Dear Sir or Madam,

Re: Supplemental Information

Lead Innovation Corporation (the "Company") was previously as shell company, from approximately 2014 until March 1, 2019, as the Company had little or no operations.

The Company's status as a shell company changed. As of March 1, 2019, the Company was no longer a shell company. The reason the Company believes it is no longer a Shell Company under the SEC's definition is as follows:

On March 1, 2019, 2022, the Company entered into several VIE agreements with Zhuhai City Unicorn Hotel Management Co., Ltd. and Zhongshan City Junhao Hotel Co., Ltd. which increased operations to more than nominal and added more than nominal non-cash assets to the Company's Balance Sheet. This, in turn, has lead to both material revenues and gross profit, as can be noted in the Company's financial statements for the quarter ended August 31, 2022, as well as the other financial statements from the year ended November 30, 2019 until the present.

This can be confirmed in the financial statements included in the Annual Reports for the year ended November 30, 2019, published on the OTC Markets on February 28, 2020 through the Quarterly Report for the period ended August 31, 2022, published on the OTC Markets on September 20, 2022.
