Security Description:

The goal of this section is to provide a clear understanding of the material rights and privileges of the securities issued by the company. Please provide the below information for each class of the company's equity securities, as applicable:

1. For common equity, describe any dividend, voting and preemption rights.

One for one voting rights on all common stock, entitled to dividends as determined by the board of directors. No Pre-emptive rights.

2. For preferred stock, describe the dividend, voting, conversion, and liquidation rights as well as redemption or sinking fund provisions.

Preferred Series A:

Dividends. The holders of Series A Preferred Stock shall be entitled to share in any dividends, if any, declared and paid upon or set aside for the Common Stock or any series or class of preferred stock of the Corporation, whether now existing or hereafter created or designated, that is pari passu with the Series A Preferred Stock in respect of dividends, pro rata in accordance with the number of shares of Common Stock into which such shares of Series A Preferred Stock are then convertible.

Rights on Liquidation, Dissolution or Winding up _In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Corporation., the holders of shares of Series A Preferred Stock and the holders of any shares of any series or class of preferred stock of the Corporation, whether now existing or hereafter created or designated, ranking by its terms passu with the Series A Preferred Stock in respect of rights on liquidation, dissolution or winding up of the Corporation (Pari Passu Preferred Stock"}, in each case then outstanding shall be entitled to be paid out of the assets of the Corporation available for distribution to its stockholders by reason of their ownership thereof; pro- rata in accordance with the number of shares of Common Stock into which such shares of Series A Preferred Stock are then convertible.

Voting: In addition to any other rights provided by law or in the By-laws of the Corporation, each share of Series A Preferred Stock shall entitle the holder thereof to four votes per share. The number of votes per share will be adjusted in accordance with any Changes in the Conversion Ratio pursuant to 4(d) so that that the number of votes the Series A Preferred stockholder shall be entitled to shall equal four times the number of shares of Common Stock meaning 4 to 1 super voting rights at par value of \$0.0001.

Optional Conversion

The holder of any shares of the Series A Preferred Stock shall have the right, at such holder's option, at any time or from time to time to convert any of such shares into such whole number of fully paid and nonassessable shares of Common as last adjusted and then in effect, for the shares of the Series A Preferred Stock being converted, by surrender of the certificates representing the shares of Series A Preferred Stock so to be converted in the manner provided in Section 4(b) hereof. Each share of Series A Preferred Stock shall) be convertible into Common Stock at the Conversion Ratio (the "Conversion Ratio"). The conversion ratio at which shares of Common Stock shall be issuable upon conversion of shares of Series A Preferred Stock shall initially be one share of common Stock for each share of Series A Preferred Stock; provided however, that such Series A Preferred Conversion Ratio shall be subject to adjustment as set forth in Section 4(d) hereof.

Preferred Series B:

Dividends: The holders of Series B Preferred Stock shall be entitled to share in any dividends, if any, declared and paid upon or set aside for the Common Stock or any series or class of preferred stock of the Corporation, whether now existing or hereafter created or designated, that is pari passu with the Series B Preferred Stock in respect of dividends, pro rata in accordance with the number of shares of Common Stock into which such shares of Series B Preferred Stock are then convertible.

Rights on Liquidation, Dissolution or Winding-Up: In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Corporation, the holders of shares of Series B Preferred Stock and the holders of any shares of any series or class of preferred stock of the Corporation, whether now existing or hereafter created or designated, ranking by its terms pari passu with the Series B Preferred Stock in respect of rights on liquidation, dissolution or winding up of the Corporation ("Pari Passu Preferred Stock"), in each case then outstanding shall be entitled to be paid out of the assets of the Corporation available for distribution to its stockholders by reason of their ownership thereof, pro rata in accordance with the number of shares of Common Stock into which such shares of Series B Preferred Stock are then convertible.

Voting: In addition to any other rights provided by law or in the By-laws of the Corporation, each share of Series B Preferred Stock shall entitle the holder thereof to four votes per share. The number of votes per share will be adjusted in accordance with any changes in the Conversion Ratio pursuant to 4(d) so that the number of votes the Series B Preferred stockholder shall be entitled to shall equal four times the number of shares of Common Stock (rounded down to the nearest whole number based on the aggregate number of shares of Series B Preferred Stock held by such stockholder) into which such share of Series B Preferred Stock is then convertible as provided in Section 4 hereof, in the same manner and with the same effect as such holders of Common Stock, voting together with the holders of Common Stock and any other class or series of preferred stock, whether now existing or hereafter created or designated (except and to the extent otherwise expressly provided in any such series or class of preferred stock), as one class; provided, however, holders of the Series B Preferred Stock shall not be entitled to a separate vote as a class, or as a series thereof, with respect to any amendment, alteration or repeal of the Certificate of Incorporation that may be deemed or that purports to have been effected by way of a merger or consolidation of the Corporation, or otherwise by operation of law.

Optional Conversion: The holder of any shares of the Series B Preferred Stock shall have the right, at such holder's option, at any time or from time to time to convert any of such shares into such whole number of fully paid and nonassessable shares of Common as last adjusted and then in effect, for the shares of the Series B Preferred Stock being converted, by surrender of the certificates representing the shares of Series B Preferred Stock so to be converted in the manner provided in Section 4(6) hereof. Each share of Series B Preferred Stock shall be convertible into Common Stock at the Conversion Ratio (the "Conversion Ratio"). The conversion ratio at which shares of Common Stock shall be issuable upon conversion of shares of Series B Preferred Stock shall initially be one share of common Stock for each share of Series B Preferred Stock; provided, however, that such Series B Preferred Conversion Ratio shall be subject to adjustment as set forth in Section 4(d) hereof.

Securities and Exchange Commission vs. The Movie Studio, Inc. and Gordon Scott Venters, Case No. 0:21-CV-61686-DPG, United States District Court, Southern District of Florida, Miami Division.

On August 13th 2021, The Securities and Exchange Commission (Plaintiff) filed a civil complaint against the Company and its Principal Gordon Scott Venters in the United States district court for the southern district of Florida. The SEC alleged that the Company violated the antifraud provisions of Section 17(a) of the Securities Act of 1933 and Section 10(b), Rule 10b-5 and the registration provisions of Sections 5(a) and (c) of the Securities. The Complaint also charges Mr. Ventures with violating the broker-dealer registration provisions of Section 15(a)(1) of the Exchange Act, and with acting as a control person of the Company under Exchange Act section 20(a). On September 17, 2024, an Order affirming and adopting a Report and Recommendation of a Magistrate Judge was filed with the U.S. District Court whereby the Plaintiff's Motion for Summary Judgment was granted as to Count I of the Complaint and Denied as to Counts II-IX of the Complaint. The Company and Mr. Venters deny all of the Plaintiff's allegations and continues to vigorously defend itself against such allegations. Defendant plans to file an appeal to the Order by October 15, 2024 and tentatively set the case for trial on January 13, 2025.

Paul James Holding, LLC vs. The Movie Studio, Inc., a Florida Corporation and Gordon Scott Venters, individually (“Defendants”), Case# 2022-013921-CA-01, Circuit Court of the 11th Judicial Circuit, Miami-Dade County, Florida.

On July 27th, 2022, Paul James Holdings (“PJH”) filed a Complaint against The Movie Studio Inc. and Gordon Scott Venters in in the circuit court of the 11th judicial circuit in and for Miami Dade county, Florida for defaulting on payment of two (2) one year maturity convertible notes of \$37,500 each dated February 8th and February 11th, 2021.

On January 9, 2024, PJH was granted summary judgement in the sum of \$100,095.20 with interest accruing at the statutory rate pursuant to §55.03(1), Fla. Stat, as adjusted per quarter, from January 9, 2024, until paid.

On March 11, 2024, the Company filed a second amended Answer and Affirmative defenses to the Amended Complaint to have the entire case involuntarily dismissed due to Plaintiffs’ error in suing the wrong party. PJH complaint and was given a judgement against The Movie Studio (Florida) a subsidiary of The Movie Studio (Delaware). The note agreement between the parties was with the Delaware corporation; The Movie Studio (Florida) issued no notes and was never a party to any agreement(s) with PJH.

An evidentiary hearing is scheduled on October 28, 2024, for Plaintiff’s motion for Proceeding Supplementary against Defendants. Plaintiff is seeking consideration paid for their investment from Company and Mr. Venters, individually for a total sum of \$100,095.20.

Note 1 - Organization and Nature of Operations

[The Movie Studio, Inc. \(OTC: MVES-\)](#) (the “Company”) a vertically integrated motion picture production company focused on acquiring, developing, producing, and distributing independent motion picture content for worldwide consumption. The Company has its own Over the Top (OTT) Video on Demand Streaming Platform and a “App” via Advertiser Video on Demand and Subscription Video on Demand (AVOD/SVOD) and utilizes revenue sharing integration of third-party feature films distribution and sales and is viewable on various media devices. The company is currently integrating both its own and aggregated feature films and its own projects in development and other media intellectual properties. The Movie Studio is a disruptor from traditional media content delivery systems with its digital business model of motion picture distribution, and the company currently utilizes a block chain platform of its content with geo-fractured territories for worldwide distribution.

The Company operates using a production and growth-by-acquisition strategy that includes:

The ability to upgrade legacy and acquired films and remonetizing with bundling "New" film content on our own OTT platform and Streaming Platform and popular AVOD/SVOD streaming platforms across the internet.

Strategic Partnerships and media content alignment with other OTT platforms and cross-collateralization of leverageable media assets for worldwide distribution.

Producing micro-budget motion picture content with substantial production value utilizing innovative technology and the company's extensive legacy resources and unique production process, thereby significantly reducing capital expenditures while allowing for the potential of significant return on investment (ROI) with one successful production.

Revenue Sharing of Feature Film/Libraries on AVOD Streaming Platforms.

Controlling motion picture revenue streams and limiting pirated territories through server-driven geo-fracturing global territories using block chain technology and its own OTT APP platform.

In 2021 and 2022 even with the majority of our time defending its Corporate Actions and methods, The Movie Studio, Inc. completed significant Corporate Actions and established what management believes to be a potentially significant motion picture brand **THE MOVIE STUDIO ®**.

THE BRAND

The Movie Studio Received the Registered Trademark Reg. No. 6,524,870 on Oct. 19, 2021

Int. Cl.: 41 Registered Service Mark consists of the words "THE MOVIE STUDIO" such that the letter "O" in "MOVIE" is a stylized camera aperture. CLASS 41: Provision of non-downloadable films and movies via a video-on-demand service; Providing a website featuring non-downloadable videos in the fields of action adventure, animation, anime, biography, classics, comedy, crime, documentary, drama, faith, family, fantasy, film-noir, history, horror, international, musical, mystery, romance, science fiction, sports, thrillers, war, and westerns; Production and distribution of television shows and movies; Entertainment services in the nature of development, creation, production, distribution, and post-production of motion picture films, and television shows FIRST USE 12-28-2011; IN COMMERCE 12-28-2011 No claim is made to the exclusive right to use the following apart from the mark as shown: "MOVIE STUDIO" SER. NO. 90-407,065, FILED 12-23-2020.

As of June 30th 2022, The Company currently owns, The Movie Studio (Logo ®) an OTT Video Streaming Platform, The Movie Studio and The Movie Studio "App" live in the Google Play and the Apple App themoviestudio.com, themoviestudio.net, themoviestudio.org, themoviestudiochannel.com, themoviestudio.tv, themoviestudio.ai. Store and numerous additional intellectual property URLs that vertically integrate with the Companies ® trademark brand.

THE APP-OTT PLATFORM

The company has successfully launched its Streaming Video Platform "The Movie Studio App" on Google Play and the App Store, enabling users to both view the company's aggregated/content and potentially become part of it. The App has been completed and is "Advertiser Enabled" in its and is currently "Operative". The Companies "App" has a unique "Audition Submission" function, for members leveraging the Company's "Watch Our Movies, Be in Our Movies!" content platform and aligned with our "Everyone's a Star" marketing strategy when initiated, which will be marketed via social media. Using the APP, member subscribers can upload a video audition submission that showcases them reading character dialog. Audition submissions will then be reviewed by producers for possible participation of the auditionee for upcoming feature films. The Companies "App" initiative was disrupted on August 13, 2021 as a result of the SEC Complaint disrupting the addition of 4701 Movies by the Companies "Film-Hub 2020 Strategic Partnership Agreement" that were being placed onto the App on August 11, 2021 and the agreement was subsequently cancelled on August 18, 2022 and resulted in the "removal of 100's of Film-Hub titles as a result of the Complaint and totaling 5000 thousand movies severely disrupting the Companies marketing and revenue launch initiative.

The Company currently maintains hundreds of movies on the App as a result of the Adler and Associates July 15, 2021, Strategic Partnership and Revenue Share Agreement and the Companies OTT Platform and App could potentially reassimilate the Film Hub Strategic Partnership and Revenue Agreements or with new third party and film library associations upon a successful resolution of the SEC Complaint.

The Audition Submission function provides the member subscriber the ability to disrupt traditional motion picture casting and management, enabling access to potentially participate in The Movie Studio's independent motion picture and media content. Also, for the company this significantly reduces capital expenditures associated with traditional Agent and Management mechanisms. The Movie Studio's unique business model capitalizes on the global demand for film content through the production and distribution of its own films as well as third party revenue share while also providing opportunities for direct viewer involvement in its content. As a result, the SEC Complaint has severely disrupted the Companies marketing initiative of the App and the "App is currently "Offline" prohibiting the Company from enter into third party revenue sharing agreements.

The Company was planning on utilizing a marketing campaign to promote "The Movie Studio APP" prior to the current consolidation of operations with the first initiative could provide the generation of market excitement utilizing a network of social media influencers and the Companies eight (8) completed App ads and targeting, Facebook, Instagram, Tik-Tok, Hulu and YouTube to air the ads. The goal was to introduce the App to a cross demographic collective reach over the next 12 months with an "FREE" install AVOD/SVOD App and a member subscription base of 500,000 users. The Company intended to integrate approximately 12 minutes of advertising per hour eventually including 2 minutes advertising of the Company's App using our App ads. A May 29, 2019 variety.com article states 70% of Hulu users choose the ad-supported plan. On July 13th 2022 Netflix announced they are initiating an AVOD option to their Streaming Platform services Netflix and Paramount and Hulu currently command the 3.5 billion Dollar annual AVOD industry. <https://www.fiercevideo.com/video/hulu-paramount-lead-35b-avod-revenue-over-past-year>

Previously, The Movie Studio announced it is producing three upcoming feature films, "CAUSE AND EFFECT, now RETRIBUTION" "THE LAST WARHEAD" and "PEGASUS" - all with completed Electronic Press Kits (EPK) pitch decks and fully produced motion picture-quality trailers ready for talent, distribution, and production financial integration. The Company has previously been successful in producing, casting, and distributing its films on major AVOD/SVOD platforms including Comcast, Tubi and Amazon however, The Movie Studio with sufficient financing, could potentially integrate recognizable stars and/or Social Media Influencers (SMI) into the productions at substantial value propositions either pre or post-completion and then integrate talent into a new or re-edited feature film of the intellectual property using the Company's unique "Moviesode" production process. The Movie Studio has monetized film assets on Amazon, tubi tv, Comcast and Showtime platforms. The Company's proposed media player server-based model will provide licensing payment from global territories without third-party distribution fees, which have traditionally been as high as 35% and previously was paying only a 10% distribution fee without exclusive licensing using block chain technology.

On February 3rd, 2022, The Company entered into a Strategic Partnership Agreement with Entertainment Artist LLC. a development stage Company regarding potential future vertical integration opportunities.

MOTION PICTURE PRODUCTION

RETRIBUTION - Status-Completed

The Movie Studio, Inc. completed the movie RETRIBUTION "It's Never Over" in May of 2022 utilizing the Company's "Moviesode" business model and substantially minimizing Capital Expenditures (CAP X) usually associated with linear feature film production and is now available on our APP for free with AVOD (Advertiser Video on Demand) inserted in the movie and is ready for worldwide territory licensing as well as on other streaming platforms. The Company believes the movies production value is substantial in relation to the minimum Cap X invested in the movie compared to traditional motion picture production value standards and believes that the movie could reach reasonable market Appeal in the AVOD sector and worldwide foreign licensing and potentially open the door with distributors for further business associations utilizing our "Moviesode" production process for Negative Pick-up financing although even Major Motion Pictures using traditional motion picture processes can have numerous factors of developing motion picture properties resulting in their abandonment or failure to complete them entirely continues to be a market risk for the Company due to current under capitalization. The Company has already licensed RETRIBUTION to one Streaming Platform and intends to have the movie represented at the American Film Market (AFM) in Los Angeles on November 1-6th 2023.

THE LAST WARHEAD- Status-Consolidation

The Last Warhead" has a Completed Electronic Press Kit (EPK), pitch deck and fully produced motion picture-quality trailers and scenes ready for talent, distribution, and financial integration. The intellectual property/Project is in consolidation, although even Major Motion Pictures using traditional motion picture processes can have numerous factors of developing motion picture properties resulting in their abandonment or failure to complete them entirely continues to be a market risk for the Company due to current under capitalization.

PEGASUS- Status-Pre-Production

The Movie Studio on October 20, 2021 entered into a Deal Memo with Oscar Award Winning writer Ron Bass (RAINMAN) whose movies have grossed over two billion dollars at the Box Office. Subsequent to this, litigation was brought against the Company by Global Capital Group (“GCG”), who attempted to take control of the project after the SEC complaint.

On December 11, 2022, the Company settled this lawsuit against all defendants. As part of the settlement, defendant Global Capital Group (“GCG”) and the parties agreed that certain notes with the Company of \$75,000 and interest of \$9,617 (all totaling \$84,617) would be deemed paid, The Company recorded this as a gain on debt settlement. Defendants also agreed to pay the Company \$75,000 in three (3) equal installments due December 11, 2022, January 31, 2023, and February 28, 2023. All such payments have been made. The Company shall also receive 10% of the gross revenue paid or payable to GCG et. al. (the “Pegasus Defendants”) which was made directly or indirectly in connection with any transaction between any of the Pegasus Defendants and Ron Bass in connection to any screenplay or movie relating to Pegasus, including but not limited to a new movie entitled “Pegasus” written by Academy Award Winning Screenplay writer (RAINMAN) Ron Bass and owned by any of the Pegasus Defendants to the suit.

The Company is in pre-production and is in discussions to re-institute the motion picture intellectual property that was severely disrupted by the SEC Complaint with the above referenced participants and other third party interests.

The Company is working towards the development of other intellectual properties and Strategic Partnership associations and is working with a team of professionals to assist in protecting shareholder equity and residual value during the SEC litigation.

SEC complaint

The Company is in litigation with the Securities and Exchange Commission (“SEC”); see Note 4 below.

The company has lost significant headway and revenue potential because of the SEC’s complaint, but management has remained intact because the Company received overwhelming written majority shareholder support statements/affidavits for current management to remain.

Basis of Presentation

Management acknowledges its responsibility for the preparation of the accompanying unaudited financial statements which reflect all adjustments, consisting of normal recurring adjustments, considered necessary in its opinion for a fair statement of its financial position and the results of its operations for the periods presented.

The accompanying unaudited financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America (the "U.S. GAAP").

Operating results for interim periods are not necessarily indicative of results that may be expected for the fiscal year as a whole. Certain information and note disclosure normally included in financial statements prepared in accordance with U.S. GAAP has been condensed or omitted from these statements pursuant to such accounting principles and, accordingly, they do not include all the information and notes necessary for comprehensive financial statements.

Founded in 1961 and formerly known as Destination Television, Inc., the company changed its name to The Movie Studio, Inc. in November 2012. The Movie Studio is headquartered in Fort Lauderdale, Florida.

The Company's fiscal year end is June 30.

Liquidity, Going Concern and Management's Plans

These financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the settlement of liabilities and commitments in the normal course of business.

As reflected in the accompanying unaudited financial statements, for the year ended June 30, 2024, the Company had:

- Net loss of \$814,019; and
- Net cash used in operations was \$111,583.

Additionally, At June 30, 2024, the Company had:

- Accumulated deficit of \$15,264,232; and
- Stockholders' deficit of \$2,314,755; and
- Working capital deficit of \$2,314,755.

The Company had cash on hand of \$7,947 at June 30,, 2024. Although the Company intends to raise additional debt, the Company expects to continue to incur significant losses from

operations and have negative cash flows from operating activities in the near term. These losses could be significant as revenues ramp up along with continuing expenses related to compensation, professional fees, development and regulatory are incurred.

The Company has incurred significant losses since its inception and has not demonstrated an ability to generate sufficient revenues from the sales of its products and services to achieve profitable operations. There can be no assurance that profitable operations will ever be achieved, or if achieved, could be sustained on a continuing basis. In making this assessment we performed an analysis of our current circumstances including: our financial position, cash flows and cash usage forecasts as well as our current capital structure including equity-based instruments and our obligations and debts.

During the year ended June 30, 2024, the Company has satisfied its obligations from operating cash flows as well as the issuance of a loan payable and convertible notes payable for \$92,500 (see Notes 3); however, there is no assurance that such successful efforts will continue during the twelve months subsequent to the date these financial statements are issued.

If the Company does not obtain additional capital, the Company will be required to reduce the scope of its business development activities or cease operations. The Company continues to explore obtaining additional capital financing and the Company is closely monitoring its cash balances, cash needs, and operating expense levels.

These factors create substantial doubt about the Company's ability to continue as a going concern within the twelve-month period subsequent to the date that these financial statements are issued. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern. Accordingly, the financial statements have been prepared on a basis that assumes the Company will continue as a going concern and which contemplates the realization of assets and satisfaction of liabilities and commitments in the ordinary course of business.

Management's strategic plans include the following:

- Pursuing additional capital raising opportunities,
- Continuing to explore and execute prospective partnering or distribution opportunities; and
- Identifying unique market opportunities that represent potential positive short-term cash flow.

Note 2 - Summary of Significant Accounting Policies

Use of Estimates

Preparing financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the

disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reported period. Actual results could differ from those estimates, and those estimates may be material.

Customers in the United States accounted for 100% of our revenues. We do not have any property or equipment outside of the United States.

Fair Value of Financial Instruments

The Company accounts for financial instruments under Financial Accounting Standards Board ("FASB") ASC 820, *Fair Value Measurements*. ASC 820 provides a framework for measuring fair value and requires disclosures regarding fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, based on the Company's principal or, in absence of a principal, most advantageous market for the specific asset or liability.

The Company uses a three-tier fair value hierarchy to classify and disclose all assets and liabilities measured at fair value on a recurring basis, as well as assets and liabilities measured at fair value on a non-recurring basis, in periods subsequent to their initial measurement. The hierarchy requires the Company to use observable inputs when available, and to minimize the use of unobservable inputs, when determining fair value.

The three tiers are defined as follows:

- Level 1—Observable inputs that reflect quoted market prices (unadjusted) for identical assets or liabilities in active markets;
- Level 2—Observable inputs other than quoted prices in active markets that are observable either directly or indirectly in the marketplace for identical or similar assets and liabilities; and
- Level 3—Unobservable inputs that are supported by little or no market data, which require the Company to develop its own assumptions.

See Note 3 for level 3 disclosure related to derivative liabilities.

The determination of fair value and the assessment of a measurement's placement within the hierarchy requires judgment. Level 3 valuations often involve a higher degree of judgment and complexity. Level 3 valuations may require the use of various cost, market, or income valuation methodologies applied to unobservable management estimates and assumptions. Management's assumptions could vary depending on the asset or liability valued and the valuation method used. Such assumptions could include estimates of prices, earnings, costs, actions of market participants, market factors, or the weighting of various valuation methods. The Company may also engage external advisors to assist us in determining fair value, as appropriate.

Although the Company believes that the recorded fair value of our financial instruments is appropriate, these fair values may not be indicative of net realizable value or reflective of future fair values.

The Company's financial instruments, including cash, accounts payable and accrued expenses, accrued salary – related party and convertible note payable, are carried at historical cost. At June 30, 2024 the carrying amounts of these instruments approximated their fair values because of their short-term nature.

ASC 825-10 "*Financial Instruments*" allows entities to voluntarily choose to measure certain financial assets and liabilities at fair value ("fair value option"). The fair value option may be elected on an instrument-by-instrument basis and is irrevocable unless a new election date occurs. If the fair value option is elected for an instrument, unrealized gains and losses for that instrument should be reported in earnings at each subsequent reporting date. The Company did not elect to apply the fair value option to any outstanding financial instruments.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Company considers all highly liquid instruments with a maturity of three months or less at the purchase date and money market accounts to be cash equivalents.

At June 30, 2024 the Company had no cash equivalents.

Derivative Liabilities

The Company analyzes all financial instruments with features of both liabilities and equity under FASB ASC Topic No. 480, ("ASC 480"), "*Distinguishing Liabilities from Equity*" and FASB ASC Topic No. 815, ("ASC 815") "*Derivatives and Hedging*". Derivative liabilities are adjusted to reflect fair value at each period end, with any increase or decrease in the fair value being recorded in results of operations as adjustments to fair value of derivatives. The Company uses a binomial model to determine fair value.

Upon conversion, exercise or repayment, the respective derivative liability is marked to fair value at the conversion, repayment, or exercise date and then the related fair value amount is reclassified to other income or expense as part of gain or loss on debt extinguishment recognized in the Company's Consolidated Statements of Operations.

The Company has adopted ASU 2017-11, "*Earnings per share (Topic 260)*", provided that when determining whether certain financial instruments should be classified as liability or equity instruments, a down round feature no longer precludes equity classification when assessing whether the instrument is indexed to an entity's own stock. If a down round feature on the conversion option embedded in the note is triggered, the Company will

evaluate whether a beneficial conversion feature exists, the Company will record the amount as a debt discount and will amortize it over the remaining term of the debt.

If the down round feature in the warrants that are classified as equity is triggered, the Company will recognize the effect of the down round as a deemed dividend, which will reduce the income available to common stockholders.

Debt Discount

Debt discount is amortized to interest expense in the consolidated statements of operations, over the life of the underlying debt instrument.

Revenue Recognition

Pursuant to ASC 606, we recognize revenue to depict the transfer of goods or services to customers in amounts that reflect the consideration or payment the Company expects to be entitled to receive in exchange for those goods or services. Our revenue is recognized by applying the following five steps: 1) identify the contracts with a customer; 2) identify the performance obligations in the contract; 3) determine the transaction price; 4) allocate the transaction price to the performance obligations; and 5) recognize revenue when (or as) we satisfy a performance obligation.

The Company recognizes revenues from the sale of month to month and annual subscription plans for access to its movie and film library. The customer can switch plans or cancel anytime. The Company's revenues for the year ended June 30, 2024 and 2023 were insignificant.

We apply judgment in determining the customer's ability and intention to pay, which is based on a variety of factors including the customer's historical payment experience or, in the case of a new customer, published credit or financial information pertaining to the customer. If a contract includes multiple promised goods or services, we apply judgment to determine whether the promised goods or services are capable of being distinct and are distinct within the context of the contract. If these criteria are not met, the promised goods or services are accounted for as a combined performance obligation. We determine the transaction price based on the consideration which we will be entitled to receive in exchange for transferring goods or services to our customer. We recognize revenue at the time that the related performance obligation is satisfied by transferring the promised goods or services to our customer.

Income Taxes

The Company accounts for income tax using the asset and liability method prescribed by ASC 740, *"Income Taxes"*. Under this method, deferred tax assets and liabilities are determined based on the difference between the financial reporting and tax bases of assets and liabilities using enacted tax rates that will be in effect in the year in which the differences are expected

to reverse. The Company records a valuation allowance to offset deferred tax assets if based on the weight of available evidence, it is more-likely-than-not that some portion, or all, of the deferred tax assets will not be realized. The effect on deferred taxes of a change in tax rates is recognized as income or loss in the period that includes the enactment date.

The Company follows the accounting guidance for uncertainty in income taxes using the provisions of ASC 740 "Income Taxes". Using that guidance, tax positions initially need to be recognized in the financial statements when it is more likely than not the position will be sustained upon examination by the tax authorities. As of June 30, 2023 and 2022, the Company had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

The Company recognizes interest and penalties related to uncertain income tax positions in other expenses. No interest and penalties related to uncertain income tax positions were recorded for the year ended June 30, 2024 and 2023, respectively.

For the year ended June 30, 2024 and 2023, the Company had a net operating loss "NOL" carryforward to offset net income in futures years. There can be no certainty, however, that the Company will be able to use its NOL carryforward.

Advertising Costs

Advertising costs are expensed as incurred. Advertising costs are included as a component of general and administrative expenses in the consolidated statements of operations.

The Company recognized no marketing and advertising costs during the year ended June 30, 2024 and 2023, respectively.

Stock-Based Compensation

We account for our stock-based compensation under ASC 718 "*Compensation – Stock Compensation*" using the fair value-based method. Under this method, compensation cost is measured at the grant date based on the value of the award and is recognized over the service period, which is usually the vesting period. This guidance establishes standards for the accounting for transactions in which an entity exchanges its equity instruments for goods or services. It also addresses transactions in which an entity incurs liabilities in exchange for goods or services that are based on the fair value of the entity's equity instruments or that may be settled by the issuance of those equity instruments.

We use the fair value method for equity instruments granted to non-employees and use the Black-Scholes model for measuring the fair value of options. The stock based fair value compensation is determined as of the date of the grant or the date at which the performance of the services is completed (measurement date) and is recognized over the vesting periods.

When determining fair value, the Company considers the following assumptions in the Black-Scholes model:

- Exercise price,
- Expected dividends,
- Expected volatility,
- Risk-free interest rate; and
- Expected life of option

In June 2018, the FASB issued ASU No. 2018-07, *"Compensation - Stock Compensation (Topic 718): Improvements to Nonemployee Share-Based Payment Accounting."* ASU No 2018-07 expands the scope of Topic 718 to include share-based payment transactions for acquiring goods and services from non-employees. The guidance also specifies that Topic 718 applies to all share-based payment transactions in which a grantor acquires goods or services to be used or consumed in a grantor's own operations by issuing share-based payment awards. This guidance is effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years.

Early adoption is permitted, but no earlier than an entity's adoption date of Topic 606. This guidance is applicable to the Company's fiscal year beginning July 1, 2018. The company's adoption of this implementation did not have a material effect on its financial statements.

Common Stock Awards

The Company may grant common stock awards in exchange for services provided. The Company measures the fair value of these awards using the fair value of the services provided or the fair value of the awards granted, whichever is more reliably measurable. The fair value measurement date of these awards is generally the date the performance of services is complete. The fair value of the awards is recognized on a straight-line basis as services are rendered. The share-based payments related to common stock awards for the settlement of services provided by non-employees is recorded in accordance with ASU 2018-07 (June 2018) on the statement of operations in the same manner and charged to the same account as if such settlements had been made in cash.

Basic and Diluted Earnings (Loss) per Share

Pursuant to ASC 260-10-45, basic loss per common share is computed by dividing net loss by the weighted average number of shares of common stock outstanding for the periods presented. Diluted loss per share is computed by dividing net loss by the weighted average number of shares of common stock, common stock equivalents and potentially dilutive securities outstanding during the period. Potentially dilutive common shares may consist of common stock issuable for stock options and warrants (using the treasury stock method), convertible notes and common stock issuable. These common stock equivalents may be dilutive in the future.

The following potentially dilutive equity securities outstanding as of the year ended June 30, 2024 and 2023, respectively, were not included in the computation of diluted loss per common share because the effect would have been anti-dilutive:

	<u>June 30, 2024</u>	<u>June 30, 2023</u>
Convertible notes and accrued interest (exercise price \$0.0008 - \$0.0010/share)	<u>1,051,912,714</u>	<u>561,140,081</u>
Total common stock equivalents	<u><u>1,051,912,714</u></u>	<u><u>561,140,081</u></u>

The Company's convertible notes contain an exercise price that has a discount to market (See Note 3). As a result, the amount computed for common stock equivalents could change given the quoted closing trading price at each reporting period.

Based on the common stock equivalents noted above, the Company has sufficient authorized shares of common stock (5,500,000,000) to settle any potential conversions of its common stock equivalents.

Related Parties

Parties are considered to be related to the Company if the parties, directly or indirectly, through one or more intermediaries, control, are controlled by, or are under common control with the Company. Related parties also include principal owners of the Company, its management, members of the immediate families of principal owners of the Company and its management and other parties with which the Company may deal with if one party controls or can significantly influence the management or operating policies of the other to an extent that one of the transacting parties might be prevented from fully pursuing its own separate interests.

Recent Accounting Standards

There were no new accounting standards adopted that had an impact on the Company's financial statements during the year ended June 30, 2024..

Note 3 - Convertible Notes Payable and Derivative Liabilities

Issuance of Convertible Note

At June 30, 2024 and 2023, the Company had 15 and 11 outstanding convertible notes, respectively.

During the year ended June 30, 2024 and 2023, respectively, the Company recorded interest expense of \$58,220 and \$58,056, respectively.

Derivative Liability

All of the above convertible notes contain an embedded conversion option with a conversion price that could result in issuing an undeterminable amount of future common stock to settle the host contract. Accordingly, the embedded conversion option is required to be bifurcated from the host instrument (convertible note) and treated as a liability, which is calculated at fair value, and marked to market at each reporting period.

The Company used the binomial pricing model to estimate the fair value of its embedded conversion option liabilities.

A reconciliation of the beginning and ending balances for the derivative liability measured at fair value on a recurring basis using significant unobservable inputs (Level 3) is as follows for year ended June 30, 2024:

The Company evaluates its financial assets and liabilities subject to fair value measurements on a recurring basis to determine the appropriate level in which to classify them for each reporting period. This determination requires significant judgments to be made. Liabilities measured at fair value on a recurring basis consisted of the following at June 30, 2024 and 2023, respectively:

Note 4 – Legal Proceedings

SEC vs. The Movie Studio, Inc. and Gordon Scott Venters- Status-Litigation

On August 13th 2021, The Securities and Exchange Commission filed a civil complaint against the Company and its Principal Gordon Scott Venters. [Click here](#) to see a copy of the complaint and all other related court filings.

The Company and Mr. Venters deny all of the plaintiff's allegations. The Company and Mr. Venters deny the allegations. and is confident it can physically prove that the Complaint is riddled with inaccuracies and inconsistencies. The Company has used best efforts unsuccessfully to remedy the allegations in the best interest of Shareholders equity and residual value as the Complaint has currently consolidated the Companies revenue launch initiative of multiple potential revenue streams and business operations.

The Company and its principal answered the Complaint on April 11, 2022, and filed a Motion to Dismiss, which exceeded forty pages in length. The Company was later notified that it must change the response to forty pages or less, and therefore asked the court to allow the Company to exceed the page limit imposed under local rule 7.1(c)(2). On April 3, 2023, the court denied the Company's motion and instructed the Company and its principal to file a joint amended motion to dismiss or alternatively a motion for a more definite statement or a motion to strike the SEC's complaint.

See Subsequent Events below.

Paul James Holdings, LLC ("PJH") vs. The Movie Studio, Inc. and Gordon Scott Venters-Status - Litigation

As a result of the SEC Complaint, the Company has been unable to secure Counsel to issue an opinion letter regarding PJH's convertible notes, which were issued under SEC provision 4-A-2. Therefore, on February 7th, 2022, PJH notified the Company of its intent to not convert their two Convertible Notes (dated February 8th and February 11th 2021) totaling \$75,000.

The Company subsequently received a Demand Notice from PJH on March 15th 2022 notifying the Company of request for repayment and non-conversion of the note provision.

The Company and its principal received service of a Complaint Case Number 2022-013921-CA-01 on August 30th 2022 and an extension to answer the Complaint until October 15th 2022. [Click Here](#) to see a copy of the complaint and all other related court filings.

On February 21, 2023, the court granted the Company's previously filed motion to dismiss and gave PJH 30 days to amend the complaint. PJH did not amend the complaint, but rather filed a motion to vacate the order to dismiss the complaint; the court granted PJH's motion.

On March 23, 2023, the court granted PJH's order to extend time to refile the complaint, giving PJP Holdings until April 22, 2023. To date, no such filing has been entered by PJP Holdings.

On August 29, 2023 PJH amended their complaint against the company and its principle, and the Company has filed a request for an extension to file its answer.

On September 9th 2023 The Movie Studio answered its Affirmative Defenses with Plaintiff, and the Plaintiff has requested to set a hearing in November for their clients Motion to Strike the Movie Studio's Affirmative Defenses and our Motion for Summary Judgment on Counts in November and currently no date has been confirmed by counsel.

On January 9, 2024, PJH received a summary judgement and a writ for The Movie Studio, Inc. "A Florida Corporation" in the sum of \$100,095.20 with interest accruing at the statutory rate pursuant to §55.03(1), Fla. Stat, as adjusted per quarter, from January 9, 2024 until paid and to have this writ before the Court when satisfied.

On March 11, 2024, the Company filed a second amended answer and affirmative defenses to Amended Complaint to have the entire case involuntarily dismissed due to plaintiffs error in suing the wrong party. PJH sued and was given a judgement against The Movie Studio (Florida) a subsidiary of The Movie Studio (Delaware). The note agreement between the parties was with the Delaware corporation; The Movie Studio (Florida) issued no notes and was never a party to any agreement(s) with PJH.

Nevertheless, the Company and principal acknowledge the existence of the issuance of the February 8th and 11th 2021 Convertible Notes and vehemently deny the allegations in the Complaint and "mirrored" elements of the SEC Complaint and is riddled with inaccuracies and inconsistencies and references individuals and alleged actions cited that were not associated or involved with the Company or its principal at the time of the issuance of the Notes."

The Complaint is scheduled for an Evidentiary hearing October 29th 2024.

Note 5 - Commitments

Employment Agreements

Gordon Scott Venter's is employed as the Company's president and chief executive officer pursuant to an employment agreement since inception November 1st, 2004. The employment agreement, which has been extended to date, provides for an annual salary of \$133,000 with annual increases of a minimum of 5% per year, and participation in incentive or bonus plans at the discretion of the board of directors. To date Mr. Venters has not received any annual increases of 5%. The agreement additionally provides for certain confidentiality and non-competition provisions and a minimum payment of 18 months in the event of a change of control or termination without cause, or if the employee terminates for good reason.
