Item XVI Management's Discussion and Analysis or Plan of Operation

Instructions to Item XVI

Issuers that have not had revenues from operations in each of the last two fiscal years, or the last fiscal year and any interim period in the current fiscal year for which financial statements are furnished in the disclosure statement, shall provide the information in paragraphs A and C of this item. All other issuers shall provide the information in paragraphs B and C of this item.

The discussion and analysis shall focus specifically on material events and uncertainties known to management that would cause reported financial information not to be necessarily indicative of future operating results or of future financial condition.

Issuers are not required to supply forward-looking information. This is distinguished from presently known data that will impact upon future operating results, such as known future increases in costs of labor or materials. This latter data may be required to be disclosed.

A. Plan of Operation.

1. Describe the issuer's plan of operation for the next twelve months. This description should include such matters as:

- i. A discussion of how long the issuer can satisfy its cash requirements and whether it will have to raise additional funds in the next twelve months;**
- ii. A summary of any product research and development that the issuer will perform for the term of the plan;**
- iii. Any expected purchase or sale of plant and significant equipment; and**

iv. Any expected significant changes in the number of employees.

The financial condition of the company as seen in the recent financial statements shows that the company's revenue is growing. Management believes that with additional capital it will increase revenues as well as add additional products and services. Management believes that with our plans to acquire and merge additional entities, revenues and profits will increase. At this time the company does not have any material commitments for capital expenditures.

C. Management's Discussion and Analysis of Financial Condition and Results of Operations.

1. Full fiscal years. Discuss the issuer's financial condition, changes in financial condition and results of operations for each of the last two fiscal years. This discussion should address the past and future financial condition and results of operation of the issuer, with particular emphasis on the prospects for the future.

The discussion should also address those key variable and other qualitative and quantitative factors that are necessary to an understanding and evaluation of the issuer. If material, the issuer should disclose the following:

- i. Any known trends, events or uncertainties that have or are reasonably likely to have a material impact on the issuer's short-term or long-term liquidity;
- ii. Internal and external sources of liquidity;
- iii. Any material commitments for capital expenditures and the expected sources of funds for such expenditures;
- iv. Any known trends, events or uncertainties that have had or that are reasonably expected to have a material impact on the net sales or revenues or income from continuing operations;
- v. Any significant elements of income or loss that do not arise from the issuer's continuing operations;
- vi. The causes for any material changes from period to period in one or more line items of the issuer's financial statements; and
- vii. Any seasonal aspects that had a material effect on the financial condition or results of operation.

FOLLOWING DISCUSSION SHOULD BE READ IN CONJUNCTION WITH OUR CONSOLIDATED UNAUDITED FINANCIAL STATEMENTS AND RELATED NOTES INCLUDED ELSEWHERE IN THIS REPORT. THIS REPORT CONTAINS FORWARD-LOOKING STATEMENTS. THE WORDS "ANTICIPATED," "BELIEVE," "EXPECT," "PLAN," "INTEND," "SEEK," "ESTIMATE," "PROJECT," "COULD," "MAY," AND SIMILAR EXPRESSIONS ARE INTENDED TO IDENTIFY FORWARD-LOOKING STATEMENTS. THESE STATEMENTS INCLUDE, AMONG OTHERS, INFORMATION REGARDING FUTURE OPERATIONS, FUTURE CAPITAL EXPENDITURES, AND FUTURE NET CASH FLOW. SUCH STATEMENTS REFLECT OUR MANAGEMENT'S CURRENT VIEWS WITH RESPECT TO FUTURE EVENTS AND FINANCIAL PERFORMANCE AND INVOLVE RISKS AND UNCERTAINTIES, INCLUDING, WITHOUT LIMITATION, GENERAL ECONOMIC AND BUSINESS CONDITIONS, CHANGES IN FOREIGN, POLITICAL, SOCIAL, AND ECONOMIC CONDITIONS, REGULATORY INITIATIVES AND COMPLIANCE WITH GOVERNMENTAL REGULATIONS, THE ABILITY TO ACHIEVE FURTHER MARKET PENETRATION AND ADDITIONAL CUSTOMERS, AND VARIOUS OTHER MATTERS, MANY OF WHICH ARE BEYOND OUR CONTROL. SHOULD ONE OR MORE OF THESE RISKS OR UNCERTAINTIES OCCUR, OR SHOULD UNDERLYING ASSUMPTIONS PROVE TO BE INCORRECT, ACTUAL RESULTS MAY VARY MATERIALLY AND ADVERSELY FROM THOSE ANTICIPATED, BELIEVED, ESTIMATED OR OTHERWISE INDICATED. CONSEQUENTLY, ALL OF THE FORWARD-LOOKING STATEMENTS MADE IN THIS REPORT ARE QUALIFIED BY THESE CAUTIONARY STATEMENTS AND THERE CAN BE NO ASSURANCE OF THE ACTUAL RESULTS OR DEVELOPMENTS.

The following discussions of our financial conditions and results of operations contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Act of 1934.

Actual results and the timing of certain events could differ materially from those anticipated in these forward- looking statements. The financial condition of the company as seen in the recent financial statements shows that the company's revenue is growing. Management believes that with additional capital it will increase revenues as well as add additional products.

At this time the company does not have any material commitments for capital expenditures

We do not expect to make any significant changes in the number of employees at our current revenue and working capital as seen in the recent financial statements.

Liquidity and Capital Resources

At July 31, 2012, we had no cash on hand.

At July 31, 2012, we also had loans payable to various unrelated parties and Long Term debt amounting to \$121,603.

It is anticipated the Company will have capital requirements depending on how business plans develop over the next two years.

At present the Company has taken certain restructuring steps to provide the necessary capital to continue its operations. These steps included, but were not limited to: 1) focus on sales to minimize the capital needs at this stage; 2) financial restructuring by changing part of the outstanding accounts payable to equity; 3) raising equity financing; 4) continuous focus on reductions in cost where possible. The consolidated unaudited financial statements do not include any adjustments relating to the recoverability and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Our continuation as a going concern is dependent upon our ability to generate sufficient cash flow to meet our obligations on a timely basis, to retain our current financing, to obtain additional financing, and ultimately to attain profitability. If the Company is unable to generate profits and is unable to continue to obtain financing for its working capital requirements, it may have to curtail its business sharply or cease business altogether.

We are aggressively looking at ways to improve our revenue stream, including through the development of new products and additional acquisitions of licenses or other corporate entities. We continue to review potential merger opportunities as they present themselves to us and at such time as a merger might make financial sense and add value for our shareholders, we will pursue that merger opportunity. The company will seek to grow through acquisitions and focus on such goals during the latter part of 2012 and into 2013. Progress will be heavily dependent on the general economy and the availability of capital. The scope of potential acquisitions and possible mergers will extend beyond technology related businesses should such opportunities present themselves.

2. Interim Periods. Provide a comparable discussion that will enable the reader to assess material changes in financial condition and results of operations since the end of the last fiscal year and for the comparable interim period in the preceding year.

N/A

NA

N/A

Instructions to paragraph C of Item XVI

i. No obligation to make disclosure under paragraph C of this Item XVI shall arise in respect of an off-balance sheet arrangement until a definitive agreement that is unconditionally binding or subject only to customary closing conditions exists or, if there is no such agreement, when settlement of the transaction occurs.

N/A

ii. Issuers should aggregate off-balance sheet arrangements in groups or categories that provide material information in an efficient and understandable manner and should avoid repetition and disclosure of immaterial information. Effects that are common or similar with respect to a number of off-balance sheet arrangements must be analyzed in the aggregate to the extent the aggregation increases understanding. Distinctions in arrangements and their effects must be discussed to the extent the information is material, but the discussion should avoid repetition and disclosure of immaterial information.

N/A

iii. For purposes of paragraph C of this Item XVI only, contingent liabilities arising out of litigation, arbitration or regulatory actions are not considered to be off-balance sheet arrangements.

N/A

iv. Generally, the disclosure required by paragraph C of this Item XVI shall cover the most recent fiscal year. However, the discussion should address changes from the previous year where such discussion is necessary to an understanding of the disclosure.

N/A

In satisfying the requirements of paragraph C of this Item XVI, the discussion of off-balance sheet arrangements need not repeat information provided in the footnotes to the financial statements, provided that such discussion clearly cross-references to specific information in the relevant footnotes and integrates the substance of the footnotes into such discussion in a manner designed to inform readers of the significance of the information that is not included within the body of such discussion.
