Safe Harbor for Forward-Looking Statements

When used in this report, the words "will", "expect", "anticipate", "continue", "estimate", "project", "intend" and similar expressions are intended to identify forward-looking statements within the meaning of Section 27a of the Securities Act of 1933 and Section 21c of the Securities Exchange Act of 1934 regarding events, conditions, and financial trends that may affect the Company's Future plans of operations, business strategy, operating results, and financial position. Persons reviewing this report are cautioned that any forward-looking statements are not guarantees of future performance and are subject to risks and uncertainties and those actual results may differ materially from those included within the forward looking statements as a result of various factors. Such factors include, among other things, uncertainties relating to our success, in judging consumer preferences, financing our operations, entering into strategic partnerships, engaging management, seasonal and period-to-period fluctuations in sales, failure to increase market share or sales, inability to service outstanding debt obligations, dependence on a limited number of customers, increased production costs or delays in production of new products, intense competition within the industry, inability to protect intellectual property in the international market for our products, changes in market condition and other matters disclosed by us in our public filings. From time to time forward-looking statements speak only as to the date they are made. The Company does not undertake to update forward-looking statements to reflect circumstances or events that occur after the date the forward-looking statements are made. Where, in any forward-looking statement, the Company expresses an expectation or belief as to future results or events, such expectations or belief is expressed in good faith and believed to have a reasonable basis, but there can be no assurance that the statement of expectation or belief will result or be achieved or accomplished. Our actual results could differ materially from those anticipated in these forward-looking statements.

6) Describe the Issuer's Business, Products and Services

A. a description of the issuer's business operations;

Overview

NanoTech is a conglomerate that holds interest in multiple businesses including of three business units in the entertainment industry: Ultra Media Group (UMG), NanoTech Media (NMED), 4K Studios (4K).

UMG

UMG is a company that is chartered with the acquisition and creation of content for the NanoTech Media digital networks. The company is chartered with an investment fund used to license content from 3rd parties and invest in new content creation to be used on NanoTech Media networks, and then possibly licensed to other non-competing platforms.

Media

NMED is a provider of OTT / IPTV technology for television and portable media devices. NMED uses a variety of cloud based resources for infrastructure, data storage, content delivery providing media to a global market while minimizing capital expenditures and physical resources. With a portfolio of proprietary state of the art Television and Video technology, NMED's business model assures continued growth and ongoing revenue streams by providing unique content and ongoing revenue streams from licensing and advertising.

4K

4K Studios is a division of NanoTech setup to facilitate the conversion of traditional 35mm movie prints to 4K Ultra HD digital media. The division was setup and equipped with state of the art film scanners, and editing equipment. The goal of the studio is to provide the media division with content in the new 4K Ultra HD standard and use the services instead of paying minimum guarantees for content acquisition.

Market and Industry

Media

NMED has experience and products for the emerging IPTV media market. By investing heavily during the past three years in the creation of groundbreaking proprietary TV technology as well as the license and creation of unique content, NMED is poised ahead of the wave of this market. In 1999 when TIVO was launched, it marked the beginning of a revolution in Television with the advent of the digital PVR and subsequently changed the way consumers watched TV. We are at the forefront of the IPTV revolution, and believe that in the coming years IPTV delivery will once again revolutionize the Television industry by changing the basic model of broadcasting to a video on demand model, with micro content selection by the users, rather than the traditional OTA and Cable models.

4K

4K Studios focuses on the consumer entertainment segment creating content for use in OTT / IPTV broadcasts.
