

Birchtech Strengthens Water Treatment Commercialization Team with Strategic Leadership Appointments

Bolstered Leadership Team to Secure Company's Market Position & Partnerships Leveraging Innovative Analytical Services & Water Treatment Solutions

CORSICANA, Texas, June 09, 2025 -- Birchtech Corp. (TSX: BCHT) (OTCQB: BCHT) ("Birchtech" or the "Company"), a leader in specialty activated carbon technologies for sustainable air and water treatment, today announced the appointment of Dr. David Mazyck as the Executive Director of Innovation and Commercialization as well as Christopher Rinaldi as Director of Strategic Operations, effective immediately.

Dr. Mazyck will continue to oversee Birchtech's technology development for water treatment and will concurrently direct the commercialization activities for the Company's water business. The announcement of Dr. Mazyck falls during the Company's exhibition at the American Water Works Association (AWWA) annual "ACE" Conference in Booth 4114 through June 11, 2025, in Denver, Colorado.

An active AWWA member, Christopher Rinaldi brings over 30 years of executive experience within the water treatment sector across North America and, most recently, as President & CEO of the North American Filtration where he oversaw seven major entities under the NAF umbrella located across the NE and SE. Rinaldi's role at Birchtech is focused on securing strategic partnerships for the Company's sustainable, highly effective water treatment solutions and activated carbon technologies that address crucial challenges faced by various industries and municipalities.

Birchtech CEO Richard MacPherson stated: "We have arrived at a pivotal stage in our technology development. Revenues in our water treatment business are expected to grow significantly in the last half of this year from not only our Design Center testing services, but in-market sale of granular activated carbon for water treatment applications. Dr. Mazyck's expanded role further reinforces his important position both in the industry and in our company. Taken together, Dr. Mazyck's unique expertise and Mr. Rinaldi's deep industry knowledge, combined with our existing robust commercial team, will help to strengthen our future prospects as we secure our market position in the water sector."

Birchtech will exhibit at ACE25 in Booth 4114 supported by Dennis Baranik, Director of National Sales, Isaac Post, Business Development Manager, and Lindsey Zachow, Operations and Commercial Development. Alongside Dr. David Mazyck and Christopher Rinaldi, additional Management attendees at this year's ACE Conference include John Pavlish, Chief Technology Officer, Dr. Nicholas Lentz, Birchtech's RRSCT Design Center and Technical Field Manager, and Stacey Hyatt, Corporate Communications Manager.

Inquiries into Birchtech's services and water treatment solutions can be received at <u>sales@birchtech.com</u>, as well as meeting requests with Birchtech's sales team at the AWWA ACE in Denver, June 8-11.
