REELTIME RENTALS, INC

(A Development Stage Company) NOTES TO FINANCIAL STATEMENTS September 30, 2006

Note 1: Organization and Significant Accounting Policies

Nature of Operations

Reeltime Rentals, Inc. headquartered in Seattle, Washington was incorporated on June 24, 2004, under the laws of the State of Washington, to commercialize the renting of movies and video programming in real-time to the living rooms of broadband customers worldwide. Reeltime's customers have access to hundreds (soon to be thousands) of DVD-quality full screen movies and television shows. Reeltime offers a unique and convenient approach to renting movies at home or elsewhere, which we call "Point, Click, and Watch." Reeltime utilizes cutting edge technology by implementing a proprietary new media rental delivery system that streams high quality video content direct to consumers, while taking measures to combat the threat of piracy. The system adds convenience and simplicity to the entertainment experience.

Reeltime's vision in the marketplace is to lead the technological revolution that allows customers to choose from a full library of diverse programming, providing customers access to an extensive selection of media and video entertainment through any broadband connection.

The Company generated its first revenue in September. The revenues are minimal due to the fact that the Company has not advertised or marketed its services during the current beta launch. Therefore the Company has chosen to continue to report its activities as a "Development Stage Enterprise." Accordingly, the Company's activities have been accounted for as those of a "Development Stage Enterprise" as set forth in Financial Accounting Standards Board Statement No. 7 ("SFAS 7"). Among the disclosures required by SFAS 7 are that the Company's financial statements be identified as those of a development stage company, and that the financial statements disclose activity since the date of the Company's inception.

The year end of the Company is December 31.

Unaudited Interim Financial Information

The information presented for the three-month period and year to date ended September 30, 2006, and for the cumulative period June 24, 2004 (Inception) to September 30, 2006 has not been audited. In the opinion of management, the unaudited interim financial statements include all adjustments, consisting only of normal recurring adjustments, necessary to present fairly the information set forth therein. The results of operations for the three-month period and nine months ended September 30, 2006, and for the cumulative period June 24, 2004 (Inception) to September 30, 2006 are not necessarily comparable to the results for the years ending December 31, 2004 and 2005.

Use of Estimates

The preparation of interim condensed financial statements in conformity with accounting principles generally accepted in the United States requires us to make estimates and assumptions that affect the amounts reported and disclosed in the financial statements and the accompanying notes. Actual results could differ materially from these estimates. On an ongoing basis, we evaluate our estimates, including those related to the fair values non-marketable securities, fair values of acquired intangible assets, useful lives of intangible assets and property and equipment, fair values of options to purchase our common stock, and income taxes, among others. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable, the results of which form the basis for making judgments about the carrying values of assets and liabilities.

Revenue Recognition

Revenue is generated through pay per view and subscriptions of varying durations with monthly fees. Revenue is recognized in the period that it is earned. Prepaid subscriptions are accounted for as deferred revenue until the period for which the subscription is paid.

Stock-based Compensation

Effective July 1, 2006, the Company adopted Statement of Financial Accounting Standards No. 123R, Share-Based Payment ("SFAS 123R"). SFAS 123R requires all share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values.

SFAS 123R requires the use of a valuation model to calculate the fair value of stock-based awards. We have elected to use the Black-Scholes-Merton ("BSM") option-pricing model to determine the fair value of stock-based awards on the dates of grant, consistent with that used for pro forma disclosures under SFAS No. 123, Accounting for Stock-Based Compensation.

Income Taxes

As a Development Stage Enterprise, the Company has recorded no accrued income taxes or deferred taxes to date on the inception to date loss including any related to stock based compensation.

Notes Receivable

A note receivable from Grid Network Systems, Inc., for \$188,000 was settled for cash, common stock of Grid Network Systems, Inc., and prepaid services.

Investments

As discussed above, the Company acquired 62,500 shares of common stock of Grid Network Systems, Inc., for \$25,000 in partial settlement of Grid Network Systems, Inc., note receivable. The Company believes this amount reflects the fair market value of this investment.

Note 2: Stockholders' Equity

On July 3, 2006 the Company sold 7,000,000 shares of its common stock at \$0.025 per share under a 504 offering in return for notes receivable of \$125,000 and services of \$50,000.

On July 3, 2006 the Company sold 2,333,333 shares of common stock at \$0.03 per share under a 504 offering for \$46,000 cash and \$24,000 of services. In conjunction with this 2,333,333 warrants were issued to purchase shares of common stock at \$0.10 per share exercisable until July 3, 2016.

On July 28, 2006 the Company issued 833,333 warrants to an existing shareholder to purchase shares of common stock at \$0.10 per share exercisable until July 3, 2016.

On August 15th, the Company retired 4,700,000 of the July 3, 2006 offering through the forgiveness of \$143,189 in notes receivable recorded as other expense.

On July 20th, 2006 the Board amended the 2004 Combined Incentive and Nonqualified Stock Option Plan to authorize and reserve 27,000,000 shares of common stock for issuance or sale under the plan. On the same date the Company granted 26,600,000 options to eight key individuals at average trading price of the shares on the 20 days preceding the date of grant to purchase common stock. The options vest 25% immediately and the remainder ratably over thirty-six months.

Management Certification of Financial Statements

The officers of the Company hereby certify that the financial statements dated September 30, 2006 that are filed herewith and any notes thereto, present fairly, in all material respects, the financial position, results of operations and cash flows for the periods presented, in conformity with accounting principles generally accepted in the United States, consistently applied.

Dated this November 9, 2006
