About SpectralCast, Inc. - SpectralCast is a designer, manufacturer, and licensor of specialty electronics. The company has created a revolutionary new line of consumer electronic products that interact with each other to form a terrestrial encrypted network -- we call it Overnet™. Overnet creates an individually controlled content environment with access to all forms of media obtained through one location source. SpectralCast has patented solutions for creating a public/private terrestrial network. These products will change the way we interact with each other and our environments.
