The company has two credit lines in place 1st with EURO-AMERICAN FINANC NETWORK, INC. and 2nd with LIQUID CAPITAL OF NORTHERN CALIFORNIA. These funds are in place for EFUEL EFN CORPORATION purchase use.

The website is WWW.EFUELEFN.COM. Alternatively, WWW.EFUELEFNCORPORATION.COM it will explain our basic mission.

The management working to upgrade company regulatory readings and have electronically trading on international market. We have international investors from Europe countries that would like to buy "EFLN" stocks when we have it on the market in Europe .

In today times stock market curve fluctuate up and down. The management does not have control of it. If the investor has to know company goals, determination and positive character of the company and its management's personnel, then investor should not worry of stock going up and down. We encourage you to invest in eFUEL EFN CORP. and build company. Together with constructive work and good planning, we will make progress.

This is my inspiration and basic description of the Company that is in growing position, beginning to development, and has great potential for prosperity in the future that will create and extent rewards to the shareholders. In this stage

of business, we have creational spirit, knowledge and wisdom to continue operation in difficult economic environment.

With this press release, I am going to present Scuba Dive comets on IHUB message boarded.

"I amazed that after six years the cynics are still posting trash. For the newcomers and old-timers alike, the road has been long and frustrating . Now it is time to look ahead.

Most sub-penny stock investors lose money year after year and continue to investing in losing companies. Most, but not all, penny stocks are undercapitalized, built on hype. Lying and deception. Investors who make money are on the inside. Management behind this type of purchase, shell/startup, are usually into too make a fast buck. Most of these companies have little substance and a whole bunch of hype. Investors in penny stocks have been burnt many, many times and still continue to invest in this junk. Because of this past history and certain issues, you cannot see the forest for the trees.

Misinformation from naysayer's presents a negative picture, including comments like:

1. Investor major compliant - no audited financials for the past 6 years.
2. The company's posts are childish, bad sentence structure, misspelling.
3. The company is a scam.
4. He management is scamming all investors.

However, the reality of eFUEL EFN CORPORATION is quite unique in the penny world. Management has invested large sums of money and persevered during challenging times. You need only look at its history to know what I am talking about. Bottom line, they bought a pig of company, were cheated and lied to by previous owners of this shell. Despite these conditions, management has fought tooth and nail to keep eFUEL EFN CORPORATION alive, investing large sums of money, time and energy. Fast forward six years, eFuel is still around and thriving. Management transfer or purchased millions in assets and are now showing a substantial positive cash flow.

1. For the first time in six years you have certified IRS audit.
2. THEY ARE European and might not speak or write the Kings English in the proper sentence structure. But, that has no bearing on what they have achieved and the hard work they put into building eFUEL EFN CORPORATION into a strong and profitable company.
3. If management had wanted to scam investors, they would have pumped this stock and walked away with a barrels of money.
4. Instead, management's only objective has been to build a great company and reap the rewards for the investors, company, and family. “

The information is to present company to investors to analyze company, and to thank of the investment in great company that we building.

This press release has information contains certain forward looking statement with the meaning of Section 27A of securities Act 1933 as a amended ,and Section 21E of the Securities Exchange Act 1954 which are intended to be covered by the safe harbors created in connection with that investor are cautioned that all Forwarding statements involve risks and uncertainties including eFUEL EFN CORPORATION.

Thank you,
Ljubica Stefanovic, President.

To Whom It May Concern:

Killarney Contractors was hired to make an assortment of repairs on the buildings identified as the Cherokee Trading Post. We have completed the replacement of the roof covering on the main building and are awaiting the County's final inspection.

The process includes – but not limited to:

Meet with the independent adjuster hired by the insurance company, and review the damage to the building caused by Hurricane Irma.

Negotiate pricing and identify a Scope of Work for damages. Five major areas were identified.

1. The roof covering of the main building.
2. The exterior structural damage.
3. The interior of the main building where water damaged drywall or other minor structural damage occurred.
4. Damage to the smaller building identified as the restaurant
5. Miscellaneous Damage including interior and exterior electrical damage and damage to signage.

The roof covering of the main building is complete. As stated, we are presently awaiting the final inspection from Sumter County. The following work was accomplished:

Obtain a Sumter County Re-roof Permit

Order and deliver all roof covering material. Order and set appropriate trash containers (dumpsters).

Remove all existing roof covering – shingles, dry-in paper, lead vent stack covers, and metal drip edge.

Re nail all decking to meet Florida Building Code – 8d ring shank nails – 6" on center

Repair all damaged decking and siding caused by years of use (not an insurance line item)

Install new synthetic secondary water barrier, new brown drip edge, all new vent stack covers and

Certainteed, Landmark, Mohave Tan limited lifetime shingles.

Remove all debris from the site and remove dumpsters

The next task will be to repair the gable end of the building and seek permission from the insurance company to replace another part of the roof that was omitted in the original Scope of Work by the independent adjuster.

25th September 2017

Mrs. Ljubica Stefanovic, CEO
EFUEL EFN CORPORATION
1212 South Main Street
Wildwood, FL 34748

Dear Ljubica,

This letter confirms that as of June 1, 2015; Liquid Capital has an approved line of credit in place to the benefit of **EFUEL EFN Corporation** in the amount of **\$1,500,000**. As you know, this line has the ability to grow to **\$2,000,000** as **EFUEL EFN Corporation** grows without additional approvals on our part. Liquid Capital has many leveraged accounts with many lines of credit and if need be, we could even go higher than this stated amount for the growth that you are seeking.

EFUEL EFN Corporation has been and continues to be in good standing with Liquid Capital. We are pleased with the sound management and operations of the company and look forward to our continued partnership as you continue to grow the company.

Please feel free to call me or to have your suppliers call me if there are questions.

Best Regards,

Dr. Amul Purohit, President & CEO
