

Cannabis Acquisition Networks Expands for CaliPharms

Riverside, CA, CaliPharms, Inc. (OTCPink:KGET)

CaliPharms, Inc. (OTCPink:KGET), a Company operating in the California Medicinal Cannabis industry, publicly trading under the OTC Markets symbol "KGET" is pleased to announce that through its acquisition of Pacific Cannabis Growers (PCG) (<https://www.pcgrowers.com>), it has been introduced to several other California based cannabis operations.

Preliminary talks are now underway with several cannabis farms and cannabis based product lines..... PCG president Joshua Lee Clark stated: "We are glad to use our industry contacts to potentially help grow CaliPharms into one of the West Coasts largest medical marijuana suppliers. Our goals and vision matches CaliPharms. We strive for continued growth and wish to establish ourselves as the premier medical cannabis company in California."

CaliPharms CEO, Bo Linton stated, "Each of our acquisitions is a strategic growth opportunity to establish CaliPharms as a cannabis industry leader. Our goal is to supply the industry with high quality cannabis and also create our own product lines and cannabis services. Each of our acquisition brings on a great financial opportunity and perhaps just as importantly adds valuable cannabis industry professionals to the CaliPharms team."

Linton continued, "Support continues for recreational cannabis as Governors deliver an open letter to the Trump administration. In the letter governors asked Attorney General Jeff Sessions and Treasury Secretary Steve Mnuchin to "engage with us before embarking on any changes to regulatory and enforcement systems." Gov. Bill Walker of Alaska; Gov. John Hickenlooper of Colorado; Gov. Kate Brown of Oregon; and Gov. Jay Inslee of Washington signed the letter. These Governors lead the first four states to allow recreational marijuana sales. Soon California will be on these letters and as the fifth largest economy on the planet, I am confident California's recreational cannabis laws will have a major impact on federal policies."
