This transaction was structured as a **triangular merger under Section 251(G) of the Delaware General Corporation Law**, which resulted in:

- The merger of XCPCNL Business Services Corporation into XCPCNL Industries, Inc.
- The creation of **Core Solve Corp.** as the successor public holding company
- **The discharge of all outstanding liabilities and legacy debt instruments** of the predecessor entity, with no assumption by Core Solve Corp.

Accordingly, there are **no outstanding promissory notes, convertible notes, or debt instruments** that may be converted into equity securities of the issuer as of March 31, 2025.

<sup>6</sup> The total number of shares that can be issued upon full conversion of the Outstanding Balance. The number should not factor any "blockers" or limitations on the percentage of outstanding shares that can be owned by the Noteholder at a particular time. For purposes of this calculation, please use the current market pricing (e.g. most recent closing price, bid, etc.) of the security if conversion is based on a variable market rate.

#### 4) Issuer's Business, Products and Services

The purpose of this section is to provide a clear description of the issuer's current operations. Ensure that these descriptions are updated on the Company's Profile on [www.OTCMarkets.com](http://www.OTCMarkets.com).

A. Summarize the issuer's business operations (If the issuer does not have current operations, state "no operations")

As of the date of this filing, **Core Solve Corp.** is actively transitioning its operations following the completion of a **holding company reorganization and triangular merger** under Section 251(G) of the Delaware General Corporation Law, which became effective on **October 14, 2024**. Through this transaction, the predecessor entity, **XCPCNL Business Services Corporation**, merged into **XCPCNL Industries, Inc.**, and Core Solve Corp. became the new public holding company. As part of the reorganization, **all legacy liabilities and legacy contracts were extinguished**. The Company is now in a **clean operational state** with no outstanding debt or carryover obligations.

Previously:

- On **November 20, 2020**, the Company's former Chairman, President, CEO, CFO, and controlling shareholder, **Mr. Irving Boyes**, passed away from complications related to COVID-19. These roles were temporarily assumed by Gregory Boyes, the principal beneficiary of the 1721 Belvedere Trust.
- In **May and June 2021**, the Board of Directors initiated a restructuring process to **discontinue operations** related to employee staffing and leasing, which had suffered business loss due to the pandemic.
- On **October 1, 2021**, a change of control occurred through a **share purchase agreement** with **Colorado Distribution Group, LLC (CDG)**, a Colorado LLC wholly owned by **Timothy Matthews**, who is now the Company's

CEO. CDG acquired all Series A and B Preferred Shares and over 31 million shares of Common Stock. Simultaneously, all pre-existing assets and liabilities were spun out into a separate private entity.

Since that time, and reinforced through the 2024 reorganization, the Company has refocused its strategic efforts. **Core Solve Corp. is currently realigning operations to pursue opportunities in the marketing, technology, and enablement services sectors.**

B. List any subsidiaries, parent company, or affiliated companies.

The parent company is now **Core Solve Corp.**, formed on October 14, 2024, through a holding company reorganization under Delaware General Corporation Law Section 251(G). As a result of the merger, the issuer succeeded **XCPCNL Business Services Corporation** and does **not carry forward any of its predecessor's subsidiaries** or legacy liabilities. All former entities—such as American Trades Inc., Combined Payroll Inc., XCPCNL Maintenance LLC, etc.—were discontinued or excluded from the reorganization and are no longer operational components of the company.

C. Describe the issuers' principal products or services.

Core Solve Corp. is building a portfolio of industry-specific **AI-powered platform businesses**, with a focus on solving critical business challenges in high-growth, underserved markets. The Company's current product roadmap includes:

- **Intellivest AI** – A next-generation wealth management platform for RIAs and family offices, providing tools for alternative asset monetization, portfolio optimization, and multi-generational wealth planning.

Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

Ongoing Litigation:

During the 3rd Calendar quarter of 2018, the Company's third-party lender discontinued operations and left the Company without an outlet with which to monetize its accounts receivable on a demand basis. Accordingly, the Company, in an emergency, entered into various agreements with several Merchant Cash Advance (MCA) lenders to provide liquidity within its accounts receivable portfolio.

Due to various disputes related to these arrangements, the Company was sued for collection in various Courts in New York and various judgments were granted against the Company and its various operating subsidiaries. Due to the misapplication of Law, in management's opinion, certain bank accounts of the Company and its operating subsidiaries, which are domiciled and maintained in Texas, were frozen. The Company is vigorously defending itself against these actions.

On October 27, 2018, the Company countersued various MCA lender(s) in the State of New York alleging misapplication of law, criminal usury in the first degree, and violation of Civil Practice and Rules. The Company is seeking unspecified damages in this action.

On December 16, 2018, new legislation was introduced into the U. S. Senate that would ban the use of Confessions of Judgment in commercial transactions. The ultimate passage of this legislation and the potential impact on this situation is unknown.

As a result of these actions, the Company acquired new sources of funding to monetize its accounts receivables and granted the new funding source a first lien against all the Company's receivables to minimize any potential interruption in the Company's cash flow going forward.

Management is of the opinion that the Company and its various affected operating subsidiaries does not anticipate any material adverse impact on either its operations or financial condition as a result of these actions.

Note 1 - Description of Business

XCPCNL Business Services Corp. (the "Company" or "XCPL"), formerly Vital Products, Inc., a Delaware corporation formed on May 27, 2005, is a holding company headquartered in Dallas, Texas. On July 12, 2017, Vital Products, Inc. changed its name to XCPCNL Business Services Corp.

On November 20, 2020, Irving D. Boyes, the Company's former Chairman, President, Chief Executive Officer, Chief Financial Officer, and largest shareholder through the 1721 Belvedere Trust, died from complications of COVID-19. These positions were assumed by Gregory Boyes, Irving Boyes' son and a 60% beneficiary of the 1721 Belvedere Trust on November 23, 2020. In May and June 2021, the Board of Directors, upon the evaluation and advise of Company management, began a process to streamline and restructure the Company's operations, including discontinuing certain business operations related to employee staffing/leasing due to the significant loss of business directly linked to the COVID-19 pandemic. During the quarter ended September 30, 2021, management and the Board of Directors determined that the Company's current business operations were untenable and discontinued all employee leasing activities. During this quarter, the Company commenced winding down and liquidating all operating activities.

On October 1, 2021, the Company executed a share purchase agreement with Colorado Distribution Group, LLC, a Colorado limited liability company ("CDG"), who desired to acquire all of the issued and outstanding shares of Preferred Stock of the Company (4,875 shares of Series A and 1,000 shares of Series B) plus an additional 31,182,000 shares of Common Stock in exchange for a total cash purchase of \$200,000 (the "Purchase"), from 1721 Belvedere Trust ("Shareholder"). As a result of this transaction, CDG became the controlling shareholder of the Company. CDG is owned and controlled 100% by Timothy Matthews and the Company adopted a new business plan focused on providing marketing and sale-enablement services for a variety of clients.

The Company follows the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and has a year-end of June 30.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates inherent in the preparation of the accompanying consolidated financial statements include accounting for depreciation and amortization, valuation of goodwill and other intangibles, business combinations, equity transactions, and contingencies.

The consolidated financial statements include 100% of the assets, liabilities, revenues, expenses, and cash flows of the XCPCNL Business Services Corporation and its subsidiaries. All intercompany accounts and transactions have been eliminated in consolidation.

Note 2 - Summary of Significant Accounting Policies

### Going concern

The accompanying financial statements have been prepared assuming the Company will continue as a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business for the twelve months following the date of these financial statements. As of June 30, 2025, the Company had \$35,306 in cash on hand and an accumulated deficit of \$(1,915,396).

Because the Company does not expect that existing operational cash flow will be sufficient to fund presently anticipated operations, this raises substantial doubt about the Company's ability to continue as a going concern. Therefore, the Company will need to raise additional funds and is currently exploring alternative sources of financing. Historically, the Company raised capital through private placements, to finance working capital needs and may attempt to raise capital through the sale of common stock or other securities and obtaining some short-term loans. The Company will be required to continue to do so until its operations become profitable. Also, the Company has, in the past, paid for consulting services with its common stock to maximize working capital, and intends to continue this practice where feasible. There can be no assurances that the Company can continue to raise cash on favorable terms.  
Cash and cash equivalents

The Company considers all cash on hand and in banks, certificates of deposit and other highly-liquid investments with maturities of three months or less, when purchased, to be cash and cash equivalents. As of June 30, 2025 we had \$35,306 and in cash on hand.

### Revenue recognition

Revenues are accounted for in accordance with the FASB's Accounting Standards Update 2014-09, Revenue from Contracts with Customers (Topic 606).

The amount of revenue recognized reflects the consideration which the Company expects to be entitled to receive in exchange for the products and/or services. To achieve this principle, the Company applies the following five steps:

1. Identify the contract with the customer;
2. Identify the performance obligations in the contract;
3. Determine the transaction price;
4. Allocate the transaction price to performance obligations in the contract, and
5. Recognize revenue when or as the Company satisfies a performance obligation.

### Income taxes

The Company files income tax returns in the United States of America and various states, as appropriate and applicable. The Company is no longer subject to U.S. federal, state and local, as applicable, income tax examinations by regulatory taxing authorities for any period prior to January 1, 2016.

The Company has adopted the provisions required by the Income Taxes topic of the FASB Accounting Standards Codification. The Codification Topic requires the recognition of potential liabilities as a result of management's acceptance of potentially uncertain positions for income tax treatment on a "more-likely-than-not" probability of an assessment upon examination by a respective taxing authority. As a result of the implementation of Codification's Income Tax Topic, the Company did not incur any liability for unrecognized tax benefits.

### Income (Loss) per share

Basic earnings (loss) per share is computed by dividing the net income (loss) available to common stockholders by the weighted-average number of common shares outstanding during the respective period presented in our accompanying financial statements.

Fully diluted earnings (loss) per share is computed similar to basic income (loss) per share except that the denominator is increased to include the number of common stock equivalents (primarily outstanding options and warrants).

Common stock equivalents represent the dilutive effect of the assumed exercise of the outstanding stock options and warrants, using the treasury

stock method, at either the beginning of the respective period presented or the date of issuance, whichever is later, and only if the common stock equivalents are considered dilutive based upon the Company's net income (loss) position at the calculation date.

As of June 30, 2025 the Company does not have any outstanding items which could be deemed to be dilutive.

#### New and Pending Accounting Pronouncements

The Company is of the opinion that any and all other pending accounting pronouncements, either in the adoption phase or not yet required to be adopted, will not have a significant impact on the Company's financial position or results of operations.

#### Note 3 - Fair Value of Financial Instruments

The carrying amount of cash, accounts receivable, accounts payable and notes payable, as applicable, approximates fair value due to the short term nature of these items and/or the current interest rates payable in relation to current market conditions.

Interest rate risk is the risk that the Company's earnings are subject to fluctuations in interest rates on either investments or on debt and is fully dependent upon the volatility of these rates. The Company does not use derivative instruments to moderate its exposure to interest rate risk, if any.

Financial risk is the risk that the Company's earnings are subject to fluctuations in interest rates or foreign exchange rates and are fully dependent upon the volatility of these rates. The Company does not use derivative instruments to moderate its exposure to financial risk, if any.

#### Note 4 - Concentrations of Credit Risk

The Company maintains its cash balances in financial institutions subject to insurance coverage issued by the Federal Deposit Insurance Corporation (FDIC). Under FDIC rules, the Company is entitled to aggregate coverage of \$250,000 per account type per separate legal entity per financial institution. Through the period ended June 30, 2025, the Company did not maintain any deposits in various financial institutions with periodic short-term credit risk exposures in excess of statutory FDIC coverage. The Company did not incur any losses during the periods being reported on, or subsequent thereto, as a result of any unsecured bank balance.

Cash overdrafts represent bank account balances on the Company's financial records that are in a negative position as of the financial statement date. This negative position may not be reflective of the Company's actual ledger balances in each respective bank account on the financial records of the respective financial institution(s) holding the Company's deposits.

#### Note 5 - Notes Payable

A third-party individual is the holder of several promissory notes issued by the Company, as Vital Products, Inc., prior to the business combination transaction on May 23, 2017. During 2020, this individual filed a lawsuit in the State of California and obtained a judgment against the Company in the amount of \$424,029.19, including all accrued interest. On October 20, 2020, the Company and the individual executed a Settlement Agreement whereby the Company will pay the individual the total sum of \$180,000 to resolve and cancel the judgment. The Settlement Agreement requires an immediate payment of \$15,000 on the Settlement Date; six (6) monthly installments of \$2,000 per month commencing on November 29, 2020; and monthly installments of \$3,000 per month thereafter until the \$180,000 is paid in full. The Company is in compliance with the terms and conditions of the Settlement Agreement. The open balance on this agreement on September 30, 2023 was \$120,000.

During Fiscal 2021, the Company borrowed approximately \$169,900 from SBA licensed financial institutions for PPP loans to support operations. The ultimate repayment or forgiveness of these loans is dependent upon the ultimate actions of the SBA and the United States Congress.

During the 1st quarter of Fiscal 2021 (ended September 30, 2021), the Company borrowed an additional approximately \$370,393 from SBA licensed financial institutions under PPP and comparable programs to support operations. A large portion of these loans have been forgiven and as a result the Company has recorded \$67,648 in other income for the period ended September 30, 2022.

#### Note 6 - Preferred Stock

The Company's Board of Directors has designated 100,000 shares as "Series A Preferred Stock" and 100,000 shares as "Series B Preferred Stock". The Company has 4,875 shares of post-forward split shares of Series A Preferred Stock and 1,000 Series B Preferred Stock issued and outstanding on March 31, 2024 and December, 2022, respectively.

#### Note 7 - Common Stock Transactions

On September 1, 2021, the Company increased its authorized common shares from 250,000,000 to a total of 1,000,000,000 shares of \$0.0001 par value. As of September 30, 2022, and September 30, 2021, there were 249,586,791 shares and 83,031,740 shares outstanding

During the year ended June 30, 2022, the Company raised \$473,088 in cash from the sale of 59,877,051 shares

#### Note 8 – Contingencies

The Company had no commitments or contingencies as of June 30, 2022

#### Note 9 - Subsequent Events

##### Sales of Common Stock for Cash

Subsequent to September 30, 2023, the Company has sold a total of 1,052,719,592 shares for a total of \$1,604,581.29 in cash, pursuant to its Regulation A offering.

#### Acquisitions

In August 2022, the Company and Centiment Capital Holdings, a privately-held neurodata technology company, entered into two acquisition agreements, whereby the Company will acquire two operating subsidiaries of Centiment Capital Holdings, Advanced Research Machines LLC (ARM) and Xerxes Trading Holdings LLC (Xerxes).

ARM is the company behind the Mantis Crypto trading technology and owns Centiment.io. Xerxes is a multi-asset class trading technology and will compliment ARM's High Frequency Trading Platform. The Office for the combined enterprise will be established in Charlotte, NC at Industrious NODA.

The acquisition transactions are expected to close prior to the end of August 2022, and the Company is not aware of any impediments to closing.

Management has evaluated all other activity of the Company through the issue date of the accompanying consolidated financial statements and concluded that no subsequent events have occurred that would require recognition in the accompanying consolidated financial statements or disclosure in the Notes to Consolidated Financial Statements.
