.3 Level 3.

The fair values determined through Level 3 of the fair value hierarchy are derived principally from unobservable inputs to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset (or similar assets) at the measurement date. As of September 30, 2016, no fair value measurements for assets or liabilities under Level 3 were recognized in the Company's consolidated financial statements. There were no changes in the Company's valuation techniques during the twelve months ending September 30, 2016. The Company is not exposed to changes in interest rates which could result in cash flow risks.

4. NOTE 4 – INTANGIBLE ASSETS

On June 17, 2011, the Company acquired the assets of StockProfile.com, StockProfileTV.com, and SPNewsWire.com, which operate financial news Internet sites.

The assets acquired included all intellectual property rights, goodwill and web sites for StockProfile.com, StockProfileTV.com, and SPNewsWire.com. In accordance with the terms and provisions of the agreement, the Company acquired the intellectual property rights, goodwill and web sites of StockProfile.com, StockProfileTV.com, and SPNewsWire.com in exchange for the issuance of 29,410,764 shares of the Company's restricted common stock. The shares of common stock were issued on June 17, 2011, and the transaction was valued at \$5,000,000. The fair market value of the Company's common stock on the date of issuance was \$0.17 per share. The intellectual property rights and web sites have been identified as intangible assets with indefinite useful lives. Since the Company had recognized the acquired assets as long-lived assets, the acquired assets will not be amortized but the Company will conduct an annual review for impairment of the asset values in accordance with ASC 360-10-40, and as such 100% of the value of those assets was removed from the Balance sheet as of December 31, 2015.

5 NOTE 5 – Gold Mine

On June 17, 2015, the Company acquired all the assets of the La Palmichala Mine, which operates both a Gold Mine. The assets acquired included all intellectual property rights, goodwill. In accordance with the terms and provisions of the agreement, the Company acquired the assets in exchange for the issuance \$6,000,000 in debt which originally had a payment due of \$500,000 during December 2014, with a \$1,000,000 due annually thereafter. When the Company acquired Green M&S, it elected to not book the reserves of the Gold Mine, but to keep track of its value off the Mineral deposits using the Jennings Capital formula per the ASC 360- 10-40 Report as we understood it, which based on the valuation and type of the Gold reserves at per ounce, valued the mine at \$16,318,995 when Gold was at \$1800 per oz. This valuation was also based on the Company being able to fully mechanize the mine, which has not happened. The current value of the mine based on the above formula and the current Gold values at \$1,084 less ore that has been mined as of December 31, 2014, is \$10,907,415. On July 7, 2016 the CEO and Board of directors decided to move the Gold Mine project to a private company and concentrate only in its current Sacha Inchi business.

13.0 Subsequent Events

In March 2015 the Company signed a Share Purchase Agreement to acquire the shares of Green M&A Solutions, a private US company that has 100% ownership of Green Mine Solutions ("GMS"), a Colombian company with active gold mining operations. GMS has an interest in the La Palmichala property, located in the municipality of Remedios, in the Nordeste sub region of the Antioquia 15 Department, Colombia. The region of the property is on the El Silencio geological formation, which is one of the richest formations in Colombia. Green Mine Solutions has entered into Letter of Intent (LOI) for two mines and processing plants in San Pablo and Hidalgos, located 15 and 20 minutes respectively from La Palmichala, we are in default of the loan payment on this operation and we are waiting for the outcome of the Probate hearing from the deceased owners estate in order to proceed. GMS is also very active in the areas surrounding the mine, helping farmers to grow Inca Seeds (Sacha Inchi). Inca Seed (Sacha Inchi) is a product that is very rich in Omega 3 and is the primary crop in Colombia presently used

for the substitution of illegal crops, such as the coca plant. GMS Green Mind Solutions SAS a colombian company started to work with farmers in Colombia in 2013 to develop an alternative crop to the illegal crops (Coca leaves).with Sacha Inchi a seed rich in Omega 3,6,9, and complete vegan protein with all 9 esencial amino-acids and created Inca Worldwide. QED Connect invested in GMS to help them develop the Sacha Inchi seeds into a tasty snack, a powder and a beverage. Inca Worldwide was rebranded in 2021 as GMSacha Inchi(Colombian Brand). The seeds are transforming into a tasty Snack and a powder. In 2020 the company started to develop the Sacha Inchi beverage. The Company markets all its products to private labels and multinational companies and its brand GMSacha Inchi.
