Total Number of Shareholders	-1-	-1-

On January 7, 2004, the company issued 75 million shares of common stock to Sprout Investments, LLC at a price per share of \$.0015. On January 14, 2004, the company issued 50 million shares of common stock to Sprout Investments, LLC at a price of \$.003 per share. Each of these sales occurred in the state of Colorado pursuant to SEC Regulation D Rule 504 and were free of restrictions.

On January 13, 2004, the company issued 350 million shares of common stock in an escrow account with Sroya Holdings to cover the issuance of common stock upon the conversion of certain convertible debentures. The issuance of these shares occurred in the state of Colorado pursuant to SEC Regulation D Rule 504 and were free of restrictions.

On January 17, 2005, the company issued 350 million shares of common stock in an escrow account with Sroya Holdings to cover the issuance of common stock upon the conversion of certain outstanding debentures. The issuance of these shares occurred in the state of Colorado pursuant to SEC Regulation D Rule 504 and were free of restrictions.

Item (vii): The name and address of the transfer agent.

Jersey Stock Transfer
201 Bloomfield Avenue
PO BOX 36
Verona, NJ 07044
Telephone: (973) 239-2712

The transfer agent is registered under the Securities Exchange Act of 1934 and is regulated by the Securities and Exchange Commission.

Item (viii): The nature of the issuer's business.

1. Form of Organization: Nevada Corporation.
2. Year Issuer was organized: Originally incorporated in Delaware on April 28, 1994 and reincorporated in Nevada on April 11, 2006.

3. Fiscal Year End Date: December 31.

4. Whether the issuer (and/or any predecessor) has been in bankruptcy, receivership or any similar proceedings: No.

5. Any material reclassification, merger, consolidation or purchase or sale:

On April 4, 2005, the company acquired all of the issued and outstanding common stock of Hybrid-Tek, Inc. which specializes in the manufacture of thick film ceramic technology for the aerospace industry and other applications. Hybrid-Tek operates as a wholly-owned subsidiary of the company.

6. Has the Company had any default of the terms of any note, loan, lease, or other indebtedness or financing arrangement requiring the issuer to make payments?

No.

7. Has the Issuer undergone any change of control?

No.

8. Has there been an increase in Ten (10%) Percent or more of the same class of outstanding equity securities?

Yes, common stock has been issued to cover the issuance of common stock upon the exercise of conversion rights under previously issued convertible debenture. Common stock has also been issued to finance ongoing operations.

9. Describe any past, pending or anticipated stock split, stock dividend, recapitalization, merger, acquisition, spin-off, or reorganization.

Effective December 23, 2002, the company completed a 1-for-150 reverse stock split. Effective December 4, 2003, the company completed a 1-for-150 reverse stock split.

10. Whether the issuer has been delisted by any securities exchange or NASDAQ or deletion from the OTC Bulletin Board.

No

11. Whether there are any current, past, pending or threatened legal proceedings or administrative actions either by or against the issuer that could have a material effect on the issuer's business, financial condition, or operations. Whether there are any current, past or pending trading suspensions by a securities regulator. State the names of the principal parties, the nature and current status of the matters, and the amounts involved.

No.

B. Business of the Issuer. Provide a description of the Issuer's business so a potential investor can clearly understand it.

The Primary SIC Code for the Company 3990.

Whether the Issuer has never conducted operations, is in the development stage or is currently conducting operations.

The Company is currently conducting full-time operations.

State the names of any parent, subsidiary, or affiliate of the issuer, and describe its business purpose, its method of operation, its ownership, and whether it is included in the financial statements attached to this disclosure document.

The Company has one wholly-owned subsidiary, Hybrid-Tek, located in New Jersey, which specializes in the manufacture of thick film ceramic technology for the aerospace industry and other applications

The effect of existing or probable governmental regulations on the business.

The Company does not foresee any substantial changes that could adversely affect the business of the Company at this time.

An estimate of the amount spent during each of the last two fiscal years on research and development activities, and, if applicable, the extent to which the cost of such activities are borne directly by customers.

In fiscal year 2004, the Company spent approximately \$350,000 on research and development. In fiscal year 2005, the Company spent approximately \$300,000 on research and development.

The costs and effects of compliance with environmental laws (federal, state and local).

The costs of complying with environmental regulations is minimal, given the nature of the Company's manufacturing processes.

Number of total employees and number of full-time employees.

At the current time, the Company has a total of 25 employees of which 23 are full-time.

C. Investment Policies.

The Company does not have any investments and does not presently own any real estate or real estate-related investments.

Item (ix): The nature of products or services offered.

1. Principal products or services, and their markets.

The Company is engaged in the manufacture and sale industrial ceramic products with applications in the consumer and other electronic products markets. Also, the Company develops new ceramic materials to customer specifications. The Company offers its services, facilities and know-how as a contract manufacturer to some of the largest companies and to the US Government. Through its subsidiary, Hyper-Tek, the Company offers the services and capabilities of laying electrical circuits into ceramics substrates. The finished products are used in commercial and governmental applications.

2. Distribution methods of the products or services.

The Company's products are shipped directly to customers. The Company does not maintain a separate distribution network.

3. Status of any publicly announced new product or service.

Announcements of new products are made as they become available. The purpose of any such announcements is only to inform present and potential customers of new product availability.

4. Competitive business conditions, the issuer's competitive position in the industry, and methods of competition.

Market place is competitive, both within and outside the United States. The Company believes it is challenging the competition by providing a unique quality product and service at a competitive price. The Company believes its has a competitive advantage by virtue of its proprietary ceramic formulations and manufacturing processes.

5. Sources and availability of raw materials and the names of principal suppliers.

Presently, all raw materials are purchased from approved and qualified suppliers. In all instances there is a primary supplier and the secondary supplier for all of the Company's raw material needs.

6. Dependence on one or a few major customers.

The Company is not particularly dependent on a few major customers.

7. Patents, trademarks, licenses, franchises, concessions, royalty agreements or labor contracts, including their duration.

At the present time, the Company has elected not to file applications for patents on its formulations and processes.

8. The need for any government approval of principal products or services. Discuss the status of any requested government approvals.

No governmental approval is required nor necessary to manufacture or sell any of the Company's products or services.

Item (x): The nature and extent of the issuer's facilities. Describe the assets, properties or facilities of the issuer, give the location of the principal plants and other property of the issuer and describe the condition of the properties. If the issuer does not have complete ownership or control of the property (for example, if others also own the property or if there is a mortgage on the property), describe the limitations on the ownership. If the issuer leases any assets, properties or facilities, clearly describe them as above and the terms of their leases.

The Company rents its administrative offices and manufacturing facilities at 19 Commerce St. Poughkeepsie, New York. The facilities consist of 25,000 square feet, of which approximately 23,000 sq. ft. is use for manufacturing. The property is owned by the Company's President, Fayiz Hilal and leased to the Company on a triple-net basis with the 2006 lease rate

being \$5.00 per sq. ft.

The Company's subsidiary, Hybrid-Tek leases 5,000 sq. ft in Clarksburg, New Jersey at \$11.00 per sq. ft. Mr. Hilal does not own the New Jersey property.

Item (xi): The name of the chief executive officer, members of the board of directors, as well as counsel, accountant and public relations consultant.

Executive Officers and Directors.

Fayiz Hilal. Mr. Hilal is the President, Chief Executive Officer and a Director of the Company. Mr. Hilal graduated from the University of Minnesota with a Bachelor of Engineering. He founded Metronics, Inc. which manufactured the first hand held and desk electronic calculators. He also founded Traton, Inc. as a contract manufacturer. Mr. Hilal is the founder and President of Cetek Technologies, Inc.

Gordon R. Love. Mr. Love serves as the Company's Secretary and is a member of the Board of Directors. Mr. Love received a B.S. in Metallurgy from the Case-Western Reserve University in 1958 and an M.S. in Metallurgy in 1961 and Ph.D. in Metallurgy in 1963, both from the Carnegie-Mellon University. Dr. Love worked in low-temperature superconducting materials research at the Oak Ridge National laboratory, in a wide range of capacitor technologies at the then Electronics Division of Union Carbide and joined Sprague Electric in 1977 as Vice-President, Research, Development & Engineering. In 1984, he resigned that position and remained within Sprague to found MultiLythics, a new division of Sprague dedicated to the manufacturing multi-component arrays in a single mono-Lythic form factor. Dr. Love incorporated MultiLythics in 1994 as a private company. He is the author of 37 publications and is the holder of five U.S. patents.

Richard M. Spriggs. Dr. Spriggs is a Director of the Company. Dr. Spriggs is currently Professor Emeritus of Ceramic Engineering at the New York State College of Ceramic at Alfred University, Alfred, New York. Until recently, Dr. Spriggs was the first John F. McMahon Professor of Ceramic Engineering at the New York State College of Ceramics and the charter Executive Director of the New York State Center of Advanced Ceramic Technology. Dr. Spriggs is the past President of The American Ceramic Society and a Distinguished Life Member. He has conducted pioneering research on the processing and behavior of advanced ceramic materials. Dr. Spriggs has received many national and international honors and awards for his contributions to the field of ceramic engineering. His numerous biographical listings include Who's Who in Engineering; American Men and Women of Science and in the 2003 Edition of Who's Who in America.

Gabriel Cohen. Mr. Cohen serves as a Director of the Company. Mr. Cohen is a graduate of the Technical Institute of Geneva, Switzerland with a degree in Engineering of Art and Professions. He made a successful career of twenty years in Iran, starting by being chief of the mechanical construction and maintenance site with "Compenon Bernard Company" of

France for the construction of the dam on the “Sefid Rood” and with “Entrpose Company” of France for the construction of the Trans Iranian Pipeline. He went on to establish his own construction company and for sixteen years has carried out numerous heavy industry projects such as air force bases; radar & communications stations; structural steel for a paper mill in Haft Tapeh and a heavy rolling mill in Ahwaz. In the US, Mr. Cohen has formed BX-7F Development Company of New York for the renovation of buildings in the Bronx. He has also established Into the Woods Inc. of New York for the development and construction of homes in Orange County.

25 Smith Street, Suite 405
Nanuet, New Jersey 10954

Public Relations Consultants

James Stock
Stock Enterprises
PO Box 1414
Bismarck, ND 58502
Telephone: (866) 242-2405

Mr. Stock is not the beneficial holder of any securities of the Company.

None of the above named parties have, in the past five years, been the subject of:

- (i) A conviction in a criminal proceeding or named as a defendant in a pending criminal proceeding (excluding traffic violations and other minor offenses);
- (ii) The entry of an order, judgment or decree, not subsequently reversed, suspended or vacated, by a court of competent jurisdiction that permanently or temporarily enjoined, barred, suspended or otherwise limited such person’s involvement in any type of business, securities, commodities, or banking activities;

- (iii) A finding or judgment by a court of competent jurisdiction (in a civil action), the SEC, the CFTC, or a state securities regulator of a violation of federal or state securities or commodities law, which finding or judgment has not been reversed, suspended, or vacated; or
- (iv) There entry of an order by a self-regulatory organization that permanently or temporarily barred, suspended or otherwise limited such party's involvement in any type of business or securities activities.

Beneficial Ownership

The following table sets forth information, as of May 23, 2006, with respect to the beneficial ownership of the issuer's common stock by each person known by the issuer to be the beneficial owner of more than 5% of the outstanding common stock which is the only class of stock of the issuer.

Name and Address	Shares Held	Percentage
Fayiz Hilal 19 Commerce St. Poughkeepsie , NY 12603	2,007, 215	Less than one percent (1%)

Item (xii): Adequate disclosure of the issuer's (or its predecessor's) current financial position, which should include the most recent fiscal year and any interim quarters.

Item (xiii): Similar financial information for such part of the 2 preceding fiscal years as the issuer or its predecessor has been in existence.

Item (xiv): Whether any quotation is being submitted or published directly or indirectly on behalf of the issuer, or any director, officer, affiliate, or any person, directly or indirectly the beneficial owner of more than 10 percent of the outstanding units or shares of any equity security of the issuer, or at the request of any promoter for the issuer, and, if so, the name of such person, and the basis for any exemption under the federal securities laws for any sales of such securities on behalf of such person. A person is presumed to be an affiliate if they own more than 10% of the stock, but may be an affiliate even if they own less stock if the facts and circumstances indicate that they are participating with the issuer in a distribution of securities with a view to raising capital for the issuer.
