e. Financial Notes

1.0 NOTE 1-OVERVIEW

1.1 Liquidity

The accompanying unaudited consolidated financial statements have been prepared assuming that the Company will continue as a going concern. This contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The company change management as of July 7, 2016, after the death of the old CEO Tom Makmann. The new CEO Kate Bahnsen sold the furniture and collected the account receivable making a sum of \$174,617 to pay the liabilities \$227,002 reducing the liability to only \$52,835. That liability was settled to \$0 in 2018.

In March 31, 2022 the CEO cancel all the debt owed to management for salaries not paid and payment to transfer agent for a total of \$199,051 plus the loss of 221 of the company for a total of \$23,153. The company has only a debt to the transfer agent for a total of \$28,880 that was paid of the first quarter of 2022. Current debit is \$9,112 is due to QEDN for managing Energy Today.

Any of the following factors could result in insufficient capital to fund the Company's operations for a period significantly shorter than twelve months:

- if the Company's capital requirements or cash flow vary materially from its current projections.
- if the Company is unable to timely raise capital for the requirements of its joint venture agreements and to cover its operating expenses; or
- if other unforeseen circumstances occur.

The Company's inability to fund its operations may require the Company to substantially curtail its business activities. These factors, among others, raise substantial doubt about the Company's ability to continue as a going concern. The Company's plans for correcting these deficiencies include ongoing efforts to raise new capital and negotiating suitable repayment terms for outstanding obligations. The unaudited consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the inability of the Company to continue as a going concern.

1.2 NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1.2.1 Basis of Presentation

The accompanying unaudited consolidated financial statements of Energy Today (NRGT) have been prepared in conformity with accounting principles regarding interim financial reporting. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for annual financial statements and should be read in conjunction with the unaudited consolidated financial statements previously reported by the Company. In the opinion of management, the accompanying unaudited financial statements contain most all adjustments, consisting only of adjustments of a normal recurring nature, necessary for a fair presentation of the Company's financial position as of December 31, 2018, and its results of operations for the periods presented. These unaudited consolidated financial statements are not necessarily indicative of results to be expected for future periods. The company is currently register in Texas. 1.2.2 Critical Accounting Policies and Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ materially from those estimates and assumptions. Certain amounts from prior periods have been reclassified to conform with current period presentation.

1.2.3 Cash and Cash Equivalents

The Company considers all cash and investments with original maturities of three months or less to be cash equivalents.

1.2.4 Property and Equipment

Property and equipment are stated at cost less accumulated depreciation. Expenditures for minor replacements, maintenance and repairs which do not increase the useful lives of the property and equipment are charged to operations as incurred. Major additions and improvements are capitalized. Depreciation and amortization are computed using the straight-line method over estimated useful lives of 5 years.

1.2.5 Intangible Assets

In accordance with ASC subtopic 350-10, Intangibles, Goodwill and Others, the goodwill impairment analysis compares the fair value of each reporting unit to its carrying value, including goodwill. The Company evaluates the remaining useful life of an intangible asset that is being amortized each reporting period to determine whether events and circumstances warrant a revision to the remaining period of amortization, and as such all Goodwill was written off in this accounting period.

1.2.6 Accounting for the Impairment of Long-Lived Assets

No Long-lived assets.

1.2.7 Advertising

The Company charges advertising costs to expense as incurred. There were no advertising expenses for the twelve months' periods ending September 30, 2024.

1.2.8 Concentrations of Risk

Credit losses, if any, have been provided for in the financial statements and are based on management's expectations. The Company does not believe that it is subject to any unusual risks or significant risks in the normal course of its business.

1.2.9 Revenue Recognition

We recognize revenue in accordance with Staff Accounting Bulletin ("SAB") No. 104, Revenue Recognition, Corrected Copy. Under SAB No. 104, revenue is recognized when persuasive evidence of an arrangement exists, delivery has occurred or services have been rendered, the seller's price to the buyer is fixed or determinable, and collectability is reasonably assured. Revenue is recognized net of sales tax. We apply the specific provisions of SFAS No. 48, Revenue Recognition when Right of Return Exists. Under SFAS No. 48, product revenue is recorded at the transfer of title to the products to a customer, net of estimated allowances and returns and sales incentives. Transfer of title occurs and risk of ownership passes to a customer at the time of acceptance by the customer, depending on the terms of our agreement with a particular customer. For transactions not satisfying the conditions for revenue recognition under SFAS No. 48, product revenue is deferred until the conditions are met, net of an estimate for cost of sales.

1.2.10 Income Taxes

The Company accounts for income taxes under ASC topic 740, Income Taxes, ASC topic 740 defines an asset and liability approach that requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been recognized in the Company's financial statements or tax returns. ASC topic 740 further requires that a tax position must be more likely than not to be sustained before being recognized in the financial statements, as well as the accrual of interest and penalties as applicable on unrecognized tax positions. Deferred income taxes are recognized for the tax consequences in future years of differences between the tax basis of assets and liabilities and their financial reporting amounts at each period end, based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized. The provision for income taxes represents the tax payable for the period, if any, and the change during the period in deferred tax assets and liabilities.

1.2.11 Litigation and Other Contingencies

The Company discloses material contingencies deemed to be reasonably possible and accrues loss contingencies when, in consultation with legal advisors, the Company concludes that a loss is probable

and reasonably estimable. The ability to predict the ultimate outcome of such matters involves judgments, estimates and inherent uncertainties. The actual outcome of such matters could differ materially from management's estimates.

1.2.11 Computation of Net Loss (Loss) Per Common Share.

The Company calculates income/loss per share in accordance with FASB ASC topic 260, Earnings Per Share. Basic income/loss per share is computed by dividing the net income/loss available to common shareholders by the weighted-average number of common shares outstanding. Diluted income/loss per share is computed similar to basic loss per share, except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive.

2 NOTE 2 – FAIR VALUE MEASUREMENTS

The Company's financial assets that are measured on a recurring basis at fair value.

2.1 Level 1.

The Company utilizes the market approach to determine the fair value of its assets and liabilities under Level 1 of the fair value hierarchy. The market approach pertains to transactions in active markets involving identical or comparable assets or liabilities.

2.2 Level 2.

The fair values determined through Level 2 of the fair value hierarchy are derived principally from or corroborated by observable market data. Inputs include quoted prices for similar assets, liabilities (risk adjusted), and market-corroborated inputs, such as market comparable, interest rates, yield curves, and other items that allow value to be determined.

2.3 Level 3.

The fair values determined through Level 3 of the fair value hierarchy are derived principally from unobservable inputs to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset (or similar assets) at the measurement date. As of December 31, 2020, no fair value measurements for assets or liabilities under Level 3 were recognized in the Company's consolidated financial statements. There were no changes in the Company's valuation techniques during the twelve months ending December 31, 2020. The Company is not exposed to changes in interest rates which could result in cash flow risks.

4. NOTE 4 – INTANGIBLE ASSETS

Yellow7, Inc. (the “Company” or “Yellow7”) is an operating company. The Company was organized as a limited liability company on February 26, 2007 under the laws of the state of Texas. On July 13, 2010, the Company converted to a corporation in the same jurisdiction.

We initially began operations in 1998 as a creative advertising outlet by assisting Dallas-area advertising agencies to develop and execute online marketing strategies. Yellow7 developed its own brand and customer base while maintaining key relationships with several local, regional and national public relations and advertising firms. In 2006, we re-branded as Yellow7 interactive and operated as a full service interactive marketing agency. Previously outsourced services were now being handled in-house which was more efficient and less costly.

As the web has developed, so too has our business model. What began as a creative-only firm has expanded into nearly all aspects of online marketing and advertising. Our client services include website design, development, maintenance services, search engine optimization (seo / sem), paid search marketing (ppc), social media advertising, branding, email marketing, banner/rich media advertising, media planning/buying, video, web application development, mobile design/development, mobile application development, ecommerce and other related services. We intend to continue developing real solutions for our clients while focusing primarily on online advertising methods. Our primary objective is to grow our core competencies while expanding into new industry related opportunities.

The principal executive offices was located at 104 Hardwicke Lane, Little Elm, TX 75068 and our telephone number is (972) 731-6720.
